

THE FIRST CONSIDERATION

In selecting a watch is to get a reliable timekeeper. It makes no difference how little you spend for a watch, it is money wasted unless you can depend on it to keep somewhere near perfect time.

In the manufacture of a watch, one of the chief expenses is the final adjusting and regulating. There are, however, inexpensive watches of real merit. These are constructed along simple lines and are dependable timekeepers. Cheap watches gotten up in a showy way are not worth carrying.

We have learned, from years of experience, to distinguish between the good and poor makes, and we will not sell a watch that we cannot guarantee.

The third and latest All-Montana football eleven appeared yesterday in the Anaconda Standard. The selections were made by the Standard's Butte football reporter and are all chosen from the three collegiate teams of the state. The team picked by the Standard man is given above.

The above selections are accompanied by no explanations. It is necessary that the men whose names appear there must have made the showing which places them on the list in one of the two games played in Butte. This fact explains in part the predominance of school of mines men. The Montana team and the team from the state agricultural college played in Butte but once. The school of mines team played two collegiate games there and was under the constant surveillance of the man who picked the above team. To this fact is undoubtedly due the number of Butte men who appear on the list. It is generally admitted by football men who have watched the season closely that Butte has the poorest collegiate team in the state, despite the fact that they have chalked up against them but one defeat. Despite the fact there are five school of mines men on the All-Montana team picked by the Standard and but one Argies. This without the selection of Cullerton, who was the best man on the Mines' team. On the other hand there is but one man from the Argie team, Poole left end. A comparison of the three teams which have been picked so far shows the situation clearly.

The table shows the difference of opinion among the three judges. On five men only did they agree. These are Little, Poole, Ryan, Bishop and Winstanley. Each judge gives the same place to each one of these five men. Each judge gave Itner a place on the team, but McIntosh, arguing that the

weakness of the line in Montana teams made the shift of heavy men to forward position imperative, placed him at tackle. Jensen was also placed by each man, but in a different position each time. Coach White believed him capable of backfield work—based on his showing in the last Montana-Miner game and his playing all during the 1928 season—and Coach McIntosh and the Standard man placed him on the line.

In the three center positions the Standard man breaks farthest away from his two contemporaries. He gives the center position to Roach of the Mines, while the two coaches give it to Stoddard. The Standard man saw Stoddard play once, in his poorest game of the season. Even then he outplayed Roach and his work all season has been superior to that of any other center in the state. The selections for the two guard positions are widely different, but as good guards were lacking this year that is to be expected. Of the three teams McIntosh's appears to be the best balanced and would apparently do the better work on the field. The Standard man's selection is the weakest, judged both from a theoretical and a practical standpoint, but this fact is undoubtedly due to the fact that he saw the Argies and the varsity in action but once. Coach Furnham is set to be heard from and with the filing of his team it will be possible to judge just what the situation is from the coaches' standpoint. It is, however, more than likely that Furnham had a hand in picking the Standard's team.

SPORTS TAKE INTEREST IN LIGHTWEIGHT FIGHT

San Francisco, Nov. 28.—Sporting circles are taking an unusual interest in the fight between Lew Powell and Ad Wolgast, which will take place tomorrow night in this city. The betting is livelier than has been the case with any match of recent date. Powell was a 10 to 6 favorite tonight, but there was more than a little Wolgast money in sight and it seemed likely that the odds might even up. The fight will go 20 rounds, the men weighing in at 132 pounds at 6 o'clock. Jack Welch will referee and the fighters will divide a \$5,000 purse, 60 per cent to the winner. It is generally believed that the winner of this fight will be matched with "Batting" Nelson, the lightweight champion.

Both fighters appear in splendid physical condition. They are believed to have trained faithfully and if appearance counts for anything, are in shape to put up a great fight.

ITALIAN KING CHOSEN TO REFEREE DISPUTE

Mexico City, Nov. 28.—King Victor Emmanuel III of Italy will act as arbitrator for France and Mexico in the dispute between those countries over the possession of Clipperton island. The Mexican government has been officially notified that the king had accepted the invitation to act. That papers setting forth details of Mexico's claim to the ownership of the island on which she now maintains a small garrison will be ready for submission in 60 days, is stated at the foreign office.

Clipperton island lies off the west coast of Mexico between Matzan and San Blas. Guano is the principal product.

OFFICIAL AVERAGES OF AMERICAN ASSOCIATION ARE OUT SPENCER IS BEST.

Milwaukee, Nov. 28.—Only one play-by-play catcher—Ed Spencer of St. Paul—has a batting average of more than .300 for 15 games, according to the official averages of the American association, issued today by President Joseph D. O'Brien. Spencer had an average of .339 for 34 games. Outfielder John O'Neil of Minneapolis, formerly of the Chicago Americans, is the first regular in the list, as he landed second with a mark of .296 for 144 games. Harry Clark of Milwaukee has the distinction of having played in more games than any other member of the association. He participated in 173 games and batted .257. Columbus led in the team batting with .247 and Louisville, pennant winner, was sixth with .232. Gill of Minneapolis was the leading base-stealer with 41. Smooth of Toledo was the best sacrifice hitter with 29. James of Columbus had seven home runs.

WOMAN KILLS WOMAN.

Bradford, Ark., Nov. 28.—In a street duel with knives at Allela, today, Miss Nora Owens was fatally injured by Miss Stella Belk and died a few minutes later. The duel was the result of an old quarrel. Miss Owens was cut in four places, the fatal wound being in the left breast, where an artery leading to the heart was severed. Miss Belk was arrested.

TWO WIVES PROVE HUSBAND'S UNDOING

St. Louis, Nov. 28.—Samuel H. Buschmann, is in jail on a warrant issued in Milwaukee at the instance of Mrs. Bertha Liersch Buschmann of Milwaukee, charging bigamy. He was taken from his home last night, where he was living with Mrs. Annie Juergens Buschmann, whom he married in 1922. Buschmann does not deny the charge. Last June his St. Louis wife confronted him in Milwaukee, where he had been living with his other wife. As neither wife would prosecute they decided to abide by his choice. Buschmann chose his St. Louis wife and came here to live. The Milwaukee wife stipulated that she should be paid \$16 a month, and it is said payments were made. Buschmann told Detective Louis Krasovec of Milwaukee, his St. Louis wife's bond to his Milwaukee wife caused his arrest.

NINE ARE MISSING FROM U. S. GUNBOAT

Colon, Nov. 28.—Nine men are missing from the U. S. gunboat Marietta which is lying off Port Limon, Costa Rica. The gunboat today sent out a general alarm by wireless and a request that ships in that vicinity get a lookout for her rig and whaleboat. The rig, manned by a crew of four men and the whaleboat with five men aboard, were carried out to sea in the heavy weather on Friday night. Nothing has been heard or seen of either boat since. A reward is offered by the commander of the Marietta for anyone finding the boats or rescuing the men.
