Our Ready-to-Wear Department is a popular place just now. The new fall garments are on display, and the styles are the most attractive seen in many a year. We have made a thorough research of the eastern style centers, and from the most reliable factories we have selected the best. We have bought heavily and the stocks are large, the values are good, and the assortments are the finest ever seen in the west. Even in the large stores of New York City or Chicago you cannot find better selected lines, and, as our custom has always been, we will have our prices the lowest, and while we offer only the highest class merchandise, you will be impressed with the fact that Donohue's is indeed *Missoula's Economy Center*

The materials are fine and novel-like and embrace all the popular 1911 weaves. The workmanship is perfect, and the finishings and trimmings are certainly good to see. The styles are exact copies of those seen in the fashion books, and duplicates of those worn by the society of New York and Paris. All decidedly becoming and impart a grace to the wearer that will elicit favorable comment wherever seen.
