THE WEATHER

MISSOULA IS NOW sadly in need of an anti-sweating league, but it is probably that it is even that would not discourage the use of "cuss" words, due to the weather now on tap. The rain is still falling and the mud is "something fierce."

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or eat he isn't paying enough attention to food values when it comes to his own table.

He feeds his stock carefully, avoids over-feeding and selects the stock food that he believes will give the best return in strength and general efficiency.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Oats."

Quaker Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Oats means getting more work out of them than if you feed them on anything else.

"SMOKE ON MOBILE" IS SLOGAN

NATIONAL EDUCATIONAL ASSOCIATION DEPLORES SMOKING AMONG TEACHERS.

Indianapolis, March 1.—While smiling young women school teachers of Mobile in the lobby of the assembly hall, where the department of superintendence of the National Educational Association met today, offered the men delegates cigars with the words "Smoke on Mobile," in the hope of winning next year's convention for the Alabama city, the thousand educators within doors enthusiastically applauded.

Mr. Cummins, in discussing "Methods of Reducing Moral Truths to Practice," said that the child is a deer rather than a thinker, and its prime instinct is for imitation. The morals of a school or city whose teachers drink, smoke, gamble or are inebriate, the speaker said, cannot be on a high plane.

FOR CATARRH

MEDICINE FREE IN EVERY CASE WHERE IT FAILS TO RELIEVE.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start.

Remember, you can obtain Rexall Remedies in Missoula only at our store—The Rexall Store, The Missoula Drug Co.
