

GANG IS ARRESTED ALLEGED POISONER OF NINE PEOPLE BY POLICE SETTLES IN PRISON TO AWAIT TRIAL

OFFICERS CAIN, MORRIS AND CARVER MAKE WHAT LOOKS LIKE A GOOD HAUL.

Officers Cain, Carver and Morris made a good haul last evening when they arrested eight men, who had been frequenting a front street saloon. The arrests were brought about by Harry Tull, who is believed to be one of the gang. When arrested by the officers, he lost his nerve and "split" on the rest of the gang. James McMillan lost \$20 Tuesday morning and it was while the officers were looking for the men that relieved him, that they ran across the gang. Tull says that Brown is the man that held up McMillan. McMillan's cap was found in Brown's pocket and he bears a knife scratch on his abdomen. As McMillan used a knife in defending himself and thought he had injured one of his assailants, it is probable that Brown is the man the police want. An Austrian lost \$35 last night and it is believed that the same gang got his money, but the officers have only connected one of the bunch with this latest offense. They are on the lookout for two men who are thought to have had a hand in the touch. The names of the men arrested are: George Brown, Harry Tull, Jim Stover, Tom Ryan, Jim Carr, Jim McNally, Peter Briggs, and J. J. Carroll.

MRS. VERMILYA'S ROOM

Chicago, Nov. 7.—Mrs. Louis Vermilya, charged with the murder of Policeman Arthur Bissonette and suspected of having caused the death of eight others, today settled down to a stay in the county jail hospital until her preliminary hearing November 28.

That some other person may be connected with her was indicated by a statement of Assistant State's Attorney Burnham, who said that in all probability Mrs. Vermilya and "others" would be indicted by the November grand jury which will meet next Monday.

GANG OF "REPEATERS" WORKS IN SALT LAKE

Salt Lake City, Nov. 7.—Charged with obtaining votes through bribery, Edward Berry of this city was arrested today by deputy sheriffs and placed in the county jail. His bond was fixed at \$5,000. M. D. Moore, on whose alleged information the arrest was made, also was taken into custody and is held on a charge of accepting a bribe to vote. It is charged that Berry was at the head of an organized gang of "repeaters" who were supposed to have received small sums for their votes. According to the complaint filed tonight, Moore and a party of four others were in the act of receiving an assignment from Berry to vote at several polling places in the city when they were surprised by the officers.

FIVE JURORS LEFT OUT OF TWELVE

(Continued from Page One)

ired physician of Pasadena; Walter N. Frampton, a farmer, who said he believed the Times was blown up by dynamite, and A. C. Winter, a builder and contractor, who had an opinion concerning the guilt of McNamara, which it would require much evidence to remove. Defense Loses Rulings. Points on which the defense encountered adverse rulings today were: Resistance of the state challenge against Talesman George W. Morton, on grounds of "factual" error, as shown, counsel said, in the fact that he had twice contradicted himself in the course of his examination, which lasted several hours. Challenge against Dr. Case, preferred by Attorney Darrow on the same ground as that leveled against Norton, was rejected. Effort to impeach Talesman McKee was unsuccessful, the court declared he was not convinced that McKee had said what the various witnesses credited him with saying. Effort to fill the jury box after each peremptory challenge was offered was defeated by the state, which cited authorities to show the procedure was contrary to practice in this state. It was said tonight that the defense would excuse one or perhaps two of the five men remaining in the box, but not more.

THRONE'S FALL IS EXPECTED SOON

(Continued from Page One)

is preparing the way for the flight of the court, but many Manchus are fleeing and troops are constantly moving in the vicinity of Peking. The Manchu troops here number 11,000; imperial guards, 7,500; police, 4,000, and banner police, 5,000. The city is quiet tonight and there is no sign for any intended movement. The Foo, in Shantung province, has gone over to the insurgents. Prior to this, one of the leaders, Wang Shao Nien, informed the consuls that everything was ready for the peaceful assumption of authority by the Chinese and there would be no slaughter of the Manchus unless they resisted. Fighting Resumed at Hankow. San Francisco, Nov. 7.—Fighting has broken out again at Hankow, according to a dispatch received here today by the Chinese Press. A large body of revolutionary troops is said to have arrived from Hu Nan to aid the republican army, which has been in conflict with the imperialists. The imperial command is said not to have been reinforced by soldiers from the north, as the loyalists at Hankow had hoped. This is thought to be due to the policy of Yuan Shi Kai, the new premier, who asked the government to suspend negotiations with the rebels. Further details of the destruction of the Sheng Pao, the leading imperial newspaper of China, was received in another dispatch by the Chung Tai Po. During a celebration at Hongkong the flags of the new republic were displayed throughout the city except on the building of the Sheng Po. This aroused the anger of the people. The paper, fearing violence, later hung out the republican flag, but the people refused to be appeased and wrecked the building, afterward setting fire to it. The same paper has received news that the independent republic established in the Quong Si province is prospering. The Young China, published a dispatch from Shanghai today to the effect that the name of the new republic had been changed from Chung Hwa to Sin Hon. Sin Hon is freely translated as "New China," the word Hon being the name of the Chinese dynasty ruling at what is regarded as the most glorious period of Chinese history before the advent of the conquering Manchus. Much gratification was expressed by prominent San Francisco Chinese at the announcement that Dr. Wu Ting Fang had proclaimed his adherence to the republican cause. No news of this event had been received in the cables to Chinese newspapers here.

HARMON POSTPONES TRIP.

Seattle, Nov. 7.—Governor Judson Harmon of Ohio, who had planned to make a political tour of the northwest immediately after the election, sent word today that he would not come until next February. At that time he will select a site for the Ohio building at the San Francisco exposition.

SURGEONS GATHER.

Philadelphia, Nov. 7.—The Congress of Surgeons of North America, said to be the largest organization of surgeons in the world, opened a three days' convention here today. The work of the congress will be divided into two sections each—consisting of a literary meeting followed by clinics.

BEATTIE MAY BE SENT TO MURDERER'S ROW

Richmond, Va., Nov. 7.—Unless the state supreme court of appeals grants a new trial for Henry Clay Beattie, Jr., convicted of the murder of his wife, before tomorrow, he will be removed from the Richmond city jail to murderer's row at the state prison. According to law, a man condemned to electrocution must be lodged in the penitentiary 15 days before the date set for his death. The court which had under advisement Beattie's petition for a writ of error sits tomorrow, but may not give its decision. If it should not decide the appeal before the date set for the execution, that would act as a stay.

STILL STUCK.

El Paso, Nov. 7.—Robert G. Fowler, whose transcontinental airplane flight was temporarily interrupted when he landed his machine in the sand 17 miles west of El Paso Sunday, came to this city tonight by train. After two days of shoveling, Fowler and his mechanics have been unable to dig out a sufficiently firm runway to permit the machine to ascend. Tomorrow he will attempt to rise by running the triplane over strips of canvas.

SPRAINS HER ANKLE.

Oshkosh, Wis., Nov. 17.—Although suffering from a sprained ankle, Mrs. Emmeline Pankhurst, one of the leading woman suffragists of England, stood for more than an hour during her lecture here. The accident occurred as she was alighting from a carriage.

VOLCANO IS SINKING.

Port of Spain, Trinidad, Nov. 7.—The mud volcano which rose unexpectedly with an outbreak of fire and smoke between the island of Trinidad and Venezuela, appears on closer investigation to have two craters, both active. Today it was sinking.

SETTLEMENT MADE IN PRIVATE

FORMER FRISCO POLICE CHIEF PAYS FOR ILLEGAL ARREST OF SAILOR.

San Francisco, Nov. 7.—The suit of Howard Cooley, a sailor, for \$25,000 damages against former Chief of Police John B. Martin and his bondsmen for false imprisonment was dismissed in the United States circuit court here today, Martin having made a cash settlement with Cooley. The case was the outcome of the police practice of holding suspected persons "in detinue," that is, in secret arrest without being allowed communication with an attorney or other person not connected with the police. Cooley was arrested in May, 1910, on the statement of an unidentified man that he was wanted in Chehalis, Wash., as an accomplice of William Gohl, charged with having murdered sailors for their money. He was held "in detinue" for 17 days and then discharged, his innocence having been established.

DOCTOR WINS APPEAL IS FOUND COMPETENT

Helena, Nov. 7.—(Special)—Dr. Guy Stone of Glasgow won a complete victory in the district court here today over the state board of medical examiners. At a recent examination of applicants for license to practice medicine in Montana, Dr. Stone was rejected. He appealed to the district court of this county, and the case was heard today by a jury of six physicians, among them being one woman, Dr. Maria M. Dean. Dr. Stone was put through a grilling examination on medicine and surgery by the members of the jury, who later brought in a unanimous verdict in favor of Doctor Stone.

FINE NATIVE COPPER.

Wallace, Nov. 7.—(Special)—Interest among mining men has been aroused by the beautiful specimens of native copper ore recently taken from the lower workings of the Caledonia mine, and shown with much pride by Manager Charles McKinnis. It is estimated that of the specimens shown, some of which are quite large, one-fifth the weight is solid native copper—an unusual thing to find in ore that is classed as lead-silver. During the year ending in March, 1910, the Caledonia shipped 13,000 pounds of copper, and in the 12 months following shipped 49,000 pounds. In the deeper workings the tendency is for the copper to decrease.

DON'T PULL OUT THE GRAY HAIRS

A FEW APPLICATIONS OF A SIMPLE REMEDY WILL BRING BACK THE NATURAL COLOR.

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray. When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandmothers used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color. Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, Missoula Drug Co.

BACK FROM CANAL.

New York, Nov. 7.—All but two members of the congressional committee that went to the Isthmus of Panama last month, returned today, satisfied that President Taft's prediction would be fulfilled and that the canal would be finished and open for business by 1913. The party includes Senators Brandegee of Connecticut, chairman of the inter-oceanic canal committee; Brewster of Kansas, Cummins of Iowa, Page of Vermont, and Overman of North Carolina, and Representative Higgins of Connecticut.

Backache, Headache, Nervousness and rheumatism, both in men and women, mean kidney trouble. Do not allow it to progress beyond the reach of medicine, but stop it promptly with Foley kidney pills. They regulate the action of the urinary organs. Tonic in action, quick in results.

DEATH UNEXPECTED.

Butte, Nov. 7.—(Special)—Dan Shovlin, saloon man, died very suddenly at St. James' hospital this morning of acute heart disease. The coroner investigated the case and decided that an inquest was not necessary. Shovlin was found on a chair in a semi-conscious condition early this morning.

SIBERIA WANTS FLOUR.

Seattle, Nov. 7.—For the first time since before the Russo-Japanese war, Puget Sound flour millers are receiving inquiries for flour from Siberia. The fresh demand for American flour is said to be the result of a crop failure in Siberia.

More New Suits for Women

Hardly a day but brings a fresh supply of the handsomely tailored, conservative coat-and-skirt suits so indispensable to a woman's wardrobe. Every suit, however lowly priced, bearing an assurance of tailored care and thoroughness that means long-continued as well as immediate pleasure in wear.

- Broadcloth and Serge Suits at \$16.50.
- Fine Cheviot Suits at \$17.50.
- Serge and Mixture Suits at \$20.00.
- Broadcloth and Novelty Suits at \$22.50.
- Endless Variety at \$25.00 and above.

Variety so wide that we may justly say no suit exactly resembles its neighbor except in those staunch, dependable qualities of perfect cut, graceful, easy fit and wear-resisting finish.

Good, Cozy Sweaters

To snuggle into a warm, well-made coat sweater that has good lines is a double comfort for the wearer. Our stock affords abundant variety for choice and every garment is made to conform to our high standards regardless of price. All wanted colors, styles and sizes.

- \$3.50 Sweaters at \$2.50
 - \$6.50 Sweaters at \$5.00
- A special offering of women's fine wool sweater coats; made in semi-fitted style, with V necks, plain or fancy stitch, heavyweight; colors are white, gray and cardinal.
- Women's and misses' coat sweaters in the popular midday style; white, tan or navy; large sailor collar, cuffs, shield and bottom edge striped in red or white.

Exclusive Line of Toilet Sundries

The person of refinement, one who really cares, will select the soaps and powders and pomades he or she uses, with the greatest care. Of cheap, worthless goods that are actually harmful to the user's skin or complexion, there are aplenty, but you'll not find them at this store. Our Toilet Sundries section in the Dry Goods department has grown through sheer merit of its goods; the economies it presents on many staple articles, too, lend added interest to buying here.

Some Good Soaps You'd Ought to Know
