

ORE STREAK WIDER IN MISSOULA

ENCOURAGING REPORTS COME FROM MULLAN PROPERTY, OWNED HERE.

Wallace, Sept. 30.—(Special).—The drift on the Missoula Copper ledge has now gone 75 feet since the ore shoot was struck a week ago. The streak of solid ore has widened out in the past four days from 1 to 2 feet. A 15-foot crosscut showed all ore with neither wall in sight. The entire width of the drift is in high grade copper ore and nothing but ore is being taken out and thrown on the dump. Experienced mining men declare the dump to be the best looking and richest appearing dump in the country. The company will continue the drift about 100 feet further and then crosscut for the vein. Strenuous endeavors are being made by an unknown person or persons to break the market price of the stock by throwing considerable stock on the market and selling at any price. So far the bears have kept the stock around 10 cents, but have been unable to force it down further.

CAMORRA IS LOCATED IN A NEW YORK TOWN

Cincinnati, Sept. 30.—Detectives who are investigating the murder of Joseph Luviera, an Italian, two days ago, say they have located the American headquarters of the Camorra, the secret Neapolitan band, through the confession of an unnamed Italian here yesterday. The officers say they have positive proof that the headquarters are located in a little town, in New York.

LOOKING FOR STARS.

Hamilton, Sept. 30.—(Special).—Secretary Odell of the Great Ravalli county fair commission is making strenuous efforts to secure Senator Joseph Dixon of Missoula and Governor Edwin Norris for speeches during the fair. He was in telephone connection with Mr. Norris this forenoon, but did not receive definite assurance of his acceptance, the governor stating he would notify the commission tomorrow.

JUDGE CHEADLE ENTERS.

Helena, Sept. 30.—(Special).—The petition placing Judge E. K. Chedle of Lewistown in nomination for chief justice of the supreme court was filed here today. It bears 3,000 names. The petitions of all the other candidates except that of Judge Clements have now been filed.

WIRELESS LIGHTS.

Copenhagen, Sept. 30.—Waldemar Puzenil, the Danish inventor, has succeeded in lighting incandescent lamps by the wireless transmission of an electric current.

For Rheumatism and Nervousness

Excess uric acid causes more complaints, pains and ills than all other unnatural conditions combined. Rheumatism, nervousness, liver and kidney troubles, backache, neuralgia and all kindred complaints result from excess uric acid in the system. The quickest, surest and best way to eliminate excess uric acid is by wearing Electropodes. These remarkable galvanic insoles radiate life, health and strength to every organ and tissue of the body. Circulation is increased, nerves strengthened and entire system toned up. All poisons and impurities are eliminated, through the large pores of the feet.

What Others Say

One man from Nebraska writes: "My mother had rheumatism so bad she was unable to get out of bed without aid. This is her second pair of Electropodes and she is now able to do her own household work."

A lady from Pennsylvania writes: "I was troubled with swollen and cramping feet. Since wearing Electropodes, I have had no cramps and the swelling in feet and limbs has nearly disappeared."

We will gladly furnish names and addresses of these parties on request. We have many similar letters from people whom Electropodes have cured.

Booklet upon request.

If you are sick or suffering, give Electropodes a chance to cure you. Recommend them to some afflicted friend. Your druggist will give a positive contract to return your money if they should prove unsatisfactory.

Sold Under This Contract

The purchaser of Electropodes is granted the privilege of returning them within 30 days, and the purchase price (\$1.00) is to be refunded upon the following conditions: They are to be worn according to directions for at least 25 consecutive days, and then, if not satisfactory, to be returned in original box.

At druggists; or by mail, postpaid. If your druggist cannot furnish Electropodes, send us \$1 and we will see that you are supplied immediately. State whether for man or woman.

HILL TALKS NICELY AT THE FAIR

GREAT NORTHERN PRESIDENT PRAISES MONTANA AND BOOSTS EXHIBITION.

Helena, Sept. 30.—(Special).—The most thrilling airship exhibitions of the week have been reserved for Missoula and Western Montana day at the state fair tomorrow, provided the weather is favorable. While Mars made some brilliant flights, he has attempted nothing but what was sure of, but he announced today that, as tomorrow is the last day, he will put forth his best efforts, and may attempt to soar over the main range of the Rocky mountains, 16 miles west, and then return.

The feature of today was the visit of Louis W. Hill, president of the Great Northern railway, who arrived this noon, with 100 men, from the Twin cities, all members of the Montana Boosters' club.

At Great Falls three coaches were attached to the special to accommodate 200 Great Falls people and the Black Eagle band. The Hill party goes to Spokane tomorrow night. Hill made a brief talk this afternoon. He was introduced by Governor Norris. The railroad man declared he had rather attend the Montana State fair than build a railroad. Continuing he declared this fair was the best ever held in the northwest, and that the fruit and farm products exhibited were equaled nowhere in the country.

Aviator Mars made three successful flights around the grounds. On behalf of the fair association Governor Norris presented him with a gold nugget watch fob. The first race between the two Billings racers was a stellar feature, creating the highest excitement. Hairs defeated Van Lauenan. At the annual meeting of the fair association the old officers were re-elected.

A GOOD BOOSTER.

Hamilton, Sept. 30.—(Special).—M. Adson of Duluth, general traffic manager of the Duluth, South Shore & Atlantic Railway company, spent yesterday in looking over his property on Hamilton Heights. Mr. Adson has made several trips to the valley during the past three years and has become an enthusiastic Bitter Root booster. He will leave with W. I. Moody and others today on a hunting trip.

SEEKING LIMELIGHT MAN REACHES PRISON

Chicago, Sept. 30.—After placing a bomb beside the residence of Mrs. Potter Palmer and cutting his coat into shreds with a butcher knife, piercing his skin, Fred C. Wahlenmeyer, 23 years old, attempted last night to gain entrance into the mansion. He was arrested.

Wahlenmeyer demanded an audience with Mrs. Palmer, but the watchman, the first person encountered, summoned the police. Wahlenmeyer first told a story of having seen another man placing the bomb at the side of the house and of struggling with him. Later the prisoner confessed to having put the explosive there and having cut his clothes to bear out his first narrative.

Following several hours of questioning, Wahlenmeyer broke down and is said by the police to have signed the following confession:

"This bomb was made in the basement of my home by myself on the night of September 27. I loaded it with powder left over from a year ago last July and let it lie on the joists of the basement till tonight (Thursday) at 7:10 o'clock. Then I took it to the bushes south of the Palmer mansion and returned later. My first story was framed up. The only reason that I can give is that I wanted to get into the limelight."

CARBON REPUBLICANS NAME STRONG TICKET

Red Lodge, Sept. 30.—(Special).—One of the largest conventions of the republicans ever held was that in this city last night in the courthouse. A full county ticket was nominated. J. N. Tolman was named by acclamation for the legislature. The county platform commends Senators Carter and Dixon for the splendid work they have done for this state. Congressman Pray is highly commended for his efforts in behalf of the mine rescue act. The local officers: Representative, J. N. Tolman; treasurer, J. E. Degan; deputy clerk, Charles E. Powell; sheriff, William Gebel; assessor, John Clawson; county attorney, H. E. Allen; superintendent of schools, Ruby E. Simpson; surveyor, C. A. Gibson; public administrator, Ed Olecott; coroner, J. A. Underwood.

BIG AVIATION MEET.

Chicago, Sept. 30.—Opening events in the aviation tournament that is to culminate in a race from Chicago to New York for a \$50,000 purse will be held at Hawthorne park tomorrow. The Chicago-New York race will start between October 8 and October 15. The rules require that the trip must be made within seven days of the day of starting.

HORSE AND CHICKS SUFFER

SO DO HOUSEHOLD GOODS, AND W. F. LITTLE SUES NORTHERN PACIFIC COMPANY.

Hamilton, Sept. 30.—(Special).—An action has been begun in the district court against the Northern Pacific Railway company, by which W. F. Little hopes to gain damages to the extent of \$276. The complaint cites that the plaintiff shipped goods from Pierre, S. D., via the Chicago & Northwestern company, the same being transferred to the Northern Pacific at the junction point. It is further cited that all of the shipment, including a horse, chickens, furniture and household goods, were in good shape at the time of delivery by the Chicago & Northwestern, but were later badly damaged at the hands of the receiving railway. These injuries aggregate the sum prayed for.

CONGRESS WINDS UP ITS SESSION

LOS ANGELES MEETING CONCLUDES ITS BUSINESS AND TELLS HOW AND WHAT.

Los Angeles, Sept. 30.—The American Mining congress wound up the business of its 1910 convention today with the election of officers and the adoption of several resolutions, principal among which was one calling upon congress to instruct the department of justice to investigate all grants involving oil or other mineral lands, and take action to revert title to these in the public. Arizona was chosen for the 1911 convention. Either Douglas or Phoenix will be the place of meeting, the selection being left to the board of directors of the congress. John Dem of Salt Lake was elected president and James Callbraith of Denver re-elected secretary. The following vice presidents were chosen: Samuel A. Taylor of Pittsburgh, D. W. Brunton of Denver and E. A. Montgomery of Los Angeles. The resolution in reference to the investigation of land grants was a substitute for that introduced by Thomas E. Gibbon of Los Angeles, which alleged definitely that the land grants to the Southern Pacific railroad in California were invalid by reason of the discovery of oil, and calling upon the government to take immediate steps to recover a large area in the midstate section. The substitute made the scope of the resolution general so as to include grants covering mineral lands of every character in every public land state. The ground for the proposed action is that grants conveying the lands, particularly those to the Southern Pacific in California, excepted all areas bearing minerals with the exception of coal and iron. Tonight the delegates to the mining congress are enjoying recreation at a vaudeville show, roof garden high jinks, which are expected to last until the small hours.
