

PAVING MEN CONFER WITH COUNCIL

STRANGE & MAGUIRE TALK OVER THE WORK ON SOUTH THIRD STREET.

Strange & Maguire, the contractors to whom the South Third street work was awarded, arrived in the city Sunday and were present at the council meeting yesterday morning. Maguire will be in active charge of the work here. Mr. Maguire said that the paving plant would probably be in Missoula within two weeks and that he hoped to have the preliminary work completed by the time the machinery arrived. "We will begin work on the storm sewer, curbs and grading at once," said Mr. Maguire. "The grading will be done with an elevated grader and a traction engine. I hope that we will be able to complete the work this fall, although that depends largely on the street car company and on the kind of weather we have. If the weather stays the way it is and the car company gets the pavement in between the tracks, I think we can finish before cold weather commences. It is quite a large proposition to set up a paving plant. Our machinery will occupy about three cars. The bitumen will be shipped in barrels and has been ordered already, so that we will not have to delay the work for this."

Strange Addresses Council.

Mr. Strange addressed the council in regard to the work and stated that his firm would like to get the storm sewers out of the way this week. He asked in regard to the pipe for the sewers. According to the specifications the city is to furnish this pipe. City Engineer Buck stated that he did not know exactly how much pipe there was on hand. It was instructed to get the pipe measured and see if any more was needed in order that arrangements could be made for its immediate delivery. Mr. Strange also asked in regard to the water connections and was assured that this matter had been attended to and that the connections were nearly all made. The few owners who had neglected the matter are having this work done and it should be out of the way before the sewer work commences. Mr. Strange stated that he had intended subcontracting the contract for the storm sewer and that the contract had been drawn up. However, he thought that the pipe question might dissuade the subcontractor from taking the job. He stated that in this event the company would do the work itself.

Auto License.

Mayor Evans said that it had been reported to him that many of the automobile owners in Missoula had neglected to pay their license. He said that it appeared to him as if the man who is able to own an automobile should be able to pay the license on it. He stated that the automobile was the most destructive vehicle on the roads and that as the money derived from these licenses went directly into the road fund, it should be paid cheerfully by the automobile owners. "I have a list of prominent men who have not paid," said Mayor Evans, "and I shall send out notices to them. The license is now \$2 a year, but I think it should be raised to at least \$20 a year. The Automobile club has generously cooperated with us and every member of that club has paid his license fee. It has furnished us a list of its members and given us every assistance."

Mayor Evans stated that he had received many complaints in regard to teams not keeping on the right-hand side of the Higgins avenue bridge. He said that he was having some signs printed reading, "Keep to the Right." The resolution providing for the assessment of the property contiguous to South Higgins avenue was read and Tuesday, October 17, at 10 o'clock set as the date for hearing objections. The assessment is for the purpose of defraying three-fourths of the cost of widening the avenue.

Police Officer Harry B. Cain was confirmed officially by the mayor, as he has served his six months of probation in a satisfactory manner.

The official bond of City Engineer Buck was approved and ordered filed. The council and H. L. Bickenbach of the street car company inspected a profile of Phillip's street. The car company wishes to extend its line on this street and the matter of grades was up for consideration. It was decided to make an inspection of the ground and at 3 o'clock the council and Mr. Bickenbach accompanied by the city engineer went out to look over the grades.

CHAMPIONSHIP WON BY FARMERS

THE RUBE GOLFERS CAPTURE THE SEASON'S LAURELS FROM THE SILVER BOW TEAM.

On the Bunnyside golf links, Saturday and Sunday, the Bitter Root farmers made the best two in three and captured the 1811 championship from the Silver Bow club's team which had come over for the occasion. The score was 17 to 8.

The tournament was the pleasantest in the series. The weather was ideal, the links were prime and the players were all in excellent form. Thacher of Hamilton lowered the course record and all of the farmers showed in such better shape than upon the occasion of their recent visit in Butte, when either the altitude or the slight of the great city bewildered them and made their play irregular and erratic.

The Bitter Root Inn served dinner for 125 people Sunday afternoon and did it well. There were more than 20 automobiles stacked at the Inn dur-

ing the afternoon. The sun never shone brighter and spirits never ran higher than at the links beside the Bitter Root. There was never any happier play and nobody ever relished a victory more than did the honest farmers who landed the championship cup for the season.

The scene was brilliant and the match demonstrated emphatically the desirability of the Bunnyside links; nowhere could there be found a setting more pleasing for golf play; the location is perfect; the surroundings are picturesque and the conditions all conspire for the enjoyment of visitors. There were many words of praise from the visitors, some of whom visited the Bitter Root Inn for the first time.

The Butte visitors were met at Missoula; most of them took the ride to the Bitter Root in automobiles; those who did not, went by train to Florence, where they were met by automobiles. There could not have been a pleasanter day nor could there have been a merrier party of players. The visitors were: Messrs. and Mesdames Longley, Haslett, McCrimmon, Holbrook and Barker; Messrs. Case, Carr, Mouthrop and Witherspoon.

Against the men of this party, the day

following played for the glory of the Bitter Root; Messrs. H. Thacher, G. Thacher, Sloan, Noble, Schlick, Sterling, Sackett, Aills, Dixon and Wukop.

CHARGED WITH MURDER.

Salt Lake City, Oct. 9.—Complaints were issued from the county attorney's office today formally charging Harley P. McWhinney and Samuel Kirkpatrick with first degree murder. The men were arrested last Friday night following the shooting of C. L. Erickson, a mining engineer, who is said to have interfered with the defendants while they were in the act of robbing Sol S. Brown, a traveling salesman of Chicago.

TO QUIET TITLE.

The case of the Northern Pacific Railway company against H. Hauswirth, a suit to quiet title to a strip of ground near Willis, was heard before Judge Webster in the district court yesterday. The jury was waived, all evidence being presented to the court. The case took up most of the day and was taken under advisement.

FRANK J. CANNON ON MORMONISM

EXCOMMUNICATED FROM THE CHURCH HE WILL SPEAK WITH AUTHORITY ON QUESTION.

To thousands of people who are reading the articles which have been running in Everybody's, the disclosures there made came like a bolt of lightning out of a clear sky. Many of us had supposed that Mormonism was an issue of the past. To the contrary, we are informed that 2,500 Mormon missionaries are circulating throughout the United States, Canada, Mexico, the Hawaii islands and Europe. They are gaining ground rapidly and not only in religious matters, but in political circles and in the world of business as well.

Frank J. Cannon was reared in the seclusion of the Salt Lake valley in the environment of Mormon circles a thousand miles from any other civilization. Racially a Mormon, and proud of their achievements in many ways, he never avowed himself ecclesiastically a Mormon.

For years he has been fighting polygamy in the Mormon church. When the Mormons pledged themselves to do better, he interceded for them at a time when they were threatened with disfranchisement. He took a prominent part in all the public affairs of the Mormons, all the time depending on their promises of reform. His antagonism to some of their practices, however, which they persisted in despite their promises, finally resulted in his ex-communication from the church.

He opposed the election of Apostle Reed Smoot to the senate, and when Smoot was finally seated Cannon withdrew from Utah, believing that little more could be done, at least for some time.

Mr. Cannon speaks with authority on matters of Mormonism, if ever a man did. The interest in this public subject is also apparent from the fact that two other great magazines are running articles at this time on Mormonism.

The subject of Mr. Cannon's lecture will be "The Modern Mormon Kingdom."

Mr. Cannon will appear as one of the eight splendid numbers of the university lecture course. Tickets for the eight entertainments are on sale at Price's news stand and at the Harlow theater. The price for the course is \$3. All the proceeds go into the course. Call or telephone today for tickets.

Missoula Mercantile Co.

Our Famous \$4.50 \$6.50 and \$8 Hats

Authoritative style is never a question of price-mark at the M. M. Co. In this wide, all-embracing Millinery display, no message is more compelling than the unmistakable capture of distinctive style in the modest-priced models at \$4.50, \$6.50 and \$8.00.

For instance, what hats are more typical of the season's styles than the numberless draped effects in this great new course? The high crowns so cleverly treated as to lend height to the short woman, and only increased dignity to the tall one; the rich two-toned velvets; the striking novelty bands and sparkling ornaments; above all, the almost limitless variety, so that every woman may find not one, but many hats of her own type.

Tailored and dress hats—smart turban effects, made of velvet, with taffeta draping; or in satin and velvet with natural wing trimming.

Small trimmed hats of velvet, with high dome crowns; wing trimmed, draped, or with high loop trimming.

Hats with high crowns of bengaline silk, with feather-band trimming; in various colors and all-black.

Narrow-trimmed hats, made of all-navy velvet and ornamented with a simple cord band.

Black-and-white velvet tailored hats, with wing trimming; and so on, until the whole category of autumn fashions is exhausted; and despite the number of hats each is an individual model; \$4.50, \$6.50 and \$8.00.

Exquisite Dress Hats

A display that has set a new standard for elaborateness, beauty, originality and moderateness of prices. Imported models, original conceits of America's style creators and, equally good, models designed in our own work rooms; \$10.00 to \$75.00.

Scratched Felt Street Hats

Different shapes and better qualities than others offer at the same prices. Sizes for women and misses; dark red with black velvet band, navy with a band of navy velvet, tan with black velvet band and brown with brown velvet band. Prices, \$2, \$2.50, \$3.50, \$4.

The New Knitted Toques

These knitted toques are enjoying even greater popularity than they did last season. A great assortment ready now for women, misses and children; in black, brown, navy and white and white-and-red, white-and-black, navy-and-white, brown-and-tan and brown-and-green. Prices, \$1.00, \$1.50, \$1.75 and \$2.00.

Autumn Silks of Exquisite Beauty

Like homing pigeons the new silks have been flocking to this Silk Store for some weeks past, and now the collection of new styles is up to its pink of perfection. Whether you buy a quarter-of-a-yard for trimming, a few yards for a waist, a length for a street dress, enough for the most exquisite evening gown—you will find here quality and a wonderful variety of styles, shades and prices.

SATIN MESSALINES—These silks have returned again with increased favor, being more extensively used than ever for entire dresses or as a foundation material for the filmy voiles, chiffons and marquisettes.

One at \$1.00 a yard, an extra value, a silk of firm quality and beautiful luster, in a full range of colors.

One with fine black stripes on a ground of blue, or brown on green; also \$1.00 a yard.

All the above are 27-inch goods.

ROMAN STRIPES are among the popular fancy silks this season and are shown here in many beautiful colors; 27 inches wide; \$1.25 a yard.

MARQUISSETTES, so popular for dresses, tunics, waists, etc., are represented here in all desirable colors and shades. A splendid value in a 42-inch all-silk marquisette at \$1.75 a yard.

CHIFFON CLOTH, in all colors and shades; 42 inches wide, at \$1.25 and \$1.50.

SILK SCARFING, for motor scarfs, hat drapes, waists and dresses; in pink, blue, lavender, yellow, tan and rose; with pretty borders—

A special at 50¢ a yard is 27 inches wide, is all silk and will wash.

Extra quality, 18 inches wide, at 75¢.

Black Silks Are Gaining in Fashion Daily

When black silks are bought here there is something more than the mere exchange of money and merchandise. It is a transaction which involves the integrity of this store, for no silks are admitted into our stock which we cannot guarantee in weave, finish and dye. Among the many are these:

TAFFETAS, 18 to 36 inch, 65¢ to \$2.00.

MESSALINES, 18 to 36 inches wide, \$1.00 to \$2.25 a yard.

BROCHE MESSALINE, \$1.00 a yard.

PEAU DE CYGNE, 18 to 27 inches wide, at \$1.25 a yard.

\$1.25 BLACK TAFFETA 90c

36 INCHES WIDE

A special lot of black taffeta silk of a beautiful soft and lustrous quality which sells regularly at \$1.25 a yard.

PEAU DE SOIE, 18 to 27 inches wide, at \$1.25 to \$2.00 a yard.

SATIN DUCHESSE, 28 to 36 inches wide, at \$1.50 to \$2.25 a yard.

SATIN FEUTRE, with wool back, at \$2.50 a yard.

The Motor Cloakings Have Struck an Awful Pace

The vogue of the reversible coat and the plain-tone coat with collar and cuffs of contrasting hue is responsible for the great demand for these goods—a demand in excess of our expectations and preparations, hence the advisability of getting your materials from our showings of these goods without delay.

Several lines that show handsome plaids on the under side at \$2.50 and \$3.75 a yard.

Reversible cloakings, showing a plain, solid tone on either side, at \$2.75 a yard.

Noteworthy Specials

Fancy Worsted Dress Goods, 36 inches wide, in a fine twilled weave with small self colored patterns, navy and Copenhagen blue, red and brown, a very good, fine, soft-finished goods, suitable for house dresses, waists, children's dresses, 40c etc.; per yard

Four pieces of semi-rough Mannish Suiting, in a herringbone weave with a fine stripe; 36 inches wide, almost all-wool and very good shades of tan, gray, 60c green and brown; per yard

The Surge of Serges Is Felt Among the Dress Fabrics

Never have serges, particularly blue serges, been more popular than this season. Their durable qualities appeal to practical women for suits, separate skirts and misses' garments.

Never have we had so many attractive weaves, varying from the plain, soft twill to the much-used self-colored stripe. Among the blue serges the shades graduate from a bright to the darkest color.

Prices start as low as 50¢ for a fine or coarse twilled weave and rise gradually to an exceptionally fine one at \$3.50 a yard.

Bonnie Plaids Here in Variety

Plaids that would fool a Scotchman, made right here in America, and plaids that came direct here from the land of the heather; all good and priced to make their buying a pleasure. A few—

A Bagny Worsted Plaid, in plaids large and small, and in every conceivable color combination; a strictly all-cotton fabric, but with the feel and appearance of wool; 36 inches wide; per yard, 60¢.

A satin-striped wool plaid, reds and blues predominating; very fine and soft; 36 inches wide; per yard, \$1.00.

A very heavy all-wool Scotch plaid material, 42 inches wide; especially good for children's warm dresses, coat linings, trimmings, etc.; the best we have ever offered at, per yard, \$1.25.
