"ROSIE" GETS BACK TO MISSOULA

FORMER RESIDENT, AFTER LOSING MANY HATS AT HAVRE, RETURNS TO CITY.

"Rosie," like everybody who once tastes the joys of living in Missoula, has come back. It's inevitable. "Rosie," whose right name is Frank Heron and whose other nom de plume is "Fish," has been working in Spokane and Havre since leaving the Garden City. He has spent the winter in the town that is celebrated for the Plain-dealer and the long-distance records set by its thermometers.

"It's been a pretty mild winter in Havre this year," said "Rosie" yesterday afternoon, as he buckled on the armor of the Royal cafe. "The thermometer never getting below 45 degrees below zero. The old timers are all saying that it's getting so nobody but a mollycoddle would spend his winters in such a mild climate, but just the same, that's why I got away, and that the attraction that Missoula has for me. Havre is going to become a great city some day. I know that's so because a real estate man told me. One day last week I counted seven people on the street at one time, and I'm inclined to believe that the place is growing.

"As I said before, the climate is mild, but I wish I had a few of my hats back. I have been working all the time since I left, but I couldn't get a cent laid up there. I spent all my money for hats. Just as soon as I'd get a new one on my head, I'd walk out of the store and watch that lid sail away for the Dakotas and mournfully retrace my steps and buy another. I believe I've bought enough hats to cover an entire county, providing they all came down at all. The natives in Havre tie a red bandanna handkerchief over their hats and under their chins, but that's a style to which I couldn't cotton. The general effect of a black derby hat and a red handkerchief, that-a-way, is too much for my sense of humor. When I get a stake I'm going over and look for those hats.

A Night Alarm.
Worse than an alarm of fire at night is the metallic cough of croup. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar has saved many little lives. No opiates. Garden City Drug Co., Geo. Freisheimer, Prop.

COLORADO PIONEER PASSES AWAY

MOTHER OF DR. HURLBUT, BELOVED BY ALL WHO KNEW HER, IS DEAD.

Dr. H. H. Hurlbut has received the news of the death of his mother, whose home was with the doctor's sister in Denver. Mrs. Hurlbut was one of the pioneer women of Colorado and the Denver newspapers paid earnest tribute to her worth when she answered the final call and crossed the great divide. The Denver Times of February 18 contained the following notice:

"Mrs. Teresa Amelia Hurlbut died at the home of her daughter, Mrs. Harper M. Orghood, 2130 East Colfax avenue, yesterday.

"Mrs. Hurlbut's maiden name was Booker. Her grandfather fought four years with the Virginia troops in the revolutionary war. Her family ancestry comes from the most prominent Virginia families, including the Gregory, Gaines, Pendleton, Taylor and Broadus families. Her great-grandmother was a sister of Judge Edmund Pendleton of Virginia.

"She was born January 4, 1819, at Centerville, Wayne county, Indiana. At school she was a classmate of the late General Lew Wallace.

"She was married to Hiram E. Hurlbut December 27, 1838, and soon after they moved west and settled in Linneus, Lin county, Missouri. Here they lived until 1862. They were strong Union people and by reason of the war lost nearly all their property.

"Mr. Hurlbut came to Colorado in 1860 and on his return to Missouri he was in great danger from the guerrillas. They picked up what they had and crossed the plains to Colorado, arriving in Black Hawk in November, 1862, and there resided until 1871, when they removed to Corinne, Utah, and two or three years later they went to Cheyenne, Wyo.

"In 1881 they came to Denver and from that time this has been the home of the family. Mr. Hurlbut died five years ago, 91 years old, honored and respected by all who knew him.

"Mrs. Hurlbut was born in what then was the west; then moved on further west and was a pioneer in the new and sparsely settled state of Missouri; then a Colorado pioneer, crossing the plains by wagon with her family of children, in the troublesome days of war and Indian outbreaks and depredations; later a pioneer in Utah and Wyoming.

"She had had more than her full share of hardships and danger. She had met them all with fortitude and performed every duty with the greatest devotion and courage, always beloved and respected by her children and friends for her lovable heart and sterling character. Her whole life had been devoted to others; she never thought or cared for herself, but for those dependent on her and whom she loved so dearly.

"Surviving her are four sons and four daughters: Walter S. Hurlbut, Denver; Mrs. Harper M. Orghood, Denver; Frank B. Hurlbut, Salt Lake City, Utah; Mrs. George L. Holt, Buffalo, Wyo.; Dr. Henry H. Hurlbut, Missoula, Mont.; Edw. W. Hurlbut, Denver; Mrs. R. P. Glover, Denver, and Mrs. John F. Carroll, Portland, Ore.

"Funeral services will be held at 2130 East Colfax at 1:30 o'clock tomorrow afternoon.

KIDNEY MISERY IS ENDED

BACKACHE, KIDNEY DISORDER AND ALL BLADDER TROUBLE VANISHES.

Hundreds of folks here are needlessly miserable and worried because of out-of-order kidneys, backache or bladder trouble.

If you will take several doses of Pape's Diuretic all misery from a lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, worn-out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder, or feel rheumatism coming, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a 50-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Accept only Pape's Diuretic—50-cent treatment—from any drug store—anywhere in the world.

SUSPECTED FORGER HELD IN SPOKANE
Sheriff Graham left for Spokane yesterday afternoon to bring back John Portis, who is held by the Spokane police, under the suspicion of being the one who forged a check on A. Link of this city. The amount of the check was \$42.75. Frank Gordon is being held in the city jail here as an accomplice. He says he is innocent.

CAUSE OF FALLING HAIR.
Dandruff, which is a germ disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ, without killing the dandruff germ, "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Missoula Drug Co., special agents.

Encounter in Dark Brings Fright
There are two men in Missoula to whom it is not wise to mention the word "policeman" just now. One of them is the proprietor of a newsstand and the other is a professional man. Both of them were chaperoned to their homes on the south side a few nights ago by local upholders of law and order and both of them will fight if you ask them about it, even now. It seems that the newsstand man was asked by telephone to leave a magazine at the home of a friend, and it is also appears that this friend resided in an apartment house near the home of the man who sells printed stuff. So it was very natural that the delivery of the magazine should be made after the newsstand was closed for the night.

Now, the professional man followed closely the newsstand man on his heated trip of delivery and was very much surprised to see that they were both going to the same house, for the P. M. had established his household goods on the other side of the apartment house. The newsstand man slipped his magazine under the door and started to leave. He walked straight into the professional man in the dark. There was a double shriek and the clatter of two sets of feet traveling in opposite directions broke the sacred calm of a night on the south side. Both men—each assured that the other was either a second-story man or a strong-arm artist—returned to the north side, sought out a harness bull and started home again. It is needless to say that the second trip was without incident.

BACK FROM THE EAST.
Mrs. Payne, who is in charge of the millinery department at the Donohue company, returned yesterday from the east, where she completed extensive purchases of high-class spring and summer millinery. A large share of her selections were shipped direct and arrived in advance and now immediately under the manager's able direction Missoula's famous millinery department will assume all the glory and splendor of beautiful spring.

Mrs. Payne says that in nearly all the eastern cities she visited that the weather was much colder than in Missoula, uniformly ranging well below zero. Also, the return trip was fraught with many perils from flood and inundation, the track in several instances, being entirely covered. All of which, proves that Missoula is the prince of good localities to live in.
