REPLY OF NORRIS IS MILD

GOVERNOR SAYS IT'S NO USE PROLONGING THE DISPUTE OVER THE UNIVERSITY.

Helena, Jan. 18.—(Special.)—Regarding Mayor Evans' attack upon Governor Norris, in an address delivered Wednesday before the students of the University of Montana, the governor tonight made the following statement: "Overlooking the motives which prompted the address and putting aside the inaccuracies contained therein, I have this to say: "My official acts, whether legislative or executive, relating to the university and the other state institutions, are matters of record, and were in each instance prompted by what seemed best for all concerned. It is, of course, too much to expect that all of the acts of any public official will meet the approbation of everyone affected, but in any event I do not propose to be drawn into a controversy, the prolongation of which must necessarily prove hurtful to an educational institution of which the people of the state are proud, and in which I have always taken a warm interest."

LODGE MEETING

The Missoula lodge of the Fraternal Brotherhood held a short business session on Wednesday evening, at which two new members were initiated, and the following business was transacted: The lodge voted that the total and permanent disability claim of Brother Palegrove be recommended for payment, after which, with as little delay as possible the lodge was closed to admit the friends, of whom there were many waiting in the anterooms. Tournament whist was enjoyed for a period of an hour or two, Nye H. Black winning the men's, and Mary Haley the ladies' prize, while Fred Miller and Mrs. Bovee took away the booby prizes. During the evening several musical selections were rendered by Mr. and Mrs. Bovee and C. J. Green, and there was a violin solo by

Master Capridge, all of which received hearty applause. The evening closed with a supper provided by the ladies of the lodge. Quite a number of the visitors signified their intention of joining the lodge. Judge Small again demonstrated his ability as a good story teller.

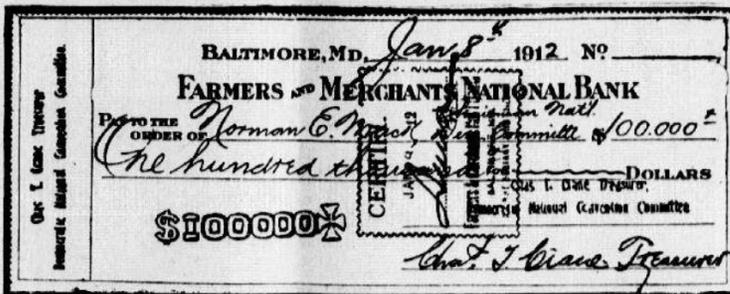

TO MEET RITCHIE.

St. Louis, Jan. 18.—Henry Trendall, a local lightweight, announced tonight that he had signed a contract to meet Willie Ritchie at Pittsburgh February 3.

Honest Advice to Consumptives.

Somehow there exists a vast amount of skepticism as to the possibility of curing consumption. We state none but facts, and are sincere in what we assert. If ourselves afflicted with tuberculosis, we should do precisely what we ask others to do—take Eckman's Alternative promptly and faithfully. The reason we should do this and warrant we have for asking all consumptives to take it, is that we have the reports of many cures, one of which follows: "1519 Susquehanna Ave., Phila., Pa. (Confidential): For two years I was afflicted with hemorrhages of the lungs, the number totaled nearly one hundred. Our family physician advised another elimate, as to remain would probably be fatal; however, I remained and in February of 1902, I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. I was again advised to go to another part of the country. It was at this time, March, 1902, that I learned of Eckman's Alternative. In a short time my cough was gone and I was pronounced 'well' or 'cured.' Since that time I have had two slight attacks of pneumonia and I have resorted to no other medicine to effect a cure. "I am at present in excellent health, and feel that as long as I can obtain Eckman's Alternative, I have no fear of consumption. I cannot speak too highly for the good it has done. (Signed) "HOWARD L. KLOTZ." Eckman's Alternative is effective in bronchitis, asthma, hay fever; throat and lung troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Missoula Drug Co., and other leading druggists. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

A "Bird in Hand" Brings Convention

Washington, Jan. 18.—The factor which turned the tide of the democratic convention toward Baltimore more than anything else for its next convention was the \$100,000 certified check presented to the chairman of the committee, Norman E. Mack. Without this tangible evidence of sincerity on the part of Baltimore it is very doubtful whether the convention would have gone to the east or not this year.

AS GOVERNOR TALKS FRIENDS HEAR BREAKERS

(Continued From Page One.)

our life has changed and that our policies are belated. Our laws lag almost a generation behind our business conditions and our political exigencies. "Those who insist upon undertaking the adjustment; those who argue that our laws should be brought up to date, are called radicals, not because they would change the facts but because they would adjust the laws to facts. "Recent investigations have disclosed and are disclosing item by item, just the methods of business that have been most harmful and most unjust. I think they have opened the eyes of the very men who gave testimony. "The Tariff. "We see that somewhere near the center of the whole trouble lies the great system of governmental favoritism which we call the tariff. Roundabout

the tariff has been built up a body of business undertaking in which control has been too much concentrated. In order to maintain this control it has been necessary to secure the patronage of the government and so business has gone deep into politics. Legislative action has been controlled by special business interests. Party machinery has been used to serve private purposes and to make sure pecuniary profit. The whole normal process of government has been reversed and government itself has come to be privately owned. The phrase may be exaggerated, but it is only the brief epitome of a state of affairs, the main facts of which are only too plain. "And so progressives are drawing together, not to destroy anything, but to effect a wholesome readjustment, not hastily—not by any too extensive plan which runs beyond what we see and know; but item by item we must set the government free from private control and get business free from private control so that the economic curses of our life may run free again, and that with their freedom we may return to individual opportunity and open the gates to fresh, untrammelled achievement."

terday's conference regarding the action of George Harvey, editor of Harper's Weekly, on the candidacy of Governor Woodrow Wilson of New Jersey, and the statement of Colonel Henry Watterson. The meeting probably will be held in about two weeks. The call, in part reads: "Realizing that statements of Colonel Watterson and Editor Harvey have made the nomination and election of Governor Wilson an impossibility, all precinct, county and district committeemen of the democratic party in Nebraska are hereby invited to meet in Omaha at a date soon to be announced and talk matters over and take such action as will benefit the party and will prevent acrimonious dissensions which can only injure the candidate who eventually is nominated. The meeting is called, not in the interest of any particular candidate, but of the party in general. "Without the support of such men as now are turning their backs upon Governor Wilson, no democrat can hope to be elected president of this country, and with the elimination of Wilson as a possibility, there must of necessity be a realignment of those democrats who once supported his candidacy."

Democrats Cheer La Follette. Madison, Wis., Jan. 18.—Leading Wisconsin democrats who gathered here today to organize the state for

received the endorsement of the Nevada legislature as well as pledges of support from several Pacific and intermountain states. In his letter of declination to Clay T. Altman, chairman of the Nevada state central committee, Senator Newlands says: "The movement for higher political standards inaugurated by Bryan has made a profound impression upon both parties and has produced a new crop of statesmen differing in ideals and standards from those of a previous generation. Among these Woodrow Wilson has become the national choice and has become to a greater degree than anyone else, except Bryan, representative of the democratic conscience. "It is evident that the big interests have isolated Wilson from all the other candidates and have made him the special object of attack. There is all the more reason, therefore, that the democrats of Nevada and the west should recognize him as the true progressive leader and rally to his support."

Notice of Closing of Registration. Electors for such election may register by appearing before the county clerk at his office in the courthouse in the city and county of Missoula, or by appearing before any justice of the peace or notary public, in the manner provided by law. A MEDICAL GENIUS. (From Judge's Library.) An old doctor, seeing a young one who was going along the street with half a dozen shabby-looking men and women, called him aside and asked: "Who are all those people and where are you going with them?" "I will tell you in confidence," was the reply, "that I've hired them to come and sit in my reception-room. I expect a rich patient this morning, and I want to make an impression on him." **RATHER INDEFINITE.** (From Judge.) "It is the talk of the town." "Speaking of the telephone service?"
