CARTER PROPERTIES ARE SHIPPING

MINES IN COEUR D'ALENES GIVE PROMISE OF GREAT FUTURE SHOWING.

Mike Viche, a well-known resident of Carter, the little mining camp about nine miles from Iron Mountain in the Coeur d'Alenes, was a visitor in the city yesterday, having come up to take his family back to the mines. Mr. Viche is engaged in hauling ore for the King & Queen mine in Carter and is an enthusiastic booster for the camp. According to his prophecy, there will be 400 miners at work in the mines of that vicinity within a year. At the present the camp is working 50 men, all of whom are actively engaged in mining. The King & Queen mine has shipped eight cars of ore, but owing to the strike of the switchmen the cars have become tied up and have not yet reached the smelter at Helena so that proper returns may be made. The ore in the camp is silver and lead, the latter being in the form of sulphide. The leasers are McKinnon & Goldsmith. Other promising properties are the O. R. & N., the Iron Mask, the Hamilton-Coeur d'Alene, Golden Eagle and Glenn Metal. The mines are situated about three and one-half miles from the tracks of the Chicago, Milwaukee & Puget Sound road and the owners and leasers of the properties have been promised a spur in the near future if a good enough showing is made. At the present time there is strong talk of the opening of a concentrator and it is rumored that next year two or three mills will be constructed and put in operation. There is a population of about 100 souls in the camp and the owners of the various properties confidently expect an increased population next year, when the mines are opened up for shipping.

YARDMASTER KILLED BY CARS

"SI" JOHNSON, WELL-KNOWN RAILROAD MAN, MEETS DEATH AT DEER LODGE.

One of the saddest of recent railroad accidents occurred a few minutes after 10 o'clock yesterday morning, when S. I. Johnson, better known as "SI" Johnson, was caught between two cars and instantly killed, his skull being crushed by logs which overhung the end of two cars. Johnson was acting as yardmaster in the Deer Lodge yards of the Chicago, Milwaukee & Puget Sound railway and was attempting to adjust some logs on the two cars, which were being handled by a switch engine on the rear track, when the accident occurred. "SI" Johnson was one of the best known men in the employ of the railroads in this part of the state. He first came to this country in the fall of 1905, when he entered the employ of the Northern Pacific as a brakeman. Since that time his worth had been recognized by his superiors and he was promoted to the position of yardmaster on the Northern Pacific, serving under two regimes. He left the city for a while, but returned and resumed his work on the Northern Pacific, but last summer entered the service of the Puget Sound road. He was sent to Deer Lodge and only a couple of weeks ago had completed arrangements by which he was able to take his family to that city. There he had planned a home and was just beginning to enjoy the company of his family when the tragedy occurred. He was a member of the Masonic order and belonged to the Missoula chapter of the Royal Arch Masons. He is survived by his wife and two children and a host of friends, who are greatly shocked at his untimely end. The funeral arrangements have not yet been completed, although it is said to be probable that his body will be buried in Missoula.

LIVESTOCK CONCERN A TRUST

COURT HOLDS THAT TRADERS ASSOCIATION OF KANSAS CITY VIOLATES LAW.

Kansas City, Dec. 30.—Judge L. C. True, of the district court in Kansas City, Kan., decided that the Traders Livestock Exchange association, operating at the Kansas City stock yards, was a trust, the methods of which violate the Kansas antitrust law. He ordered the association dissolved in rendering a decision in a suit brought against the association by the attorney general of Kansas. The Traders Livestock Exchange association is composed of 185 members, who deal principally in stockers and feeders, cattle not fat enough for slaughter. The state brought suit against the company two years ago, alleging that the methods of the concern placed such restrictions on trade and commerce as to violate the antitrust law. The Co-operative Livestock Commission company also at the Kansas City stock yards, filed the complaint against the Traders exchange. In this complaint it was alleged that the Traders Livestock Exchange association boycotted the members of the Co-operative Livestock Commission company, of whom there are more than 400 members. The defendant association will appeal the case to the supreme court of Kansas. An action similar to the one brought against the Traders Livestock Exchange association is pending against the Kansas City Livestock exchange.

Manager C. H. Catching promises the patrons of the ice rink a rare treat for January 12, weather permitting, in the shape of a grand prize masque carnival. There will be 14 prizes to contest for. The management will spare no pains or expense to make this the swell event of the season. List of prizes will be announced later.
