HIGHER EDUCATION.

Of special interest to us in Missoula and to all friends of the state university is anything which concerns the cause of higher education. Now and then we hear the argument that a man can get along well enough without a college education; it is true that many men have done well without having enjoyed the advantages of a college training, but it does not follow that the higher education is not helpful.

BASEBALL.

The news dispatches yesterday morning told of the predicament of the manager of the Chicago American league baseball team, whose men, on a special train, were held up by floods at Ogden. So necessary was it that his men should have their training and practice that this manager secured local quarters in gymnasium buildings and athletic parks, in order that there might not be no delay in the work.

HE IS SOLID.

There is one man in congress who can count at all times upon the solid support of the editors of the country; that man is Representative Norris of Nebraska, who, in the course of a discussion in the house last week, spoke these words of encouragement for the man who conducts the newspaper: "Mr. Chairman, I want to congratulate the committee on the postoffice and post roads for one amendment contained in this bill to the present law."

with the people ordinarily known throughout the country as the country printers. In every community and hamlet of the United States, as a rule, the man who is doing more for the up-building of his community and the advancement of his town or his city, occupying almost a semi-public position, is the editor of the country newspaper.

Mr. Rockefeller, having been so harshly criticized for alleged illegal acquisition of millions, proposes to dispose of his fortune under a special act of congress in order that there may be no complaint.

The cleaning of the bridge is much appreciated by the public and the city and county will do well to continue in effect the compromise by which the cleaning was accomplished.

With his railway attacked by snowsides, floods and fire in the same day, Mr. Hill is experiencing a variety of afflictions that makes Job's record seem insignificant.

The San Pedro railway was fortunate in having its floods earlier in the year; this afforded an opportunity to start repairs early.

Ogden becomes training headquarters for the White Sox and finds the flood situation not entirely without mitigating conditions.

Jeff Davis of Arkansas is chiefly interesting as showing how many different kinds of a fool a man can make of himself.

Further evidence of the civilization of the Philippines is found in the steep of island steamers by a strike of deck hands.

It requires an occasional demonstration of the power of the elements to keep man from becoming too conceited.

When a snowslide seeks to accomplish the maximum damage with the minimum effort, it hits a railway train.

The time to secure a paving agreement is now. When the streets get hard again it will not be so easy.

Mr. Heyburn is a big man—physically. It requires a big body to carry around that temper of his.

This is one of the times when we are much obliged for the high banks of the Missoula river.

Heyburn of Idaho will go down in history—not far but a little way—as the great objector.

They all come back to Missoula and say that they are sorry they ever went away.

Senator Heyburn strains senatorial courtesy almost to the Jeff Davis limit.

The Northern Pacific continues to enlarge Missoula's dot on the map.

Are you in favor of paving?

CHANGE IN SERVICE OF ROAD DISCUSSED

New York, March 3.—One of the items of complaint against the merged Union Pacific-Southern Pacific lines—the discontinuance as a fast train de luxe to the Pacific coast of the Sunset Limited train over the Southern Pacific following the merger in 1901—was discussed at today's session of the hearings in progress here.

LINEMAN FOUND DEAD.

Tacoma, March 3.—The body of Joseph Monday, a Northern Pacific lineman, was found this morning by a track walker in tunnel 3, between Martin and Stampede. There were no marks on the body indicating he had been struck by a train.

LYNCHING FEARED.

Mobile, March 3.—Following the killing of three men tonight at Citronell, 23 miles north of Mobile, by Darby Odum, white, the sheriff of Mobile county asked for assistance to prevent the threatened lynching of Odum. The sheriff and a party of deputies have gone to the scene.

FAVORABLE REPORT IS MADE

SENATE COMMITTEE WOULD GIVE MAIL CARRIERS ON OCEAN MORE MONEY.

Washington, March 3.—By practically a unanimous vote the senate committee on commerce today adopted a favorable report on the Gallinger bill to authorize the postmaster general to give increased pay to mail lines established between the United States and ports in South America, the Philippines, Japan, China and Australia.

Every member of the committee voted for the bill, except one democrat. It is expected the bill will pass the senate without much opposition in the house probably will run counter to the views of the members who support the Humphrey subsidy bill.

GOOD ROADS MEETING CALLED BY GOVERNOR

Helena, March 3.—(Special.)—A call was issued today by Governor Norris for a good roads convention to be held at Billings, June 16-18. The call, in addition to providing for the representation in the convention, also names the executive committee. The governor will name 25 delegates at large to the convention, and five from each county.

MYSTERY OF BUDGET IS NOW CLEARED UP

London, March 3.—What has come to be known as the "mystery of the budget" since Premier Asquith made no mention of the fate of the financial measure when presenting the government's program to parliament is being cleared up.

MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound

Jefferson, Iowa.—"When my baby was just two months old I was completely run down and my internal organs were in terrible shape. I began taking Lydia E. Pinkham's Vegetable Compound, and mother wrote and told you just how I was. I began to gain at once and now I am real well."

Mrs. W. H. BURGER, 700 Cherry St., Jefferson, Iowa.

Another Woman Cured. Glenwood, Iowa.—"About three years ago I had falling and other female troubles, and I was nothing but skin and bones. I was so sick I could not do my own work. Within six months I was made sound and well by Lydia E. Pinkham's Vegetable Compound. I will always tell my friends that your remedies cured me, and you can publish my letter."

For thirty years this famous remedy has been the standard for all forms of female ills, and has cured thousands of women who have been troubled with such ailments as displacements, fibroid tumors, ulceration, inflammation, irregularities, backache, etc.

STOMACH DISTRESS IS ENDED

DYSPEPSIA, HEARTBURN, GAS OR INDIGESTION ARE OVERCOME IN FIVE MINUTES.

Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapensin and let you eat one 22-grain triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong with this fermentation and begin eating what you want without fear of discomfort or misery.

WILL RUN TRAINS BY PORTLAND

Portland, Ore. March 3.—Commencing today Portland will be on the Union Pacific route from the east to San Francisco, trains being detoured from Ogden because of disastrous flood conditions in Nevada. Business from San Francisco to eastern points also will be routed by way of Portland.

Conditions between Portland and Puget Sound are considerably improved and railroad officials believe that trains will be operating practically on schedule time within 24 hours.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle and curative properties. Sold by all dealers.

FOR MAIL SERVICE. Washington, March 3.—The Gallinger bill, to provide for the establishment of mail steamship lines between the United States and South America, the Philippines, Japan and China, was ordered reported favorably to the senate today.

AGAIN MENACING. Cincinnati, March 3.—The flood situation in southern Ohio again became menacing today.

TAFT WILL DECIDE QUESTION

THE PRESIDENT TO DETERMINE WHETHER SHAW MAY PRACTICE BEFORE DEPARTMENT.

Washington, March 3.—The question of whether A. C. Shaw, late law officer of the forest service, who was dismissed by order of President Taft at the time Chief Forester Pinchot was removed, should be allowed to practice his profession before the department of the interior, will be determined by President Taft himself, it was announced today.

Representative Page says he intends to find out "if Mr. Shaw can be denied the opportunity of making a living."

As a resident of North Carolina Shaw was interested in the congressional delegation of that state in the matter, and Senators Overman and Simmons and Representative Page saw President Taft regarding it.

The opinion was advanced at the interior department today that "Mr. Shaw would probably be allowed to practice after a reasonable length of time."

Representative Page says he intends to find out "if Mr. Shaw can be denied the opportunity of making a living."

MONEY IS PROVIDED FOR COUNTY BRIDGE

Kulispell, Mont., March 3.—(Special.)—Apparently fearing to invest a great amount of county funds near Polson, owing to talk in certain circles that the region surrounding it may within a few years ask for county division, the commissioners of Flathead county have appropriated but \$6,500 for a much-needed bridge across the Pend d'Oreille river at the mouth of Flathead lake, and that only upon condition that if any greater sum is needed Polson will supply it.

Stubborn as Mules are liver and bowels sometimes seem to balk without cause. Then there's trouble—loss of appetite—indigestion, nervousness, drowsiness, headache. But such troubles fly before Dr. King's New Life Pills, the world's best stomach and liver remedy. So easy, 25c. at Missoula Drug Co.

ABANDON PLOW HANDLE FOR THE AUTOMOBILE

Kulispell, Mont., March 3.—(Special.)—Discarding the plow handles for the steering wheel of automobiles, a number of Flathead valley farmers, who have worked hard for 15 years in their own fields, have bought five-passenger touring cars, fully rigged with every convenience, and today, the first of this spring's shipments was set up and the new owners were spun about town by the "demonstrator."

Make it a want ad task and the new boarders will be along in a day or two.

DRESSED DOWN. "The late D. Ogden Mills," said a veteran San Franciscan, "had, in his younger days, a keen sense of humor."

"I remember once, back in bonanza times, a chap named BHTONG Bill came into Frisco with a bag of gold and a swelled head. But young Mills dressed him down."

"Mills told him he was almost as conceited as the new mayor of Tin Can, who, when the crowd cheered him, held up his hand and said reproachfully: "Now, boys, remember, I'm just a mortal man like yourselves."
