SPENCER'S STARTS BIG SALE.

UNDER MANAGEMENT OF LEWIS BROS. & CO. STORE INAUGURATES BIG EVENT.

Promptly at 9 o'clock this morning the Spencer store, under the guidance of Lewis Brothers & Company, will start one of the greatest sales in the history of this city. The one purpose and intent of the sale is the raising of the sum of \$29,000 within the coming few weeks. To accomplish this end the store has made price sacrifices which are convincing that the intention to sell the greater part of the up-to-date stock of merchandise carried is backed by one of the keenest of determinations. Mr. Rocker, of the Lewis Brothers company has been busy with the head of the firm, C. H. Spencer, and C. W. King, manager of the establishment, for the past several days and late last night all three heaved sighs of satisfaction and relief as they announced that all was in readiness for the opening of the big price-clashing, value-giving event of the season. "It's a busy time we've been having," they said. "We have had our entire force of clerks busy for the past few days marking the yellow tags which you see on all the pieces of wearables throughout the store. We wish you would aid us in impressing the fact upon the minds of your readers that the goods we are placing in this sale at such low prices are not our last year's stock, but fashion's very latest demands. The entire stock is new and up-to-date. It has not been long ago that you announced in your paper Mr. King's visit of several weeks in New York City and other eastern markets, where he had been busy selecting goods for spring and early summer sale and the stock that we are going to sell during the coming days is that which he ordered

while in the markets. It is all here now and you can see for yourself that it is clean and new."

The sale has been heralded very thoroughly, both in the columns of this paper and in big double-page dodgers printed in red ink on the big job press of The Missoulian. No doubt every one in the city has been thoroughly informed through the store's advertisements in this paper concerning the sale which starts this morning and there is not a shadow of a doubt but that the sale will be popular from the moment the clock strikes nine this morning until it is declared closed.
