Daily Puzzle

What is so rare as a real June day? That truly comes in June? A day when the laughing breezes play With orchard blooms at noon; When sunshine is mottling the orchard grass, And jewel-blue is the sky— That's the June day which comes to pass, Sometimes late in July.

Yes, a June day is rare—so rare It rarely comes at all. Half of the time the chilly air Brings thoughts of early fall; Shivering gusts of the wild March wind Cutting you to the bone. Ah! a June day of the real June kind Certainly stands alone.

Find a kicker. Answer to yesterday's puzzle: Left side down, between maid and lady.

GOLD GROWS.

THERE IS NO SAFER WAY to make your money grow than in loaning it on first-class real estate security. We have been loaning money in Montana for more than 28 years and not one-quarter of one per cent of our loans have been foreclosed, this including the panic of 1893. We have a large clientele and use great care in securing none but first-class loans. We can get you from 8 to 10 per cent on good security; most of our loans are made on two or three years time; some few on one year, interest payable quarterly. For someone wishing a monthly income of \$30, we offer first-class, fully guaranteed mortgage of \$1,500, drawing 8 per cent interest, interest payable monthly. This is returned in payments of \$30 per month and will pay out in 64 months, and will earn \$260.48 interest during that time. It is secured by good brick residence property in Missoula on which like payments have been made for the past three years. If you have money to loan, write us for list of applications of loans wanted. R. M. Cobban Realty Co., Missoula, Montana.
