

OUR great exhibit of fall fashions in men's clothing, and other good things to wear, is now open for the critical examination of you men who are good judges of the right things in clothes. The works of art which we want you to see are the suits and overcoats made expressly for you by

Hart Schaffner & Marx

the greatest clothes-makers in the world. You may consider this an invitation to attend the opening of our "studio," and look over the beautiful things shown here.

This season you'll find many beautiful new colorings in grays, browns, blues; plain colors and rich patterns; stripes, plaids, checks; many distinct novelties which are not to be found in any other line. In overcoats, as well as suits, there's a pleasing variety of new patterns to select from.

There are many new ideas also in the models shown. This season Hart Schaffner & Marx have made an entirely new model, especially for young men, called the Shape-maker; we can promise you a pleasant surprise when you see it; and more when you wear it. The trousers will stay in place without suspenders, or without a belt if you want them so. The result of wearing the shape-maker is that it helps you to stand and walk erect, throw out the chest a little; it's just what the name says; a Shape-maker.

Every young man should see this new style early; older men can wear it if they desire the athletic figure which it gives.

You don't need to be told that Hart Schaffner & Marx are Clothes perfection of clothes making; every fabric strictly all wool; the tailoring done to last and keep shape; the styles correct to the finest detail. You need such clothes as these, and we're here to supply them.
