

BOARDER USED GUN ON LANDLORD

FRANK CALHOUN IN PENNSYLVANIA TOWN SAYS HE SHOT KANSAS FARMER.

Huntington, Pa., Dec. 18.—Frank M. Calhoun of Portland, Ore., confessed tonight that he had called Benjamin F. Galoup, the former Kansas farmer, to the latter's door late Saturday night and had then blown off the top of his head with a shotgun. He says he shot Galoup because Mrs. Galoup was being abused and because he feared for his own life.

Galoup, who is 50 years old, by a remarkable display of vitality, still is alive, although part of his skull and brain have been shot away. Galoup answered a matrimonial advertisement and came here and married two years ago.

Calhoun, who is 52 years old, left a wife in Portland, came here shortly after Galoup's marriage and took up his residence in the latter's home as a boarder. Galoup resented Calhoun's attentions to his wife and compelled him to leave.

George Walls, 17 years old, a stepson of Galoup, and Mrs. Galoup, are being detained in connection with the case.

RECEIVERS ARE NAMED FOR WABASH RAILROAD

(Continued from Page One)

The committee consisted of Winslow S. Pierce, chairman; Edwin Hawley, Robert Goetz, Alvin W. Kreech and Thoms H. Hubbard. The first four named directors of the Wabash and of the Equitable Trust company, trustee of the railroad's \$40,000,000 first refunding and extension first mortgage bonds, the semi-annual interest on which is due January 1. This amounts to \$800,000 and it was the company's lack of funds to provide for its pay-

ment that precipitated the present situation. Immediately after the receipt of the receivership announcement of a protective committee for these bonds was made. This committee met tonight and announced that it would "conduct, as expeditiously as possible, an investigation of the financial conditions and requirements of the road and of the physical condition and requirements of its properties, with the object of formulating and carrying out, in co-operation with Kuhn, Loeb & Co., such measures as may seem best adapted to the situation and to meet the wants and develop the possibilities of the properties."

"Arrangements have been made with the bankers to advance the funds to enable the committee to advance to holders of bonds the interest maturing January 1, 1912, in case the same should not be paid by the company," the committee announced.

The company's bonded debt amounts to more than \$114,000,000 and is one of the heaviest per mile of any railroad in the country. A few years ago the company became involved with heavy obligations in connection with the purchase of the Wheeling & Lake Erie railroad and the building of the Washash-Pittsburgh system.

LAND SALE PROCEEDS.

Helena, Dec. 18.—Out of a total of 12,000 acres of state land offered for sale at public auction at Deer Lodge last week, 11,492 1/2 acres were disposed of, according to figures compiled today by Assistant State Land Register Joseph Oker. These 11,000-odd acres brought a total of \$130,504.72, an average price of \$13.20 per acre, which is 25 per cent more than the appraised price of the lands. The highest price received was \$50.50 per acre for a choice tract.

NEW POSTAL BANK.

Washington, Dec. 18.—(Special)—A postal savings bank will be established on January 15 at Belgrade.

We wish to call your attention to the fact that most infectious diseases such as whooping cough, diphtheria and scarlet fever are contracted when the child has a cold. Chamberlain's Cough Remedy will quickly cure a cold and greatly lessen the danger of contracting these diseases. This remedy is famous for its cures of colds. It contains no opium or other narcotic and may be given to a child with implicit confidence. Sold by all dealers.

FISHER TELLS THINGS TO THE GOVERNORS

(Continued from Page One)

question, following to a great extent the plan pursued in his speech today.

"Conservation, it seems to me, means absolutely nothing but national efficiency," he said. "The people of the east have begun to realize that there is a lack of conservation in the 'no use' policy as those of the west realize that there is a lack of the real conservation policy in the 'misuse' theory. The question now is how to handle the great resources of the nation so that the question of the 'misuse' and 'no use' will not enter."

"To do this, all portions of the country must divorce themselves from local interests and self-interest. The communities involved must get together and form laws and plan uniformly to develop them for the purpose of real conservation."

Among the other speakers were Governor T. L. Odell of Nevada, former Governor Brady of Idaho; Wil-

liam Hanley of Oregon; L. W. Hill, president of the Great Northern railway, and Howard Elliott, president of the Northern Pacific railway. Their addresses dealt with the trip of the governors through the east and the benefit which they declared both the east and west would receive from the journey.

RECOMMENDATIONS.

Washington, Dec. 18.—(Special)—Senator Dixon today recommended the reappointment of Andrew Swaney, register of the Kalamazoo land office, and also recommended the reappointment of Register Hutton and Receiver Shanley at the Glasgow office.

SHILOH SECT'S LEADER RECEIVES HIS SENTENCE

Portland, Me., Dec. 18.—Rev. Frank W. Sanford, leader of the Holy Ghost and U. S. society, left for Atlanta, Ga., tonight, to enter upon a 10-year term in the federal penitentiary to which he was sentenced today by Judge Hale of the United States district court.

The specific charge upon which the Shiloh leader was sentenced was causing the death of a fellow member of his flock, by failing to furnish provisions during the recent 17 months' cruise of the Holy Ghost yacht Coronet. This was the first of six counts in the indictment found by the federal grand jury.

Judge Hale continued the others. In an interview just before he left the city Sanford said he felt no resentment and that he looked upon his imprisonment simply as a part of God's plan.

"I am glad to be just where I am," he said. "I still am in His work and as soon as I reach my new place, I shall begin to dig in. In fact, even now I am engaged in my work."

PRESIDENT KLINE SAYS THERE'LL BE NO STRIKE

St. Louis, Dec. 18.—"No sympathetic strike of shophmen on all the railroads is contemplated at this time," said James W. Kline, president of the International Brotherhood of Blacksmiths, tonight, before leaving St. Louis for Chicago, after conferring with officials of the allied shop crafts involved in the strike of the system federations on the Harriman and Illinois Central lines. Kline said his remarks at Chicago yesterday have been misunderstood. He said that 30,000 shophmen were ready to strike in sympathy with the striking Harriman and Illinois Central employees if necessary, but that the allied unions would not concede they had been beaten in their present struggle.

According to Kline, today's conference had to do with the financial arrangements in connection with the strike and he said the unions were in good condition to continue their fight.

TWELVE ARE KILLED IN COLUMBIAN WRECK

(Continued from Page One)

stantiation of the original rumor. Superintendent Richards lost his only family in the accident, as his union had been blessed by but one child, who met death with her mother.

Miss Genevieve Newhouse, teacher of domestic science in the local schools, was a passenger on the ill-fated train. Her name, however, does not appear in the list of killed and injured and it is presumed that she escaped death, or injury. There were several coach passengers from Missoula aboard the train, but as the casualties were all in the diner and rear sleeper it is thought that none of them was injured. Much wonderment was expressed by the local men at the fact that three men should make blunders leading to such a fatal termination.

MAYBRAY TESTIFIES AGAINST HIS "PAL"

Council Bluffs, Iowa, Dec. 18.—J. C. Maybray was the star witness today in the trial of Ben Marks, indicted for conspiracy in connection with the so-called "big steer" swindles perpetrated in Council Bluffs in the years of 1907-1908 by Maybray and his associates.

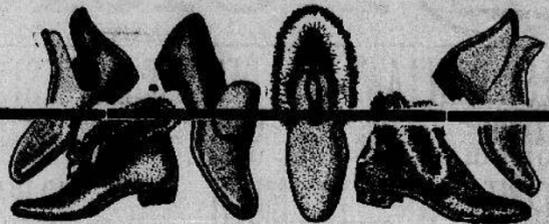

Marks has been identified with Iowa politics for years. In this case it is charged that he was a "fence" for the operations of the Maybray gang.

Maybray testified to an agreement between himself for the "swindle syndicate" and Ben Marks, whereby Marks was paid 8 and later 9 per cent of the plunder in return for which Maybray and his associates received police protection.

Maybray outlined the "swindle syndicate's" plan of operation and told how the "plunder" was divided.

MYSTERIOUS BARNEY-O

San Antonio, Texas, Dec. 18.—It became known today that General Bernardo Reyes crossed into Mexico on December 15 at Las Velas. It was reported today that he was at Aguas Leguas, state of Nuevo Leon, Mexico. It is said it is his intention to proceed slowly toward Monterey, where Reyes supporters say conditions are responsible for the revolution. Mexican garrisons at Lompagan and Chinago have been strengthened.

"Good to the Heels the Well-Worn Slipper Feels"

But, then, so does any slipper, and those too "well worn" don't look as well as they feel. Christmas is a good time to re-slipper the family feet.

HELENA POLICE JUDGE IN BAD WITH COUNCIL

Helena, Dec. 18.—(Special)—Charges were preferred against Police Judge Lincoln Working by the city council tonight and he was cited to appear before the council January 4, to show cause why he should not be removed from office. It is charged that Judge Working was derelict in the matter of collecting fines, by allowing irresponsible persons to go on their own recognizance after being sentenced to pay fines.

 For sale by George Freishelmer, Druggist.

NELSON STORY GIVES SON A FINE BUILDING

Bozeman, Dec. 18.—Nelson Story, Sr., has just completed the construction of his new business block on West Main street, which was put up at an estimated cost of \$50,000, and today he announced he has made his daughter, Mrs. Rose Story Hogan, a gift of the property. Mr. Story, who is a millionaire, and who is rated as one of Montana's wealthiest men, has a hobby of erecting fine buildings and giving them to his children. Only recently he finished a \$1,000,000 building in Los Angeles and gave his son, Walter Story, a warranty deed to the building. This is said to be one of the handsomest business blocks on the Pacific coast.

Switzerland is planning to electrify all of its 1,830 miles of railroads. There are more than 100 firms or individuals making a business of building aeroplanes or their motors in Germany.

CASES ARE RESTORED TO SUPREME DOCKET

Washington, Dec. 18.—The supreme court of the United States restored to the docket today for reargument, the cases of Frederick A. Hyde, of San Francisco, and Joost P. H. Schneider of Tucson, Ariz., convicted of fraud and conspiracy in connection with lands in Oregon and California. The court heard the arguments early in the autumn. No reason was assigned for the restoration, Chief Justice White simply announcing that the rearguments would be heard by a full bench. In the first argument the main contention was whether Hyde and Schneider could be convicted when John A. Benson and Henry P. Dimond, alleged co-conspirators, were acquitted. The court also ordered a new argument before a full court of the case involving the removal of Frank W. Brown and E. C. Moore, from California to Nebraska to answer indictments charging conspiracy to use the mails to defraud.
