CAUGHT ON THE RUN ABOUT TOWN

There was general rejoicing last night over the fact that the roadway of the big bridge had been cleared. The discovery was made by home-going south side people as they were surprised and there were three cheers given for the man who did it. There had been much discomfort on the part of travelers back and forth across the river for many days; there had been many complaints, but the county officers said it was the city's business and the city officers said it was the county's business and, as usual, what was everybody's business was nobody's business and the bridge continued to accumulate mud and slush. Tuesday night W. R. Van Valen got as busy as a horsefly on an August day and pestered the members of the city street committee until they were willing to grant anything; yesterday morning he renewed the attack and included the mayor in his assault. He was gratified in the afternoon by the sight of a cleaning gang at work on the bridge. It was a spare niche in the hall of fame. It should be reserved, right now, for Van. He is the boy who turned the trick. Yesterday's work was done by county prisoners with city tools and a city guard.

Anticipating unsatisfactory traffic conditions as a result of snow and water, Nate Kellum, with the foresight of a veteran railway man, had constructed a fine one-stall roundhouse for the Popcorn Limited and his shiny engine is now comfortably housed at its station on the corner of Higgins avenue and Cedar street. The new structure is a model of convenience and artistic beauty. It is handsomely painted and bears conspicuously the emblem of the Red Apple. Nate has been able to make running time every day, despite the unfavorable weather conditions, since he got the new house. Besides the room for the engine, there is a cosy seat in one end of the house for Jim Baillie and there will be some fast runs made there before the season closes. Engineer Kellum has received many compliments upon his foresight in getting his road in shape before the slides came. The new structure acts as a snowshed as well as a roundhouse and the line is absolutely protected from storm and avalanche. Traffic is good and the Popcorn Limited is pulling in one time every night.

John Hicklin has returned from an extended trip through the orchard valleys of Washington and Oregon and has come back with a double-riveted conviction that there is no place in the world that is any better than Missoula and few places that are as good. "I saw a lot of good cities," said Mr. Hicklin yesterday to a Missoulian man, "but I didn't see one that suited me as well as Missoula does. Most of those western towns are being boomed to death; values are up so high that there is a mighty small chance for a man to get a start on a basis that offers him much chance for profit in his investment. The towns are on the top of a wave that is rolling high and they laugh at a man who comes in with a modest amount for investment. If you want to make a small investment you have to go a good many miles out into the country. The conditions in Missoula seem to me better than any that I saw in a town of the same size while I was gone. I have come back better satisfied than ever that this is the place where I want to stay."

Uncle Charlie Harnors was smiling yesterday just a little more broadly than he has ventured to expand his features for a long time. He was able to announce that "Jolly Della Pringle" and her repertory company will open at the Family Theater March 14 for a long engagement. "I had hard work getting this company," said Mr. Harnors to a Missoulian man, "but the deal is closed and Miss Pringle will open here March 14. She has been in Boise, Idaho, for two years without a break; that is a real record and I hope we can duplicate it here. Della Pringle is known in every city in the west and has played successfully in most of them. Her company, like the Jessie Shirley company, has the reputation of staging high-class plays at popular prices with long runs. For two years Miss Pringle has been in Boise and it required hard work to get her to leave there and come to Missoula. She will open March 14; this will leave a week between the departure of the Laura Winston company and the arrival of Miss Pringle. In order to keep the house open, we will offer for next week the best moving picture entertainment that could be secured in the market, changing the bill Monday, Wednesday and Friday. There will be two performances each night and a Saturday matinee. I am very sorry to have the Laura Winston company leave; Miss Winston has been an attraction that has never been equaled at the Family and she merits the appreciation and friendship she has won while here. I hope she will be well received at Everett, where she goes from here and that her season will be pleasant and profitable."

CHURCH WILL BUILD NEW HOME

BAPTIST CONGREGATION MAKES IMPORTANT DECISION—OFFICERS ELECTED.
 Last evening the congregation of the First Baptist church of Missoula took the final step in the preliminaries of the construction of a new home. For a year there has been a building committee and the church has practically paid for a site, but last evening's action makes it absolutely certain that there is to be a new Baptist church building, situated on the corner of Pine and Woody streets, diagonally across from the new courthouse. This location, aside from its high value as a piece of real estate, is a rarely good one and the church officials feel that in acquiring it they have already done a great deal towards establishing the new church building.

It was voted last evening that the old church, the one that has served for the past 29 years, shall be sold. It is one of the first houses of worship to be established in Missoula; it has served long and faithfully, and now is to make way for a congregation that is growing and requires more room. The new church will cost from \$8,000 to \$12,000. No definite plans have been drawn up and an architectural description is now an impossibility.

The congregation's meeting last night elected W. P. Smith as treasurer, W. L. Hiscock clerk and Dr. F. D. Pease trustee. Messrs. Miller and Lewis were elected deacons for a two-year term and Mr. Rinick was named for a one-year term. Messrs. Hiscock, McArt, Stickney and Woodford were elected as ushers and Mrs. C. B. Lebkicher, Mrs. H. C. Stitt and Mrs. Lewis were selected as a choir committee.

METHODISTS PLAN HANDSOME TEMPLE

For a good many years the congregation of the First Methodist church of Missoula has been planning a new building. It is said that conditions are so shaping themselves that the announcement of the new structure will not be delayed much longer. It is understood that the church plans to put \$30,000 into a new temple and that it is to be built on the site of the present church, on the corner of East Main and Washington streets.

Pure Foods and Pure Medicines mean better, healthier, happier people. It has been proved, however, that all medicines are not adulterated and worthless any more than are all food products.

The wheat has been sifted from the chaff, and such medicines as Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and complies with all conditions of the pure food and drugs law, will continue to hold its place as the standard American remedy for female ills.

FIRE DESTROYS PLANT.

ANNEXATION MEET TONIGHT

MEETING AT WILLARD SCHOOL FOR DISCUSSION OF PROPOSED PLAN.

Tonight at 8 o'clock in the Willard school building on the south side, there will be a meeting for the discussion of the annexation question and it is the desire of the Missoula Chamber of Commerce, under whose auspices the meeting is to be held, that as large an attendance as possible will turn out. President Keith, who issued the call for the meeting, is anxious that both the opponents and the supporters of the annexation plan attend; the purpose of the meeting is to hold a friendly discussion of the question in all its bearings upon the city's welfare and in its effect upon the residents of the additions which are concerned.

The chamber of commerce will be represented at the meeting by a committee of 12. The members of this committee will set forth the advantages which they believe will result from the annexation—advantages which will accrue to those annexed as well as to the city as a whole. An earnest invitation is extended to all who have been opposed to the annexation plan; these persons are urged to present that their objections may be heard and discussed. The purpose of the meeting is friendly; it is desired to have the subject talked over as between neighbors and to reach a conclusion which will represent the best interests of the whole city, the people annexed as well as those who are already within the city limits.

The meeting will be held at the Willard school, as being the most convenient place for the people in Low's and Daley's additions. It is hoped that these people will accept the invitation to attend and that a thorough discussion of the proposition may be had.

REVERSES JUDGMENT OF THE LOWER COURT

Helena, March 2.—(Special.)—The supreme court today in the suit of Neil Lane and 42 others against the Lane-Potter Lumber company, and others reversed the judgment of the Sanders county court in favor of the plaintiffs. The court holds the evidence was not sufficient to establish liens in favor of any of the plaintiffs. The court also holds that the evidence does not show the men were employed by the Lane-Potter company, but that it did show John McGill, an independent contractor, employed the men. The plaintiffs sought to recover for services rendered in getting out 1,250,000 logs.

DENY THE REPORTS.

Omaha, March 2.—Union Pacific officials here today declared an injustice had been done their road in dispatches sent from Ogden giving the impression that only the Denver & Rio Grande railroad is running trains into that place regularly. Traffic on the Union Pacific has not been impeded during the present season of floods and avalanches, they say.

C. A. MEAD ELECTED SECRETARY OF CLUB

Helena, March 2.—(Special.)—The Helena Commercial club has elected a new secretary, C. A. Mead of Chicago. W. T. Hull, who has held the position for three years, resigned to engage in private business. Mr. Mead, who will arrive in Helena Saturday, has for several years been connected with the publicity department of the National Livestock show at Chicago, and W. E. Skinner, head of the show, has unqualifiedly recommended him. Helena proposes to wage an active and aggressive publicity campaign this year.
