

DECEMBER WEDDING IS ANNOUNCED

MISS MABEL A. STOWE AND HUGH M. FERGUSON ARE TO BE MARRIED—SOCIETY.

Invitations are out for the wedding of Miss Mabel Agatha Stowe and Hugh M. Ferguson, both prominent young people of Missoula, at the Presbyterian church on Wednesday, December 1. The bride-to-be is a daughter of Mr. and Mrs. B. F. Stowe. Mr. Ferguson is connected with the engineering department of the Missoula Light & Water company. He is a graduate of Cornell, where he was prominent in athletics and a member of the Sigma Chi fraternity.

A Novelty Shower.

Miss Elsie Reinhard was the guest of honor at a novelty shower given by Mesdames Ralph Adams and Benson Hord at Mrs. Adams' home on South Fifth street on Friday evening. All sorts of dainty and attractive gifts were received by Miss Reinhard. Late in the evening refreshments were served. About 20 guests were present.

Complimentary to Miss Reinhard.

Complimentary to Miss Elsie Reinhard, Misses James, Allen and Spencer gave a delightful card party at their home in the Peppard flats on Thursday evening. Cards were played until late in the evening, when a luncheon was served. One of the features, which came as a pleasant surprise to Miss Reinhard, was a hose shower. Twelve guests were present.

Mrs. Bonner is Hostess.

Mrs. E. L. Bonner was hostess on Friday afternoon at a delightful card party at her home on Gerald avenue. Five hundred occupied the attention of the guests until late in the afternoon, when refreshments were served. About 20 guests were present.

Freshmen Dance.

The freshmen of the state university held forth last night at the varsity gymnasium, the occasion being the initial getting together of the first year people in a social way. Dancing was the form of amusement, and punch, excellent music and a good floor made the evening a pleasant one. There were about 50 present, and the party was chaperoned by Miss Mary Stewart, dean of women. The committee having in charge the party was composed of Cecil Dobson, Mildred Inagals, Gladys Freeze, Earl Hughes and Will Vealey.

Woman's Club Meeting.

For this afternoon's session of the Missoula Woman's club the literature department has arranged the following program: Piano solo (a) Tarantella Heller (b) Iris Pfefferkorn. Ms. H. E. Hobart. Paper "The Future of the Novel" Dr. Reynolds. Reading Selected Mrs. C. L. F. Kellogg. Vocal solo, "Faded" F. Paola Tosti J. A. Yoest.

"GIRL AT THE HELM" PLEASES IN MISSOULA

It is safe to say that most of Missoula's population will be whistling "You're All the World to Me," the song hit in "The Girl at the Helm," which played to a fair-sized house at the Harnois theater last night. Inimitable Billy Clifford, as per schedule, made a bit in the character of "Stanhope," while further honors fell to Jack Trainor, who played exceptionally well the role of "Carl Wallenstein." The chorus, for the most part, was shapely, although not too young. But they got away with the music and, to use an overworked phrase, were willing to work. It can be stated that the play created a more than favorable impression in Missoula.

IN THE THEATERS

This afternoon and evening bring the last opportunities to witness the performance of "Two Orphans" given by Miss Laura Winston and her company at the Family theater. The staging is better than any seen in Missoula at the stock house. It is safe to predict that a record at the box office has been made this week, for large houses has been the rule. Next week the players will be seen in a four-act melodrama brimful of comedy and catchy lines, "Bowers Nell."

The Grand.

For the last two evenings the Grand theater has presented a program to its patrons that pleased exceptionally well. Rene and Malaban, evoke enticing music from stringed instruments and as vocalists are very capable. Young and his troupe of four educated boys presented some very difficult feats. The dogs display a willingness that only comes from long and careful training. A cleverly developed picture is "The Panama Canal," showing the work being done on that enormous project and men who have been at the scene declare the picture as being true to the situation there. The remainder of the program enhances it the more.

The Isis.

A real Thanksgiving drama is the "Three Thanksgivings" now being shown on the screen of the Isis theater. Last evening all who saw the subject went away well pleased. Not less pleasing are "Country Life in a Flat," and "Ticked to Death," cleverly illustrated pictures. The unique illustrated song, "Yonkie, The Cowboy Jew," is attractive and interesting as rendered by J. A. Yoest.

The Cost of Carelessness

Neglect of a "common" cold is so often the direct cause of dangerous disease, that medical men cannot understand why so many people allow a cold, with its attendant cough, to run its course unchecked. Aside from the unpleasantness and annoyance, the resulting irritation of the mucous membrane in the throat, lungs and bronchial organs leaves them sore and very susceptible to attack.

With the first indication of a cold, take steps to check it at once. A simple, inexpensive remedy can be prepared at home by mixing two ounces of glycerine, a half-ounce of Virgin Oil of Pine compound pure, and eight ounces of pure whisky. You can buy these in any good drug store and easily mix them in a large bottle. It is claimed by the Leach Chemical Co. of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure, that a teaspoonful of this mixture, four times a day, will break a cold in 24 hours and cure any cough that is curable.

PUGET SOUND BUYS RIGHT-OF-WAY

NEW ROAD FILES PLAT FOR EXTENSION OF MAIN LINE TO PORTLAND.

Spokane, Nov. 19.—Right-of-way agents and engineers in the employ of the Chicago, Milwaukee & St. Paul Railway company announce that by the division of the Moyer ranch in the Ahtanum valley in Yakima county, Wash., west of Spokane, a grade for the new extension to Portland has been secured. This indicates that the Puget Sound's central grade will be handled out of the Columbia river, and also means the establishment of a new town south of North Yakima, on the line from Beverly, where the road crosses the Columbia river above Priest Rapids, to St. John, where the Oregon terminals will be built.

Present plans show the new line running down the west side of the Columbia river opposite Beverly to within a short distance of Hanford, over territory which has been in litigation between the Puget Sound and the North Coast Railway company. From the Hanford country the line will turn west, traversing a low pass in the Rattlesnake hills, and running down the Moses valley to within a mile of North Yakima, where it will cross the Yakima, run up the Ahtanum valley to the head waters of the Klitkatit river, following that valley to the Columbia at a point opposite The Dalles. There the line will cross the river and branch; one line running to Portland and the other line to central Oregon.

Surveyors have been active on this route for three years, but could not obtain a satisfactory grade until a short time ago. The new line will be about a water grade, and will be shorter than the route over the Cascades to Puget sound, and thus better for freight hauls. Instead of running largely through forest reserve lands, as does the Puget Sound branch, the new road will tap the Columbia wheat region, the Moses, Yakima, Ahtanum and Klitkatit fruit valleys, and will open the way for a third road into central Oregon. The line is under construction from Beverly toward Hanford, and it is expected that grading will begin shortly, with a view of running trains through the Yakima valley before the close of 1931.

THIEF ARRESTED.

A young man with an unpronounceable name, beginning with "E," and with the surname of Serl, was arrested by Patrolman Vance last night on a charge of petit larceny. He was found wearing a hat which had been stolen, with some other articles of apparel, from the Windsor hotel, and on being searched several other missing articles were found. He admitted the fact that the things were not his, but claimed that the clothes had been given him by the proprietor. The innkeeper denied all knowledge and the young man was locked up. He will have a hearing this morning.

HOW TO PAY TAXES WITH EASE

COUNTY TREASURER KENNEDY GIVES INSTRUCTIONS AS TO THE PROCEDURE.

There was a better run of business at the office of the county treasurer yesterday than there has been. There remain about 2,000 receipts to be issued and the best the office can do with its present cramped facilities is to issue about 200 a day. This being the case, the payment of taxes will have to be made up to the limit if all get inside the time limit.

The Northern Pacific contributed the bulk of yesterday's business; the railway company contributes this year to Missoula county's funds the sum of \$4,149.10, which was the size of the check that was handed to County Treasurer Kennedy yesterday afternoon.

Mr. Kennedy is anxious that persons coming to his office during these rush days should be prepared to transact their business quickly as the office is so small that it is impossible to work to advantage. He has prepared the following suggestions, which, if they are followed, will greatly facilitate the transaction of business:

Bring your tax notice along as it assures the finding of your assessment rapidly. If you did not receive a tax notice it is an indication that the property is not assessed in your name. Notice is mailed to every name appearing on the books but some are not received on account of insufficient postoffice address.

There are three books and the taxpayers' names are indexed according to the first letter of the surname. Signs showing the surname letter indicate the particular window at which to attend.

Owing to about 20 per cent of the taxpayers not knowing the technical description of their property, I would suggest that such persons obtain or write down the technical description before they come to the office and if it is found necessary to have such description it could at once be furnished, thereby saving much unnecessary loss of time to the taxpayer. "Technical description" is given as, for example, "lots 9 and 10, block 24, Knowles' addition," or, "northeast quarter of section 8, township 13, range 19, 100 acres."

Special road (poll) tax is not charged on our books, but the special road (poll) tax is. If you have already paid your special road tax bring your receipt along.

East Missoula is not assessed in lots this year on account of plat having not been filed in time but is assessed as acreage to R. E. Glass, original owner, who is to pay the taxes.

DR. RANDALL RETURNS FROM TRIP TO EAST

Dr. J. G. Randall has returned from a trip to St. Paul and Chicago, after an absence of several weeks. Dr. Randall was one of 23 witnesses from this city and Frenchtown who were subpoenaed in the case of L. D. Brant against the Northern Pacific Railway company, in which the corporation was sued for \$50,000. Brant was injured in an accident at Frenchtown on October 15, 1929. The case was tried in the circuit court at St. Paul and the railroad won a favorable verdict. Among the witnesses who went to St. Paul from Missoula was Dr. J. J. Flynn, who returned several days ago.

RAINS MAKE TROUBLE.

The heavy rains in the Bitter Root mountains caused some trouble on the Puget sound last night. There was a big cave-in on the grade west of Saltese which tied up things hopelessly late in the afternoon, and No. 1 was turned back at St. Regis. The bridge over Silver creek at Saltese, a high structure 75 feet above the creek bed, is in danger, and unless there is a let-up in the storm, it may go out.

MEN'S BETTER SUITS AND OVERCOATS

Most Noteworthy Are the Specials Today

COAT SHIRTS FOR MEN

The best Monarch and, in plaid and plain fronts; all fancy new patterns; in French panels. Special today, each \$1.00

COAT SWEATERS FOR MEN

In all colors, blue, brown, gray, marine, green, black, white; in combination trimmings; all sizes. Sold all over for two dollars, today \$1.50

Pre-Thanksgiving Clothing Specials

All Kinds for Men, Young Men and Boys

Don't you want to shine up a bit with a few fresh toys for next THURSDAY, and be a little grateful to your every-day appearance? We can place you on a par with the best that's going. Exceptional buying advantages reign today on the better quality—tongue that is certain of more style and satisfaction than you've ever bought here before. The price values are surely the most alluring to be found anywhere.

Men's Astounding Clothing Values

Boys' Shoes; high tops. These little men's shoes run from 1 to 2-1-2 in size; 2-buckle lace; waterproof; russet calf; special, per pair \$2.95

FAMOUS BAPTIST EVANGELIST ARRIVES IN HIS CHAPEL CAR THE "EMMANUEL"

REV. E. R. HERMISTON.

Rev. E. R. Hermiston, former baseball player and athlete, now one of the most prominent evangelists in the country and easily the best in his own sphere, the railroad world, arrived here yesterday morning in his chapel car, the "Emmanuel." Mr. Hermiston is traveling under auspices of the American Baptist Publication society and his car has been fitted out by them. He has traveled into almost every portion of the United States during his travels and has met and combated almost every sort of religion. In appearance Mr. Hermiston is a clean, hearty-looking man, evidently of wide experience and with a kindly face which makes friends at first sight and an open and sympathetic manner, his chief personal attraction. He is deeply interested in his work and most of his time is spent in little out-of-the-way towns in the unsettled parts of the country, which are without churches of any kind. With him Mr. Hermiston carries his wife and daughter, both of whom are hard workers and both of whom have helped him in his great work. In their car they have traveled in the past seven years over more than 4,000 miles, into almost every corner of the country where a railroad reaches. During this time they have held 2,000 meetings, 2,000 given away 12,000 Bibles, and 31,000 tracts and have converted directly 15,000 persons. The Baptist church on Sunday morning

work is a great one but in Mr. Hermiston the church has found a man fully able to carry it on and, with his magnetic manner, to make a success of it.

The car in which Mr. Hermiston travels and in which he carries on his work was built for the purpose and is adapted in every way to the use to which it is put. It is 70 feet long, 50 feet being given over to the chapel. It is solidly built and finely finished and the chapel is a surprise to all who see it for the first time.

Two rows of broad comfortable seats face the pulpit and each seat being capable of holding four persons, the capacity of the car is nearly 300 people. The pulpit is of hammered brass, elevated a little above the rest of the car and fitted with a reading stand and chairs. A beautiful organ is another one of the fittings and to this may be credited a great deal of Mr. Hermiston's work. He and his wife and daughter are all good singers and music is one of the strongest parts of their services.

Back of the chapel is a small, but cleverly arranged space, which is used by the evangelist and his family as a sleeping, eating and dining room. A kitchen is located just back of it and so ingeniously is the whole thing arranged that the car is a most comfortable home.

The "Emmanuel" is one of five similar cars which the Baptist society has out on the road all of the time. The first car built was the "Evangelist." John D. Rockefeller fitted out and maintained this car as an experiment and so great was its success that a second, the "Emmanuel" was built with money furnished by the Sunday school children of the church. A wealthy Baptist layman of New York followed this up with a third, the "Good Tidings," and the "Messenger of Peace" and the "Herald of Hope" were built by the young women and young men of the church, respectively.

The work is a wonderful one and the results are a living tribute to the men and women who have been carrying on the campaign and who fitted out the cars. Thousands of people have, by this means, been brought into touch with the church and hundreds of communities which would otherwise have remained without a sign of a church or a preacher for years have been visited for varying lengths of time by these traveling evangelists.

and evening and in the afternoon will hold services in his car. He expects to remain here for several days and each evening, after Sunday, he will preach in the "Emmanuel."

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble, as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in order to feel well. Garden City Drug Co., Geo. Freisheimer, proprietor.

FLATHEAD TOWNSITE SALE IS FINISHED

The last of the five townsites in the southern end of the reservation passed out of the hands of Uncle Sam yesterday into the possession of the eager bidders, who have been fighting over the land for the past week. The fact that four townsites had already gone made the interest in yesterday's sale, when St. Ignace was placed on the block, a little light, but on the whole the sale was very satisfactory. The north half of the town sold at about 50 per cent above the appraised value and the southern half averaged fully twice of the value set upon it by the government.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

FUNERAL ANNOUNCEMENT.

The funeral of Mrs. Mary A. Myers will be held this afternoon at 2:30 o'clock, from the First Methodist church, Rev. J. W. Aalt officiating. Interment will be in the Missoula cemetery.

The old, old story, told times without number, and repeated over and over again for the last 26 years, but it is always a welcome story to those in search of health—there is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all dealers.
