

### TO USE TELEPHONE IN CANADA

**DOMINION RAILROAD WILL SUP-PLANT THE TELEGRAPH FOR DISPATCHING.**

Chicago, Jan. 10.—Announcement was made today by the Canadian Pacific railway that west of the Great lakes to the Pacific ocean all of its trains will be dispatched by telephone instead of telegraph. The new equipment will be installed as rapidly as possible. At the present time all dispatching on the main line between Calgary and Field, B. C., is being done by telephone. The line between Field and Swiftcurrent will be under telephone dispatching in a few weeks. According to General Superintendent Price the telephonic system is working splendidly and it is the intention to project the telephone lines eastward to Medicine Hat where a section of line between that place and Swiftcurrent already is equipped with telephones.

In the eastern provinces, where the air is damper, where fogs are frequent and other atmospheric disturbances interfere with the electrical currents in telephonic and telegraphic lines, telephones are said to have been less successful for train dispatching. One great advantage of the telephone over the telegraph for train dispatching is that the dispatcher may talk directly to the engineer or the conductor of the train to which he wishes to give orders without the third person medium, indispensable where the telegraph key does the work.

Plans of the Canadian Pacific railway for new buildings in Canadian cities indicate another departure. The company's surplus will be vested increasingly in the future in new buildings in the larger cities. A skyscraper is under construction in the heart of Toronto which will be 16 stories high and one of the handsomest buildings in the city, with a frontage of 75 feet on King street and 125 feet on Yonge street. The ground floor will be occupied by the railway company for ticket offices including those for the steamship and lake service lines. The top floor will be devoted to the telegraph operating department and another floor to the district passenger agent. The company purposes to collect rents instead of paying them.

If your children are subject to attacks of croup, watch for the first symptom, hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be warded off. For sale by all dealers.

#### GOVERNORS INVITED.

Helena, Jan. 10.—(Special.)—Acting as president of the association of western governors, Governor Norris has written to the executives of Nebraska, Kansas, Oklahoma, Colorado, New Mexico, Arizona, California, Utah and Washington, inviting them to join the association, and attend a meeting to be held at Boise in August next, to discuss questions of interest to the western states.

### STOMACH DISTRESS IS ENDED

**DYSPEPSIA, HEARTBURN, GAS OR INDIGESTION ARE OVERCOME IN FIVE MINUTES.**

Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of the stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapessin and let you eat one 22-grain tablet and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapessin.

### DR. ANDERSON'S RECORD AS A COUNTY OFFICIAL

Yesterday the county commissioners appointed Dr. T. J. McKenzie county health officer, in place of Dr. E. C. Anderson, whose term has just expired. Dr. Anderson has established for himself a record as one of the most efficient health officers Missoula county has known. He has worked early and late and turns the county over to his successor in a remarkable state of sanitation. Dr. Anderson has met exacting situations with tact and skill and his service is something of which he and his friends may well be proud.

#### MISTRIAL RESULTED.

New York, Jan. 10.—Efforts by the defense to have a mistrial declared in the case of George Graham Rice, B. H. Scheffels and others on trial for alleged misuse of the mails to defraud investors, are still in progress, it developed today. A mistrial was threatened recently when an alleged attempt was made to bribe a juror, but the court rejected the plea of the defense to have the cases stopped. Arguments to end the trial on this ground were made today after the adjournment of the trial. A decision may be handed down tomorrow.

#### AS TO JUDGE HOOK.

Washington, Jan. 10.—Senator Curtis of Kansas laid today before President Taft what he considered an answer to charges recently made against Judge Hook of Kansas, one of the most prominent candidates for appointment to the existing supreme court vacancy. Although the president was not to decide upon a successor to the late Justice Harlan until Attorney General Wickardham returns, it still is believed he will name Judge Hook.

#### FOOT CRUSHED.

Mullan, Jan. 10.—(Special.)—Frank Bentley, brakeman on the electric motor in the Gold Hunter mine, while riding out of the tunnel Sunday night had his left foot caught between the motor and the rock sidewalk. The foot was badly crushed, but it is believed amputation will be avoided.

### SNOWFALL IS HEAVY IN MOUNTAINS

**TWO ROTARIES ARE KEPT BUSY BY LARGE AMOUNT OF FLEECY IN BITTER ROOTS.**

The warm weather which prevailed in Missoula yesterday was typical of the conditions found along both lines of the railway, as far as the local divisions are concerned. The snowfall during the last storm came very close to establishing a record. In the Bitter Root mountains 42 inches of snow fell in 24 hours. The two rotaries, which the Milwaukee has in service through these mountains, kept the track in good shape, however, and little time was lost in getting over the mountain. Ten inches of snow fell on the Wallace hill. Trains from the east are, as usual, hours late and it will probably be some time before they get straightened away and run on schedule time.

Chief Dispatcher Showalter has enlisted half of the force in the Northern Pacific offices as alligator exterminators. He is having the contracts prepared and in a short time there is likely to be a horde of railroad men to Florida. The reason for Mr. Showalter's antipathy toward the alligator race is, that he has purchased a 20-acre grapefruit ranch in Florida and he would like to make certain of his safety before going to inspect the ground. Mr. Showalter offers \$2 and the hide for each alligator. He is being swamped with offers and it is thought that he will have his corps recruited within a few days. Mr. Showalter's investment lies a few miles out of Tampa, Fla., and is in one of the best fruit belts in the United States.

Superintendent Burt, Trainmaster Hagerty and Chief Clerk Bunnely of the Northern Pacific left yesterday on an inspection trip over the Coeur d'Alene line.

Mrs. W. H. Melchior, wife of Trainmaster Melchior of the Puget Sound, left on No. 18 yesterday afternoon for Rockford, Ill., where she will visit with relatives.

Superintendent C. H. Marshall of the Puget Sound left yesterday for Avery on an inspection trip.

Charles Coburn yesterday received an invitation from Butte to come over and have a steighride with a young lady from that city. As Mr. Coburn was to furnish the sleigh and his string of blooded horses is all in the barn for the winter, it is not thought by his fellow-employees that the trip will materialize.

Trainmaster W. H. Melchior of the Puget Sound returned yesterday from Deer Lodge.

W. J. Barr, traveling freight and passenger agent for the Pennsylvania lines, was in the city yesterday on business.

W. S. Williams, general agent for the Rock Island lines at Spokane, came in from Wallace yesterday and spent the day here on business.

A. M. Nye, traveling passenger agent for the New York Central lines, passed through the city yesterday on his way back to Spokane from Helena. Mr. Nye met one of the officials of his company in Helena and is escorting him as far as Spokane on his way to the coast.

Engine Foreman J. H. O'Brien of the Northern Pacific left yesterday for Toxas, Mich., where he will spend some time visiting with relatives.

Raymond Bransen Dodds, in addition to being the best little night chief dispatcher on the Rocky Mountain division of the Northern Pacific, is developing himself along literary lines. There is a strong rumor current among the employees of the railroad that Mr. Dodds is writing a treatise along the lines of higher psychology. Mr. Dodds yesterday refused to deny or confirm the report.

Miss Florence Morden, stenographer in the superintendent's office at the Northern Pacific, will spend Sunday in Butte.

Terminal Inspector J. J. McCullough of the Northern Pacific left yesterday for Billings.

Arthur Miller, machinist apprentice in the Northern Pacific shops at Tacoma, spent the holidays with relatives in Missoula and left last night on No. 3 to resume his work.

Billy Barlow of Clinton, telephone expert on the Puget Sound, was in the city yesterday with a new saw.

"Tazor" Webb, claim agent on the Puget Sound, left yesterday for Lewistown on a business trip.

#### REGISTRATION LIVELY.

Yesterday 21 voters registered in the office of County Clerk Kuphal, bringing the total up to 2,588. Mr. Kuphal and Clerk Cave are encouraged by the showing of the day and believe that the voters of Missoula county are waking up to the importance of getting their names on the great register in the courthouse. "Tell all foreign-born citizens," said the clerk yesterday, "to bring their naturalization papers with them when they come to register. This saves a lot of time and bother."

#### SUIT ON NOTE.

Fritz Koopmann and Fred Wissbrod brought suit in the district court yesterday against Joseph A. Mansolf and Antoine Mansolf. The suits concern a mortgage and the alleged illegal transfer of hypothecated land.
