

MULRONEY SCORES VICTORY AND IS GIVEN VINDICATION

County Attorney Insists That Mayor Logan's Accusation Be Brought Before Court.

ANSWER IS HELD TO BE SUFFICIENT EVIDENCE

John H. Tolan, Appointed by Judge Webster to Conduct Trial of State's Regular Representative, States There Is No Cause for Action--Evans Dismisses Noonan Complaint.

Complete was the vindication accorded County Attorney Edward C. Mulroney in the district court yesterday afternoon, when the accusation brought against him by Mayor Logan was dismissed by Judge Webster.

The court, having heard counsel as to the accusation filed against the county attorney and the county attorney's answer to said accusation, and being satisfied that the facts do not justify a removal, does hereby order that the case be dismissed and judgment entered in favor of the defendant.

The accusation against Mr. Mulroney asked that he be removed from office, and, in his answer, the defendant practically charges that the action against him was the fruit of a conspiracy to discourage the prosecution of men indicted by the recent grand jury.

Mr. Mulroney won another victory yesterday, when the suit brought against him in the name of Pat Noonan was dismissed, at the plaintiff's cost, by John M. Evans, Mr. Noonan's attorney.

Mr. Mulroney's explanation of how he was unable to pay the money until arrangements agreeable to the Amador people had been made has been published in this paper.

Admits that he was at all times mentioned in the said accusation the duly elected, qualified and acting county attorney of Missoula county, state of Montana; alleges that his first term of office began on Monday, January 4, 1909, and ended on Monday, January 2, 1911, and that he is now serving his second term of office, which began January 2, 1911.

Denies that he wilfully and unlawfully failed and neglected to file in the office of the county clerk of Missoula county, Montana, any account or accounts required by law to be filed by him, but states the facts to

An Explanation.

That on Saturday, the 27th day of November, 1909, defendant was called to the police headquarters in the city of Missoula, Montana, in the night time, to investigate an alleged burglary of the Los Angeles Winchouse, on West Main street in the city of Missoula; that upon defendant's arrival at said police headquarters defendant found that one Frank Schultz was being held and questioned concerning the alleged burglary; that the circumstances as related to and

learned by defendant seemed to connect one J. F. Miller with the commission of said crime; that thereupon defendant advised the police officers (the investigation being made by the police department), to search the business premises and home of the said J. F. Miller, and if they deemed that the circumstances would warrant it, to arrest the said Miller and bring him to the police department; after a

CALL IS ANNOUNCED FOR EXTRA SESSION

Washington, March 4.—President Taft today fixed April 4 as the date for the convening of the Sixty-second Congress in extraordinary session.

The proclamation follows: "Whereas, by the special message dated January 28, 1911, there was transmitted to the senate and house of representatives an agreement, between the department of state and the Canadian government in regard to reciprocal tariff legislation, together with an earnest recommendation that the necessary legislation be promptly adopted, and

"Whereas, a bill to carry into effect such agreement has passed the house of representatives, but has failed to reach a vote in the senate, and

"Whereas, the agreement stipulates not only that the president of the United States will communicate to congress the conclusions now reached and recommends the adoption of such legislation as may be necessary on the part of the United States to give effect to the proposed agreement, but also that the governments of the two countries will use their utmost efforts to bring about such changes by concurrent legislation at Washington and at Ottawa.

"Now, therefore, I, William Howard Taft, president of the United States

SOME WESTERN MONTANA GIRL IS GOING TO GET A BUNGALOW THAT WILL BE A HOME FOR HER

Remarkable Offer Made by The Missoulian in Its Circulation Contest, Which Will Begin Next Week, Will Attract Much Attention Everywhere.

Biggest and best of all circulation contests ever conducted in Montana is the one which The Missoulian announces this morning.

Read the full-page advertisement which appears in this issue and get the details of the offer. Then you will agree that its like has never been presented in this state.

A beautiful home, ready for occupancy, will be the premium which will go to the winner of first honors. A brand-new, five-room bungalow, built upon two lots in the choicest part of

Residence addition will be deeded by The Missoulian to the girl who makes the highest score.

Think of it! In all the state of Montana there is no place more desirable for a home site than the lots upon which The Missoulian bungalow will be built. Just as soon as the carpenters can get it finished, this dainty little house will be ready.

This is the best premium offer ever made. It is worth the while of any girl. It will be something to inspire earnest effort.

But this is not the only inducement there is in connection with this contest. There are several others and every one of them is a good one.

The big advertisement tells all about it. Read it carefully and prepare to enter the race which will be the most interesting ever held in Montana.

There is something in every feature of the contest to make it lively! There are one or two special features of this remarkable contest which will stamp it as thoroughly original.

their condition by a little extra effort, an opportunity to win a valuable prize. The list is a long one and varied, surely you can find just what you are surely wishing.

On another page in this issue the plan is outlined in detail, a list of the prizes and their value, the conditions and those who are eligible. These prizes have all been selected with the greatest care, they are the best that can be had, they are backed not only by The Missoulian but by the dealers and are the exact articles for which

you would have to pay in cash to the dealer the amount we have set opposite each item. We will be pleased to have you call at the office and we will show you the prizes or if you like better call at the dealer's place of business and inspect them personally.

In considering the proposition let this much make its impress—one young lady of western Montana will have handed to her free within the next eight weeks the deed to a handsome piece of property including a brand new bungalow that you cannot buy for \$2,500. Eight other young ladies will receive various prizes of equal worth. It is purely with you whether you are the fortunate recipient.

The Missoulian has done and will do its part to place the prize in your hands. If you live in the country outside of Missoula you may say you have no chance. You have just as good a chance, for in all probability there will be more candidates to the amount of possible business in the country than there is in the city. Do not forget that the paper reaches already a very much higher percentage of the possible readers in the city than in the country.

It is all a question of getting out and meeting your friends and telling them in a pleasant but impressive manner your story, what you are offering them, the best paper for them that is published, the only paper with their home news and the full Associated Press reports the big news of the world. You will enjoy it when you get started; it need not take you from your regular occupation, and think of the winning. Of course, if you are situated so you can get away it is better, but if not you will be surprised at the result of your odd moments. It is just as easy to turn your visiting into practical channels as to waste time gossiping.

We want every man, woman and child in western Montana to get the contest spirit. Not all may enter for the prizes but each can help some worthy young lady and get more real pleasure out of it than the winners.

We have only told you a part of the big story. We have some new, novel ideas, some world beaters, some good ones you have never dreamed of, a plan to help the subscriber and the contestant. There is so much of it that is good that we scarcely know what to tell first. Call or write the man at the office. If there is anything that pleases him better than to tell one it is to tell two. Come in and get all the particulars. We simply can't tell you all about it here.

"SHOW-ME" LAND LAUDED BY SPEAKER-TO-BE CLARK Washington, March 4.—Speaker-to-be Champ Clark was the guest of honor tonight at the annual dinner of the Missouri society of Washington. He was enthusiastically cheered when he rose to speak and invoked laughter when he remarked on the change that a few hours could bring.

Washington, March 4.—The Sixty-first congress, heedless of one of the most important legislative tasks set before it, came to an end shortly after noon today. Within the hour President Taft had issued a proclamation calling the new congress to meet in extraordinary session at noon on Tuesday, April 4. He will then submit for ratification, to a house overwhelmingly democratic and to a senate barely republican, the reciprocity agreement with Canada. The McCall bill, carrying that agreement into effect and passed by the house, met today, at the hands of the old senate, the death knell predicted for it.

The president, warned, if not entirely reconciled, to the fate in store for the measure, was at the capitol to witness the obsequies. The bill was not allowed at any time to come up in the senate for a moment's consideration.

Tariff Board Bill Strangled. The permanent tariff board bill, forced to its passage through a reluctant senate at 6:30 o'clock this morning, was hurried over to the house, there to be strangled by a democratic filibuster.

The president, in the room reserved for him in the senate lobby, heard the news with resignation. Congress provided funds to continue the work of the temporary tariff board for another year. It was at the request of the democrats of the house and senate that President Taft fixed the date of the extra session on April 4.

The new democratic ways and means committee of the house, which also is to serve as the new "committee on committees," will meet Monday to take up its labors.

Full Democratic Caucus April 2. A full caucus of democratic members of the new house will not be held until April 2. In the meantime the

train to Helena, where he will speak in the afternoon. The address at the university in Missoula will be along educational lines. The main speech, in the afternoon, will deal at length with present-day public questions and will be one of a series of questions Mr. Roosevelt is preparing for the Pacific coast trip. Arrangements will be made by Senator Dixon with the war department for troops from Fort Missoula to participate in exercises hefting a former president of the United States.

All Pacific coast cities where Mr. Roosevelt will speak are making extensive preparations to celebrate Roosevelt day in appropriate style. Notwithstanding the convening of congress in extra session on April 4 Senator Dixon has accepted the former president's invitation to accompany him during his trip through Montana.

El Paso, March 4.—American Consul Edwards of Jaurez, today sent a telegram to Secretary of State Knox asking that he make formal demand upon Mexico for the release of Lawrence Converse and Edward Blatt. He adds that he is convinced that the two lads were kidnaped by Mexicans.

RESULTS OF SIXTY-FIRST CONGRESS

Washington, March 4.—Out of the smoke of the closing battle in congress emerge these results of larger interest:

Positive Results. Provision of \$3,000,000 for the fortification of the Panama canal. Provision for two new battleships. Reorganization of the judicial code—regarded as most important for the amelioration of the law's delays. Creation of forest reserves in the southern Appalachian and White mountains. Provision for the construction of embassy and legation buildings abroad. Provision requiring the inspection of locomotive boilers. Creating a committee of five senators and five representatives to investigate conditions in Alaska. Creating Robert E. Peary a rear admiral on the retired list in recognition of his services in the Arctic.

Negative Results. Failure of the Canadian reciprocity agreement and consequent certainty of an extra session. Failure of the permanent tariff board bill, which passed the senate but was killed by a filibuster in the house. Failure of the resolution to admit to statehood Arizona and New Mexico by a filibuster in the senate.

Failure of the proposal to increase the rate of postage on the advertising sections of the large magazines, but a commission provided for to investigate the subject. Failure of the resolution providing for the direct election of United States senators. Failure of the general age pension bill. Failure to enact the ocean mail subsidy, passed by the senate alone. Failure of the effort to unseat Senator Lorimer of Illinois for alleged bribery. Failure of bill fixing canal tolls and settling form of government for Panama canal zone. Failure of congressional reapportionment bill based on the new census.

ROOSEVELT DAY IN GARDEN CITY

Washington, March 4.—(Special.)—Former President Theodore Roosevelt has written to Senator Dixon his approval of the tentative program submitted two days ago, regarding his coming visit in Missoula. Accompanied by his secretary, Colonel Roosevelt will arrive in Missoula from Seattle on the regular train on the morning of April 12. He will drive to the Florence hotel, where breakfast will be served privately. At 11 o'clock he will visit the state university and make a short talk to the students.

At 3 o'clock he will deliver the main speech from the balcony of the Montana building. If the weather is unfavorable for outdoor speaking then he will deliver his speech at the Harnois theater.

He will remain at the hotel until the next morning, taking the regular

SENATORS REBUKED IN CALIFORNIA

RESOLUTION ADOPTED CONDEMNING THEM FOR VOTING FOR LORIMER.

Sacramento, March 4.—The assembly adopted a resolution today condemning the action of the United States senate in seating Senator Lorimer and especially rebuking the two California senators who voted for Lorimer. The resolution declares that it was "clearly and notoriously shown that the bribery was used in his election," and that in voting William Lorimer as a member of the United States senate, "this nation has been humiliated."

Assemblyman Chandler, in presenting the resolution, read a telegram from Governor Deneen of Illinois, sent in reply to an inquiry as to whether "positive proof of Lorimer's guilt" had been discovered.

In the telegram Governor Deneen stated that various representatives had testified to having accepted bribes or voting for Lorimer, but he made no direct statement touching upon Lorimer's guilt.
