

PREMIER AERONAUT COLORED EDUCATOR IS COMPELLED TO DESCEND IN ADDRESS

INTERNATIONAL BALLOON RACE IS STILL ON, BUT LE BLANC DROPS OUT.

St. Louis, Oct. 19.—Five of the 10 balloons which started in the international contest here Monday afternoon, are tonight believed to be racing over the southwestern part of Ontario, though no definite news had been received from them at a late hour. The Isle de France, Alfred LeBlanc pilot, and Walter DeLumme aide, descended near Pogonias, Ont., in a wild forest at 1 a. m. The French aeronaut had traveled 725 miles northeast of St. Louis and had remained in the air 44 hours and 34 minutes.

The Isle de France was the fourth balloon to alight, the others being the Condor, St. Louis No. 4 and Million Population club, which landed yesterday at Two Rivers, Wis., Hillman, Mich., and Racine, Wis.

LeBlanc had not been spoken since he left Zion City, Ill., yesterday morning. He finished second in the race for the James Gordon Bennett cup, which started from St. Louis in 1907, and is regarded as one of the premier aeronauts, as well as aviators of Europe.

At Pogonias he was within 145 miles of the American record of 875 set by John Wise in 1895, and 468 miles of the world's record of 1,193 miles, set in 1900 by Comte Herid de La Vaulx.

Four other racers were reported tonight to be flying over Lake Superior and Georgian bay, from 600 to 700 miles northeast of St. Louis.

The balloon Hamburg II, of Germany, the fourth to depart in the international race from St. Louis, Monday afternoon, descended with terrific force from a height of 18,000 feet at 9 p. m. Tuesday in Lake Nipissing, Toronto, Canada, 850 miles from St. Louis, according to a message received here tonight.

The left arm of William F. Assman, aide, of St. Louis, was broken, his right hand severely sprained and an artery in his wrist cut. Lieutenant Leopold Vogt, of the Hamburg, was forced to swim the lake with the balloon, landing upon Sea Gull Island, where Assman, despite his injuries, tied the aerostat to a tree, and remained alone with Lieutenant Vogt all Tuesday night, bleeding profusely part of the time. The balloonists were rescued early this morning by Cheyenne Indian hunters and sent to a hospital.

The trip of Lieutenant Vogt and Mr. Assman in the Hamburg was replete with danger from the time they left Milwaukee at 6:35 a. m. Tuesday to cross Lake Michigan. The balloon traveled rapidly over Lake Huron and Georgian bay Tuesday, at a great height, tossed by the winds. The men were in the air more than 28 hours and frequently they traveled at the rate of a mile a minute. Their average rate from St. Louis to Lake Nipissing was 30 miles an hour. The balloonists landed with but two and a half sacks of ballast.

North Bay, Ont., Oct. 19.—A balloon believed to be the Germana is reported by trainmen on the Canadian Pacific to have landed in a forest near Pogonias, 135 miles west of here, this afternoon.

INSTANT RELIEF FOR SORE FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well, No Matter What Ails Them.

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emy Marshall, Austin, Texas.

BOOKER T. WASHINGTON SPEAKS BEFORE CONGREGATIONAL CONVENTION.

Boston, Oct. 19.—The call of the missionary field to the young man, the progress made by the colored race and the prospects for further development of the negro under missionary endeavor were discussed tonight's sessions of the American Missionary association in connection with the conference of the American council of Congregational churches, Booker T. Washington, principal of Tuskegee institute said.

"The two months which I have recently spent in Europe in observing the conditions and the prospects of the people who are farthest down, convinces me that the negro in America is by no means the race that is farthest down. The task before this association in uplifting the millions of negroes of this country has many more helpful elements in it than I found in southern Europe in relation to the uplift of backward classes in that country."

The speaker urged that all influence should be used to keep the negroes in the rural districts.

SENATOR ELKINS ILL.

Elkins, W. Va., Oct. 19.—Friends of Senator Stephen B. Elkins are much concerned over his failure to rally from the ill which held him at home last summer. It is reported he is suffering from a nervous disease which is said to be nearing a critical stage.

Senator Elkins is permitted by the family physician, Dr. W. C. Golden, to drive out, but has given strict orders that none but relatives be allowed to visit him. Mrs. Elkins, Miss Elkins and Blain Elkins are at home.

SOME BLUE LAWS.

Oklahoma City, Okla., Oct. 19.—In the superior court last night a temporary injunction was issued restraining railroads and express companies in the state from delivering intoxicating liquors to persons, corporations, societies or clubs, or those known to be holding federal liquor licenses. The order was issued at the instance of Fred S. Caldwell, state enforcer of the liquor law.

DIES IN LOS ANGELES

Los Angeles, Oct. 19.—George F. Cope, a western pioneer, who established the first quartz mill in Montana at Virginia City, and later was prominent in its statehood affairs, is dead here. He edited the first newspaper of the territory, the Montanian, and was officially connected with Helena banks. He resided here 10 years. He is survived by a wife and five children.

DURAND TALKS.

Washington, Oct. 19.—Director Durand of the census bureau said today he hoped to be able to announce the population of Minneapolis, Minn., Seattle, Wash., and Boise, Idaho, before the end of the week. These were among the cities mentioned as having turned in inflated returns.

THE THERMOMETER SAYS: "WARMER UNDERWEAR!"

CENTRAL FIGURES IN STRIKE

At left, Premier Briand, whose strong hand and master mind aided in breaking up the strike. At right, Monsieur Jaures, leader of the socialists in the chamber of deputies and leader among the strikers.

CONSPIRACY CHARGED.

Springfield, Ill., Oct. 19.—The trial of State Senator Stanton C. Pemberton of Oakland, and Representative Joseph C. Clark of Vandalia, charged with conspiracy in connection with the letting of contracts last January for new furniture for the house and senate, began today in the Sangamon county circuit court. This was the first case to be brought to trial in this

ALL-STARS GIVE HARVARD A DESPERATE FIGHT

Cambridge, Mass., Oct. 19.—The Harvard varsity football eleven had a game at the stadium with a team made up of former Harvard, Yale and Princeton football players, styling themselves All-stars, and won by the narrow margin of 6 to 0. The members of the All-star team are all Harvard law students, and aside from their fumbling they put up so strong a game that the Crimson men were unable to get across the goal, the only points being made on two goals from the field by Lewis.

PLEAD NOT GUILTY.

Guthrie, Okla., Oct. 19.—W. L. Chapman, L. C. Grimes, John Garrett, A. L. Brown and R. C. Conine, who are charged with fraudulent transactions in Mexico, in connection with the lands of Kickapoo Indians, began their struggle against removal to that republic today before United States Commissioner Tibbitts. Each of the defendants pleaded not guilty.

SECOND CASE SETTLED.

Yesterday in the district court, at the conclusion of the C. C. Lowmyer case, it was expected that the court would take up for trial at once the second water case of the term—Fred Violante against the Chicago, Milwaukee & St. Paul Railway company. Much sur-

CHOLERA ON SHIP.

Rio De Janeiro, Oct. 19.—The statement is published in the newspapers here that the steamer Arcahuaya from Southampton September 30 and Lisbon October 3, is in quarantine at this port, several deaths from cholera having occurred among the emigrants aboard.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for coloring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c, and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company 74 Cortlandt St., New York City, upon receipt of price.
