The local union, Bricklayers' and Masons' International union, No. 7, will have charge of the convention, which will last until Wednesday evening. The union has only been in existence for two years, this being the second annual convention. It has already become very strong in the state, and delegates are expected from all parts of Montana during the week. H. L. Bayes of this city is state secretary of the union and will have charge of the meeting. The week will be given over to the annual election of officers and the disposal of general business. Tuesday evening a reception and banquet will be held in Cooks' and Waiters' hall.

OWSLEY IS ELECTED FOOTBALL CAPTAIN

At a meeting of the football men of the Missoula high school Friday evening Merritt Owsley was elected captain of the 1910 team to succeed Irwin Peterson, who graduates this spring. Max Mullen was chosen manager to succeed Fred Davis, another member of this year's graduating class. Owsley has played with the team for two years as halfback and has won an enviable reputation. Mullen is a freshman and played his first football this fall. The prospects for a successful season next fall are very bright. Peterson and Davis are the only players who will be lost and there is a lot of good material in the school that entered too late for this season's playing.

TREASURER REPORTS THAT WOMAN'S CLUB CLEARED OVER \$300.

The regular meeting of the Woman's club was held yesterday afternoon, with the president, Mrs. Victor B. Skinner, who has been away from the city for some time, in the chair. It was decided by the ladies to order 10 worth of stamps to be placed in various stores in the city to be sold and placed on Christmas packages. The proceeds to go towards the construction of a home for tuberculosis patients. Mrs. C. A. Barnes, treasurer of the entertainment committee, made a report on the amount of money cleared by the club from the proceeds of the bazaar given last week. According to Mrs. Barnes, the club was unusually fortunate, over \$300 being the net result of the entertainment. This money will go towards the construction of a club building in the city. A hearty and unanimous vote of thanks was extended to all who donated their services and assisted in making the bazaar the success it was; the ladies appreciate very much the assistance which they received in their project.

The social and domestic science department, with its president, Mrs. George F. Brooks in the chair held its session after the business meeting. R. G. Bailey gave a vocal solo entitled "Thou Art Mine All," which was so heartily received as to demand an encore. As an encore, Mr. Bailey sang "Goodbye, Sweet Day." Mrs. Theresa Bandmann read an extremely interesting paper on a vital subject, the author being Frederic Thompson. The paper was entitled "After the Salome Dance, What?" "To the Sea" and "Song" were given on the piano by Miss Merle Kettlewell, whose splendid performance brought her rounds of applause. This concluded the meeting.

LOCAL ELKS' LODGE TO HONOR ITS DEAD

The occasion is the observance of the Elks' Memorial day, at which time the living members of the order commune and honor the memories of their dead brethren. The exercises this afternoon will consist of musical numbers and an address by County Attorney E. C. Mulroney. All friends of the order are invited to attend.

THE WEATHER

A TIMELY HINT

The Missoulian: If the governor issues a call for an extra session of the legislature to decide what kind of stone the state capitol shall be built of, owing to a petition circulated by those directly interested in the use of Montana stone, would it not be well to petition the governor at the same time to ask the legislature to do something in regard to quarantining smallpox? The associated societies of the Ladies' Aid in Missoula have asked for some remedy. Is it right that people should visit public places direct from smallpox houses, attend schools and subject your children and transients and yourself to this loathsome disease? Is it just that vaccination should be forced upon those who do not wish it and do not believe in it?

Should not the state of Montana pay attention to the wants of the majority of the citizens of the state to pass a law in regard to smallpox, as well as to the kind of stone the capitol is to be built of, rather than follow the decree of three doctors? You know, sometimes doctors make mistakes.

Yours truly,
F. M. McHAFFIE.

Remarkable Result of the New Tissue Builder Protone—Many Cases of Run-Down Men and Women.

Prove it Yourself by Sending Coupon Below for a 50c Package, Free.

"By George, I never saw anything like the effects of that new treatment, Protone, for the building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer and almost everything else you could think of, but without result."

Any Man or Woman Who Is Thin Can Recover Normal Weight by the Remarkable New Treatment, Protone.

I had been thin for years, and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by the use of Protone, so I decided to try it myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just 30 pounds during the last month and never felt stronger or more 'nervy' in my life."

Protone is a powerful inducer of nutrition, increases cell-growth, makes perfect the assimilation of food, increases the number of blood corpuscles, and as a necessary result builds up muscles and solid, healthy flesh, and rounds out the figure.

For women who can never appear stylish in anything they wear because of their thinness, this remarkable treatment may prove a revelation. It is a beauty-maker as well as a form-builder and nerve strengthener.

It will cost you nothing to prove the remarkable effects of this treatment. It is absolutely non-injurious to the most delicate system. The Protone company, 1931 Protone Bldg., Detroit, Mich., will send to anyone who sends name and address a free 50c package of Protone, with full instructions, to prove that it does the work. They will also send you their book on "Why You Are Thin," free of charge, giving facts which will probably astonish you. Send coupon below today with your name and address.

FREE PROTONE COUPON.

This coupon is good for a free 50c package (all charges prepaid) of Protone, the remarkable scientific discovery for building up thin people, together with our free book telling why you are thin, if sent with ten cents in silver or stamps to help cover postage and packing, and as evidence of good faith, to The Protone Co., 1931 Protone Bldg., Detroit, Mich.
