

MARKET MOVEMENT OF THE DAY

New York, April 19.—There was a lack of decisive tone in the stock market today which reflected a good deal of uncertainty in the speculation.

The source of the selling was regarded none the less ominous. The effect was to give rise to doubts of the accuracy of previous predictions of a coming increase in the dividend.

The prosecution of the cotton market would have several phases in the Wall Street view.

Bonds were easy, total sales \$1,750,000.
