UPON THE WEATHER DEPENDS FINAL CONTEST

**GAME BETWEEN VARSITY AND
MINERS MAY HAVE TO BE
CALLED OFF.**

SUN MUST SHINE TODAY

Unless there is a change in weather before night, battle will be cancelled and team will disband for this season.

Today, local snows; tomorrow, snow and warmer. That is Uncle Sam's hope on the weather as announced last night, and if it is true, the varsity-miners game will probably not be played tomorrow. Coach Cary and his men spent a quiet day yesterday, watching the wind drift the snow over the field. They looked pessimistically upon the situation, for the chances of playing seemed slim enough. Today the weather conditions will be carefully studied and, unless there is a change for the better, the game will be cancelled, the suits turned in and the season closed.

Should the sun shine and the wind abate today the game will be played, and the varsity will probably practice another week for the game with Gonzaga. The varsity season has been pretty much of a disappointment this fall and the men on the team are not to be blamed if they feel a little sore.

Two—perhaps three—college games and a game with a prep college make up only a poor excuse for a schedule. The players are ready to quit, and if Saturday's game is spoiled by the weather the Gonzaga game will be called off.

KELLEY WINS.
Harry K. Kelley, hard-hitting catcher of the Missoula ball club, defeated L. H. Miller of Minneapolis in a 100-point pool game at the Horseshoe hall last night, before a large and enthusiastic gallery. Miller sells pool tables and is an expert, but Kelley's nerve was too good for him, the local boy tearing off some remarkable shots. Kelley now challenges any man in Missoula. Last night the score stood 100 to 87.

BIG BUGS IN MEETING

National Commission Holds Session in Cincinnati and Decides to Look Into Manipulation of Postboards—Other Work.

Cincinnati, Nov. 9.—That the national baseball commission has secured evidence regarding charges that ticket scalping was prevalent during the recent world's baseball series in New York and Philadelphia was indicated today when the commission definitely decided to pursue an investigation. A meeting will be held by the commission in New York on December 11, at which the result of the investigation will be announced. Not a semblance of a clue as to along what lines the investigation is to be conducted or what evidence was displayed before the meeting today was made public.

The commission decided by a unanimous vote that in the future the ticket sales for a world's series games shall be conducted by business representatives of the commission under the direct supervision of its members.

If the investigation now under progress develops proof that warrants such action the commission will fix the responsibility regardless of whether a club or any of its employees be affected. If, on the other hand, no substantial testimony is produced that either a club or any of its officials or employees are at fault, the commission will go on record as exonerating them.

The commission was in session five hours and the major part of this time was devoted to the ticket-scalping question.

Player Williams, over whom the Sacramento club and the Boston American league club have a controversy, was declared a free agent.

OFFICERS ARE ELECTED

"Hat Box" Jones is Chosen as President of the Indoor Baseball Association and Coming Season Promises to Be One of Great Success.

The second meeting of the local indoor baseball association was held last evening in the Peerless poolhall. The meeting was well attended and it is expected that the season will begin on Thanksgiving day. The Northern Pacific announced that it would put a team in the field and "Spud" Murphy was present at the meeting as manager of the Shamrocks, a team that is to be recruited from the cigar stores of Gleason and Kelley. This year's teams that have signified their intention of entering the indoor race this season. There is some doubt about the university team and it may be that there will be no indoor ball here this season. Athletic Director Cary stated that he would be able to tell definitely by the middle of the coming week.

Election of officers was held and "Hat Box" Jones was named president of the association. P. C. Boling was elected vice president, Sterle Richards was chosen as treasurer and William Ferguson as secretary. Committees were appointed on constitution and by-laws. They are to report at the next meeting, which will be held Tuesday evening at 8 o'clock. The matter of changes in rules and securing umpires was taken up and final action will be had on these Tuesday. There are several other teams that have asked for admission to the league membership in case the university should decide that basketball would interfere too much to produce a successful indoor baseball team.

PREMIER SAYS HE EXPECTS NOTHING

(Continued From Page One.)
ment, and then passed over the accusation of weakness, maintaining that German prestige rebuked those demanding a display of the German fist.

"We are not living in the Homeric age when threats and boasts were thought necessary," the chancellor said. The emperor steadily insisted on strict adherence to our program at all stages of the negotiations, in full consciousness that every action of a great power may involve the vital question of war or peace and in full readiness to uphold the honor of the nation with the sword."

After relating the representations made by Germany to Great Britain relative to the speech made by David Lloyd-George at a banquet given by the bankers of London, July 21 last, and to Anglo-French newspaper insinuations and the belligerence of the German people as a result of Mr. Lloyd-George's remarks, the German chancellor declared:

"Nobody can tell whether war some time will come, but my duty is so to act that war which is avoidable and not demanded by the honor of Germany shall be avoided."

The Franco-German crisis, the chancellor said, was so acute an approaching final settlement that, ending peacefully, it was worth more than all discussions on arbitration and disarmament. Then, summing up the advantages of the agreement, he concluded: "I expect no praise and fear no blame."

Prince is Belligerent.

The attention of the spectators in the galleries and the members of the reichstag, during and after the speeches made by Baron von Hertling, clerical, and Herr von Heydebrand, conservative, was attracted by the attitude of crown Prince Frederick William. The crown prince openly applauded the phrase "our powerful professions are regarded abroad as a sign of weakness," and nodded approval at other criticisms of Herr von Bethmann-Hollweg's policy and tactics, notably with regard to the chancellor's attitude toward the former colonial secretary, Dr. Lindquist, who resigned.

The crown prince made a similar demonstration when Herr von Heydebrand spoke of the "German sword which alone can guarantee German prestige."

Herr von Bethmann, socialist leader in the reichstag, made a violent attack upon the chancellor and the foreign secretary, Herr von Kiderlin-Waechter, and in denunciation of the Morocco-Congo agreement.

Reports current that the crown prince had communicated with one or two of his brothers with a view to making representations to his father disapproving the chancellor's policy re-

NEW LORD MAYOR.

London, Nov. 9.—A new lord mayor of London, Mr. Thomas Boor Crossby, M. D., was inducted into office today and at the lord mayor's banquet tonight Premier Asquith made his fourth successive speech in honor of such an occasion.

IN CHINA.

Mr. Asquith, referring to China, said that the British government had no desire and no disposition to interfere in the international affairs of that country. The government would restrict its course to protect the lives and property of its subjects. He emphasized Great Britain's neutrality in the Turko-Italian war, adding that the government desired to co-operate with the other powers on the question of mediation, which was very difficult from intervention, but it was useless to make proposals which were known to be acceptable to either belligerent power.

DE ORO RETAINS TITLE.

Chicago, Nov. 9.—Alfred De Oro, three-cushion billiard champion, retained his title tonight, winning the final and last blood of 50 points in his 150-point match with George Wheeler. De Oro ran out in his first inning with a grand total of 150 against Wheeler's 109.

Are You "Afraid to Go Home in the Dark?"

Then why not have your front porch lighted so you can see what you're doing, and not have to creep into your own house like a burglar?

And speaking of burglars, a porch light makes one of the best protections against the visits of the man with the "jimmy." He does his work in the dark, and an electric porch light (equipped with Holophane Reflector, of course) will discourage his efforts quicker than any burglar alarm.

If the porch light is the bane of the unwelcome guest, it is just as much a boon to the guest who is welcome. It is a promise of hospitality within and makes the visitor glad he has come. And when the porch light is equipped with Holophane Glass, the light is subdued, yet of sufficient intensity to make reading in the open air a pleasure.

Whether there is electricity in your house or not, an electric light with a Holophane Reflector should be on your front porch.

May we not send a representative to call on you?

It will be a show of the Northwest States, by the Northwest States, and for the Northwest States, and not to promote private or corporate interests.

St. Paul has been selected as the place for the first exhibition under the auspices of the Northwestern Development League, primarily because of the fact that St. Paul and Minneapolis, the Twin Cities, form a great gateway through which much of the traffic of the Northwest passes, and through which move the thousands of people who go to and from in the Northwest, bent on pleasure, health or the search for a home.
