

FIRST LOG SHIPMENT ARRIVES

THREE CARS ARE RECEIVED IN THE CITY OVER THE PUGET SOUND LINE.

The first consignment of logs to be received at the new mill of the Palmyra Lumber company arrived in this city over the Puget Sound yesterday morning. The shipment consisted of three cars of logs, and was switched out to the mill at once. Several timbers, for use around the mill, were sawed out, but active work will not be started until Monday. The logs came in from the Tarkio spur of the Puget Sound and are to be followed with regular consignments. The Northern Pacific spur into the mill yard has not yet been completed, but will be finished in a short time. Logs are to be received over both roads and it is expected to keep the mill in active operation at the time after next Monday.

RUSH OF BUSINESS RELIEVED

PUGET SOUND CLEARS UP LOADS HELD DURING SUSPENSION OF TRAFFIC.

The rush of business on the Puget Sound, occasioned by the recent fire, is practically over. During the time that the line was out of commission much business was stored at different stations along the line, and when through traffic was resumed the power department of the railway was badly swamped. However, nearly all of the surplus traffic has been taken care of and conditions are rapidly adjusting themselves to normal. The new line is holding up in good shape and local officials say that they do not anticipate any further congestion of business.

LEAVES ON VACATION.

Miss Nettie Jennings, nurse in the Northern Pacific hospital, left yesterday for Cavalier, N. D., where she will spend a few days.

ENTERS HOSPITAL.

Richard Buck, a car repairer from Laurel, was admitted to the Northern Pacific hospital yesterday for medical treatment.

GOES TO ST. REGIS.

Division Engineer Osgood of the Puget Sound left yesterday for St. Regis to inspect the work being done on the bridge at that point.

DRUGGISTS FIGHT LIQUOR PROBLEM

Pittsburg, Sept. 13.—Drastic resolutions tending toward legislation vital alike to the drug trade and the public marked the opening of the annual convention of the National Retail Druggists' association here. President C. H. Huber of Minneapolis in his address declared against the indiscriminate sale of liquor in drug stores and insisted a reform must be brought about by the pharmacists themselves. The Ohio Pharmaceutical association presented a resolution protesting against the laws requiring druggists to take out a liquor license to enable them to sell whisky on prescription.

BLEASE IS LEADER IN SOUTH CAROLINA

Columbia, S. C., Sept. 13.—With over 92,000 out of a possible 110,000 votes accounted for, returns from South Carolina's second primary held today indicate the election of Cole L. Blease of Newberry, local optionist, for governor by a small majority over C. C. Featherstone of Laurens, state-wide prohibitionist. The vote, as tabulated at 11 o'clock tonight, shows: For governor—Blease, 48,384; Featherstone, 45,318. For congress—Second district, Patterson, incumbent, 5,619; Byrnes, 5,618. Sixth district, Ellerb, incumbent, 7,717; Hodges, 6,621. Midnight returns in the state and congressional contests give for governor: Blease, 49,787; Featherstone, 45,877. For congress, Second district, Patterson, incumbent, 5,718; Byrnes, 5,676; Sixth district, Ellerb, incumbent, 7,758; Hodges, 6,676.

REVOLUTION IMMINENT.

New Orleans, Sept. 13.—That another revolution is imminent in Honduras and that President Davilla is aware of the revolutionists' plan and is fortifying several points where attacks are expected is the information received here tonight in private letters from Central America. The revolutionists, it is said, are counting on the aid of several thousand followers of General Juan Estrada, who recently overthrew the Madrid government in Nicaragua.

ANOTHER VICTORY.

Tacoma, Sept. 13.—Late returns indicate that William S. Burton, insurgent, has carried the Second Congressional district by a good plurality over McCredie, incumbent.

WOODROW WILSON THE LEADER

HE WILL PROBABLY BE NOMINATED FOR GOVERNOR OF NEW JERSEY.

Trenton, N. J., Sept. 13.—Final returns of today's primary election in New Jersey will not be known until tomorrow. The results as approximated are based upon estimates from late returns. The republican vote on United States senator will probably result in former Governor Stokes leading, with former Governor Murphy a close second and Congressman Fowler third.

In Essex county, which includes Newark and Jersey City, the progressives appear to have done somewhat better than last year, when, however, they were defeated.

On the democratic side the United States senatorship contest does not seem to have attracted much attention. Democratic State Chairman Nugent claims the result of the primaries means the nomination of Dr. Woodrow Wilson for governor on the first ballot.

CANADA'S CROP.

Ottawa, Ont., Sept. 13.—Canada's total wheat crop this year is 122,785,000 bushels, according to the estimate of the government statisticians officially announced today. This is 46,000,000 bushels less than the yield of 1909. The wheat product in Saskatchewan and Alberta this year is estimated at 99,890,000 bushels.

REPUBLICANS MAKE SLIGHT GAIN

CAPTURE ONE OR TWO COUNTIES IN ARKANSAS, HERE TOFORE DEMOCRATIC.

Little Rock, Ark., Sept. 13.—Returns from all sections of Arkansas tonight indicate almost beyond doubt that amendment No. 10 to the constitution, providing for the initiative and referendum, has been adopted, and that there is a possibility that amendment No. 11, exempting from taxation money invested in cotton manufacture, has also been adopted. The returns today showed that the republicans captured one or two county offices in heretofore strong democratic districts. They also show that the democratic party has made a remarkable showing in republican strongholds in northwest Arkansas, where the republicans held one or two offices.

On the liquor question the returns show that Pulaski county has gone wet by several hundred votes. Fort Smith went wet by 150. The number of dry counties going wet and of wet counties going dry are about equal. On the state ticket the democratic candidates won with increased majorities over two years ago.

ATTACKS FEDERATION.

Montreal, Sept. 13.—A bitter attack upon the American Federation of Labor was the feature of the opening session of the annual convention of the Canadian Federation of Labor today. It was contained in the report of the chief executive of the Canadian organization.

JAMES BRYCE WILL NOT BE PRESENT

Pueblo, Colo., Sept. 13.—In a remarkably strong letter, in which he pays tribute to the development of the United States, particularly under irrigation in the west, the British ambassador, James Bryce, tells an officer of the Eighteenth National Irrigation congress, which will convene in Pueblo, September 28 to 30, that he will not be able to attend that great gathering. Mr. Bryce says in his letter that his own country has been watching the development work of the west under reclamation, and "we are greatly your debtors."

The ambassador's letter further says: "Greatly to my regret, it will not be possible for me to attend the next gathering of the National Irrigation congress, to which you have done me the honor of inviting me. "Were I not obliged to be absent from the United States at the time of its meeting, I should have greatly enjoyed being present, and should have complied with your request to say something upon a subject of such high importance."

The United States has shown the world how much may be done by engineering skill and an active public spirit to render available for cultivation and the support of human life large tracts which had previously deemed to be useless; and we in the British empire are greatly your debtors for the instruction and stimulus which you have given us."

BUSINESS SECTION BURNED.

Coffax, Wash., Sept. 13.—Fire last night at Thornton resulted in the almost complete destruction of the business section of the town. The financial loss is estimated at \$40,000. The fire was caused by the explosion of a gasoline stove in the Roy Willey restaurant. Supplies of groceries, bread and meat are being sent to Thornton from here today.

GRIGGS GREAT INCOME.

Toledo, O., Sept. 13.—The most spirited contest for office ever held so far to foreclose, if possible, any action or consideration or discussion of evidence by the committee in the meantime; and by solemn vote they

"WARD POLITICS" REPUBLICANS SAY

(Continued From Page One.)

other members of the committee were approaching Minneapolis. The minority refused even to take a recess, and the other members, protesting against the evident determination to take a snap judgment by a minority in the absence of a third of the whole tribunal, and declining to bear any responsibility for thus converting the investigation into a travesty, and for a violation of the fundamental principles which should govern the proceedings, withdrew from the meeting and thus deprived the democrats of their temporary control of the committee.

The Spectacle.

"The meeting being left without a quorum, any attempted decision of the case would have no more validity than would like action of a similar number of men collected at random in the streets, but the spectacle was presented of five gentlemen of a tribunal of 12 created by the congress of the United States assuming to act as the tribunal itself.

"These five gentlemen continued their proceedings to the end, according to the worst methods of ward politics, and after pretending to adopt a report of 89 pages, which they brought to the meeting already prepared and which was never subject to consideration or discussion or even read in committee, they gave it to the newspapers, although the law required it to be rendered to congress; and they completed their perversion of the purpose of the meeting by adjourning to December 3, so as to foreclose, if possible, any action or consideration or discussion of evidence by the committee in the meantime; and by solemn vote they

graciously extended to the majority the leave to file a minority report.

"It does not need to be said that such action in both form and substance is wholly lawless, and it leaves it entirely unnecessary to ask what sort of justice any public servant could look for whose character was on trial in such a proceeding in the excitement of a political campaign. If there is any relation between lawless methods and the character of the results which they accomplish, this so-called verdict condemns its authors rather than the official under investigation.

"Every effort was made to induce the minority members to agree to a meeting on some early day at Minneapolis or Chicago and might suit their convenience, but without avail.

"The chairman called the present meeting. The members whose names are hereto attached have spent the day reviewing the case, but, being without a quorum, are powerless to act, and have adjourned subject to the call of the chairman.

No Haste.

"The report of the committee cannot be made until December 3, when congress meets, and the meeting called for September 5 was for the purpose of considering and discussing what the report to be made three months thereafter should be. There was, therefore, no haste or pressure for time. The action of the democratic minority in taking temporary advantage of the delay of some members in reaching the meeting was an effort to substitute a prearranged scheme for the orderly deliberations and discussion which the duty of the committee requires.

Report Signed.

"The pretended adoption of a report by a political minority, and its publication as if it were the report of a committee, exhibited a willingness to sacrifice the rights and injure the reputation of the officers investigated in order to obtain a supposed party advantage in the pending political campaign.

"We cannot reconcile such a course

with our sense of justice and of our duty.

(Signed) "KNUTE NELSON,
"GEORGE SUTHERLAND,
"LEHUI ROOT,
"SAMUEL W. MCCALL,
"MARTIN E. OLMSTED,
"EDWIN DENBY."

WOOL MARKET QUIET.

Boston, Sept. 13.—Trade in the wool market continues extremely quiet. No manufacturer is disposed to engage large supplies of raw material at this time owing to the unsatisfactory state of the goods market. Orders for goods are increasing, however, and the mills are expected to book a moderately satisfactory amount of new business for the late fall.

SUPREME COURT HEARS ARGUMENTS

Helena, Sept. 13.—The supreme court today heard arguments in the case of the state against the Northern Pacific, to determine the validity of the law limiting the working hours of trainmen to 16 and also in the case of the Consolidated Gold & Sapphire company, involving the pollution of a stream in Deer Lodge county. Application was also made to the court for a writ of mandamus, directed to the district court of this county, in the case of Dolenty against the Rocky Mountain Bell Telephone company, involving the date of a judgment secured by the banker against the corporation.

Owing to the general strikes and lock-outs in which the differences between the German shipbuilders and their employees culminated, all work in the German ship yards is at a standstill.

WHO WILL WIN IN NEW YORK?

(Continued From Page One.)

as temporary chairman will certainly be overturned by the convention and that Mr. Roosevelt will preside, which means he will appoint the committee on resolutions.

"If Mr. Roosevelt is temporary chairman and if the convention adopts the report of a radical committee on resolutions, New York will place herself alongside of Kansas and Iowa, and the conservative element of the republican party, which for years has been its backbone, will be invited to the rear and the new nationalism, coupled with the Bryanite pronouncement against the decisions of the supreme court will take its place.

Party Respect.

"If the net of the state committee in unanimously selecting Mr. Sherman after Mr. Roosevelt had been voted down should be ratified by the convention and if a committee on resolutions is appointed which will draft a platform endorsing the administration of President Taft in forcible language declaring opposition to the political hysteria of the hour and firmly planting itself upon the same republican line in the past, then the party can enter the campaign with respect for itself, which ought to command the respect of the majority of the electorate as it has before.

Speeches in West.

"Some of the men who are urging Mr. Roosevelt's candidacy for temporary chairman of the convention against Vice President Sherman have little realization of the rising tide of the popular disapproval which Mr. Roosevelt's speeches in the west have caused. His assumption of power is

looked upon with wonderment. His ability to arouse the passions of the mob is dreaded in every quarter of the state and every day the menace of his political ascendancy to business and to labor is more thoroughly appreciated.

Will Vote Him Down.

"I do not believe that his name will ever be presented to the convention against the recommendation of the state committee for Mr. Sherman. If it is it will as certainly be voted down in the cause of the true republicanism as that the convention will convene. Thoughtful men all over the state are aroused to the regrettable fact that Mr. Roosevelt is today the most dangerous foe to the world of business and labor in the United States. They hope with earnest solicitude that the republican party in this state will not in its convention permit him to be the arbiter of its policies and the mentor of its thought."

GERMAN DAY IN MEXICO.

Mexico City, Mex., Sept. 13.—This was "German day" at the Mexican centenary celebration. The big event was the unveiling of a statue of Frederick Heinrich Alexander Von Humboldt, the German scientist and author, who more than 100 years ago made a journey of research through Mexico. The statue is a gift to the republic from Emperor William.

NEXT CONGRESS.

Montreal, Que., Sept. 13.—The next Republican congress on this continent will be held at New Orleans probably in 1914. This was the statement made today by Cardinal Gibbons just before his departure for Baltimore. Next year's congress and those of the two succeeding years will be held in Europe.

The American Flint Glass Workers' union now has a larger membership than at any time in its history.
