MAKE HASTE.

As far as The Missoulian can learn, there is no opposition in the city to the construction of a municipal sewer system, along lines which have been laid down by Engineer Swearingin.

RUMORS OF OTHER DEMANDS

ENGINEERS AND FIREMEN SAID TO HAVE ASKED INCREASE - DENIAL MADE.

Spokane, Dec. 2.—Apparently well grounded reports are current here that the engineers and firemen of the Great Northern and the Northern Pacific have demanded and advance in wages.

St. Paul, Dec. 2.—General Manager Shade of the Northern Pacific and General Manager Gruber of the Great Northern denied tonight the story from Spokane that engineers and firemen of their respective systems have demanded an advance in wages.

WHAT, INDEED?

Missoula, it seems, is the first city to run up against the serious conditions resulting from the lack of any state law which will give officers control of patients suffering from small pox.

Perhaps Zelaya will never read the letter of dismissal which Mr. Knox gave to the Nicaraguan charge d'affaires at Washington, but he can read what's coming to him by a study of the situation.

If all the male denizens of the bad lands were to contribute \$1,000 to the city before hiking to parts unknown, there would be some style to their exit.

Though Zelaya is also a wizzer, he cannot look back upon any such record of usefulness as has been made by the Reitz bridge.

Their lordships have started something in England but it is doubtful if they can finish it; it is more likely to finish them.

However, we are inclined to think that shooting is too severe a punishment for the automobile man who frightens a team.

The marines on the Prairie have about a million rounds of ammunition—an argument to which Zelaya will listen.

The army wakens to the fact that there is a man who is more strenuous than Teddy and that one is Dickinson.

The budget campaign in England will at least serve to put the suffragettes into the background.

Missoula hopes that David Cohen's honeymoon journey will be so long that he'll never come back.

When Mr. Knox stripped Rodriguez of his official dignity, he didn't have much to peel off.

In 1894, also, the local railway men acted under instructions from eastern headquarters.

As a wedding month, December is knocking the spots off June in the local field.

Secretary Knox presents a clear and concise statement of the Nicaraguan situation.

NEVADA MAN LANDS BIG FIGHT

RICKARD-GLEASON COMBINATION BID WINS OUT, DESPITE VIGOROUS PROTEST.

New York, Dec. 2.—The fight for the heavyweight championship of the world between James J. Jeffries and Jack Johnson will be held in California, near San Francisco, on July 4, 1910, and will be staged by "Tex" Rickard of Nevada and John J. Gleason of San Francisco.

Thomas J. McCarry of Los Angeles, whose bid was considered highest by many, made a game race for his Pacific Athletic club, but his cause was without hope. James Coffroth, by virtue of his control of the two basic patents on moving pictures, had deposed against McCarry and his ally, Eddie Graney of San Francisco, and the fight was given to Gleason and Rickard, who, it is said by sporting men, have an understanding with Coffroth—a surmise strengthened by the fact that Gleason and Coffroth have shared one bid in the past.

After Lou Houseman of Chicago, as master of ceremonies, had called the meeting to order in a hotel at Hoboken, Sam Berger, Jeffries' manager, announced that his principal had decided for Rickard and Gleason. George Little, representing Johnson, made a similar announcement, and Stakeholder Bob Murphy was about to declare the matter settled when Rickard rose to insist on reading the Rickard bid in an effort to show that it was not the best.

"I was induced to come across the continent, protested McCarry, 'by the representation that everything was to be above board here. I find it otherwise. If my bid is not the best, then Eddie Graney's is. Graney's bid amounts, including pictures, to \$275,000 to the fighters."

"Well, I've been in this fight business longer than you have," spoke up Gleason, and was about to continue, when McCarry jumped to his feet and hurled his wallet across the long table, crying: "There's at least \$25,000 that you haven't."

"But I've had bigger fights," persisted Gleason.

"I'll bet my pile you haven't," shouted McCarry.

Decision Stands. Lou Houseman quieted the argument but there was more wrangling before Berger announced decisively that Jeffries would not change his verdict. Little made a similar announcement for Johnson, and Stakeholder Murphy declared the award to Rickard and Gleason. At Gleason's suggestion the final signing of the articles was postponed until tomorrow at 11 o'clock, when lawyers will clinch the last technicalities. Generally sympathy was expressed for McCarry. He had prejudiced his rather delicate health by a cross-country trip in the expectation of getting the fight. Rickard assured him, as a sop to his chagrin, that a

A Bald Headed Woman

SHORN OF HER CROWN OF BEAUTY LOSES IN LOVE AND MARRIAGE.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's hair is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet right here where we live, are thousands of women neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients harmful to the scalp and hair.

As a result of such treatment dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Most people can rid themselves of dandruff and correct diseased scalp and hair conditions if they will use the right remedy. We have that remedy, and we will positively guarantee that it will eradicate dandruff and prevent baldness or it will not cost the user anything.

That's a pretty broad statement but we will back it and prove it with our own money. Rexall "93" Hair Tonic is the remedy that will grow hair and overcome scalp and hair troubles. It will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You would better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Missoula only at our store.—The Rexall Store, The Missoula Drug Co.
