Silverware

Buyers appreciate above all else a nice, clean, up-to-date stock to choose from. The next consideration is the quality and make of the goods, and, lastly, the price. Our goods are new, clean and up to date. No shop-worn goods. They are manufactured by the best American manufacturers and are absolutely warranted. Our prices are the lowest possible consistent with the quality of the goods.

That

Is the reason why we have such a large trade in Silverware. Our customers appreciate the goods and prices and buy them, knowing that what we sell

Wears

And gives absolute satisfaction.

CROWDING THE WORK

Several new stone-setters were yesterday added to the force of workmen at the federal building and it is expected that there will be others reporting for duty this morning; they have promised to be here. The contractor is working all the men who can be placed on the job and the handsome walls of the new home of Uncle Sam are rising rapidly. If the weather man affords forty days more of working weather, the builders will have the structure inclosed, they say, so that the heating plant can be installed and work on the interior be continued through the winter. The rate this week has been a course and a half a day of the cut stone; with the added stone setters, this can be increased a little. There is no reason to look for further delay in the supply of material and the outlook for the completion of the building is brighter than it has been at any time since the construction was started. It will be a handsome building; that much is assured by the appearance of the work that has been done already. It will be a splendid addition to the city's imposing structures.

AUTUMN BLOOMS

The first of the season's chrysanthemums have appeared—they are pleasing suggestions of what may be expected when the crop comes into its prime. From the Missoula nursery a little bunch was sent this week and more are promised soon; the glass houses are filled with budding plants. Along with them came the first of the new carnations and these are singularly beautiful. There is no question as to the popularity of these flowers; they are undeniably the favorite of most people. The prospect of the gorgeous, feathery blossoms of the chrysanthemum and the compact blooms of the carnation is pleasant, except as it reminds us that our friends of the summer garden will soon have had their day. Missoula has developed into a flower city. There were never so many beautiful gardens as there have been this year and the indications are that there will be an unprecedented demand this winter for the indoor flowers. It has proved one of the great attractions of the city during the season which is now nearing its brilliant close; there have been many visitors who have been charmed with our yards and their gardens. It is a good reputation.

HARNOIS IS GLAD

Manager Harnois was pleased yesterday. He had succeeded in giving Missoula a chance to see the Russian ballet and he was able to say that he had come out even on the financial end of the proposition. It had been rather a serious undertaking for the Hoffmann company is an expensive aggregation. Missoula's attendance was greater than Butte's as the receipts showed. "It is pleasant to hear so many people praise the performance," said Uncle Charlie yesterday, "and now I am glad I signed the Hoffmann company to appear here, though at the time it seemed a serious proposition. It is an expensive company—the most expensive we shall have this season, I think. Despite the rain last night, there was a good house and I think they all enjoyed the performance. It was a risky venture in a town of this size and in a week with two other high-class performances; but it came out well and I am pleased."

DAKOTA HAPPY

State Senator I. O. Curtis of Aberdeen, S. D., was one of a hunting party whose departure for the upper Blackfoot was noted in the Missoulian a couple of days ago. Senator Curtis is an interesting man and is seeing Montana thoroughly, getting well acquainted with all its phases. He came to Missoula from Polson with friends and said he was having a pleasant time. "I feel like getting out somewhere and celebrating," said he to the Man About Town. "For we people in the Dakotas are feeling greatly relieved over the defeat of the Canadian reciprocity proposition. It meant so much to our states that the interest was keen and the delight is just as keen now that we know that our wheat market is not to be taken from us. The enactment of that law would have ruined many of our farmers and there was general despondency when the plan was ratified on this side of the border. For awhile our people didn't feel very friendly with the Canadians but we are disposed now to regard them as pretty fine fellows. They saved us, though I can't understand why they did it."

SPLENDID FISHING

There is some fine trout fishing this week and it is being enjoyed by a good many local catches and has a splendid lot of trout to show for his latest expedition, which was up Lolo. John Deffbach has been bringing in some big strings from the Bitter Root. Hickey and Perry Hoove made a successful attack upon the Bitter Root Tuesday. Chaney Woodworth is back from a business trip up the Blackfoot and he says there is a lot of good sport in the streams of that section. He brought down some photographs to prove his stories; he didn't have time to do any fishing himself. But the pictures show that there are some great trout being taken from the Blackfoot as well as from other streams. "I never saw finer trout than some that I saw up there," said Mr. Woodworth, "and the fishermen are delighted with the sport. The trout were greedy and it seemed to be a good deal like old-time fishing. I wanted to take a hand in it myself."

WALSH ACQUITTED BY JURY

DEFENDANT IN BRIBERY CASE FOUND NOT GUILTY AS CHARGED BY MONAHAN.

James A. Walsh was acquitted by a jury in the district court yesterday on the charge of having attempted to bribe Peter Monahan, when the latter was serving as a juror in a damage case against the Northern Pacific and Milwaukee railroads here several weeks ago. The case has been on trial for the past three days. Monahan made the charge that Mr. Walsh had approached him with an offer of \$100 if he would "vote right." Mr. Walsh's defense was that Monahan had approached him and solicited a bribe by asking him if he did not think something could be secured from the corporations. Mr. Walsh told Monahan that he knew nothing about it, and referred him to the company's attorneys.

It was 10:30 a. m. when County Attorney Mulrone concluded his closing argument and the case went to the jury, which deliberated until noon, took an hour for lunch and returned a verdict of not guilty at 2:30 p. m.

DISTRICT COURT NOTES.

In the divorce case of John Knachel against his wife, Marguerite Knachel, default was entered and a decree was granted in the defendant by Judge Webster yesterday.

The case of Larry Plunkett against Lew Harvey and Robert F. King was continued for the term.

BEAUTIFUL SERVICE FOR DEPARTED

REMAINS OF JUDGE G. W. REEVES VIEWED AND FOLLOVED TO CEMETERY BY FRIENDS.

The last solemn rites were performed yesterday afternoon over the remains of the late Judge George W. Reeves. Arriving in Missoula 11:30 o'clock, the body was taken to Marsh's chapel where it lay in state until 2 o'clock. Then a long procession of friends and associates of the eminent jurist followed the casket to the Calvary Christian church and there, in a masterful funeral sermon, Rev. Harold Griffin eulogized the life and the character so well known in Montana. Beautiful music and masses of flowers added the sweetness of loving appreciation to the high honors already bestowed. Following the service at the church there was a brief service at the grave in Missoula cemetery. The pallbearers were Henry C. Stiff, Judge Sloane, A. L. Duncan, Major Catlin, J. A. Baker and H. B. Campbell.

CRANBERRIES, quart..... 15¢

The first of the season—red and tart.

BIG TROUT DINNER FRIDAY

ANGLERS' ASSOCIATION WILL BE HOST AT A BANQUET TO CLOSE THE SEASON.

The members of the Western Montana Anglers' association are planning a banquet—a fish banquet, of course—which will be given Friday night at 9 o'clock in the Palace hotel cafe. It will be one of the piscatorial events of the season as well as a gastronomical incident which will be memorable. President Heimback, as the result of a successful expedition up the Lolo, has several hundred trout on ice, ready for the clever cooks of the Palace, and the dinner will be something to anticipate with great pleasure.

In addition to the members of the anglers' association, there will be a few good lars from the outside as invited guests. There will be an interesting post-prandial program which will be in keeping with the excellence of the menu. Some of the best fish ever told are in storage for the banquet and the indications are that the evening will be one of pure delight.

There will be a serious side to the occasion, however, as it is proposed to review the work which the association has done this season and to outline plans for the work of next summer. There has been a lot of good work done this year and it is planned to do even more next season. Superintendent Henlea of the state fish hatchery says that the Missoula fellows are the best bunch in the state when it comes to co-operation with him in his efforts properly to distribute fry. "Missoula has never failed to have men on hand to take care of all the fish I have brought," said Mr. Henlea the other day, "but they would take the whole car if I didn't watch it."

The fish have been carefully placed in every instance; the work has been done by willing volunteers and the cost has been borne by the local association. President Heimback, Secretary McHaffie and Chairman Bleckford of the board of directors are all enthusiasts and their associates are no whit behind them.

SHE MET WITH GREAT SUCCESS

MRS. BRIGGS MEETS AND INTERESTS THE LADIES OF MISSOULA.

Mrs. Briggs, the lecturer and illustrator at the free baking school, certainly did take the ladies of Missoula by surprise. Her success was instantaneous, judging by the enthusiastic interest of the large number of ladies present. There is no mistake about Mrs. Briggs being expert in her work; she is simply wonderful. The baking school is sure to be popular with the housewives of Missoula as there is so much that is practical and useful in everyday baking taught by this expert. Everything she does in her work is explained in an understandable way. As each recipe is put together the consistency of the dough, as it should be, is shown and are told how to control the temperature of your own oven to secure results that are unerring and satisfactory. It is noted in the work of this expert that she has no failures in baking. She serves what she bakes to the ladies present as it comes from the oven. The "Baking Powder," used by Mrs. Briggs in her work, certainly gives an astonishing result, if the food baked by it is any criterion to go by. Ladies who have tried this modern, never-failing powder are generous in their praise of it and are advising their neighbors and those they are interested in to order a can from their grocer and insist on his sending it to them at once. The "Cook's Book" which goes free to users of K C for the return to the baking school of the certificate found in each 25-cent can is the most practical and valuable ever written by Mrs. Hill, our greatest authority on culinary art. If you want to make someone happy, give them a "Cook's Book." One dollar is not more than its value.

Special subjects for Thursday: Lady Baltimore Cake, Gold Cake, Peach Shortcake.

STORM SEWER WORK IS COMMENCED

CONTRACTORS WILL ENDEAVOR TO FINISH CONSTRUCTION BEFORE WINTER.

Yesterday marked the beginning of the work on the storm sewers. The beginning was not large, but the big ditcher was wheeled into position and made ready for the strenuous work that lies before it. A small part of Higgins avenue north of the bridge was dug up and the work will be pushed rapidly from now on. Speaking of the work Superintendent of Streets Price said:

"The Kennedy Construction company did its first work on the storm sewers today. Not much was accomplished, but it was just getting things lined up for the real work. I hope that the storm sewers can be completed before winter sets in and the contractors have promised to make all the speed possible in order to accomplish this. We would like to get the streets in as good a shape as possible for the cold season."

NOTICE.

Missoula Fruit and Produce association stockholders' meeting at the Orchard Homes Country Life hall, Saturday evening, September 30. All stockholders requested to be present.

FRED T. PARKER, Secretary.

NON-SUPPORT ALLEGED.

Alleging non-support, Edith Mitchell commenced an action for divorce against her husband, Richard Mitchell, their marriage having taken place in Missoula on September 15, 1910. The plaintiff asks for an absolute divorce and the restoration of her maiden name—Edith Nuphale.

CHIEF KEMP OUT.

Chief of Police Tom Kemp, who has been seriously ill for several weeks, took a turn about town yesterday and submitted to the greetings of his many friends. Tom is looking rather thin but says he is gaining fast, a fact which is very gratifying to all who have been concerned over his condition.

NOTICE.

A meeting of the Chamber of Commerce will be held at the rooms of the chamber of commerce, Thursday evening, September 28, at 8 o'clock, to meet with the city commissioners. A full attendance is desired.

Prof. Flaecher, violin and piano lessons, 419 South Third. Bell 389 Black.

THE WEATHER

The weather yesterday was of the beautiful kind that the man behind has been handing out to Missoula during the past few days. The afternoon was especially delightful and was enjoyed to the utmost by all that were able to get out and soak in the sunshine. The following figures were issued by the local weather bureau:

Maximum..... 76
Minimum..... 54
At 6 a. m. Thermometer..... 37
Barometer..... 26.60
At 6 p. m. Thermometer..... 62
Barometer..... 26.54
Wind from the northwest. Precipitation, .03 of an inch.
