

Tempting

To the refined taste there is no product of the confectioner's art that is so tempting as

LOWNEY'S

Chocolate Bonbons

nor so widely known nor so universally preferred. They are an appetizing decoration to the table. They are an exquisite gift, gladly received. They agree with the most delicate digestion because they are made honorably of only the finest fruits and nuts, the purest sugar and real fruit flavors. That is why Lowney's are world famous and why more of them are sold than of any other superfine confections in the world.

B. & A. STORE OPENS AUSPICIOUSLY

BEESON & ARMSTRONG ENTERTAIN GUESTS AT NEW PLACE OF BUSINESS.

At 2 o'clock yesterday afternoon, to the strains of Brooks' "Amazon," discoursed by Fischer's orchestra, the doors of the new Beeson & Armstrong store were thrown open upon a marvelous display of merchandise, comprising men's suits, furnishings and innumerable appointments to complete a man's wardrobe. The store room was beautifully decorated and the goods displayed most conspicuously. The orchestra supplied six regular selections during the afternoon and repeatedly responded to encores demanded by the visiting throngs. The proprietors and clerical aides graciously received their guests and showed the new store in detail, explaining the departures in the fittings that have been made and which go to make the B. & A. store one of the best equipped in the northwest. While the goods shown were displayed to better advantage in the natural light of the afternoon it was in the evening that the store showed best in its great brilliance of illumination. The firm has adopted a remarkable scheme for lighting the room by artificial means, and when the lights are turned on in the chandeliers and brackets the whole place takes on a new and enchanting appearance. The structural methods adopted in fitting the interior of the building have proven a masterpiece of art and convenience. Every visitor at the B. & A. store received a beautiful stick pin of neat design as a souvenir of the opening. The musical programs rendered yesterday afternoon and evening follow:

Afternoon.

March, "Amazon," Brooks.

Selection, "Striborn Cinderella," Waltz, "Vienna Woods," Strauss.

Overture, "Berolina Girl," Balfe.

Selection, "Matinee Idol," Idyll, "Myrtle Dreams," Braga.

Evening.

March, "Algonquin," Prior.

Selection, "The Kissing Girl," Waltz, "Andalusia," Mercades.

Overture, "Marina," Wallace.

Intermezzo, "Nadia," Debussy.

Selection, "Faust," Gounod.

At closing time last night S. A. Beeson estimated the number of persons who had viewed the new store at not less than 1,500. A total of 700 carnations were handed out to women visitors and nearly 600 stick pins were given to men visitors. The Missoula band furnished a pleasant surprise in the evening, serenading the store for nearly a half hour.

FT. DODGE JEWELER OPENS STORE HERE

The newest jewelry store in Missoula will have its opening Saturday. It is now being located in the Higgins block, where the Missoula Nursery company formerly had its up-town store. The proprietor, George L. Flaherty, comes to Missoula from Ft. Dodge, Iowa, the town made famous locally by E. C. Mulroney and Dan O'Hern. There Mr. Flaherty had 15 years' experience in the jewelry business. His store is to be a well-appointed place; the fixtures that are now being installed are made in the Old English style and are of finished oak. Mr. Flaherty will have a large and up-to-date stock.

Alcohol in Medicines.

Alcohol is the best known preservative of medical compounds, and the average proprietary medicine contains from 1 per cent to 22 per cent, which is the smallest possible amount to preserve the ingredients, while the average doctor's prescription contains from 25 per cent to 50 per cent.

Such standard preparations as Lydia E. Pinkham's Vegetable compound contain but 18 per cent, and they even put the compound up in tablet form, which the overscrupulous woman who objects to alcohol in any degree may use.

Good Results Always Follow

The use of Foley Kidney Pills. They are up-building, strengthening and soothing. Tonic in action, quick in results. Garden City Drug Co. (George Freishimer, prop.).

STOMACH DISTRESS IS ENDED

DYSPEPSIA, HEARTBURN, GAS OR INDIGESTION ARE OVERCOME IN FIVE MINUTES.

Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of **Fox's Diapiesin** and let you eat one 22-grain Tri-angle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is rickety and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesin.

LOCAL BREVITIES

BLOOD TROUBLES CONSTITUTIONAL INFECTION

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Constitutional Blood Poison; they only add to the disease up in the system to smoulder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book which we will be glad to send free to all who write and request it, also any medical advice without charge.
