

HAMILTON TO HAVE NEW SCHOOL

TRUSTEES VOTE TO HAVE BUILDING PUT UP AND BIDS ARE SOUGHT.

Hamilton, March 12.—At a regular meeting of the board of trustees of Hamilton school district No. 3, held last evening, it was unanimously voted to build a new high school building in Hamilton. The building will be an up-to-date, convenient, 10-room building, suitable in every way to the growing educational demands of the city. Its location has not been definitely decided, but a site that is easily accessible from every part of the city will be chosen. H. C. Packer, clerk of the board, was authorized to advertise for bids for the plans and specifications, so that the work may be started in time to guarantee the building's being ready for use as soon as possible.

As soon as bids are received the board will be in a position to prepare for the calling of a special election in the district to vote the issuance of bonds.

MASONS OF HAMILTON START TEMPLE FUND

Hamilton, March 12.—Stirred to renewed efforts by the dedication of the beautiful Masonic temple at Missoula, the Masons of Hamilton have decided to erect a temple on their lot between the city hall and the Republican building. The proposed building, which will cost in the neighborhood of \$20,000, will be two stories in height, the lodge rooms to be on the second floor, while the lower floor will be for rent.

Papers were circulated this week to raise \$5,000 by popular subscription with the result that about \$3,000 has been signed for. When signatures for the desired amount are secured, a corporation will be formed and the work on the building will be started. One year ago the question of building was under consideration but was allowed to drop for some reason.

JURY IN AUTO SUIT FAILS TO FIX BLAME

Hamilton, March 12.—After being out from 4:45 p. m. yesterday until 2 a. m. today, the jury in the case of Matthew Whaley against Hamilton Thacher and others for damages, was dismissed by Judge Henry L. Myers, no verdict being reached. The trial attracted a large crowd and occupied all of Thursday and Friday. The plaintiff was suing for damages to the extent of \$2,500, for the injuries alleged to have been sustained by reason of carelessness on the part of the defendants in leaving a disabled automobile in the road between Florence and Stevensville. It was alleged by the plaintiff that his horse took fright at the automobile, throwing him out onto his head, and that he suffered injuries to the extent of the above sum.

DEEDS ARE FILED.

Hamilton, March 12.—The following instruments of record were filed yesterday with the clerk and recorder:
 Deed—Como Orchard Land company to Charles Macklin, lot 9 in block 10, Lake Como Orchard, No. 10.
 Deed—Victor Townsite company to G. W. Olds, lot 13 in block 11, Victor.
 Deed—Edward Poindexter to G. W. Olds, lot 14 in block 11, Victor.
 Deed—Addie L. Wait to Samuel T. Kyle, 84.14 acres in Bitter Root valley.
 Deed—Walter K. Gregory to Caroline Hedenbergh, 40 acres between Hamilton and Grantsdale.

MOODY RETURNS.

Hamilton, March 12.—W. I. Moody, local manager of the Bitter Root Valley Irrigation company, arrived this morning from Chicago, where he has spent the winter with his family.

FATHER DIES.

Hamilton, March 12.—Mrs. C. C. Coulter left today for Stillwater, Minn., where she was called by the sudden death of her aged father.

MEMBERS OF THE ROCKEFELLER FOUNDATION.

In center, a recent picture of John D. Rockefeller. Upper left, John D. Rockefeller, Jr. Upper right, Starr J. Murphy. Lower left, Senator Gallinger of New Hampshire. Lower right, Frederick T. Gates.

Springfield, Mass., March 12.—Federal incorporation of the proposed Rockefeller foundation will be opposed at Washington by Thomas L. Hisgen of West Springfield, the independence party candidate for president in 1908. Mr. Hisgen has always been an enemy of the Standard Oil company and all its officers. He stated today that he had engaged counsel to assist him in the matter. His opposition is based on the allegation that under the charter proposed the Rockefeller foundation will become a corporation greater than the government which creates it.

PLANS FOR BUILDING ARE DISCUSSED

HAMILTON CHAMBER OF COMMERCE TALKS OVER NEW HOME'S FURNISHINGS.

Hamilton, March 12.—At a meeting of the board of directors of the Hamilton Chamber of Commerce much of the evening was spent in a discussion of members pertaining to the new buildings which is to be occupied next week by the organization. The furnishings, decorations and general appearance of the interior were discussed at length. The interior of the room will be finished in mission style and will have much of the appearance of a well-organized museum. All of the details of the room, such as furniture, finishing and lighting, will be made to harmonize in every particular, and make one general artistic effect. At the rear of the building there will be a garden, which will be planted to shade trees and shrubbery. This will be entered from the rear of the building and will be 25 by 35 feet in area. It will be used as a resting place for visitors from out of town and the rural sections.

P. J. Shannon, J. E. Totman and Secretary W. L. H. Odea were appointed as delegates to the Good Roads convention to be held at Billings. Plans were also made for the issuance of a magazine devoted to the interests of the chamber of commerce. The magazine will be known as "Development," and will be a "Magazine of Progress." It will be issued monthly and will be devoted to all phases of life in the Bitter Root valley. The announcement number will appear May 1, when 2,500 copies will be issued.

WANTS DIVORCE.

Hamilton, March 12.—Ida H. Egan has begun action in the district court for a divorce from her husband, D. J. Egan.

GOVERNOR BESIEGED BY BOTH PARTIES

Phoenix, Ariz., March 12.—Governor Sloan is being besieged by delegations urging in support of, or opposition to the Owen or McGuire bill in congress, making any portion of a territory within a radius of 25 miles of an Indian reserve school "dry" territory. Should this bill be passed Phoenix, Tucson, Yuma, Globe, Mesa, Tempe and other cities in Arizona would become "dry." Knowledge of this situation has resulted in a tremendous campaign between the prohibitionists and the anti and protests against the passage of the act have been telegraphed to congressmen by officials of the cities affected.

HOPPE WINS OUT.

Chicago, March 12.—Willie Hoppe defeated Oro Morningstar tonight in the last block of the 2,400-point 18.1 match, 400 to 279. Hoppe made the high run of the night—54. Morningstar's best run was 47. The game, while not a match, attracted interest because it indicated Hoppe's form for his coming championship contest with George Sutton, which takes place in this city March 16. The total score was: Hoppe, 2,490; Morningstar, 1,816.

Fifteen years ago nearly 3,000,000 barrels of cement were imported into the United States in a single year. Since that time the industry has been so developed that the annual importations are less than one-sixth as great.

STAR WITNESSES TESTIFY

GOVERNMENT TRIES TO SHOW THAT MABRAY USED THE MAILS ILLEGALLY.

Council Bluffs, Iowa, March 12.—The government placed some of its star witnesses on the stand in the prosecution of John C. Maybray and his associates in the federal court today. The principal point the government seeks to establish is the illegal use of the mails. From a mass of documentary evidence, applications for postoffice boxes in Council Bluffs, Omaha and San Francisco were introduced and identified. One of these, made in Council Bluffs, was accompanied by an identification of Maybray as the person who wrote and presented the application.

Special Assistant Attorney General Rush questioned most of the witnesses. He called several victims who recited in a dramatic manner the story of their loss of sums ranging from \$2,000 to \$10,000. The aggregate of the sums alleged to have been lost by victims who testified today exceeds \$40,000. Witnesses appeared from as far east as Pittsburg and from as far west as San Francisco. Operations in New Orleans, Denver, Council Bluffs and South Bend were described and in nearly every case the mode of relieving the victim of his money was identical with that rehearsed in former testimony.

MR. MORGAN ENJOYS A HEARTY LAUGH

Rome, March 12.—J. P. Morgan enjoyed a hearty laugh today when he learned for the first time of the rumor that he had been the victim of a sudden taking off. When he appeared for breakfast at the Grand Hotel, where he has apartments, the American financier found awaiting him many telegrams congratulating him upon the facility of yesterday's report. He was evidently amused rather than surprised, for he said: "I am accustomed to such tricks. They are planned simply to affect the market momentarily. I have never felt as well as I do now."

Mr. Morgan lunched with John W. Garrett, secretary of the American embassy at Rome.

TO SEE HIM ALONE.

New York, March 12.—Ellihu Root arrived here tonight from Washington for his conference tomorrow with republican leaders on the situation in the state party. "Will you see Mr. Woodruff?" was the first question asked. "I certainly shall," he answered, with emphasis. "Alone or at a conference with others?" "Alone," answered Mr. Root, tersely.

Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a large worm. He then got a box and in three days he passed a large worm 4 1/2 feet long. It was Mr. Matt Freck, of Millersburg, Indiana Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for most any disease caused by impure blood." Chas. E. Condon, Lewiston, Pa., (Mifflin Co.) Pleasant, Palatable, Potent, Taste Good, Do Good. Never Sickens, Weakens or Grips. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. Guaranteed to cure or you money back.

HAMILTON IS HURT IN FALL

AVIATOR'S MACHINE DROPS INTO WATER AT THE MEADOWS, AFTER FINE FLIGHT.

Seattle, March 12.—Charles K. Hamilton, the aviator, was injured while giving an exhibition at the Meadows this afternoon by the capsizing of his Curtiss biplane, which fell with him while he was executing a fancy maneuver. Hamilton is at a hospital suffering from shock and complains of a violent pain in the head, but no bones were broken.

As the closing feature of a highly successful exhibition in which he had erected the course at a height of more than 300 feet and at lower altitudes, wheeling and dipping and gliding close to the heads of great throngs of spectators, Hamilton essayed a rapid descent to a pond of water several feet deep, intending to skim over the surface. From a height of 300 feet the biplane glided gracefully to the bosom of the pond, but the man had miscalculated the distance and one of the planes struck the water, with the result that the machine instantly turned a somersault and fell, a mass of wreckage, into the water. Hamilton disentangled himself and swam to shore, 20 feet away. He was assisted to an automobile nearby, which was started for the city, before the crowd of 10,000 people, which rushed on the field, could hem in the aviator. The people dispersed in the belief that Hamilton was unhurt and the automobile went at top speed to Providence hospital, where Hamilton, who had collapsed after reaching the automobile, was attended by physicians.
