INTERESTING STATISTICS AS TO BUTTE HIGH SCHOOL MEN IN PAMPHLET.

Butte, Dec. 6.—(Special.)—For several months there has been a growing sentiment here against the custom of the Butte high school in importing football material from the east. There has also been considerable sentiment in regard to the school's claim to various championships. The official program for the game against Longmont on Saturday stated that the contest was for the "championship of the United States," a claim that is as absurd as it is sweeping. This same program gives the following information as to the former homes of nine members of the high school squad: Edwin Duncan—"Born in Sheffield, Ill."

Joe Anderson—"The fat boy comes from Stambaugh, Mich., where he played football and went to school for one year."

Gordon House—"This famous youngster hails from Merrill, Wis., where he played two years before coming to Butte."

Albert Barrett—"Barrett comes from Spirit Lake, Iowa, where he has had one year's experience at quarter-back."

Bert Ladum—"Comes from Eau Claire, Wis., where he played two years on the Eau Claire high school team. He is 20 years old, six feet tall and weighs 167 pounds."

Torgus Oms—"He hails from Merrill, Wis., where he has played three years at tackle."

Wilbur Irwin—"It is hard to find a better fullback than 'Slate.' He came to Butte from Portland, Ore."

Robert Hopkins—"Bob" was born in Hudson, Wis."

Harry Freebourne—"Harry Freebourne is from Des Moines, Iowa."

It would seem that the high school is guilty of a violation of the 11th commandment, "Don't Get Caught."

SENSATION PROMISED BY PROSECUTOR

Cincinnati, Dec. 6.—A subpoena was issued from the prosecutor's office today summoning Miss Ida Brockway to appear before the grand jury Friday, December 10, to tell what she knows about the \$645,000 shortage of Charles L. Warriner, formerly treasurer of the Big Four railroad. Miss Brockway left her \$1,500 position as stenographer for Frank Couden, cashier in the office of the United States collector of customs here, by disappearing suddenly two weeks ago and remaining in hiding. She left after she had been called by Prosecutor Hunt.

Late today Miss Brockway appeared in the office of her attorney, but refused to make any statement for the public. Miss Brockway was the room-

MARKET MOVEMENT OF THE DAY

New York, Dec. 6.—Hesitation and constraint made themselves felt in the stock speculation again today following the volatile movement of Saturday. The explanation of the market's action was somewhat obscure. It was suspected that a process of distribution of stocks under cover might be going on for account of some of the most important financial interests. That the appearance of things was seemingly confused in the work of forming this appearance made the smallest following of habitual traders wary in extending their operations. The dullness into which the market fell from time to time was due partly to a reduction of the outstanding short interest.

COUNTY COMMISSIONERS CONSIDER NEW BRIDGE

Yesterday the county commissioners took up the formal examination of the new Higgins avenue bridge, which is to be formally turned over to them within a few days. On account of the absence of several papers that are considered necessary, yesterday's session developed nothing definite. It is announced that the officials will probably take action of some sort today.

TRIAL OF PIERCE BEGINS IN TEXAS

Austin, Tex., Dec. 6.—Judge Calhoun today overruled exceptions offered by H. Clay Pierce in the proceedings against him charging false swearing and ordered the trial to proceed.

WOMAN IS ARRESTED.

Gertrude Foster, a woman of the restricted district, was arrested by the police last night on complaint of Matt Burns, who alleges that she "touched" him for \$40 Sunday night. After the alleged robbery, the man reported to the police, and search was made for the woman, but she had disappeared. She reappeared in her accustomed haunts last night and the man, who had been looking for her, reported the fact to the police. The woman furnished a \$50 bond for her appearance in court at 10 o'clock this morning, and the man was required to give the sum of \$10 as forfeit in case he does not appear as a witness.

LOGICAL ECZEMA CURE INDORSED BY PHYSICIANS

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself. This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine, etc. This will quickly kill all eczema germs, while soothing and refreshing the skin.

In R. A. Folkerts, of Duluth, Minn., tells of the success in treating patients. "There was a man here suffering from eczema for the last fourteen years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with rheumatism for fourteen years, and eczema in his feet, and the second treatment in both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, salt rheum, ringworm, etc., you will feel instantly soothed and the itch allayed at once when a few drops of this oil of wintergreen compound is applied. The cures all seem to be permanent. George Freishelmer.

Millions of Stomachs Refuse to Do Their Work Properly.

All over this broad land millions of stomach owners are being held in humiliating subjection because they are so stubborn that they will not accept a fair, square and broad-minded offer. Life is short for all of us; it will be shorter for those who let their stomachs go from bad to worse. Geo. Freishelmer has a famous prescription called MI-O-NA, and he believes so thoroughly in its remarkable curative power that he says to every owner of a distressed stomach that he will guarantee MI-O-NA tablets to cure acute or chronic indigestion and all stomach ailments or money back, and the price is only 50 cents a box. And still there are stubborn people right in Missoula who won't accept this offer, but continue to suffer from gas on stomach, belching of sour food, stomach pains, foul breath, dizziness, biliousness and headaches just because—just because—that's all; there is no other reason.

MI-O-NA tablets stop dyspeptic agony in five minutes; they cure obstinate cases of indigestion and turn the old stomach into a new one in a few weeks—or money back.

A HAT FULL OF COAL LASTS ALL NIGHT IN COLE'S HOT BLAST

That is a tremendous fact for users of heaters. Your fire is never out!

A hat full of coal in a Cole's Hot Blast burns all night, and in the morning instead of building the fire, shivering in a chilled room and waiting for the fire to heat up, you open a draft only. And there is fuel enough left to warm up nicely.

We not only say this. We guarantee it, and our word is backed by the largest manufacturer of soft coal heaters in America.

We guarantee a saving in fuel of a third. This is a conservative guarantee. You really save one-half to 60 per cent of your winter's fuel bill by using this stove.

In fact, our guarantee on Cole's Hot Blast is the most sweeping statement ever put behind a heater, and it puts us in the lead of all stove dealers.

Let us show you this remarkable heater—this clean stove—this continuous fire holder—this expense cutter—this beauty. Take note that this heater burns soft coal, hard coal, wood, slack, lignite or coals—and we guarantee it against any heater, size for size, at twice or three times its price. Ours is the Original Cole's Hot Blast, with the name Cole's on the feed door.
