The Newest Autumn Styles in Clothing for Men Are Here

The Correct New Models and Fabrics in Unequaled Variety From the World's Best "Live-Wire" Wholesale Tailors. A Brand New, Clean Stock From End to End

TO DO things better, to raise standards higher, to make your dollar have greater purchasing power; these are the constant aims of this store. The standards we set from season to season are milestones in our progress toward our goal, perfection. People, generally, know this and always watch with keen interest for our announcements and showings of new goods.

You will be strongly impressed as you look over our wonderful display of men's fine clothing for autumn, with the general improvement over clothes of previous seasons. The predominating features are better art in design, better character in weaves, a more perfect expression of the highest sartorial ideals.

You'll see an exposition of cosmopolitan fashions unexcelled anywhere—the best that the greatest clothes designers and makers can offer; many style surprises; much smart elegance of fabric and pattern; tailoring of a class never seen before in clothing ready to put on; fulfilling more than ever that degree of excellence appreciated and demanded by the most careful dressers.

Premier Suits—Masterpieces in Cloth

The cloths are chosen by woolen experts, picking from the product of the entire textile world. The models are cut by master designers in touch with every dictate of fashion. The sewing and modeling is done by high-salaried specialists. PREMIER Clothes are never made in a hurry; they are evolved—not thrown together. There are thousands of stitches that you never see, but which are vitally formative and make for permanence that's why a PREMIER coat has the same perfect draping the last day it is worn as the first.

Three new models for fall and winter, "Cornell," "Amherst" and "Eton." New colorings, in greys, browns and mixtures; blues and blacks in great variety. Fabrics include fancy silk mixtures, cassimeres, velour cassimeres, worsteds, tweeds and chevots, both imported and domestic. Prices of PREMIER Suits, \$25, \$27.50, \$30.00, \$35.00, \$40.00 and \$45.00.

Hart Schaffner & Marx Suits

Better than ever, a hackneyed phrase, but the truest words that could be written about the new Hart, Schaffner & Marx clothing for the season now being ushered in. In quality and variety of fabrics, in handsomeness and exclusiveness of patterns and colorings, in original features of making and thoroughness of tailoring they are all that discriminating clothes buyers can ask for. We shall be pleased to show you these fine suits any day. Prices, \$22.50, \$25.00, \$27.50, \$30.00, \$35.00 and \$40.00.

For Young Men and Boys

"Society" and "Fashion" Clothes, of course, and a new popular-priced line. These clothes fulfill to the letter the lively tastes of college and high school fellows and young business men. Special weaves and colorings, with extreme fashions in cut and design. Athletic models, broad shoulders, high chests, narrow hips; peg trousers. The "Shape-maker" model is a new and bright idea—the trousers stay in place even without a belt.

"Society" and "Fashion" Clothes: Suits, \$22.50, \$25.00, \$30.00 and \$35.00. Young men's popular-priced suits, \$15.00, \$16.50 and \$20.00.

The Trinity of Clothes-Buying Satisfaction

The three main things people want to know when buying clothes are:

- 1st.—That they are going to be dealt with fairly and squarely.
- 2nd.—That they are going to receive full one hundred cents' worth of value for every dollar of investment.
- 3rd.—That in case of dissatisfaction, the purchase may be returned and money refunded* without question, quibble or controversy.

"Experience," the most valuable of all instructors, has taught the clothing buyers of Missoula and the country surrounding that these three features form the foundation of this Store's success in the clothing business, as well as in the various other businesses in which it is engaged.
