Tips

—On Buying or Selling a Stove

In many of the large cities there are those who make a living merely by the buying and selling of stoves through little want ads. Maybe this does not appeal to you as a business, but it shows how money can be made or saved if you need a stove or have an old one to sell. Our little want ads go into thousands of homes. These people must have stoves. Maybe they want a new one—maybe a second-hand one. Perhaps you have a stove you want to sell. No matter—whether to buy or sell—our little want ads will do the business. A few pennies invested on our classified page will convince you.
