VETERAN BOXES THREE FAST ROUNDS AND HAS CHOYNSKI IN BAD WAY

BONNER TEAM DEFEATS DRUMMOND BY ONE SIDED SCORE - M'PHAIL STARS.

JOHNSON KICKS MANAGER LOOSE FROM MEAL TICKET, WITH ASSISTANCE.

Ben Lomond, Cal., June 5.—Jim Jeffries performed prettily today before 500 spectators in his training camp gymnasium. Three rounds of speedy sparring with Joe Choynski set the crowd wild with delight. The pace was so fast that it is doubtful if Choynski could have gone many more rounds.

The Bonner Lumberjacks added another game to their long string of wins when they defeated the team from Drummond yesterday by the one-sided score of 16 to 7. The game, which started badly, ended worse and by the time it was over not many spectators were on hand. Time was no object to this game and it dragged along to late in the afternoon and was almost interrupted by the wind and that preceded the coming of night.

San Francisco, June 5.—The open warfare between Champion Jack Johnson and George Little, his manager, which started Saturday night and wound up this afternoon, when Johnson told Little that he was discharged, was the main topic of conversation at the beach today. Little, who claims that he has an ironclad contract with Johnson that is to run until May, 1911, acknowledges the trouble and says, unless the difference are settled up, he will stop the big fight. It is not believed that he can accomplish anything of the sort, but, if his contract is good, it is possible that he can force the negro to an accounting.

The gymnasium program included rope skipping, bag punching, shadow boxing and a short tug at the chest weights. Another little sparring match not on the program was a feature of the day. The principals were Jim Corbett and Choynski, who had been bitter enemies since their last battle, in 1895, until they met recently in the camp here. Now they are inseparable cronies. They happened to come together with the gloves today in this way.

In spite of the fact that he was presumably discharged, Little insisted on remaining at the door to take tickets, and not until Johnson, backed up by a squad of city police, appeared did Little take his departure. According to Johnson, the trouble arose because Little became jealous of Sig Hart.

"I can't take a chance," he said, "of a change of cooking or water, besides, it would cut into my regular hours."

Drummond—E. McPhail, shortstop; R. McPhail, center field; T. Brogan, right field; Jarvis, first base; Carroll, second base; P. Brogan, catcher; Campbell, pitcher; Evans, third base; McConkey, left field.

"My contract with Johnson binds him to give me 25 per cent of his profits, and I am authorized to make all contracts for boxing matches, theatrical shows or anything of the like. The \$10,000 that we put up is my money. I will manage Johnson or there will be no fight and, if I withdraw, they can take that forfeit."

Corbett and Choynski happened to overhear the conversation. They immediately volunteered their services, offering to appear in a three-round exhibition. Their offer was accepted and, after Jeffries had gone out, the old cronies decide to start in training with each other right away.

Score by innings: Drummond—3 2 0 0 0 0 0 2—7 Bonner—3 8 0 4 0 1 1*—16 Umpire—Denison.

This is the statement issued by Little. "My contract with Johnson binds him to give me 25 per cent of his profits, and I am authorized to make all contracts for boxing matches, theatrical shows or anything of the like. The \$10,000 that we put up is my money. I will manage Johnson or there will be no fight and, if I withdraw, they can take that forfeit."

Thielman, alias "Darby" Thielman, who was arrested here three weeks ago on an indictment returned by a federal grand jury in Omaha, charging complicity with the Maybray gang of fake prize fight promoters, escaped from Deputy United States Marshal F. M. Lath this afternoon. He has not been captured.

ARMY MEN SCORE ONLY ONCE

Hamilton, June 5.—(Special)—The strong Hamilton ball team met the army team from Fort Missoula yesterday and allowed the visitors to make one run, while the home team scored a total of 4. It really should have been a shut-out for the soldiers, as their only run was scored on an error. The score does not express all that the game showed, for, in spite of the big score, the contest was interesting.

FOR CLEANER GAMES.

New York, June 5.—Coaching from the sidelines and unnecessary roughness came in for a scolding at the seventh annual meeting of the Collegiate Basketball Rules committee held in New York today. Four personal fouls will disqualify a player from games in next season's play, instead of five fouls as heretofore. Altogether, the lines against rough play were more tightly drawn by the rulemakers.

REPUBLICANS LAND CANDIDATES

REPORTS FROM PENNSYLVANIA PRIMARIES SHOW G. O. P. SUCCESSFUL.

Philadelphia, June 5.—Returns of the primary election held throughout the state yesterday show that the republican organization has succeeded in nominating nearly all its slated candidates and in many instances succeeded also in having them placed upon the tickets of the opposition parties.

The seven present democratic congressmen from this state were all re-nominated. Lewis M. Emery, Jr., who was the independent-fusion candidate for governor at the last gubernatorial election, was defeated for the republican congressional nomination in the 21st district by Charles E. Patten, the candidate of the regular wing of the party.

Springfield, Ill., June 5.—The fish bill end of the legislative inquiry, with its attendant story of the diversion of most of the fund contributed to defeat the bill before it reached the so-called jackpot, occupied the attention of State's Attorney Burke today and is to be considered by the grand jury tomorrow.

It has been the theory of the prosecution that the money was ready given to a legislator, and the statement of Traut that he kept the money himself, together with his explanation that it was used for legitimate purposes connected with the lobby against the bill, is directly opposed to that theory.

After talking to Mr. Traut, Mr. Burke today interviewed a number of persons in Beardstown, and a number of his friends learned that he, too, had been a contributor to the fish bill fund and that he purposed to "get his money back" if Traut had retained it.

through General Toledo that a court-martial has not been thought of, much less ordered, and has further assured me that Pittman will be treated fairly and considerately and that telegraphic instructions will be dispatched immediately to General Zavas at Greytown. He also informed me that the report hitherto received from Irias relative to Pittman is vague.

The information received from Consul Olivarez is satisfactory to the state department and for the moment there is nothing more to be done. A copy of his dispatch has been sent to the consul at Bluefields.

Even though objection is made to the acceptance of the senate bill, the fact that the proposition was not rejected outright is taken as an indication that it will be comparatively easy to harmonize the differences in the two measures.

By a decision handed down last evening, written by Associate Justice Sweeney, and concurred in by Chief Justice Sutherland and Justice Talbot, the direct primary law of Nevada, passed by the last legislature, was declared to be constitutional and will govern the nomination of candidates in this state at the coming election. The law was attacked on its constitutionality on 67 counts, and the decision upholds the legality of the act in every particular.

ILLINOIS SCANDAL IN FISH BILL

STATE'S ATTORNEY BURKE CONTINUES INVESTIGATION OF SLUSH FUND.

TELEPHONE TALKS No. 6 You Are a Part of It

A public demand for something better in telephone service opened the way for the advent of the Independent telephone industry into Montana. In less than four years the Independent system has grown from a small plant in Butte, with 225 telephones connected, to a service with nearly 15,000 telephones and 1,500 miles of long distance lines.

Without general public appreciation of better apparatus and more satisfactory service this remarkable growth could not have been made possible. The people of Montana are part and parcel of the Montana Independent Telephone Company; its success is their success and its growth their reward.

Here in Missoula one of the finest Automatic telephone plants in the world is about ready for service—a few days will prove to you its superiority. When you change from the old to the new kind of telephony you will readily approve of the difference. You'll like the run-it-yourself system because you and the person with whom you want to talk are the only ones concerned—nobody to blame for inability, indolence or insolence.

Automatic machinery does its own operating with absolute accuracy, greater speed and secrecy—the three things vital to you. Place your order with Manager Calhoun today. Montana Independent Telephone Company An associate company of the Interstate Consolidated Telephone company, with its fifteen hundred miles of copper-metallic long-distance lines throughout Montana, Idaho and Washington.
