

YOUNG PEOPLE WED IN SPOKANE

BASEBALL LEADERS TO NEW YORK

LILLIAN DRAPER AND CLIFFORD PERRY STEAL MARCH ON FRIENDS—SOCIETY.

BAN B. JOHNSON AND CHARLES COMISKEY LEAVE FOR BIG LEAGUE MEETING.

A wedding that took many Missoula people by surprise was that of Miss Lillian Draper and Clifford Perry, both well-known young residents of this city, who were married in Spokane last Thursday night. The young people made no mention of their intentions and the bride-to-be went to Spokane about a week ago, being followed by Mrs. Draper, her mother, and Mr. Perry last Tuesday.

Mrs. Perry is the oldest daughter of Mr. and Mrs. S. H. Draper of this city, her father being general air traffic inspector for the Northern Pacific railroad, with headquarters in St. Paul. She has lived in Missoula for a number of years and since her graduation from the Garden City Commercial college has held several positions as a stenographer. At first she held the position as clerk to her father in his private car and later worked in Spokane. Afterward she came to the trainmaster's office in Missoula. Up to the time of her marriage she was employed in the office of H. W. Battin of the Winston Bros. company. The groom is also well known in the city. He is a brother of O. W. Perry, with whom he is interested in the Perry-Eskestyn Coal company. He has been in Missoula for the past year. Mr. and Mrs. Perry returned to Missoula Saturday night and will make their home here.

Chicago, Dec. 12.—Ban B. Johnson, president of the American Baseball league; Charles Comiskey, president of the Chicago Americans, and Joe Cantillon, former manager of the Washington Americans, left today to attend the baseball meetings at New York. Before his departure Johnson said that he was unalterably opposed to the election of John M. Ward as president of the National league, and that he would do everything he could to prevent it. Cantillon said he would make a fight for vindication at the American league meeting. Cantillon declared that he was not a traitor to the league, and that he would fight for his rights. He added that he will insist upon an investigation of charges of signal tipping made against the New York Americans by the Washington team last summer. He announced that he will manage the Minneapolis American association team, of which he is part owner, next year.

Ward's Election Doubtful.

New York, Dec. 12.—A cycle of baseball meetings will begin here tomorrow. The national commission will meet first to decide on the case of Pitcher Torrey, now on the Cincinnati reserve list, but claimed by the Springfield club of the Three-I league. On Tuesday the National league will have its annual meeting and on Wednesday the American league will have its first session. Many club owners, managers and players and umpires are here. National league managers say their meetings will be harmonious, but their statements do not coincide with opinions of others.

All the club owners have reached this city except Stanley Robinson of St. Louis, Horace Fogel of Philadelphia, and John Dovey of Boston. The leaders of the Heydler and Ward factions are both anxious to see Robinson, as it is thought his vote will decide whether John Heydler, president of the National league, shall continue in office or be displaced. The election of John M. Ward as president of the National league is considered impossible by Barney Dreyfuss of Pittsburgh. Dreyfuss says here will be no war no matter whom the two factions decide.

HUSBAND IS ABSOLVED OF MURDER SUSPICION

Savannah, Ga., Dec. 12.—J. C. Hunter, husband of Mrs. Maggie Hunter, who is lying at a hospital from blows dealt her by the murderers of Mrs. Carrie Ohlander and her mother, Mrs. Eliza Gribble, Friday afternoon, is no longer under police suspicion of being the murderer. However, he will be held until it seems certain the real murderer cannot be captured. The police also believe the story of William Walls, who says he went to the house and peered through the closed window blinds into the room of Mrs. Hunter, hoping to attract her attention, but that he saw no one.

This leaves only the final theory that the murders were the result of a negro's plan to attack Mrs. Ohlander.

For the Week Coming

the Crescent will offer Genuine Bargains Note the following prices.

Beginning the First Week of the New Management

Enthusiasm and new interest will stir the very walls that have already become too small for this growing business.

THE WEATHER

During the past week the weather man has outdone himself in providing enough of various kinds of climate to relieve any monotony which might be experienced. The first part of the week was a small blizzard; a little later came warmer weather, with a little snow; and yesterday, the crowning day of all, was blessed with rain, an unusual occurrence for this country, accustomed though it is, to quick and sudden changes of climate. Yesterday's records, as taken by the weather man at the university, show the following results:

Maximum	36
Minimum	28
At 6 a. m.	28
Thermometer	28
Barometer	26.73
At 6 p. m.	32
Thermometer	32
Barometer	26.62
Wind from the north, and .02 of an inch precipitation.	

POLITICAL VETERAN DIES.

Janesville, Wis., Dec. 12.—William H. Tripp, 88 years old, member of the first Wisconsin legislature and a delegate to the republican national convention that nominated Abraham Lincoln for president, died today.

Clever English Girl

MISS ALICE LLOYD.

New York, Dec. 12.—Miss Alice Lloyd, famous English singing comedienne, whose success in New York for the past three years surprised that of any other European artiste ever imported, has been captured by Martin Beck for the Orpheum season, and her appearance here next week will be one of the most important of the entire season. Miss Lloyd first came to Amer-

ica three years ago, and without the extravagant heralding of most imported stars she achieved a remarkable ovation and became an immediate sensation. Klaw & Erlanger had intended starring Miss Lloyd this season, but as she was dissatisfied with the vehicle proposed and never having appeared in the great western country, she asked to be released in order that she might accept the offer of the Orpheum circuit.

REVOLUTIONISTS SAY VICTORY IS CERTAIN

(Continued From Page One)

sure, there are many Nicaraguans naturally strongly opposed to the present administration in their country.

They are of the opinion that Zelaya sees the game is up and is anxious to make his departure in safety. He would rather stand in the eyes of the world as having been forced out by the United States than by his own people, and this is why he has provoked reprisals by the brutal shooting of Cannon and Groce.

The statement issued by Zelaya to the effect that the revolutionists had employed the two Americans to mine the San Juan river and that they were captured after they had exploded one mine near the transport Diamante, is given no credence here. This version is contradicted by a deserter from the Zelayan forces, who confirmed the previous report that each of the revolutionists was captured while reconnoitering some hills near the river.

Intrigue.

Managua, Nicaragua, Dec. 12.—Outwardly Managua is peaceful. There have been no military preparations and the people appear unconcerned. Band concerts are given daily on the plaza, and to all intents conditions are as before the United States and they were captured after they had exploded one mine near the transport Diamante, is given no credence here. This version is contradicted by a deserter from the Zelayan forces, who confirmed the previous report that each of the revolutionists was captured while reconnoitering some hills near the river.

It is believed, however, that Dr. Madrid will be objectionable to the revolutionists. It, therefore, would be dangerous to impose a man indorsed by only one or two factions, as the other factions would likely make this an excuse for a further rising. Dr. Julian Irias, minister general, who also has been suggested as a possible successor to Zelaya, would be a powerful enough to crush an uprising in event of his selection, but it is understood he is not favored by the United States.

Resembles Naples.

The quiet harbor of Corinto, where the British survey ship Shearwater has just arrived, and where the Mexican

warship General Guzman is momentarily expected, with the volcano El Viejo in the background has a semblance to the bay of Naples. The city is on a low island, overgrown with mangroves, and is connected with the mainland by a railroad bridge. The harbor is commanded by old Fort Cardon, with a handful of barefoot soldiers who are adorned with two garments of blue, with pink trimmings, cartridge belts, bayonets and old model rifles.

On the approval of the commandant of the port, intending railway passengers may secure a local passport. The inhabitants are alert, intelligent and naturally happy. The coffee and sugar cane harvest is beginning to be hampered by lack of labor. The men have been drafted into the army, and hundreds of women and children are engaged in the harvesting work. Notwithstanding that the men have been compelled to take up arms, the revolutionary trouble and the impending trouble with the United States government, the people of Corinto and the surrounding districts show no concern. It is so in practically every section of Nicaragua, as revolutionary movements are by no means uncommon, and the extent of the present rising is not entirely comprehended.

At Managua, Zelaya is surrounded by three classes of allies—first, his relatives, who hold many of the offices; second, various foreigners, who are in a measure Zelaya's partners; and third, the members of his government.

THE SYRACUSE PLAN.

Editor Missoulian: January's Designer, with a circulation of half a million, devotes 143 pages to "The Syracuse way" in connection, by Charles Floyd Burrows, M. D., a great authority on contagious diseases and sanitary laws. Dr. Burrows says about smallpox that they call their pesthouse "hospital," which takes away that terrible name. Some people willingly go to the hospital and send

The New Naval Cabinet

From left to right: Rear Admiral Sperry, Rear Admiral Wainwright, Rear Admiral W. P. Potter.

Washington, Dec. 11.—George Von L. Meyer, secretary of the navy, now has a cabinet of his own. His sweeping plan for reorganization will call into play the combined ability of Rear Admirals Wainwright, Sperry, Potter and Swift. Cabinet meetings will be held and all questions of naval policy will be discussed with the aides.

business and remained at home for five weeks. FRANK M. CHAFFIE, Missoula, December 12, 1909.

In the more remote parts of rural Roumania there are more than 50,000 cave dwellings, inhabited by more than 250,000 peasants, with arrangements almost as primitive as in the stone age.

The largest locomotive on record recently was delivered by its Philadelphia builders to the Atchison, Topeka & Santa Fe railroad for fast passenger service. It weighed 200 tons and was 105 feet long.

WHOLESALE CANDY
