

COUNT GROWS INTERESTING IN LEGISLATIVE ELECTION

Late Developments Indicate Democratic Control by a Small Margin.

TWO COUNTIES COMPLETE THEIR OFFICIAL CANVASS

Republicans Gain One in Carbon and Democrats Win Out in Sweet Grass--The Count Is So Close in Custer, Granite and Rosebud That the Result Will Be in Doubt Until the Last Precinct Is Checked.

Yesterday's developments in the count of votes for the legislative tickets in the state simplified the situation to some extent. Official count was made in two counties, Sweet Grass and Carbon, removing two members of the house from the list of doubtful members.

In the table below The Missoulian—using its best information—gives the republicans the granite county senator and places the disputed seats in Custer and Rosebud in the democratic column. This makes the probable composition of the legislature 53 democrats and 49 republicans, as follows, no account being taken of the report which came last night from Butte that the republicans may contest the election there:

AMERICAN DRIVER IS FIRST IN GRAND PRIZE AUTO RACE OVER ROAD COURSE IN SOUTH

David Bruce Brown, Boy Who Ran Away From Home to Follow Racing Machines, Is Winner at Savannah.

Yankee's Time Is but Little More Than a Second Faster Than That of Victor Hemery, a Frenchman, While Another Native Son, "Wild Bob" Burman, Comes Third, Receiving Special Prize--While Race Is Spectacular and Sets New Record for Speed, No One Is Killed.

THE FAST ONES.

Table listing race results: David Bruce Brown (Benz 1) 5:53:53, Victor Hemery (Benz 2) 5:53:67, Bob Burman (Marquette-Buick 3) 6:11:23, Ralph Mulford (Lozier 4) 6:26:12, Joe Horan (Lozier 5) 6:30:20.

Savannah, Ga., Nov. 12.—The New York boy, who four years ago ran away from home to become a driver of racing automobiles, today saved the reputation of American drivers in the Grand Prize race, the blue-ribbon event of automobile contests.

Benz Car.

Both men drove Benz cars, so that the foreign machines triumphed over the American-made racers. The consolation in having an American at the wheel of the winner was increased by the feat of "Wild Bob" Burman in an American car, the Marquette-Buick, which finished third, getting third money and an additional \$1,000 offered as a prize for the first American driver to finish in an American car.

Before the race the American team planned to set a pace in the early stages which would burn the tires off the big foreign machines and secure an advantage. Apparently the Americans tried this trick, and it nearly succeeded, for most of the foreigners were either stalled or wrecked before the finish, but the foreigners were too numerous. Wagner, in his big red Fiat, was one of the gamest, his daring nearly cost him his life and that of his mechanic, Louis Perrow. On the back stretch, while coming down a small hill at top speed, Wagner lost control of his car for the fraction of a second, one of his front wheels striking a stone culvert, crushing the wheel and throwing the car on its side for a slide of 30 feet into the trees. Perrow was shot into the top branches of a 20-foot willow, which caught him and broke his fall. He ran to the car beside which Wagner was lying, with machine oil pouring about him from a broken tank. The driver got up, with the aid of his mechanic, and walked to the German club nearby. Later he was taken to a hospital, where it was reported that he was not seriously hurt.

Willie Haupt, one of the Benz drivers, skidded off the road at the end of a long straightaway, side-swiping a giant live oak, and then plunged with his car into some bushes. He and H. Feyble, his mechanic, emerged with reassuring expedition, though somewhat bruised and scratched.

Fifteen Start.

Fifteen cars started in the race. Inside of 25 miles the three Fiats, driven by Wagner, De Palma and Nazarro, and the three Bens, steered by Hemery, Bruce Brown and Haupt, had left the Americans well behind. Hemery

took the lead at about 30 miles and held it until the 140th mile, when a change of tires allowed four of the other foreign cars to rush past him. Meanwhile Nazarro, holder of the world's record of about 75 miles an hour, was doing the fastest laps of the day in an effort to catch Hemery. Nazarro's best time for a single lap was 12:32, which was 751 miles an hour. For over 100 miles he held out the pace, when Wagner took the lead for about 40 miles, but lost it in filling his oil and gasoline tanks. When the 200-mile mark was well in the rear and the race more than half over, these big cars were still hunched and doing some of the most thrilling driving in the annals of automobile racing. A scant three minutes at times separated the first four or five cars. Willie Haupt was the first to go crashing from the course. Sixty miles

further on Wagner sent his car rolling into the ditch. Then Nazarro, reputed to be the world's most careful driver, bent his rear axle irreparably and was out of it. For the next 75 miles there was a battle royal between De Palma's Fiat, which had taken the lead, and Bruce Brown and Hemery, in the Benz racers.

Bruce Brown, running second, with De Palma a few yards behind him, 21-2 minutes ahead on actual running time, tried to snake off the latter. De Palma retaliated with reckless efforts to pass Bruce Brown, Hemery overturning his car at the grandstand corner, as he skidded around the right-angled turn 20 yards behind the Benz.

When Bruce Brown rounded the turn and shot into his last lap De Palma was nowhere to be seen. He had stopped on the back stretch, out of the race with a broken cylinder. When Hemery flew across the finish a few minutes later it was, until the timers hung out the numbers, a question whether Bruce Brown could get in quick enough to beat him on running time. Bruce Brown had started three minutes later than Hemery.

JUST A FAKE.

Calgary, Alberta, Nov. 12.—Investigation by the Royal Northwest Mounted police shows there is no truth in the story circulated from Aix, Alberta, today that Belle Elmore, wife of Dr. Hawley H. Crippen, was there. The story, it is said, is wholly a product of the imagination.

CANVAS IN HELENA.

Helena, Nov. 12.—(Special)—The official canvass of the votes in this county began today. There is only one real close race in the county, that for treasurer. The republican, Sullivan, has a lead on the unofficial returns of five.

DIRTY PLAYING IN FOOTBALL KILLS

RUDOLPH MONK, CAPTAIN OF WEST VIRGINIA UNIVERSITY TEAM, IS DEAD.

UMPIRE IN STATEMENT

Official in Game With Bethany Eleven Describes How Injuries Were Inflicted and Tells of Ordering Offending Player From Game—Inquest Shows "Slugging."

Wheeling, W. Va., Nov. 12.—Rudolph Monk of Conneltsville, Pa., captain and left halfback of the West Virginia university football team, died in the hospital here tonight of concussion of the brain, received in the game with Bethany here this afternoon.

Coroner Rogers began the inquest into Monk's death tonight. Several witnesses testified that Monk was "slugged" in the game. Last Thanksgiving Monk was injured in the game with Washington and Jefferson and was unconscious for two weeks.

Umpire's Statement.

Pittsburg, Nov. 12.—Attorney Homer N. Young, who umpired the football game between West Virginia university and Bethany at Wheeling this afternoon, said tonight:

"I can state positively that the injury to Monk was the result of a plainly deliberate act. I cannot give the name of the Bethany player who inflicted the injuries, but I saw the incident.

"A few minutes before this I had penalized Bethany 15 yards because the same Bethany player had run into Monk intentionally. I was watching for more work of the same sort. In the next rush there was no untoward occurrence, but in the next I saw the Bethany player, whose name I did not obtain, deliberately run into Monk and knock the latter over backwards. Monk fell heavily on the back of his head and did not rise. If he was kicked I did not see that. I put the player who had knocked him down out of the game. He acted like a man who knew he had done something wrong, for he left the field without a word of protest or explanation."

Even in Soccer.

Victoria, B. C., Nov. 12.—G. Roberts, Vancouver's crack three-quarter, had his skull fractured and lies in the hospital, and three other Vancouver men were slightly injured today in the first Rugby match for the McKenzie cup between Victoria and Vancouver. Victoria won by eight points to three. The result gives Victoria the right to defend the Cooper-Kelch cup against the University of California, winner of the Stanford-California game at Berkeley today.

SILVER BOW COUNTY HAS CONTEST

REPUBLICAN AND DEMOCRATIC CANDIDATES FOR ASSESSOR BOTH CLAIM VICTORY.

Butte, Nov. 12.—(Special)—One of the closest contests ever in the history of Silver Bow county is that on assessor. P. S. Sullivan, democrat and incumbent, and Gilbert Bennetts, republican, are the close men. With 23 precincts canvassed by the commissioners and the two men depending on unofficial returns for the rest, the Sullivan and Bennetts people each claim six plurality. One of the precincts not heard from, except from the recollection of the people who were around when the count was made, is O'Rourke's. It has only 17 votes. O'Rourke, democrat, for sheriff, is popular there, and is said to have four plurality. The Sullivan people have no figures on it, but base his vote on their man run ahead there. The canvassing board quit this afternoon just as this precinct was reached. Commissioner Brown said he had an urgent message that might take him to Missoula on some business connected with the water company. So the board adjourned until Monday morning. The republicans are watching this precinct closely for irregularities. They are talking also of contesting some big precincts in the heart of Butte on the ground of fraud in the registration. These precincts are democratic and are in the lodging house district. If they are thrown out it would mean the election of the entire republican ticket, county and legislative.

MARRIED.

Hamilton, Nov. 12.—(Special)—John Katvala and Gustava Jyikka, both of this city, were married at the courthouse on Friday by Judge H. L. Myers.

MEXICAN RIOTS CAUSE DEATH OF BOY

REAL ESTATE DEALER, IN DEFENDING HIS HOME, USES RIFLE ON CROWD.

PROPERTY IS DAMAGED

Carlos B. Carothers, Claiming Citizenship, Protests Against Invasion by Mob With Firearm and Jesus Loza, Fourteen Years Old, Dies—Police and Soldiers in Control.

Guadalajara, Mexico, Nov. 12.—Carlos B. Carothers, a local real estate dealer, shot and killed Jesus Loza, a 14-year-old Mexican, and wounded Prudencio Chavez, a gendarme, in defending his home against an attack by Mexicans last night. Carothers surrendered to the authorities and was lodged in the state penitentiary at midnight. Following a preliminary examination today, he was placed incommunicado until Tuesday morning. Although the entire police force, foot and mounted, and the Tenth regiment of cavalry were called out, rioting, which began at 8 o'clock in the evening, was suppressed only after three hours of vigorous efforts and after additional damage to property had been done. The affair was a continuation of the previous night's violence by students and workmen.

A Mexican?

As on Tuesday night, the mob traveled rapidly through the business section, hurling rocks through the windows of the American buildings, many of which already had been demolished, and reached the American residence section, when they were overtaken by the soldiers and police. Carothers, who declared at the police station that he is Mexican—born at Saltillo, state of Coahuila, but whose parents were Louisianans—was guarding his home, in the western part of the city, the windows and doors of which had been broken in the first night's rioting, when the mob approached.

Rifle Talks.

At the first alarm he took his family to the roof for safety, he said. From that point he opened fire with a rifle as the crowd attempted to enter and wreck his home. The quick action of the police and soldiers prevented the mob from seizing Carothers and wreaking vengeance upon him. He was placed under arrest and taken to the penitentiary. Carothers is a brother of G. C. Carothers, American consular agent at Torreón, Coahuila. The property damage last night consisted of demolished windows and store fronts, valued at about \$1,500. One of the places that suffered was the store of the National Candy company, established by an American, but now owned by a Mexican. Upon learning of its Mexican ownership, the crowd took up a subscription to buy the proprietor a new glass.

Windows also were smashed in the passenger station of the National railway, seemingly before the rioters realized that it was the property of the Mexican government. American families unharmed or revisited were the Hotel Bohstedt, the Guadalajara Times, the real estate office of Downs & Sons, also the office of the Rogers Real Estate company. The residence of J. Slatery was stoned and fired into and that of Joseph E. Purnell was stoned.

John H. Kippe prevented the mob from entering his home, in the American colony, by standing guard with a shotgun. Several American families are preparing to abandon their homes in the suburbs concentrate in the principal hotels. The proprietors of the latter declare they are prepared to resist by force of arms if necessary. The American consulate is guarded tonight by a detachment of the Tenth cavalry. The authorities insist there will be no recurrence of violence and say several hundred arrests have been made.

Governor Emphatic.

Mexico City, Nov. 12.—"There will be no further demonstrations in this city against the citizens of a friendly nation while I am governor. The disturbances are over for good and under no circumstances will I permit a mass meeting of any nature by the students or any other body."

In these words Governor Guillermo Landa y Escandon of the federal district, gave assurances in an interview to the press tonight of a continuance of the quiet which has prevailed for two days following the recent disturbances in this city. As a precautionary measure the bullfight scheduled for tomorrow was indefinitely postponed.

Not a Mexican.

Washington, Nov. 12.—Through unofficial sources a report has reached the state department that Antonio Rodriguez, the alleged Mexican who was burned at the stake at Rock Springs, Texas, by a mob, was really born in New Mexico. If this should prove to be the case, of course the Mexican government would be obliged to withdraw its protest and demand for reparation. It would leave the United States the aggrieved party in
