

BITTER ROOT NEWS COURT IN HAMILTON HAS BUSY DAY

DECISIONS ARE GIVEN IN SEVERAL CASES—LEROUX ALIENATION CASE TODAY.

Hamilton, Feb. 6.—(Special).—Today was a busy one in the district court, several cases being disposed of. The case of the First National bank of Iowa City against E. E. Smith, an action for debt, came up this morning but ended abruptly. The court instructed the jury to bring in a verdict for the defendant, which it did. The lien foreclosure case between Joe Leroux and J. G. Hendrix was dismissed as settled.

This afternoon the case of Joseph A. Sersman against James Rich and others was begun. It is a suit for an injunction. It is expected that the jury will be given the case before tomorrow noon.

Tomorrow noon the damage suit between Joseph Leroux and C. P. Mandall will be taken up. In this case Leroux brings action against Mandall for damages because of the alleged alienation of the affections of the plaintiff's wife by the defendant. C. S. Wagner and George Baggs are the defendant's attorneys, while John Tolman of Missoula will appear for the plaintiff.

MERCHANTS MEET AT LUNCHEON

HAMILTON BUSINESS MEN HOLD ANOTHER SUCCESSFUL NOONDAY MEETING.

Hamilton, Feb. 6.—(Special).—Another successful noonday luncheon was held at the Ravalli hotel today by the Hamilton Chamber of Commerce. Twenty-five local business men sat down to the meal. Before adjournment it was decided that the next general meeting of the organization be held at the chamber of commerce building on Wednesday evening, February 8. The proposed "Reciprocity Treaty with Canada," was chosen as the principal topic for discussion. P. J. Shannon and D. O. Welty were appointed as a committee to report on the treaty, in regard to its provisions, at the meeting. Two other live subjects will also come up for discussion.

Besides the general talk that characterized today's meeting, Charles Rode of Chicago, auditor for the Bitter Root Valley Irrigation company, gave a short but interesting talk on his impressions of the Bitter Root valley. Mr. Rode told of the beautiful scenery which had made a lasting "booster" of him, and of the growing interest which was being manifested by all classes of Chicago people. On behalf of the company with whom he is associated, he stated that the big ditch project were all much interested in the valley and were in favor of any move that looked to its betterment.

STATUTE PERMITS CHICAGO SUFFERING TWO DEPUTIES IN STORM

MISSOULA COUNTY CLERK OF THE COURT IS ALLOWED ONLY TWO ASSISTANTS. LIVES ARE LOST AND MUCH DAMAGE IS DONE—MILLION DOLLARS LOST.

Helena, Feb. 6.—(Special).—Attorney General Gale today rendered an opinion respecting clerkships in the office of the clerk of the district court of Missoula county, the opinion being addressed to E. C. Mulrooney, its county attorney. The questions submitted follow:

"Missoula county is a county of the third class. The judicial district of which it is a part comprises Ravalli, Sanders and Missoula counties and has two district judges. I am in doubt as to whether the clerk of the district court of Missoula county is entitled to one chief deputy at a salary of \$1,800 a year, and one other deputy at a salary of \$1,500 a year or whether he is only entitled to two deputies at a salary of \$1,500 each, and as to the intent of the legislature as expressed in H. B. No. 202 amending section 3118, that counties of the second and third class should have the deputies mentioned therein."

The opinion says "that Missoula county, being a county of the third class and being embraced in a judicial district consisting of more than one county, does not come within the provisions of section 3119 of the revised codes as amended by the laws of 1909, wherein the clerk of the district court, in a county having more than one deputy clerk, is entitled to four deputy clerks. Though the Fourth judicial district of which Missoula county is a part has more than one district judge, still it is apparently the intention of the legislature and clearly the intent of the statute that when the number of deputies shall reach four, there shall be more than one district in the county. That being the case, the maximum number of deputies to be allowed the district clerk in your county would be two, unless the county commissioners, in their discretion, saw fit, taking into consideration the volume of business handled in the clerk of the court's office to allow him extra deputies. There is no discretion in the commissioners to pay any greater or less amount than the figures named in section 3119 as amended by the laws of 1909. Therefore, the clerk of the district court of Missoula county is entitled to two deputies at a salary of \$1,500 each."

Chicago, Feb. 6.—The snowstorm that struck this city yesterday, filling the streets with hunk drifts, delaying railroad transportation and temporarily tying up street car and elevated train service, passed on to the east late today.

The storm center moved eastward to Indiana, and the United States weather bureau predicted clear weather for the middle west tomorrow.

The loss here to traction, telegraph and telephone companies and the city is estimated at \$1,000,000. Surface traction companies came to a practical standstill in the loop in the rush hours tonight.

Special efforts had been made to provide for the homebound workers, but when several hundred thousand employees in the office buildings downtown swarmed into the cars it was practically impossible to clear the tracks and most workers were delayed several hours.

Nearly eight and a half inches of snow fell and, as the storm was accompanied by a high wind, many of the streets outside of the loop are blocked by drifts several feet high and reaching from curb to curb.

The situation became worse tonight, when the temperature dropped below freezing and sleet covered the drifts. Four fatalities and numerous accidents, some of them serious, were reported to the police.

A score of persons had narrow escapes when, in the height of the storm, a Ford Marquette switch engine collided with a Forty-seventh street car at Southwestern avenue.

Three were seriously hurt and taken to hospitals. Members of the train crew said the blinding snowstorm prevented them seeing the street car.

TO INSTALL CLOCKS IN HAMILTON

WESTERN UNION TELEGRAPH COMPANY RECEIVES SHIPMENT OF TIMEPIECES.

Hamilton, Feb. 6.—(Special).—A shipment of electric clocks, which are to be installed in several of the business houses of this city by the Western Union Telegraph company, have arrived at the company's local office and will be put in place soon. All of the clocks will be connected with and operated by a large master clock located in the company's office here. If the timepieces do not vary more than one minute each hour, all will strike the hour simultaneously and also show corrected time. The clocks will be installed in the following places: Post-office, Southern bar, Citizens' State bank, J. M. Flugstad, Model restaurant, J. G. Barron and the county clerk's office. W. H. Trisk, manager of the company's office here, stated this morning that part of the shipment had not yet arrived but was expected within the next few days, and that with their arrival the system would be installed.

NEW OFFICE.

Hamilton, Feb. 6.—(Special).—Johnston Bros. have remodeled the building recently vacated by the J. C. Moore bakery and will move their real estate office to its new quarters about the 15th of this month. A new floor has been laid, the walls papered and the woodwork freshened with a coat of paint. The room which they are occupying at the present time will be offered for rent as soon as they vacate it.

DON FULANO SHOWN.

Hamilton, Feb. 6.—(Special).—The "Four-Footed Pest" is the subject of a moving picture reel being shown at the Lyric theatre this week, in which Don Fulano the educated Bitter Root horse, is the principal actor. This now famous horse was trained in this city by Dr. Fred Ellis, who still owns him.

CATARRH A SYSTEMIC BLOOD DISEASE

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mucous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the bottom of the trouble and makes a complete and lasting cure by PURIFYING the blood. Then the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

ODEA'S MESSAGE

The Chicago Association of Commerce recently added nearly 1,000 members, making a total of 4,000 who pay \$50 a year each. The membership is divided into 75 groups, each of which represents some trade, business or profession. The board of directors meets four times during the year, but delegates its power to a committee of 23, which meets as often as is necessary.

The convention bureau of the Chicago association is being the best in the world. Mr. Curt M. Treat, the commissioner in charge, spent \$40,000 last year and secured over 200 conventions.

The Chicago association has just completed a trade excursion campaign for Japan, each paying his own expenses, about \$500.

NEW CABLE CUT IN.

Hamilton, Feb. 6.—(Special).—The Rocky Mountain Bell Telephone company has just cut in a new 100-pair cable in this city, which relieves the congested condition in the southern part of the city and in the additions. This cable work is in addition to the estimate for over three miles of new cable, work on which was begun some time ago. All of this estimate is now up, and as soon as the cable splicer has completed his work, the cable will be ready for use in handling the company's business. In addition to the local work, the company is rebuilding its entire system at Stevensville.

"THE JOKERS JOKED"

Hamilton, Feb. 6.—(Special).—The "Jokers Joked" or caught in Their Own Trap" is the title of a comedy put on last evening by H. Joe Gebeau, Dr. Fritz Buchen and George W. Reeves, the production consisting of three acts, the scenes being laid on the village street, in the sheriff's office and in "Judge" W. Perry Baker's office. The automobile belonging to Dr. R. L. Owens was left in front of the opera house last evening, which fact led to the trouble. The first mentioned trio chuckled with glee as they ran the gasoline buggy around the block out of sight. The next scene was laid at the sheriff's office where the three culprits, bedecked with iron wristlets, were taken, following an arrest on a warrant sworn out by County Attorney R. Lee McCulloch. From there they were hustled to "Judge" Baker's office and their trial begun. "Petty larceny" was the charge, as the automobile stolen was a small one, a runabout of unknown speed. During all this unswerving red tape, the humor of the situation had failed to trickles through one of the prisoners' minds, with the result that dark, threatening clouds loomed up on the horizon. The plaintiff, at this point in the proceedings, withdrew his complaint and the proceedings came to an abrupt end, the prisoners were released, and the crowd dispersed. It is understood that a warrant will be issued later charging Dr. Buchen with exceeding the speed limit in getting away with the automobile.

MARUADING BURGLAR DRIVES WOMAN CRAZY

Spokane, Feb. 6.—Crazed by fright, caused by the efforts of a burglar to break into her home seven miles from Coeville, Mrs. Charles Haas, a farmer's wife, appeared at a neighbor's house Sunday morning barefooted and violently insane. With her eyes her three little children with feet frozen by tramping three miles through the snow without shoes or stockings. The deranged woman was committed to an asylum.

MARKET MOVEMENT OF THE DAY

PROSPECTOR BURIED IN A BIG SNOWSLIDE

Anacosta, Feb. 6.—(Special).—Thomas Ritchie, a well-known prospector of this section, brings to Anacosta a story of having been buried five hours under an avalanche. He was working near Gold Coin and was coming down the hill with his Spanish dog to dinner. He heard a roar and turned just in time to see a great mass of snow coming. It caught him and buried him, at the same time rendering him unconscious. When he came to he was packed in the snow and his arms were held fast to his side. By a mighty effort he worked his arms loose and began pulling the snow down from over his head and tramping it under his feet until he reached daylight. When he got home to his cabin he figured he had been buried five hours. The dog was recovered by hard work nearly three days later. It was alive.

TO PROSECUTE GIRL FOR CROOKED WORK

Butte, Feb. 6.—(Special).—When a certain girl left Butte nearly two years ago, she was Mamie Sullivan. When she was brought back a few days ago from LaCrosse, Wis., she came as Mrs. E. G. Ladovic, with a criminal charge hanging over her. It is charged that she stole a valuable diamond ring from her mother and borrowed money on it from a pawnbroker with which to "stake" another girl to get married. The charge against the girl fell through and she left here and got married. Her mother recovered her diamond. Now the pawnbroker wants his \$55 back and the state is going to prosecute the girl for getting the money under false pretenses.

MAYOR FRED A. BUSSE WILL NOT RUN AGAIN

Chicago, Feb. 6.—Mayor Fred A. Busse announced today that he would not be a candidate for re-election at the primaries and election this spring. Alderman Charles E. Merriman, a Chicago university professor, and John R. Thompson, former county treasurer, are the leading candidates for the nomination of the republican ticket. There are three democratic aspirants for the nomination—former Mayors Dunne and Carter Harrison and Andrew J. Graham, a banker.

EUROPEANS KILLED.

Paris, Feb. 6.—A Paris dispatch received here today from Melilla states that four Europeans, traveling from Oran, Algeria, to Melilla, were assassinated by Riff tribes on January 29. A fifth member of the traveling party made his escape.

CHICAGO SUFFERING IN STORM

LIVES ARE LOST AND MUCH DAMAGE IS DONE—MILLION DOLLARS LOST.

Chicago, Feb. 6.—The snowstorm that struck this city yesterday, filling the streets with hunk drifts, delaying railroad transportation and temporarily tying up street car and elevated train service, passed on to the east late today.

The storm center moved eastward to Indiana, and the United States weather bureau predicted clear weather for the middle west tomorrow.

The loss here to traction, telegraph and telephone companies and the city is estimated at \$1,000,000. Surface traction companies came to a practical standstill in the loop in the rush hours tonight.

Special efforts had been made to provide for the homebound workers, but when several hundred thousand employees in the office buildings downtown swarmed into the cars it was practically impossible to clear the tracks and most workers were delayed several hours.

Nearly eight and a half inches of snow fell and, as the storm was accompanied by a high wind, many of the streets outside of the loop are blocked by drifts several feet high and reaching from curb to curb.

The situation became worse tonight, when the temperature dropped below freezing and sleet covered the drifts. Four fatalities and numerous accidents, some of them serious, were reported to the police.

A score of persons had narrow escapes when, in the height of the storm, a Ford Marquette switch engine collided with a Forty-seventh street car at Southwestern avenue.

Three were seriously hurt and taken to hospitals. Members of the train crew said the blinding snowstorm prevented them seeing the street car.

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its soiling quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c, and \$1.00 a bottle, or sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by Missoula Drug Co.

ADMITTED TO PRACTICE.

Grain and Provisions.

Chicago, Feb. 6.—Widespread snow, directly a benefit to fall-sown grain, carried down the prices of wheat today but the far southwest, where moisture would be of the greatest help, received but little. An unexpected big increase in the visible supply had a similar drawback as a bear influence. News regarding the French tariff proved another two-sided affair. Throughout the session there was no improvement in cash demand. May fluctuations ran from 95% to 96%, with last sales at 95 1/2% a net loss of 1/2%, compared with 48 hours previous.

Unmistakable depression decreased trade in oats. Lowest points thus far on the crop were reached, but there was some reaction. May varied from 32% to 33% and closed 1/4% net lower at 32 1/2%.

Metals Market.

New York, Feb. 6.—Standard copper quiet, spot, \$129.20; London firm, spot, \$125.75. Lake Copper \$122.50 @ \$122.75; electrolytic, \$122.75 @ \$122.85 and casting, \$122 @ \$122.25. Arrivals reported at New York 750 tons. Custom house returns show exports of 5,784 tons so far this month.

Lead dull, \$4.40 @ \$4.50 New York. London spot, £13 2s.

Spelter firmer, \$5.40 @ \$5.50 New York. London spot, £23 10s.

Chicago Livestock.

Chicago, Feb. 6.—Cattle, receipts estimated at 17,000; market 10c higher; beefs, \$4.85 @ \$5.80; Texas steers, \$4.00 @ 6.50; western steers, \$3.75 @ \$5.50; stockers and feeders, \$3.75 @ \$5.75; cows and heifers, \$6.50 @ \$8.

Hogs, receipts estimated at 31,000; market, 5c higher; light, \$7.50 @ \$7.85; mixed, \$7.40 @ \$7.80; heavy, \$7.10 @ \$7.45; rough, \$7.10 @ \$7.30; good to choice heavy, \$7.30 @ \$7.65; pigs, \$7.60 @ \$7.95; bulk of sales, \$7.50 @ \$7.70.

Sheep, receipts estimated at 18,000; market strong; native, \$2.50 @ \$4.30; western, \$2.25 @ \$4.30; yearlings, \$4.40 @ \$5.50; lambs, native, \$4.25 @ \$7.10; western, \$4.40 @ \$6.10.

Money Market.

New York, Feb. 6.—Close: Prime mercantile paper 4 to 4 1/2 per cent. Sterling exchange steady with actual business in bankers bills at 48.30 @ 48.40 for 60 day bills and at 48.35 for demand.

Commercial bills, 48 1/2 @ 48.3. Bar silver, 51 1/2. Mexican dollars, 45c. Government bonds steady; railroad bonds steady.

Money on call steady, 2 1/2 @ 3 per cent; ruling rate, 2 1/2 per cent; closing bid, 2 1/2 per cent; offered at 3 per cent.

Time loans steady and fairly active; 60 days, 3 per cent; 90 days, 3 1/2 per cent; 6 months, 3 1/2.

The Bitter Root Valley

A PACIFIC SLOPE LAND FAMED FOR ITS PERFECT FRUIT AND ITS GREAT PROFITS

The Valley of Opportunity

A single acre of land in this valley has been known to produce a net profit of over \$1,800 in one year; \$500 annual net profit from an acre of land is a common event.

Crops never fail, fruit pests are unheard of and fatal diseases among stock, hogs and poultry are unknown.

Water for irrigating purposes in accessible and inexhaustible quantities.

The beautiful mountain scenery, an abundance of pure water, healthful mountain air, unrivaled climate, good means of transportation, convenience to markets, good schools, close proximity to state university, and the lowest cost of living all combine to make this locality the most ideal place for a home in the great northwest.
