

MANY FRIENDS PAY RESPECT TO DEAD

FUNERAL OF JOHN WESLEY HUGHES IS HELD AT PRESBYTERIAN CHURCH.

The funeral of John Wesley Hughes was held yesterday afternoon at 2 o'clock and was attended by a large number of friends of the dead man and his family. Services were at the Presbyterian church, where the body was escorted from the Marsh chapel by the local order of Ows, of which Mr. Hughes was a member. Special music was furnished by a quartet composed of Messrs. Boling and Harrish, Mrs. W. E. Moore and Miss Bessie Wildes. The funeral sermon was preached by Rev. J. N. Maclean. The pallbearers were Frank Kern, James Shields, George Steinmuller, Jr., Minor Berry, Charles Finley and John F. Miller.

George Steinmuller, who was poisoned from eating the same wild parsnips that caused Mr. Hughes' death, was much improved yesterday and able to attend the funeral. He gave an account of the poisoning which was in substance the same as published in The Missoulian at the time. Mr. Steinmuller states that the reason Mr. Hughes thought the wild parsnips were artichokes was that he remembered that some of the latter had been planted in the Hyde garden a number of years ago. Mr. Hughes pulled up a couple of the parsnips, took them to the river and washed them and with his pocket knife peeled and ate of one. He offered some of the vegetable to Mr. Steinmuller, who took but one

slice and who made the remark that it did not taste like artichoke. Mr. Steinmuller did not swallow any of the pulp of the parsnips, which probably accounts for his escape from death.

John W. Hughes came to Montana in 1892. He taught school for several years, but had been in the gardening business for the past 10 years.

The entertainment included a number of cleverly devised games and contests, also a supper so elaborate and delicious as to merit the name of a feast. Each member of the chorus was asked to bring the "better half" as a guest and that added numbers as well as charm to the occasion.

MONEY BACK

Hyomei Cures Catarrh Without Stomach Dosing, or Money Back.

Yes, dear reader, catarrh can be cured; but not by pouring vile, nauseating drugs into the stomach.

And catarrh germs thrive, flourish and multiply in the nose and throat.

Can you kill these tough and persistent little health destroyers by swallowing pills or nostrum? Any physician will tell you it cannot be done.

HYOMEI (pronounced High-o-me) is a germ-killing vaporized air which, when breathed either through the mouth or nose, will kill catarrh germs and soothe and heal the inflamed and mutilated membrane promptly. It gives relief in two minutes.

HYOMEI is such a powerful germ destroyer that it penetrates every fold and crevice of the mucous membrane of the nose and throat.

A complete outfit, which includes inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00.

Should you need a second bottle of HYOMEI the price is only 50c.

George Freishelmer and leading druggists everywhere sell HYOMEI.

SPECULATION RIFE.

Wallace, April 20.—(Special)—Although Mayor-elect James H. Taylor and the new councilmen take office next Monday, no announcement has been made as to the appointments to be made and speculation is rife, especially in respect to the police force. It is believed that Chief of Police Miller will be succeeded by an entirely new man, that Carlton Fox or Walter Hanson will be city attorney, and Dr. Hanson, city health officer.
