CAUGHT ON THE RUN ABOUT TOWN

C. A. Barnes has just returned from a business visit in Wallace and other Coeur d'Alene cities. He is enthusiastic over the outlook across the range and believes the great lead district is entering upon another era of marvelous prosperity. "There is a wonderfully large output of ore from all the older properties," said Mr. Barnes to the Man About Town, "and there are several new properties which have this season entered the big mine class, among them being the Marsh—a fact which is of local interest. There is a better demand for lead ores and there has been no new lead district opened in 20 years; there were five ore buyers in Wallace, while I was there, seeking contracts with the producers. This is what the independent smelters are doing for the country. There are more men than ever at work in the Coeur d'Alene, and there is a greater amount of prospecting. The development of properties into producing mines this season has been encouraging and the great depths at which new ore bodies are being found make it certain that Wallace's prosperity is enduring."

PLAYGROUNDS WILL BE DISCUSSED

LARGE MASS MEETING TO BE HELD DURING EARLY PART OF NEXT WEEK.

"Aw, tell it to Sweeney!" was the retort of a street urchin when the features of the proposed playground for this city were explained to him. The little fellow was playing prisoner's base with a half dozen other boys and the game was taken up dodging automobiles that whizzed past them.

When told of the many advantages of the playground the eyes of the boy opened wide, and his only comment was "Lead me to it."

Already preparations are under way to assure playgrounds for the coming summer. The movement is receiving the most encouraging support from all quarters. Clergymen, business men, teachers—everybody seems to be vitally interested and a number of the business men are responding most generously toward helping this movement.

Ever since Judge Lindsey delivered his celebrated lecture on the "Misfortunes of Mickey" many began to see the importance of this movement. As a result of this awakened interest the subject of playgrounds is being discussed by various organizations and there seems to be a universal feeling that Missoula cannot afford to be without a real playground for her boys and girls.

Early next week there will be a big mass meeting, at which the subject will be discussed thoroughly and effectively. Able speakers will present the subject and explain its many features. In addition to the speeches there will be an illustrated talk on playgrounds.

The slides will show in a vivid manner the results of directed play in cities that boast of good playgrounds. These slides will be contrasted with others revealing scenes in Missoula that plead most eloquently for such a movement.

The various committees are spreading information throughout the city, but those who would like to know more about the movement are requested by the committee to communicate with Robert H. Cary of the university, who is secretary of the Playground association. He will be glad to furnish any information on this important movement. He will also receive all applications for membership. Every person interested in the boys and girls of Missoula is earnestly requested to join the association.

GOOD MEETING HELD AT BONNER

LEND-A-HAND SOCIETY OF METHODIST CHURCH RENDERS FINE PROGRAM.

The meeting of the Lend-a-Hand society of the First Methodist church at Bonner last evening was one of the best given by this active organization. A splendid program was enjoyed and the evening proved a success in every way. Excellent refreshments were served. The following program was rendered:

Recitation by the orchestra, "In a Garden of Melody."
Prayer by J. H. Inch.
Vocal solo by Mrs. W. N. Hassler, "May Morning."
Saxophone solo by Mr. Schoonover, "A Dream."
Ladies' quartet, Mesdames Hassler, Adams, Inch and McAllister.
Recitation by Miss Florence Mathews, "The Young Man Wotsey."
Violin and piano duet by Miss Marie Warner and Herbert Spokesfield.
Vocal solo by Miss Ethel Hughes, "Melody of Love."
Piano solo by Miss Shannon, "La Norma."
Vocal Duet by Misses Headman and James, "Hand Bells."
Selection by the orchestra, "Some Time, Some Where."
Recitation by Mr. Dennis.
Piano solo by Miss Bennett, "Polonaise."
Vocal duet by Mrs. Spokesfield and Mrs. Coulter, "Light at Evening Time."
Saxophone solo by Mr. Schoonover, "Tramperie."
Recitation by Mrs. G. A. McAllister, "Orphan Annie."
Vocal solo by Mrs. A. W. Coulter, "Montana."
Recitation by Miss Mathews, "The Englishman."
Orchestral selection, "Garden of Dreams."

Underwear

"NU-SHAPE" Union Suits

Ladies, you no doubt know the one objectionable feature in the regular run of knit union suits; well, we want you to know that we have overcome that objection by installing the Nu Shape suits in our underwear department. Ask to see them; it will pay you.

L. D. Converse, a successful farmer of northern Iowa, has acquired an extensive tract in the Blackfoot country and is going to engage in agriculture in Montana.

Mr. Converse was in town yesterday, preparing for his new residence in this state and getting things ready for his first season's work. He is well pleased with the prospects and has relatives and friends in his home state who are looking this way with a view to following him in his Montana enterprise. "I am much pleased with Montana," said Mr. Converse yesterday to the Man About Town. "I am especially taken with the western slope here and I believe this region has a great future before it. I have been a farmer all my life, and I am coming here to farm. I have friends in Iowa and a brother who is in the banking business, all of whom have become interested in my move, and some of whom, especially my brother, I am confident will be out here with a view to locating a farm. The conditions here are pleasing. I am confident that farming here will prove distinct success."

S. J. M. BEEBE DIES AT GREAT FALLS

FORMER RESIDENT OF MISSOULA AND HAMILTON CROSSES GREAT DIVIDE.

Word was received yesterday of the death of S. J. M. Beebe, formerly a resident of Missoula and Hamilton, at Great Falls yesterday morning. The body of Mr. Beebe will be brought to Missoula this evening and the funeral will be held Thursday afternoon.

Mr. Beebe was very well known here. For several years he was organizer for the Woodmen of the World and he helped to install many lodges in western Montana. He was in the employ of the Donohue company for several years and was also employed by the Golden Rule. For nine years he was with the Anaconda Copper Mining company at Hamilton. His wife died three years ago this month.

GOOD STRIKE MADE ON H. E. M. PROPERTY

Wallace, May 23.—(Special.)—A strike in the H. E. M. property, the news of which was carefully guarded for upward of a week, has caused a big buying boom here. The big ore body was encountered more than a week ago in crosscut tunnel No. 2, but the news was withheld from the public while the "wise ones" were gathering in many small blocks of stock.

There is more than five feet of good milling ore in the face of the drift and the ore body appears to be widening as the work is carried forward. An assay made Monday shows the ore to carry values of 5 per cent lead and 18 ounces of silver to the ton. The Edwards Leasing company is developing the property.

JURY SAYS MAXWELL IS GUILTY

SECOND CONVICTION IS SCORED HERE UNDER THE NEW DONLAN LAW.

After deliberating but a few minutes yesterday afternoon—just about long enough to cast the first ballot—the jury in the case of the state against Roy Maxwell, returned a verdict holding the defendant guilty. His punishment was left to the discretion of the court.

Maxwell was charged with living with a common prostitute, he having been arrested several weeks ago when the officers made a raid on several houses of ill fame at St. Regis. The conviction is the second secured here recently by County Attorney Mulroney under the new Donlan law. Mr. Mulroney, in his argument yesterday, denounced in scathing terms the practice which the Donlan law is aimed to defeat, his talk being one of the strongest heard in the courtroom for some time.

There are two more cases of the same nature to be tried at once in the district court. Today the case against Fred Grant is to be started. The case against James McDonald is set for the following day. Both men were taken with Maxwell in the St. Regis raid.

LOCAL SOCIETY

As-You-Like-It Club.

The last meeting for the year of the As-You-Like-It club was held yesterday at the home of Mrs. Tylar B. Thompson. About 20 members were present and the final meeting was counted one of the best. Mrs. T. A. Wickes gave a clever review of F. Hopkinson-Smith's descriptive story of Mexico, "Under the White Umbrella." Mrs. Wickes added to the vividness of her review by showing free-hand drawings, done by herself, which illustrated the points as she made them. Refreshments were served and year books were distributed, then the club adjourned to meet next fall.

Academy Girls' Picnic.

Yesterday the eighth grade class of Sacred Heart academy entertained the senior class with a picnic at the Bandmann ranch. A special car took the 20 picnickers out in the morning and returned them in the afternoon at 6:20 o'clock. Plans had been carefully laid for a thoroughly delightful time and everything went without a hitch. The eighth grade class had provided a bountiful lunch which was spread on long tables under the trees. Masses of apple blossoms were used for table decorations. Among the most fascinating amusements of the day were games in the hayloft and a visit to the power plant at Bonner. The young people and the three sisters who accompanied them were delighted with the gracious hospitality of Mrs. M. T. Bandmann and her daughters, one of whom, Miss Hebe, is a member of the eighth grade class.

The Boy Scouts.

The delightful entertainment accorded to the Boy Scouts of the Presbyterian church last Friday evening should be credited to Mrs. Frank A. Roberts instead of the lady mentioned in the account published in The Missoulian last Sunday. Mrs. Roberts proved herself to be a past master of hospitality and won the hearts of the scouts for all time.

Mrs. Book Leaves.

Mrs. W. F. Book is leaving the city next Saturday to spend the summer months east. She will go to Worcester, Mass., for a month's visit and then she will join Dr. Book in New York. Dr. Book is to lecture on "The Psychology of Learning" this summer at Columbia university. Both Mr. and Mrs. Book anticipate a very enjoyable experience with housekeeping in a furnished flat and the various sources of entertainment offered by New York city.

Humane Society Meets.

There will be a meeting of the Humane society next Friday afternoon at 2:30 o'clock in the office of H. A. Wheelton on the corner of Main street and Higgins avenue. A full attendance is desired.

Parochial and Missionary Society.

Mrs. Frank Trainor will entertain the Parochial and Missionary society of the Episcopal church on Friday afternoon at the Young Women's Christian association home, 207-209 East Cedar street.

W. C. T. U. Meeting.

There will be a meeting of the Woman's Christian Temperance union this afternoon at the home of Mrs. Corbin, 110 South Fourth street west. All ladies interested are invited to be present at 2 o'clock.

WELL-KNOWN ENGINEER DIES AT LIVINGSTON

Livingston, May 23.—(Special.)—Charles D. Ercanbrack, for over 10 years engineer on the Northern Pacific, and a resident of Livingston, died here today. Death was due to pneumonia and the end came very suddenly. Mr. Ercanbrack being sick but a few hours. He was formerly an engineer on the Burlington road and was one of the best known railroad men in the west. The body was taken tonight to Melrose, Minn., where interment will be made. His wife and brother-in-law, the only relatives, accompany the body east.

ERICKSON BURIED.

Mullan, May 23.—(Special.)—The remains of Charles A. Erickson, the well-known local miner who died here of pneumonia Friday, were buried in the Mullan cemetery Sunday afternoon. The funeral service being under the auspices of the Odd Fellows' lodge.

H. H. Bateman & Co.

P. J. Shannon, manager of the Bitter Root Stock farm, was in Missoula for a few hours yesterday, on his way from Butte to his home in Hamilton.

He was uneasy and did not yield readily to any suggestion as to a pleasant occupation for the time he was in town. Mr. Shannon is interested in baseball to the point of enthusiasm and his schedule made it impossible for him to see the game yesterday, though there were games all about him. "I have to leave Missoula too early to see the game here," said he to the Man About Town, "and I shall be too late getting to Hamilton to see the game there. I am caught between two fires and am distressed. We had a fine game in Hamilton Sunday; I saw that. Monday I was compelled to leave and I missed the second Katspelt game; today I am getting home too late to see the third. That is hard luck, especially when our boys are putting up such good ball and the team that's visiting them is so well their match."

THREE NEW TEACHERS ARE CHOSEN BY BOARD

Three new teachers were elected at the regular meeting of the school board held last evening. Those elected were: Miss Amelia Baugh of Peru, Neb.; Mary Allen of Missoula; and Alice Baker of Eagle, Wis. The bid for moving the Hawthorne from its present location to Daly addition was let to Nye H. Black. Several bids were received. After transacting regular routine business, the meeting was adjourned.

EXISTENCE EXTENDED.

Washington, May 23.—(Special.)—The corporate existence of the First National bank of Katspelt has been extended for 30 years, or until May 23, 1921.

Tom Parker of Anaconda, who has more friends than John D. Rockefeller and a whole lot better time, is an enforced sojourner in Missoula, but he is bearing up under the affliction with that fortitude and gentility which are his pronounced characteristics. Mr. Parker came from Anaconda yesterday on the local, expecting to make close connections here for Wallace. The local got pocketed behind a work train up the canyon and lay there long enough to be too late into Missoula to make connection with the Wallace flyer, whose smoke could be dimly discerned on the western horizon when Mr. Parker stepped from his train and looked about. But there's another train today, as the genial Tom observed, and he is waiting for it. "The Florence is a good place to wait; I have a fine appetite and the town looks good to me. I can worry along for a day here, all right."

HIGH-CLASS PROGRAM IS GIVEN BY PUPILS

The pupils of the Roosevelt school last evening gave a very entertaining program in the assembly room of that building. The room was filled and standing room was scarce. The program was an excellent one and given in an excellent manner. The showing of their ability reflected much credit on their ability and their teachers. The school board adjourned its session and attended the performance in a body.

PATIENT IMPROVES.

Dr. G. D. Bryant has been in attendance upon a serious case of spotted fever during the past two weeks. The patient is George Welch, who lives on Cedar street. When the case developed there was still evidence of the bite of the mosquito which was the center of inflammation. Several other local physicians visited the case at Dr. Bryant's request. A serum was administered and a hard fight was made which seems to have been successful. The patient bids fair to recover.
