MISS NELLIE BOYD OF STEVENSVILLE WRITES BEST BITTER ROOT STORY

Prize Winners for Scholastic Productions in the O. W. Kerr Land Company Contest Announced by Judges—Many Receive Honorable Mention—Missoula School Children Furnish Greatest Number.

PRIZE WINNERS.

First prize—Nellie Boyd, Stevensville, \$35.
Second prize—Therza Harrington, Missoula, \$20.
Third prize—Helen Stoddard, Missoula, \$15.
Fourth prize—Winifred Salisbury, Hamilton, \$10.
Fifth prize—Blanche Rainville, Missoula, \$5.
Sixth prize—Ralph Graves, Missoula, \$3.
Seventh prize—Flora Williams, Missoula, \$2.00.
Ten prizes of \$1.00 each to Avis Irvine, Florence Phillips, Josephine Shedy, Edna E. Inch, Lewina Answorth, Sidney Howard, Frank Locke, Milton Boughton of Missoula, and Lois Showell of Stevensville.

The above are the prize winners in the story-writing contest which has been conducted for six weeks by the O. W. Kerr Land company through the Missoula Chamber of Commerce. There were two sets of prizes offered for the best stories on the Bitter Root valley, one division being that open to everyone in the state, the prize being \$50, and the other to be entered only by school children of the state. The winner of the general prize was announced in The Missoulian some days ago. Yesterday the judges finished marking the stories from the school boys and girls and announced the winners. In addition to those awarded prizes, the following secured honorable mention:

Honorable Mention.

Elva McDaniel and Carrie McClay, Carlton; Richard F. Sullivan, Hamilton; Wilkes Duffield, Stevensville; Genevieve Pritchard, Mae Gates, Hamden Forkner, Charlotte Stone, Bessie McClelland, James Dorsey, Margaret Beck, George R. Smith, Genevieve Crouch and Hollis Hovey, all of Missoula.

Other Entries.

Other entries were as follows: From the Bitter Root valley—Clara MacLay, William McDaniel, Lulu E.

Mathews, Nellie Smith of Carlton; Feraba Ward and Esther I. Ward of Conner; Marjorie Hanault and Clara Logan of Coner; Esther Warner, Hamilton; Wellington I. White, Corvallis; Grace Burch and Mardell Phelps of Stevensville, and Helen Weatherstone of Alberton.

From Missoula Schools.

Ozeta Hatcher, Mabel McConnell, Hunt, Ruth C. Beebe, Katherine Mills, Ethel DeLong, Martha Shoe, Clyde Boney, Burdette Lanning, Gertrude Hassler, Catherine Mills, Genevieve LaPointe, Mildred Thompson, Elma Isley Peterson, Minnie Berkhart, Hugh Williams, Irvine Bennett, Berenice Dory, Rudolph Kroone, Lucy Whitcomb, Violet Hall, Lorretto Duffy, Phebe Etor, Frances Blakely, Ruby McClellan, Zena Edwards, Louis Eckmann, Edna Anderson, Mabel Weston, Lelia Parson, Manilla Schmidt, Alma Wohlsehlag, Edward Dawson, Agnes Lajeunesse, Helen Arnold, Frank Miller, Grace Jones, Robert MacLean, Mary Wright, Florence Hall, Helen Cury, Gladys Peterson, Mabel Carson, Loretta Imobersteg, Earl Huff, Ruby Turner, Maude McAllister, Kenneth Sablin, Dorothy Wilkinson, Donald Stewart, Anna Purdie, Ethel Withee, Will Russell, Evelyn Rafferty, Marie Hansen, Flora McLaughlin, Wilmet Buswell, Ruth White, Lewis Brown, Rhea Johnson, Mammie Hunt, Homer D. King, Agnes Palm and several others without names.

Even Reesley, turned in a very creditable essay bound in cardboard with original drawings in colors of Bitter Root apples.

The following is the prize-winning story:

The Bitter Root Valley.

Nestling among the snow-capped peaks of the Bitter Root range beams the beautiful Bitter Root valley, the garden spot of the northwest. It is a veritable paradise of magnetic mountains, wild flowers and sparkling streams. On the west rises the main range of the Bitter Root mountains, clothed in dark blue and green, and capped with sparkling snow and ice. Surrounded by the pine-clad moun-

tains and fanned by Pacific breezes, this valley is noted for its balmy, invigorating climate. The summers are long and pleasant, and are never extremely hot, as there are always refreshing breezes. The average rainfall occurs at the time when it is most beneficial—in April, May and June. The winters are mild and dry, the thermometer rarely registering below zero.

The Bitter Root valley is irrigated by canals built by the different land companies. The Bitter Root river drains the valley, and together with its mountain tributaries, waters the middle and western portions.

The Bitter Root people are independent, experienced and cultured. There are four high schools and 32 school districts in the valley, with advantages of the state university at the neighboring city of Missoula. Every town has from two to seven churches, with which are connected leagues and societies for religious and educational purposes. The Bitter Root people are especially noted for their hospitality. Their hearts and homes are always open to strangers and friends.

Because of the rich soil, good climate and mountain protection, the Bitter Root valley is unusually favorable for apple culture. An unusual abundance of firm, unblemished fruit, noted for its flavor, color and keeping quality, is raised to a remarkable extent yearly. There are no pests to fight and there is always surety of a crop.

From all these conditions of climate, environment and the remarkable profit of apple raising, the Bitter Root is surely considered an ideal spot for thrift and happiness.

NELLIE BOYD, Stevensville, Montana.

FALLING AEROPLANE INJURES FRENCHMAN

Issy les Moulineaux, France, May 20.—Premier Monis and Henri Maurice Beteaux, minister of war in the Monis cabinet, were both seriously injured this morning by a falling aeroplane, while watching the start of the Paris-Madrid flying race. M. Beteaux has long been interested in the science of aviation. As long ago as 1905 he made a trip in the Lebaury military balloon.

CHALLENGERS WIN.

Cedarhurst, N. Y., May 20.—Scoring nine goals to their opponents' six, the British challengers for the international polo cup defeated a good picked team on the Rockaway Hunt club's grounds near Cedarhurst this evening. Fouls reduced the challengers' score to eight and their opponents' to 4½.

HEAT AND STORMS IN THE EAST

ILLINOIS AND OHIO SUFFER PARTICULARLY HARD FOR MONTH OF MAY.

Chicago, May 20.—Light showers in the afternoon and a heavy electrical storm before sundown brought an end today to the week of burning hot weather which has prostrated citizens in numbers previously unheard of at this time of the year. In addition, the electrical storm wrought havoc in telephone and telegraph wires. First trouble to electrical wires was reported not many miles from Chicago, north and west, but later wires to the east began to give way, indicating that the disturbance was moving across the north central states toward the Atlantic seaboard.

Another Day of Heat.

Cleveland, May 20.—Cleveland and northern Ohio suffered another day of record-breaking heat for this time of year today. There were five prostrations here and several reported throughout this section. The excessive heat is greatly increasing the mortality among babies. The highest official maximum temperature today was 89 degrees, one-half degree higher than yesterday. The thermometers in the street registered 97 at the same time. The humidity reached 70 degrees.

Joliet, Ill., May 20.—Wind and hail did many thousands of dollars damage in Joliet and Will county. Rockdale, a suburb, was the center of a small tornado. Several brick and frame houses were demolished and orchards and crops were partly destroyed. One man was killed by a broken trolley wire.

In Joliet roofs were torn off the rod mills. Trees were uprooted and fences and barns blown down.

Victim of Heat.

Toledo, May 20.—The first victim of the heat of the last few days was claimed here today when George Baymiller, 52 years old, died in a hospital.

Lightning Kills One.

Detroit, May 20.—One victim was claimed by the severe electrical storm which swept across southern Michigan today and tonight, breaking the intense heat spell prevalent for several

days. Frank Hurtubis, a paper mill man at Vicksburg, was killed by lightning.

LUMBER ORGANIZATION PURELY A SOCIAL ONE

Denver, May 20.—Officials of the Retail Lumber Dealers' association of Colorado and Wyoming today declared that they felt no apprehension regarding the government suit filed in New York against several lumber organizations throughout the country. Officials admitted that a government agent visited their offices several weeks ago and copied a number of letters from their files, but declared those letters contained nothing objectionable. They claim the organization is a social rather than a business one.

FARMERS END HOME MEETING

INTERNATIONAL INSTITUTE OF AGRICULTURE CLOSES PROFITABLE SESSION.

Rome, May 20.—The general assembly of the International Institute of Agriculture closed the most successful meeting in its history today. Forty-nine countries were represented. The American delegation took a leading part in the discussion and won all the points they sought. The assembly decided to request the governments adhering to the principles of the institution to send to the institute conditions pertaining to the principal crops for the three months preceding the harvest, and selected the American system, or "single numerical statement," for these reports.

FOR CHINESE SUFFERERS.

Washington, May 20.—The state department has transmitted to China \$4,000 received today from the Christian Herald for the relief of the Chinese famine sufferers. This makes a total of \$142,000 contributed to the fund of that publication by more than 28,000 persons.

CARPENTIER WINS.

Paris, May 20.—The French pugilist, Carpentier, tonight won a 15-round bout from Frank Loughrey of Pennsylvania on points. The 20-round bout scheduled between the Dixie Kid, the negro welterweight, and Tom ("Young") Loughrey came to an abrupt conclusion in the fourth round. Loughrey was disqualified for a foul and the fight was awarded to the Dixie Kid.

DROPS DEAD.

Be'fontaine, Ohio, May 20.—J. R. Cushing, chairman of the executive board of the National Association of Boilermakers, dropped dead here today as he was preparing to leave for Omaha to attend a meeting of the organization. Heart disease is believed to have caused his death.

CARNEGIE WANTED AS WITNESS

HOUSE COMMITTEE SENDS SUBPOENA AND OFFICER FOR LAIRD OF SKIBO.

Washington, May 20.—The trust probers of the democratic house are anxious to ask Andrew Carnegie some questions about what he knows of the steel trust. The house committee having in charge the investigation of the United States Steel corporation has taken steps to insure his presence in Washington before he departs for Scotland on his annual summer visit to Skibo castle. The committee has issued a subpoena which will be served upon Mr. Carnegie in New York, a deputy sergeant-at-arms of the house, it is said, already having gone for that purpose. Whether he will appear at the committee's next meeting on Monday when the investigation will begin in earnest, or at a later session, has not been ascertained.

Other men high in the financial and industrial world will be summoned. These will include J. P. Morgan, Charles M. Schwab and Henry C. Frick.

BUTTE BREWERY MEN GET RAISE IN WAGES

Butte, May 20.—(Special).—Brewers, maltsters, bottlers and stablemen will receive \$1.00 a week increase in wages according to the terms of an agreement entered into today by the local brewery workers' union and the employers. The agreement is for two years and was reached after deliberation of eight days. Further concession granted by the employers is granting the drivers a nine-hour day straight through. Heretofore they worked 10 hours in summer and nine in winter. When an employer wants a brewer or a maltster now he must apply to the secretary of the union.

YALE MEN ELECT.

Chicago, May 20.—Officers were selected today by the Associated Western Yale clubs, which convened here for the seventh annual meeting. Resolutions were adopted urging the election of a western man to the board of trustees of the university.
