

# MINNICK GOES OUT BY OWN WILL

PRISONER IN COUNTY JAIL CUTS THROAT WITH RAZOR SMUGGLED TO HIM.

M. D. Minnick, aged 58, was found dead in a cot in a county jail cell yesterday morning. He had committed suicide during the night by slashing his throat with a razor, which had been smuggled to him since he was placed in prison several days ago. The charges against Minnick, who has been a drayman here for many years, were preferred by small girls. The bloody body was discovered at 8:20 by Deputy Sheriff William Kennedy, who serves as jailer. The man had been dead for several hours when discovered.

He had planned the taking of his life very carefully, indeed. Himself he had tied to the cot with the blankets furnished him by the county authorities. His clothes he had made into a neat bundle. He had spread blankets on the floor, that the razor, as it fell from his hand, should make no noise. This was unnecessary, as it turned out, for Minnick had strength enough to put the sharp steel back on the cot before he lost consciousness. The day before his last—perhaps it was his last, for the exact hour of his death is not known—he arranged his affairs, as best he could, by sending a note to his son, Chester Minnick. In this he told of money owed and owing and directed attention to payments due on the sale of a horse.

Monday afternoon Minnick was visited by his wife, for the only time during his incarceration. His lawyer, Floyd Logan, and his son, Chester, were the only other people who visited him on that day. During the early hours of the evening he talked of his case with members of the sheriff's office. His desperate condition was not expected, although Minnick had shown himself to be in a highly nervous state.

Minnick was born at Broadway, Va., in 1852. For the last 10 or 12 years he had been a resident of Missoula, engaging in the teaming and livery business. He leaves two sons, Chester and Roy. Roy lives on the reservation. Another son died a little more than a year ago.

Despite the seemingly overwhelming evidence against Minnick, there are some of his neighbors on the north side who cling to the belief that he was wrongfully accused. One of these neighbors, a woman who said she was a friend of the family as well as a neighbor, called at The Missoulian office yesterday afternoon and asked that the statement be made that there are some people familiar with the situation, who believe Minnick was innocent and that he took his own life because of the disgrace of the accusation rather than as any confession of guilt.

The funeral will be held this afternoon at 2:30 o'clock at the Minnick home, 510 North Third street. Rev. H. H. Griffith will be in charge of the services. Interment will be in the Missoula cemetery.

# WOMAN'S SUFFRAGE IS ADVOCATED

DEAN MARY STEWART AND ATTORNEY J. L. WALLACE BEFORE EQUALITY CLUB.

President W. J. McCormick last evening presided over a well-attended meeting of the Political Equality club in the assembly room of the public library building. The speakers of the evening were Dean Mary L. Stewart of the state university and James L. Wallace. Each favored the extension of suffrage to woman, though neither believed that general suffrage would prove a remedy for all our political ills.

Mr. Wallace advocated the political equality proposition on the ground that it is theoretically and abstractly right, rather than because it will reform all our civic evils. He believed that bad women and bad men, alike, should be restrained from voting, but that there should be a compulsory voting law for those of good character.

Miss Stewart urged the extension of suffrage to woman for the influence it would have upon woman, herself. Woman should have the right of way. The development of woman means the development of the race. The benefit which will come from equal suffrage rights will be to the whole people through this development, but Miss Stewart did not assert that woman suffrage, or itself, will prove a panacea.

Take this harmless compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Pape's Cold Compound is the result of three years' research at a cost of more than \$50,000, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

The first dance of the season given by the Garden City Dancing club last evening in Elite hall was a marked success. A congenial company of club members and their invited guests danced on a good floor to the swing and rhythm of excellent music. There was nothing left to be desired except a frequent repetition of these same enjoyable dances.

**Allen-High.**  
Simple, dignified and very pretty was the wedding of Miss Mary Allen and Harold High, solemnized at 11 o'clock yesterday morning in the home of the bride on Alder street. Rev. C. B. Allen, Jr., father of the bride, performed the ceremony in the presence of the immediate family and a few intimate friends. Miss Margaret Wallace of Helena played Mendelssohn's wedding march for the entrance of the bride into the parlor, which was daintily trimmed with ferns and white chrysanthemums. Miss Midge Allen attended her sister as bridesmaid and little Hazel McHaffie served as flower girl. Edward High of Butte attended his brother in the capacity of best man. After the ceremony a wedding breakfast was served, and then Mr. and Mrs. High departed on a westbound train for a short honeymoon journey. After December 1 they will be at home to their friends at 295 South Fourth street, east. Mills as a commission to appraise a site for county fair grounds. The commission will meet this morning at 10 o'clock with Judge Webster to receive instructions. On account of a phase of the state law not heretofore considered, the commissioners cannot purchase all of the land first chosen by them.

**Sweetening Sour Dish Cloths**  
One trouble with dishcloths is that they are hard to keep sweet, but they can easily be kept in good condition by washing occasionally in lukewarm water to which has been added a tablespoonful of Gold Dust washing powder; then scald, rinse and hang in the sunshine and fresh air to dry. Cheesecloth, unbleached cotton and heavy linen crash make most satisfactory dishcloths.

Where kitchen utensils become burnt or very "sticky," pot rings are easiest to use.
