JOHN LANGHAUSER, MERCHANT TELLS OF HIS WONDERFUL CURE AFTER SIX OCULISTS HAD FAILED TO BENEFIT HIM. GIVES DR. DODD CREDIT Missoula People Now Have Another Opportunity of Consulting Dr. Dodd at Hotel Savoy—Four Hundred Satisfied Patients Here.

"My eyes had bothered me for years. Under the treatment of six oculists, all of whom were supposed to rank high in their profession, my eyes steadily grew worse; I was obliged to bind one eye up to see to get about the store and the pain I suffered almost drove me insane. I had really thought of suicide as the only means of ending my suffering. My eyes became crossed badly and then the pain was not so severe, but still I was never free from a headache. I was persuaded to consult Dr. Dodd last January, and when he told me that proper glasses would straighten my eyes and cure my headache and nervousness, I admit that I had little faith in even getting relief, say nothing about a cure. I ordered the glasses, as I had been told of several similar cases that had been cured by Dr. Dodd, and after the torture I had suffered, I was convinced his glasses would do me no harm. Well, I experienced relief from the moment I began wearing Dr. Dodd's glasses, and after a couple of days my eyes appeared straight, only I saw double at times, but after a week I quit seeing double, the irritation all left my eyes, my headache ceased and I began to improve in health, and now, after eight months wearing those glasses, my eyes are perfectly straight. I have gained several pounds and have not experienced a pain or ache of any kind for months. I give this testimonial to Dr. Dodd unhesitatingly and have requested him to publish it in Helena or any other town or city, and am willing and anxious to reply to any inquiry, for I have the very best reason to know that Dr. Dodd is the one, and only one, man in Montana to trust with your eye troubles. I am with the T. C. Power Co., Helena, Montana.

COUNCIL RESCINDS MUSICAL RECITAL IN HAMILTON HAMILTON CITY FATHERS REVOKE ACTION OF MONDAY IN GRANTING LICENSE. Hamilton, Nov. 11.—The city council of Hamilton started something when, at its meeting Monday evening, a license was granted to Otis Bernard, allowing him to operate a saloon in the Owings building on Main street. Mr. Bernard is a stranger in the city and the place he was given permission to occupy is now the home of John M. Flugstad's jewelry store, and the granting of the license came without any knowledge to Mr. Flugstad. Yesterday the business men of the city rose in arms and soon had a petition in circulation, imploring the city fathers to rescind their action. Practically every business man of the city attached his name to the petition and last evening the council held a special meeting and rescinded its action of Monday evening, and now Mr. Bernard will have to look elsewhere than Hamilton for a location for his third parlor.

The Petition. To the honorable mayor and the members of the city council: Sirs: The undersigned, property-holders of the city of Hamilton, do hereby respectfully petition that you rescind, set aside and revoke the order of your honorable body, made on Monday, the 7th day of November, 1910, granting to Otis Bernard a license to conduct the business of retail liquor dealer in the Owings building in block 27 of the city of Hamilton, for the following reasons: First—That there are now three saloons in said block, facing Main street, and to permit the opening of another or other saloons in said block, would have a tendency to destroy said block for business in other lines. Second—That there are at this time more saloons being permitted in this city than is justified in a city the size of Hamilton, as the census report shows it to have about 2,200 people and we have 11 saloons, or about one to every 200 people, and licenses should, in the judgment of your petitioners, be limited to one to every 500 inhabitants, and in any event, should not extend beyond the number heretofore in operation. Number is limited. A resolution was passed by the council limiting the number of saloons in this city to the present number until the city shall have acquired a population of 5,000, or limiting the number to one for every 500 inhabitants. A new ordinance in regard to buildings within the fire limits was also presented to the council by the city attorney. The ordinance makes it unlawful and deprives the council of the power to allow permits for the construction of buildings of any description within the fire limits that are not absolutely fire proof.

KILLED BY JUMPING ON A PICKET FENCE New York, Nov. 11.—Two persons were killed and four seriously injured in a fire today that destroyed two upper floors of the Rosalind apartment house on Manhattan avenue in the upper west side of the city. William H. Abbot, a real estate operator 45 years old, jumped from the front window on the fifth floor and was impaled on a picket fence, dying instantly. His wife, 40 years old, was burned to death. Serious injuries were sustained by three other occupants of the building and by one of the firemen engaged in putting out the blaze. But for the heroic work of the firemen it is probable that many more persons would have lost their lives. Miss Alice Gullen, 25 years old, a telephone operator who lived on the top floor, was the most seriously injured of the rescued tenants. Her clothing was ablaze when the firemen reached her. Two other fires of the morning occasioned excitement. The Algonquin hotel on West Forty-fourth street, was wrecked in one blaze, destroying the apartments of Frederick Thompson, the theatrical man, who escaped with some of his most valued trophies.

DEMONSTRATIONS CONTINUE IN MEXICO (Continued From Page One) De La Barra, the Mexican ambassador, in regard to the situation. There is no doubt that both governments keenly regret the trouble. Protect Mexican Citizens. Every effort is being made to protect Mexican citizens in Texas. Governor Campbell reported to the state department today. He said he anticipated no further trouble and the lynching of Rodriguez was being investigated. All possible assistance is being given the Mexican consul at Eagle Pass, who is trying to locate those responsible for the lynching. Ambassador De La Barra tonight requested the publishing of a denial of the report that Landa y Escandon, governor of the federal district, and Joaquin Casares, former Mexican ambassador to the United States, had taken part in the demonstration against Americans in Mexico City last Wednesday night. Independent Investigation. Austin, Tex., Nov. 11.—The Mexican government is conducting an independent investigation into the lynching of the Mexican Rodriguez, at Rock Springs, Texas, which has stirred up the Mexican republic. Governor Campbell was requested to afford protection to all Mexicans in the Rock Springs community. He wired Secretary Knox that there was no apprehension of disturbances. The governor also wired the sheriff of Edwards county to protect the Mexican consul and vice consul, and if necessary a detachment of rangers may be sent to assist the sheriff.

CONSULATE WRECKED. Mexico City, Nov. 11.—According to private telegrams received here this afternoon, the American consulate at Ciudad Porfirio Diaz, state of Coahuila, and just across the border from Eagle Pass, was wrecked by a mob of Mexicans last night. The message stated that no one was injured. ROOSEVELT AND THE OYSTER. Oyster Bay, Nov. 11.—Oyster Bay vainly wonders today what has become of Colonel Roosevelt, who is still in complete seclusion at Sagamore Hill. Not since his return from the Spanish-American war, 12 years ago, has the colonel kept himself so secluded at his home, and the village folk do not know what to make of it. The colonel has not even indulged in his favorite diversion of falling in a tree with an axe, which so delighted his visitors. It is said the colonel spends most of his time in his library.

TRANSACT BUSINESS WITH PORTUGAL FIVE COUNTRIES GIVE VIRTUAL RECOGNITION TO THE NEW REPUBLIC. Lisbon, Nov. 11.—Diplomatic representatives of the United States, Germany, Russia, Sweden and Norway today notified the foreign office that they were authorized to resume negotiations with the Portuguese government on current affairs. This action, following the same notified by the British, French, Spanish and Italian governments on Thursday, is regarded as virtual recognition of the republic. Will Transact Business. Washington, Nov. 11.—The state department today received a cablegram from Henry T. Gage, United States minister to Portugal, advising that Great Britain, Italy, France and Spain had notified the provisional government of Portugal that they were ready to transact business with it. Mr. Gage added that these countries had not recognized the republic formally. This, it is declared at the state department, is exactly what the American government has done. The United States will not recognize the republic, it is said, until it is convinced of its stability.

WHITMAN COLLEGE IS DEFEATED BY IDAHO Walla Walla, Wash., Nov. 11.—Time was called in the game between the University of Idaho and Whitman college here this afternoon with a Whitman player lying across the Idaho goal line, with the ball under him, and the score 5 to 0 in favor of Idaho. Field Judge Bosnar held the Whitman boys not entitled to a touchdown, and gave the game to the visitors. The game was very rough, old-style football being used extensively. Lewis, right end for Whitman, went out with a dislocated shoulder, while Perkins, quarterback for Idaho, was injured about the head, and Edmondson, right end for Idaho, was disabled by an injury to his shoulder. Idaho scored in the third quarter, but failed to kick goal. Stanford and Berkeley. Berkeley, Cal., Nov. 11.—With both teams in the best of shape, all is in readiness for the twentieth annual football game between Stanford university and the University of California, to be played on California field tomorrow afternoon. Every ticket for the contest has been sold. In the games previously played by the two universities Stanford has won ten and California five. Since the substitution of Rugby for the intercollegiate form of game, Stanford has been victorious three times and California once.

Signal Practice. Cambridge, Mass., Nov. 11.—The Dartmouth football team, which arrived from Hanover today, had two hours' signal practice in the stadium this afternoon with closed gates. Dartmouth is more than usually interested in the contest because it has been understood that in the event of a decisive Dartmouth defeat the Harvard authorities would feel free to enter into a football contest with Princeton to the exclusion of Dartmouth next year. Michigan and Pennsylvania. Philadelphia, Nov. 11.—The University of Michigan and the University of Pennsylvania football squads today completed their preparations for the annual contest between the two teams tomorrow. The players are in good shape and appear hopeful of victory. It is feared that Hamisch, Pennsylvania's left halfback, will be unable to play, as his knee is still bothering him. Hutchinson Scott, the regular quarterback, is suffering from an old injury.

Best Game of the Season. Itaca, N. Y., Nov. 11.—Coach Reed announced his lineup for the game with Chicago tomorrow, after a light signal practice this afternoon, and says he is prepared to play the best game of the season. Rumor Denied. Princeton, N. J., Nov. 11.—Denial was made tonight of the rumor that Princeton and Harvard had signed an agreement to play football together for the next five years. The rumor has been widely circulated that another meeting between the universities was assured, some amount going so far as to say they have positive information. It is believed that announcement of the contract is being withheld, pending the readjustment of the relations of both Princeton and Harvard with Dartmouth.

JOSEPH DAWSON WINS GREAT RACE race, Dawson showed an average speed of 22.68, which was considerably more than it was thought would be shown by any car in the race. When the races were over the winners drove before the grandstand, where they were presented with bouquets by Governor Brown of Georgia. With fair weather, though a bit cooler than today, predicted for tomorrow, the Grand Prize race is expected to prove of thrilling interest. Scratches have reduced the starters to 15, but among them are some of the most famous cars and drivers of the world. The race is to start promptly at 9 o'clock. The distance is 415.2 miles. Continued From Page One.

GOULDS IN AUTO WRECK. Lakewood, N. J., Nov. 11.—A big automobile bearing Kingdon Gould to the railroad station collided today with a bicycle ridden by Orville Johnson, who was so badly injured that he died in the hospital. George Gould, father of Kingdon Gould, was driving an automobile in the rear of his son's machine, and he and his son hurried the injured boy to the hospital. The accident apparently was unavoidable.

GRAY HAIRS BANISHED. The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using sage as a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the addition of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price. For sale and recommended by Missoula Drug Co.
