

BILL BRYAN HINTS AT SOME DIRE DOINGS

PERPETUAL CANDIDATE INTENDS TO SHOW UP SOME OF THE DEMOCRATS.

Columbus, O., Aug. 14.—"I intend to devote all my time between now and the nomination to finding out things about the candidates for the democratic nomination for president," said William J. Bryan to a large audience here today.

"I am not going to mention individuals now," said Mr. Bryan. "The country has many available men. Recently I mentioned some of the men I believe to be tolerable as political candidates, and I am glad democracy is so fortunate as to have so many."

LIVELY RUNAWAY.

The spirited black horse hitched to the Florence laundry wagon, ran away yesterday and succeeded in smashing the running gears of the vehicle to kindling wood.

WOOL TARIFF BILL PASSES HOUSE

CONFERENCE REPORT IS ADOPTED OVERWHELMINGLY AND GOES TO THE SENATE.

Washington, Aug. 14.—The tariff revisionists made considerable progress in congress today. The house, by a vote of 206 to 90, without a demerit breaking the party alignment, adopted the conference report on the wool tariff revision bill and rushed it over to the senate, where it was hung up on the calendar for passage, probably tomorrow.

For this measure, which imposes a flat ad valorem duty of 29 per cent on all raw wools with correspondingly reduced rates on woolen manufactures, the other two tariff measures will be side-tracked to give it the right of way to the White House for the expected veto.

Democratic Leader Underwood, in expressing the opinion today that final adjournment will not come before next week, said that he does not expect congress to stay after the pending bills have been disposed of, "unless the senate determines to stay and act on the cotton bill."

That bill, which makes an average cut of 21 per cent in cotton duties, was debated without action in the senate today. It already has passed the house.

Mr. Underwood said the free-list bill might reach the house tomorrow for a vote, although it is not expected before Wednesday. The free-list bill, which admits a variety of products duty free, including cotton bagging, shoes, agricultural implements, flour, lumber, etc., was put in such shape that it could be considered in the senate tomorrow as a conference report if consideration of the wool bill should be delayed.

The conferees disagreed as to two vital amendments, but these, according to plans of the leaders, will be speedily adjusted by the two houses without necessity of returning the bill to conference.

The Next War Cry.

During the senate debate on the cotton bill, Mr. Cummins of Iowa, speaking on the amendment which he proposes to offer reducing the duties on iron and steel, declared that the war cry of the next campaign would be, "are we to have protection for the manufacturers and free trade for the farmer?" He declared the republican party would have to answer that question to the country.

Mr. Cummins made light of the tariff board, declaring that he "could prove by evidence far superior to the conclusions of any investigating body that the reductions he proposed in the iron and steel schedule were reasonable."

Senator Dixon of Montana expressed the opinion that the republican party would not be able to write another tariff law which the people would accept, granting protection to one part of the nation and placing the other part on a free-trade basis.

OUR RELATIONS WITH JAPAN MUST ALWAYS BE PLEASANT

TOGO PARTY AT THE TOMB OF WASHINGTON.

New York, Aug. 14.—The relations between the United States and Japan must ever be one of peace and neighborly good will. As Admiral Count Togo, speaking in his native tongue, uttered that statement today at the luncheon given jointly by the Japanese society and the Peace society of New York, only the Japanese present understood and applauded vigorously, but when Commander Taniguchi, his aide, repeated the words in English, an outburst of applause arose spontaneously from the hundreds of guests present.

"My name, Heihachiro Togo, possesses a peculiar significance," continued

the admiral. "Heihachiro signifies 'peaceful son,' and Togo means 'eastern country'—the peaceful man of the east. I consider therefore that the name by which I was christened entitles me to address you on terms of intimacy."

Great Pleasure.

"It gives me much pleasure to learn that this function has been given by the Japanese society in conjunction with the Peace society. I cannot conceive of a happier combination since the relationship between Japan and the United States must ever be one of peace and neighborly good will."

Rear Admiral Leutz, United States navy, took occasion to thank Japan for the hospitality accorded the American fleet on its recent visit.

At a banquet tonight, S. Takaki, secretary to Admiral Togo, suddenly rose from his chair while the elaborate dinner was at its height, with an expression of pain. In trying to leave the table he fell to the floor, striking his head, and was picked up unconscious.

Dr. J. Takamini, president of the Nippon club, declared that the secretary was suffering from a violent attack of indigestion. At a late hour tonight he was reported resting easier.

MARKET IMPROVES SOMEWHAT

WALL STREET TAKES CUE FROM LONDON AND SHOWS A LITTLE MORE LIFE.

New York, Aug. 14.—Taking the session as a whole, today's stock market gave a better account of itself than any day of the last week. London was again its guide, sending over a list of gains which ran from one to two points in United States Steel, Union Pacific and Canadian Pacific and later continuing its operations in this market. Discussion of fundamental market influences today covered a wide range. It was noted that the railroads' earnings the last two years have been such as to cause doubt that the company will be able to maintain the seven per cent rate on the common. Other roads are disbursing larger dividends than are believed compatible with safety or conservatism. United States Steel led the list in point of activity today, sales aggregating 299,000 shares out of a total of 728,000.

The buying of this stock was at times on a large scale and gave color to the theory that the demands came from inside sources.

A significant item touching on the Harriman properties was the announcement that decreased traffic had caused the withdrawal by Southern Pacific of four ships from its coast-wise trade.

The market was at its best in the last hour, when Union Pacific advanced to 174 1/4, a gain of four points, with a simultaneous movement elsewhere in the active group. Considerable stock came out on this rise, but the advantage was well maintained subject to slight recessions. The closing was strong. On the curb a sale of 200 shares of Standard Oil at \$6.00, its recent low price, was the only feature.

The bond market was steady at a sharp advance in some issues shortly before the close. The total sales, (par value) \$2,888,000.

United States government bonds were unchanged on call.

Table of Closing Stocks including Amalgamated Copper, American Beet Sugar, American Car and Foundry, etc.

Table of Market Movements including Southern Pacific, Southern Railway, Union Pacific, etc.

Table of Boston Mining Stocks including Allouez, Amalgamated Copper, Am Zinc Lead & Sm, etc.

Table of Chicago Live Stock including Cattle receipts, Market strong, hogs, etc.

Table of Minneapolis Wheat including Minneapolis, Aug. 14, Close, Wheat September, etc.

Table of Money Market including New York, Aug. 14, Close, Prime mercantile paper, etc.

Table of Grain and Provisions including Chicago, Aug. 14.—The grain market sagged to day and closed near the bottom, etc.

seaboard reported five loads sold for export. While world's shipments were 2,600,000 bushels less than last year's they were larger than had been expected.

Reports from the corn belt were glowing and prices declined. Cash corn dropped from 1 1/2 to 1 1/4.

Oats were unimportant. The cash article declined 1/8 to 1/4 in the sample market and futures dropped in sympathy with it.

Provisions were steady despite a heavier run of hogs than had been expected.

GREAT FLIGHT MADE BY AVIATOR ATWOOD

(Continued from Page One)

descended to replenish his supply of gasoline and lubricating oil.

All that was suffered by the man who sailed through the air at a speed greater than that of an express train was a slight buzz in his ears caused by the chugging of his engine.

"It was the smoothest, pleasantest air trip I have ever taken," said Atwood, after he had been carried off the field on the shoulders of the aviation officials.

"I saw a village or town ahead, it was joyous to see how the people turned out and attempted to shout messages of encouragement."

Atwood tonight announced his itinerary for tomorrow's flight eastward.

Today's Itinerary.

"After cutting across the south end of Lake Michigan," he said, "I will follow the Lake shore and land into Elkhardt, Ind., where I expect to arrive at 6:30 tomorrow evening. I will spend the night at Elkhardt and will start from there for Toledo at 8:30 or 9 o'clock Wednesday morning. I expect to reach Toledo at 2:30 in the afternoon and will stop Wednesday night at Sandusky. I will leave Sandusky for Cleveland Thursday morning. Unless my plans fail, I will spend Thursday night in Cleveland."

Atwood said he was making this long-distance flight as a preliminary to a flight from the Atlantic to the Pacific coast.

During today's trip Atwood carried his personal baggage in two suitcases and upon his arrival he changed clothing with comfort.

ARGUMENTS MADE.

Helena, Aug. 14.—(Special).—Arguments were made in the district court today on the motion made by the defendants in the Case-St. John's hospital action to dismiss the application for a mandate to require the hospital to admit the physician of Case to practice in the institution. For the hospital the contention was made that it was not a restraint of trade for the hospital to admit to practice only members of the Lewis and Clark County Medical society, while the other side held it was contrary to public policy.

Merchandise Reductions

For the Month of August

All purchases for the first half of the year 1911 must go before our mid-season inventory.

\$5,000.00 WORTH OF OVER-ESTIMATED WANTS FOR THE PUBLIC
