

# COUNT SIGRAY IS MUCH IN LOVE

### OVERLOOKS CUSTOMS COLLECTOR IN HIS HASTE TO GREET MISS DALY

New York, March 1.—Collector Loeb, who knows how to enforce the laws if they do happen to inconvenience a Hungarian nobleman, broke up a bit of love-making between Anton Sigray and Miss Margaret Daly, daughter of the late copper millionaire, Marcus Daly of Montana, who are to be married Easter week.

Count Sigray arrived on the Mauretania and forgot to declare his baggage, so intent was he on getting to the Daily residence. Within one hour and nineteen minutes the count had dashed to the St. Regis hotel, registered, had his baggage changed, his clothes and was riding with Miss Harriet, his fiancée, in the park. It was there that a courier from the adamant Loebs overtook them and sought the nobleman's presence at the Cunard pier.

"I met Miss Daly at the Vanderbilt-Szechenyi wedding, where I was best man," said the count at the hotel last night.

"Who could help falling in love with her. She is the most beautiful girl in the world. I met her frequently during the wedding, both here and abroad. But do you know, it is becoming deuced hard for a foreigner to woo an American girl any more. As soon as a nobleman sets sail for a rich American girl the cry of 'fortune hunter' goes up on both sides of the Atlantic. It is a tribute to the beauty and brains of the American girls that foreign men are willing to risk this danger to win them. But the American girl is queen of the world over."

Last Sunday Miss Daly, while strolling on Fifth avenue, lost a priceless diamond brooch, which had been given her by the count. It was set with diamonds in the form of a lover's knot and was an heirloom in the Sigray family. Tonight when the count was asked about it he waved his hand and exclaimed:

"Pooh! A mere trifle."

The count, who is good looking and whose steel gray eyes give him a striking appearance, was asked when the marriage was to take place. He said: "I see by the papers that it is to take place on February 29, but that would mean that I must wait two years if it must be wrong. As a matter of fact, he went on smiling, "the date is not fixed, but probably it will be after Easter."

The best man at the wedding will be Marquis Pallavicini, who is to arrive in a few days. The count is now a guest at the Hotel St. Regis. He is accompanied by the valet, who was mistaken by local newspaper men for the count, because the valet spoke better English.

# MARKET MOVEMENT OF THE DAY

New York, March 1.—Favorable inference might be drawn of the confidence felt by holders of stocks from the scanty offerings to sell in the market today. It was this lightness of the supply which made it easy for the professional traders to bid up prices without being obliged to accept any great amount of stock.

The annual report of the Pennsylvania railroad was studied with the usual interest. The profitable results of the year's business had an important influence in sustaining confidence and caused a firm undertone. The extra dividends disbursed by the Lake Shore was taken to show the desire of the parent New York Central to enlist as large resources as possible from its subsidiary companies for carrying on its extensive improvement work.

The money market was undisturbed by the March requirements. Bonds were irregular. Total sales \$2,871,000. Bonds were unchanged on call.

## Will Consider Proposition.

San Francisco, March 1.—On receipt of the telegram from Dick Ferris, offering a \$150,000 guarantee for the Jeffries-Johnson fight in Los Angeles, Tex Rickard said he and Gleason would consider the proposition, but gave no indication of what their decision would be.

## BOTTLED TYPHOID IN HYDE'S OFFICE

Kansas City, March 1.—In an effort to learn the details of the story that Dr. B. C. Hyde kept in his office for a considerable length of time, a bottle containing typhoid culture, Prosecutor Virgil Coughlin, tonight, caused Miss Beattie Coughlin, formerly Dr. Hyde's stenographer, to be subpoenaed as a grand jury witness. Her testimony may be taken tomorrow.

According to Dr. E. L. Stewart, Dr. Hyde obtained the culture of him. Miss Coughlin will be interrogated as to whether she ever saw Dr. Hyde remove any of the culture from the bottle.

## FEW HAVE RECEIVED CONGRESS' THANKS

Washington, March 1.—The scolding of certain persons at the proposal of congress to bestow upon Commander Robert E. Peary, the discoverer of the north pole, a gold medal and a vote of thanks as a reward for his services, has led the sub-committee of the naval committee to look up history and ascertain how many persons have been granted this honor. A summary of their investigation shows that but two civilians and 18 army and navy heroes have had the honor of the thanks of the congress bestowed upon them.

## SLIGHTLY IMPROVED.

Boston, March 1.—The condition of Associate Justice W. H. Moody, of the United States supreme court, who has been ill since last fall, has shown slight improvement during the last few days.

It is admitted, however, that the patient's condition is such as to make it impossible to tell with certainty when he will be able to resume his judicial duties.

## MISTAKEN IDENTITY.

Boulder, March 1.—A remarkable case of mistaken identity has developed in the divorce suit of Mrs. Charles M. Eddy of Bloomington, Ill. Her husband is a dentist and papers were served on Charles M. Eddy, a young dentist of Boulder, Colo., on the supposition that he was the man. Now the real Charles M. Eddy, involved in the suit, has been located. It is said, at Boulder, Mont.

## HUMDRUM BUSINESS.

London, March 1.—Parliament settled down to the humdrum business of providing for the country's financial necessities today. The house authorized the government to proceed with its loans and also the suspension of the sinking fund, for, while the budget is held up, it is impossible to collect the necessary income to carry on the departments.

## APPOINTS COMMISSION.

Pekin, March 1.—The government has appointed an army commission to visit Japan and America. The commission will leave on its mission a month hence. At its head is Prince Ton, the regent's brother, and his secretary is Li Ching Mai, former Chinese minister to Austria.

Li Ching Mai is a son of Li Hung Chang, the Chinese statesman.

## DECREE OF SEPARATION.

New York, March 1.—A decree of separation was granted in the supreme court here today to Mrs. Daisy B. Davenport from Homer C. Davenport, the cartoonist. The decree, which was by mutual agreement of the two parties, gives Mrs. Davenport the custody of the couple's three children and \$400 a month alimony.

## CONTINUES TO RISE.

Evansville, Ind., March 1.—The Ohio river continues to rise here at the rate of nearly an inch an hour and it is expected the rise will continue all this week. A stage of from 42 to 45 feet is contemplated. Many farmers in the lowlands above and below the city have moved to the hills.

## Church Dinner.

At the business meeting of the Lend-a-Hand society, held on Friday afternoon, the ladies pledged \$2,500 toward the new church. This means hard work for the ladies, but all know it can be done, so on Saturday, March 5, the society will give a dinner and supper in the vacant store opposite the postoffice.

Dinner will be served from 11 to 1, for 25 cents; from 5 to 8 supper will be served, for 35 cents. The ladies will do their very best and prepare good things to eat, and hope for a liberal patronage.

# MARKET MOVEMENT OF THE DAY

New York, March 1.—Favorable inference might be drawn of the confidence felt by holders of stocks from the scanty offerings to sell in the market today. It was this lightness of the supply which made it easy for the professional traders to bid up prices without being obliged to accept any great amount of stock.

The annual report of the Pennsylvania railroad was studied with the usual interest. The profitable results of the year's business had an important influence in sustaining confidence and caused a firm undertone. The extra dividends disbursed by the Lake Shore was taken to show the desire of the parent New York Central to enlist as large resources as possible from its subsidiary companies for carrying on its extensive improvement work.

The money market was undisturbed by the March requirements. Bonds were irregular. Total sales \$2,871,000. Bonds were unchanged on call.

## Grain and Provisions.

Chicago, March 1.—Wheat prices took on strength early today after a heavy opening. Later, however, May prices fell from \$1.15 1/2 to \$1.14 1/2. The close was weak at near the lowest point with May 1/2% c off at \$1.14 1/2 @ 1.15.

Heavy buying gave a strong tone to the corn market early in the day, the May delivery advancing to 68 1/2 c and then fell off to 65 1/2 c the other months taking a similar course. The close was weak at the low point with May 1/2 c down.

Trading in oats was within narrow limits, the fluctuations being from 1/4

## BALLOON LANDS.

Little Rock, March 1.—The balloon New York, manned by Clifford Harmon and his aide, George B. Harrison, which set out from San Antonio last night to beat the long distance balloon record, landed near Velonia, Ark. late today.

## NEW SCHEME DEFEATED.

Grand Forks, N. D., March 1.—Grand Forks today rejected the commission plan of government by a majority of 49 in a total vote of 967.

# Extraordinary Values Ladies' and Misses' SUITS, COATS, MILLINERY

## 50 Per Cent Off Regular Makes the Prices Now Much Less Than Cost; Choice of 57 Fine Winter Garments

\$1.85 for \$2.75 values.
\$2.35 for \$3.50 values.
\$2.85 for \$4.00 values.
\$3.35 for \$4.50 values.

## CERTIFICATE BILL IS NOT CONSIDERED

Washington, March 1.—Objections from Senators Clay and Bacon prevented the finance committee's substitute for the bill authorizing the issuance of \$30,000,000 worth of certificates of indebtedness from receiving attention at the hands of the senate today. Senator Carter presented the substitute and urged action. He explained that it provided for the direct issuance of the certificates by the national treasury and held the reclamation fund responsible for payment to the treasury. He laid stress on the fact that the sum provided for is the same as authorized by the original bill.

The Georgia senators were not willing, however, to allow action today, as the substitute had not been printed.

## LOS ANGELES OFFERS RICKARD GUARANTEE

Los Angeles, March 1.—Dick Ferris, who managed the recent aviation meet in this city, has begun a movement to bring the Jeffries-Johnson fight to Los Angeles. Ferris has sent the following telegram to Rickard and Gleason:

"Will you consider legitimate proposition to bring the Jeffries-Johnson fight to Los Angeles, if guaranteed \$150,000? Answer."

Ferris says that one local capitalist

# We Invite You to Sell Yourself A Lot in Daly's Addition

All we ask is the chance to show you the property. These lots will impress you with two points which must always be considered in buying city real estate.

## THE FIRST POINT

For you to consider in the choice of the lots that you are to purchase, whether you are buying for a home or for an investment, is the condition of affairs in the city where these lots are located. In this case, let us look for a moment at the situation in Missoula. You know what its development has been in two years. Every index of progress records substantial gains. Postoffice receipts have gained faster than in any other city in the northwest. Railway receipts have increased proportionately; Missoula paid to the Northern Pacific last year, in freight and passenger tolls, a million and a half dollars. The Milwaukee line is doing a proportionate business. The telegraph companies report business increases of 50 per cent. The business transacted in the county offices broke all records in 1909. No matter where you look for your information, the record is the same; it tells of substantial progress and material gain. This settles the first point. Missoula possesses every advantage that you could ask in a city for a home or for an investment.

## THE SECOND POINT

That you must take into consideration in the selection of the lots that you are buying is their location with reference to the growth of the city and their convenience. Look at the map of Missoula once more. Then take a tour of the city to see where the building has been done in the past two years. You will see that the trend of the city's expansion is toward Daly's addition and that the building on the south side has taken the construction tide right up to and across the boundary of this addition; this year's construction will be in this addition. So much for the probability of increased values here. As to the convenience of this site as a home which must determine its desirability either as a residence or an investment, you will find that there is city water at every lot in this addition and that the electric railway, the electric light and the telephone services are at the very doors of the homes in this addition. All this development has made these lots more desirable and more valuable than ever, but they are offered to you at the price of a year ago.
