Not in recent years has any event produced such profound grief in Missoula as did the death of Colonel Marshall.

**GENERAL MOURNING**

yesterday morning, of the death of Colonel Marshall. The colonel had friends in every walk of life; the children knew him and loved his cheery nature, which he never failed to give them; their elders knew him and admired him for his splendid talents and respected him for his unflinching courage. The news of the colonel's sudden death brought a sense of personal bereavement to thousands of people in the city, in the Bitter Root and in Sanders county. All day there were inquiries for news of the sad event and always there was an expression of sincere regret. These inquiries came from all sorts of people. It was an unconscious tribute to the high esteem in which Colonel Marshall was held in Missoula and for the place he occupied in the hearts of his neighbors. The day was one of mourning and the expressions of grief were not perfunctory; they came from the hearts of those whose lips uttered them.

**LINDSEY COMING**

The coming of Judge Ben Lindsey, Thursday evening, in the university lecture course will be one of the rare treats which Missoula has enjoyed as a result of the arrangements which the managers of the course have made. In all the world there exists no exact parallel of Denver's "little judge." He is so general. He comes to Missoula at a time which is specially propitious and there should be a splendid audience to greet him when he comes. The local playground movement, just starting, is for the benefit of the youngsters and it is for these youngsters that Judge Lindsey has labored with such conspicuous success. A threatened conflict of dates has been happily averted and the lecture will be held in the Harnois theater. "We hope there will be proper appreciation of the worth of Judge Lindsey," said Dr. Elrod, who is one of the managers of the university course. "I regard him as one of the really great characters of this generation. I know Missoula will welcome him and I am glad that we are able to state positively that the lecture will be in the Harnois theater."

**OPEN-AIR CONCERT**

The Missoula band announces an open-air concert for Thursday night at the courthouse square. The concert will be held early so as not to interfere with the Lindsey lecture, and an excellent program is assured. The band had planned a concert, as announced, for Sunday afternoon, but unavoidable occurrences interfered and made it impossible for all of the members of the band to appear. The concert Thursday night will be specially good; the program has been arranged with special care and the musicians hope to atone for whatever disappointment they caused by the mishap of Sunday afternoon. They invite all their friends to hear their program, which will be given from the courthouse steps and will begin at 7:15 sharp. "We shall welcome a large audience," said Manager Martz last night. "I think the program will be found pleasing and the practice has been so thorough that I can guarantee an excellent performance."

**CHURCH GROWS**

The walls of the new Methodist church are rising rapidly and the building is assuming definite shape. During the past few days the bricklayers have made a worthy showing in their part of the construction and last night there were good many interested visitors at the structure. The exterior walls will be convenient and the auditorium will be spacious. It is expected that the work will progress rapidly now and that there will be no delay in the completion of the building, which will be one of the finest churches in the northwest. The methodists are looking forward to occupying the new church home with a great deal of pleasure. The work that has been done in the past fortnight indicates that their anticipation will soon be realized and that their high expectations are fully warranted.

**ELKS ARE PLEASED**

The Hell Gate Elks, too, are watching their building with no small degree of satisfaction and there is ample warrant for the pleasure which they feel. The new structure is rapidly assuming full shape; the handsome front is almost finished and stands as one of the most impressive pieces of architecture in the city. The building committee has practically completed its plans for finishing the work and it seems certain now that the splendid structure will proceed without any delay to full completion. Each day adds to the impressiveness of the appearance of the building and each day finds added interest in the work on the part of the Elks and their friends. "There are to be thirty rooms on the top floor, which will be home places for the Elks," said Jim Rhoades yesterday. "Many of these have been engaged already and there will be none of them vacant by the time the building is finished. The building will be a source of pride to everybody in town. And it will be finished quicker than most people realize."

**FOR RENT**

**SOCIALIST SPEAKS TO PEOPLE**

**TOM LEWIS, NATIONAL ORGANIZER OF PARTY, DELIVERS ADDRESS ON THE STREET.**

Tom Lewis, a national organizer of the socialist party, spoke for two hours last night to an audience of about 100 workers at Higgins avenue and Main street. He made an eloquent plea for working class solidarity along political lines. He said in part: "Political parties are but the reflex of economic power, and to be successful they must represent an interest. The socialist party is bound to become dominant because it represents the interests of the working class, which constitutes 80 per cent of the people. The sooner this class awakens to this fact the sooner it will emancipate itself from wage slavery. While all great revolutions since the dawn of history have been bloody, the oncoming social revolution will be peaceful because of the fact that it will be the result of intelligent organization in the use of the mental faculties to settle all questions, rather than the sword. We socialists do not preach class hatred; we simply point out to the working man that there is a class struggle going on in present society, the result of forces which no man has any control, and show him on which side he belongs in this great conflict." Mr. Lewis will go from here to Butte, where he speaks tonight.

**KIRKWOOD LECTURES ON MEXICO**

**UNIVERSITY PROFESSOR SPEAKS INTERESTINGLY OF OUR SOUTHERN NEIGHBOR.**

Professor J. E. Kirkwood lectured at the county high school last evening on "Mexico." His talk was extremely interesting and was greatly appreciated by the large audience which heard it. Professor Kirkwood lived and conducted scientific researches in Mexico for some time and his lecture last evening was for that reason doubly interesting.

The lecture was profusely illustrated with stereopticon views which showed typical landscapes, plants and animals of Mexico. Professor Kirkwood talked of industries and topography and left his hearers with a good idea of the desert and mountain country and of the life of the Mexican people of city and country.

The lecture was appreciated the more because of the interest which is being displayed in Mexico at the present time. The habits and condition of the poor class and of the richer Mexicans were clearly described and their economic relations shown.

Particularly instructive was the lecturer's description of a typical Mexican village. The town which he took as an example was one of the ancient Aztec villages, with the manor house and the church in the center with the squalid homes of the peons about them. Dirty and uncared for are the homes of the poorer classes. The people are for the most part lazy and filthy, and pigs and chickens are found in their houses. The homes of the upper class, on the other hand, while lacking architectural beauty, are sumptuously furnished and are provided with every modern luxury.

**REMOVAL SALE**

Unprecedented bargains in trunks, bags and suitcases while this sale lasts. If you intend traveling this summer, now's the time to supply yourself with the necessary baggage. You don't get an opportunity like this very often and "you'll have to hurry" as sale will be discontinued as soon as surplus stock is disposed of.

**CITIZENS WILL SEE PAVEMENTS**

**COMMITTEE TO INVESTIGATE PAVEMENTS IS MEETING'S CONSENSUS.**

The property-owners of the streets to be included in the paving district proposed met with the city council last evening, were given the freedom of the council chamber and decided that the best way to get results would be to investigate all manner of pavements. Having reached this conclusion, it was easy for the men who will pay for Missoula's paved streets to decide that Mayor Logan should appoint a committee of five business men, these to visit cities where there are pavements of the several sorts manufactured and report back. It was also decided that the city shall pay the expenses of the committee, but that its members shall donate their time for the common good. Then the council adjourned, sine die.

There, that's what the city council and the business men of the uptown district did last night. The doing took several hours and there was interesting discussion all that time. The attendance was large and representative. It was agreed, generally, that there must be pavement, but it was also the consensus of opinion that investigation must be made before the district commits itself to any one kind of pavement. The meeting was, in a way, productive of much good. At the request of Mayor Logan, the citizens present took charge of the meeting. J. M. Keith, ex-mayor, chairman. Mrs. Honora Houghton occupied the seat of her brother, Alderman W. W. McCormick.

The following expressed their views last evening:  
J. W. Lister, A. L. Duncan, F. H. Woodry, Jr., Andrew Logan, J. M. Keith, J. L. Wallace, J. J. Corbett, C. L. Cowell, H. L. Shapard, C. W. Swearingen, J. M. Lucy, Herman Kohn and others.

After the meeting Mayor Logan announced that he would select the investigating committee within a few days.

**CORONER HOLDS INQUEST.**

Last evening an inquest over the remains of Bartleim B. Masz, the man who was killed by Northern Pacific passenger train No. 41 at a point a mile east of Missoula Saturday morning, was held by Coroner Marsh. But little testimony was taken and no facts of interest, other than those contained in The Missoulian's story at the time, were elicited. The jury's verdict was that the accident was unavoidable and exonerated the train crew from any blame.

**RECEIVER APPOINTED.**

A district-court order yesterday appointed Frank Nelson receiver for the ranch leased by him to K. L. Trammel, according to a stipulation agreed to by the parties to the suit entitled Frank Nelson against K. L. Trammel. Mr. Nelson is placed under a bond of \$5,000 and it is agreed that he personally is not to go onto the premises before May 1.

**FRIENDLY SUIT FILED BY CITY OF MISSOULA**

A suit of many defendants is that filed yesterday in the name of the city of Missoula against the Garden City Construction company, W. E. Kennedy, A. Fisher, Fred Kennedy, Roy Kennedy, Henry Johnson, the Los Angeles Wine company, the Missoula Trust and Savings bank, Frank Stinger, Robert Neely, J. E. Moody, F. C. Haverly, Peter Eickmann and the T. A. Farley company. This action is a friendly one and is taken to permit of the straightening out of affairs of the Garden City Construction company and its successors in the grading of Poplar avenue, and other work in that improvement district. There are many claims that the city council concluded it couldn't adjudicate. Hence the suit, which the city attorney filed at the request of the council.

**FUNERAL ANNOUNCEMENT.**

The funeral of the late Anton Schilling will be held Wednesday afternoon at 2 o'clock from the residence on Toole avenue.
