

NEWS OF BITTER ROOT VALLEY
GET-TOGETHER IDEA RUTH HOWARD SUES
IS BROACHED 'PHONE COMPANY

ALL TOWNS OF BITTER ROOT
ARE TO BE REPRESENTED
AT HAMILTON.

Hamilton, Jan. 31.—(Special.)—At the meeting of the executive committee of the chamber of commerce last evening it was agreed to call a meeting of the executive committees and secretaries of the Missoula, Stevensville, Victor, Corvallis, Darby and Hamilton chambers of commerce, the meeting to be held at the chamber's building in this city next Tuesday evening. Letters are being addressed to these organizations for the purpose of learning if this date is acceptable to each. It is thought that a better date could be chosen another choice will be made. The meeting is to be a regular get-together meeting, and has been repeatedly suggested by the Victor and Corvallis organizations. Dr. Reed of Victor being the originator of the thought so far as this identical meeting is concerned. It has been suggested that with a chamber of commerce in every town of the valley, some plan for a general boosting of the valley's resources should be evolved. There is a feeling that much repetition work could be eliminated by a close co-operation between the different organizations of the valley. In matters pertaining to the welfare of each section each organization is sufficient, but there should be a union of effort where the whole valley is concerned. It is expected that some general plan for publicity work will be outlined at the meeting. There should certainly be something important doing at such a gathering of 1912 boosters.

HEAVY DAMAGES ARE ASKED
FOR ACCIDENT ALLEGED TO
BE DUE GUY WIRE.

Hamilton, Jan. 31.—(Special.)—Praying for damages in the amount of \$10,000, also for \$5,000 for loss of past and future earning capacity, as well as \$500 spent for medical services, Ruth E. Howard this morning brought suit in the district court against the Flathead Independent Telephone company. The complaint alleges that the defendant company suffered a guy wire to be placed in the public road two miles west from Victor as to endanger the lives of those using the road. It is further alleged that while the plaintiff was riding alone in a buggy December 9, 1911, the wheel became entangled in the guy wire, with the result that the vehicle was demolished. The horse ran away, causing the plaintiff to be thrown to the ground, severely suffering a badly fractured hip, besides other painful injuries, both internal and external. The complaint alleges that the plaintiff has been incapacitated for work, although she was a robust and healthy person previous to the accident. O'Hara, Edwards & Madsen appear as attorneys for the plaintiff.

DIVORCE ASKED.

Hamilton, Jan. 31.—(Special.)—A suit for a divorce from Peter Ruf has been asked in the district court by May Bell Ruf, suit having been filed yesterday. The couple were married at Missoula November 18, 1904. They have one child. The father is accused in the complaint of having deserted the wife and child and moving to Wilmington, Wis. It is also charged that he returned to Stevensville later and enticed the child away and returned with her to Wisconsin. The plaintiff asks for an absolute divorce, custody of the child and such alimony as the court thinks proper.

BURCH FUNERAL.

Stevensville, Jan. 31.—(Special.)—The funeral of Vincent Burch Sr., who died in Stevensville Tuesday, January 30, at the home of his daughter, Mrs. Hugh M. Moore, will be held Thursday afternoon, February 1, from the Moore home at 2 o'clock, Rev. Cunningham officiating. Interment will be made in Maplewood cemetery. Mr. Moore was born in Monroe county, Missouri, May 21, 1837. Ancestors: William Caples, Ferdinand Meyers, Henry Buck, George W. Johnson and A. C. Williams will act as pallbearers.

SHORT RUN.

Hamilton, Jan. 31.—(Special.)—J. E. Totman, manager of the local lumber interests of the Anaconda Copper Mining company, states that the planing mill there will resume operations tomorrow morning. The run will be for a short period, probably about two weeks in length.

STEVENSVILLE NOTES

Stevensville, Jan. 31.—(Special.)—Nicholas W. Hindauer and A. V. Williamson of Hamilton transacted business here yesterday.

Joseph Moline returned yesterday from his home in New Jersey, where he has been visiting this winter. Phillip Moore has returned from the east, where he was called on account of the illness of a relative, Sarah A. Scott, of Disco, Ind. George A. Kain, president of the Stevensville Trading company, left this morning for his old home in St. Johns, Canada, to pay an extended visit to his parents and relatives.

NEW BUSINESS.

Hamilton, Jan. 31.—(Special.)—F. W. Schiare, who has for some time been associated with D. T. Goff, and William Wakeley will open a real estate, insurance and loan office in the writing room of the Hotel Hamilton. Mr. Wakeley stated this morning that they would be at their new location the first of next week. The location is a desirable one and the new firm is prepared to handle all kinds of business in its line.

LOTS OF SOFT, FLUFFY, LUSTROUS
HAIR AND NEVER ANY DANDRUFF

YOU CAN DOUBLE THE BEAUTY
OF YOUR HAIR IN TEN MIN.
UTES WITH A LITTLE
DANDERINE.

When you see a head of heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, you can at once conclude that this man or woman is using Danderine, because nothing else accomplishes so much for the hair. Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately destroys and dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This

destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots detach, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made. We sincerely believe, regardless of everything else advertised that if you use soft, lustrous, beautiful hair and lots of it—no dandruff! No itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

Webster's New Standard
ILLUSTRATED
Dictionary Coupon
The Missoulian, February 1

Cut out the above coupon and five others of different dates and present it at the Missoula or Hamilton office of The Missoulian, with the expense bonus of 98c, which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary expense items, and receive a \$4 Dictionary.

The \$4 Webster's New Standard Dictionary, Illustrated, is bound in full limp leather, flexible, stamped in gold on back and sides, printed on Bible paper, with red edges and corners rounded, beautiful, strong, durable. Besides the general contents, as described elsewhere, there are maps and over 600 subjects beautifully illustrated by three-color plates, numerous subjects by monochrome, 16 pages of valuable charts in two colors and the late United States census. Present at either Missoula office six dictionary coupons and the expense 98c

STOMACH DISTRESS
OR DYSPEPSIA

OUT-OF-ORDER STOMACHS FEEL
FINE FIVE MINUTES AFTER
TAKING DIAPEPSIN.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapepsin in the house handy? This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distress go in five minutes; and relieves at once such miseries as belching of gas, eructations of sour, undigested food, nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out-of-order stomach with the common, every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer. This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which putrefy in the digestive tract and intestines, and besides, poison the breath with nauseous odors. A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

FRIDAY'S PROGRAM
IS ANNOUNCED

LIST OF ATTRACTIONS FOR GYM-
NASIUM ENTERTAINMENT
IS READY.

Hamilton, Jan. 31.—(Special.)—The concert and entertainment to be given by the pupils of the local high school at the Lucas opera house Friday evening for the benefit of the gymnasium fund has been announced. The students have put a large amount of work on the entertainment and a capacity house is looked for.

Overture, "Tropical Moon"
Song, "A. B. C. of U. S. A." Glee Club
Waltz, "American Beauty"
Song, "Match Test," High School Girls
Song, "How Sweet This World Would Be"
Duet, "When You Gave Away"
Coral Solo, "H. A. McLelland"
March, "Pleading," High School Orchestra
Song, "Middalmitte," Boys' Sextette
March, Selected, School Band
Song, "O'er the Dancing Sea"
Song, (a) "Anchored"
(b) "Six o'Clock in the Bay"
March, "The Visitor," School Band

The Cast: Gertrude, Nadia Chambers; Louise, Irene Southwick; Wilhelm, Lloyd Roberts; Jacob, Inman Crutchfield. The play is a comedy, a translation and adaptation of "Einer Muss Fleiraten."

HAMILTON BREVITIES

Hamilton, Jan. 31.—(Special.)—Manager Reeves of the Family theater announces that a portrayal of the great Irish drama, entitled, "Arrah Na Pogue," in three reels, will be shown at that theater on Thursday and Friday evenings of this week.

Mr. and Mrs. George L. Pavy arrived in this city yesterday from Missoula for a short visit.

Mr. and Mrs. Martin Tucker, who were married at Missoula Sunday, arrived in this city last evening. They will make their home here.

Deputy Sheriff John Burch arrived this morning from Stevensville, where he was called by the serious illness of his father, Vincent Burch Sr., who died yesterday. The funeral will be held tomorrow.

Ex-Sheriff Will Ward returned this morning to his home near Darby. He will attend the Burch funeral at Stevensville tomorrow.

W. R. Jones, the pedestrian who has been employed on the banks of the Nicola Grocery company for some time, has gone to Deer Lodge, where he will keep the books for McTague & Conley at the state penitentiary.

Mrs. H. C. Lindsay left yesterday for Spokane, where she will witness the graduation of her daughter, Alice, from the high school. Both will leave soon for Philadelphia, where the daughter will take a course in music.

NEW TEACHER.

Corvallis, Jan. 31.—(Special.)—Miss Swan, graduate of the Butte high school and a teacher of several years' experience, assumed charge of the Mountain View school last week.

There is no better medicine made for colds than Chamberlain's Cough Remedy. It acts on nature's plan, relieves the lungs, opens the secretions, aids expectoration, and restores the system to a healthy condition. For sale by all dealers.

RUSSELL WILL TALK
TO RANCHERS

SEED-PEA MAN WILL BE GIVEN
OPPORTUNITY TO ADDRESS
BITTER ROOTERS.

Hamilton, Jan. 31.—(Special.)—At a meeting of the executive committee of the Hamilton Chamber of Commerce last night, called for the purpose of listening to a discussion of the seed-pea industry as given by G. H. Russell of the firm of N. R. Kenney & Son of Le Roy, N. Y., it was decided to call a meeting of the fruitgrowers and ranchers living in the neighborhood of Hamilton for next Saturday afternoon at 2 o'clock. The committee was much interested last evening in Mr. Russell's proposition, and as it is a matter to be handled by the farmers, it was decided that the best way in which to handle the proposition was to have them meet and listen to Mr. Russell.

Mr. Russell spent some time last evening discussing the seed-pea industry recollecting fully the experiences of ranchers of the Gallatin valley who had grown peas for his firm. His company wished to secure from three to four hundred acres of land in the Bitter Root valley. When grown, the peas will be paid for at the local depot and shipped to Boston, from where they will be shipped, together with the Bozeman crop, to the seed houses and canneries supplied by the firm. The company will agree to furnish the seed to the rancher, deducting from the man's crop the amount of seed furnished him when the rest of the crop will be paid for. The price paid runs according to the variety grown from \$2.50 to \$3.50 per hundred pounds. The company also furnished the sacks to be used in shipment of the crop. All split peas and dirt is eliminated by the company before the crop is paid for. Delivery is made in August, September or October, according to terms of contract. The screenings and culls are kept by the party harvesting the crop. For the proper harvesting of the crop it would be necessary for some thrasher of the valley to purchase a machine specially designed to thresh the crop. J. O. Reed informed the meeting that such a machine was already owned by a thrasher at Victor. Thus, this difficulty was eliminated.

The peas desired by the company are what is known as the garden or seed variety. The vines of these varieties grow small, which makes it possible to thresh a larger amount in a short time. Coming to the yield per acre, Mr. Russell stated that the peas grown at Bozeman yielded from 20 to 35 bushels an acre. He placed the average yield at 40 bushels and stated that the company was always well pleased with such a yield. In regard to the planting of the peas, it was pointed out that the crop could be raised either by cultivation or by so planting them that they could not be cut. The latter method of planting is not same unless the ground is unusually free from weeds. It was also shown that the crop could be raised between the rows of growing trees, provided the trees did not shade the ground to any extent. Sod ground, such as alfalfa or clover, makes the most desirable ground for the growing of the crop.

Considerable interest has been manifested by neighboring ranchers in the company's proposition and it was the opinion of the meeting last evening that no difficulty would be experienced in securing the necessary acreage. A large attendance at Saturday's meeting is anticipated. The Bitter Root valley is a desirable place for the operations of the company and was first suggested by Ed Beck, who was formerly a resident of this city.

CHAMBER WILL KEEP
RECORD OF WEATHER

Hamilton, Jan. 31.—(Special.)—The weather outfit belonging to the United States weather bureau, located near the local offices of the Bitter Root Valley Irrigation company, and looked after by the officers of the grounds of the chamber of commerce building, will be moved at once to the grounds of the irrigation company that instructions to that effect had been received from government officials at Helena. The outfit consists of two government thermometers, one to register the minimum and the other the maximum temperature, and a vessel for measuring precipitation. The records of the weather and rain will be kept from now on by the chamber of commerce.

PICTURE OF HUSON

Huson, Jan. 31.—Toward the western end of Frenchtown valley, a few miles from the town of that name, lies the small settlement of Huson. A few houses, a store and a hotel comprise what there is of Huson today, but the last few weeks has brought to light possibilities which may, within a very short time, place a town here of considerable proportion. The recent discovery of immense coal beds a few miles northwest of this place has attracted the natives to a considerable degree, and almost every rancher is today digging down into his lands prospecting for coal, and from all reports an excellent quality of lignite underlies a large territory in this immediate vicinity. The Longstre brothers, Peter and Abner, have uncovered a large vein of Huson. The lead which they have been following was a few feet wide near the surface and has at a depth of 50 feet widened out to nine feet and ten inches.

A company of Missoula capitalists are uncovering an exceptionally good quality of coal on land purchased from William DuPrin, and have purchased the same to underlie his ranch. It is believed that Peter and Abner

engaged an expert miner to investigate the coalbeds on his ranch, one mile northeast of town, and if the quality comes up to expectations work will be started at once to mine it. Mr. Reeves and Fred Foppl have both brought in specimens of coal found on their ranches, and the quality is said to be excellent, therefore it is very probable Huson in a short time will be shipping large quantities of coal over both the Northern Pacific and the Milwaukee, as the roads cross at this point, and transportation facilities being excellent Huson is in for a boom. F. M. L.

DIXON MAN BOOSTS
HIS OWN TOWN

AND TELLS ALL ABOUT
TOWN'S PROSPECTS.

Plains, Jan. 31.—Andrew Madsen, the well-known hotel man of Dixon, was in Plains Monday attending to business matters. He is a live wire and was so busy boosting for Dixon that he nearly missed his train home. Mr. Madsen said Dixon was rapidly taking its place among the leading towns of the county and eventually would outstrip them all. "A few months ago," said Mr. Madsen, "but two trains a day stopped at Dixon, and now we have several, and before long the North Coast Limited will stop to unload investors and home-seekers. One of the old land-marks, the Northern Pacific depot, still remains with us, but we have hopes that in the near future the company will put up a commodious station building adequate to the demands of the traveling public. We soon will have another railroad, as the surveyors of the much talked of electric line from Missoula out over the reservation are in the field and are rushing matters with a vim that portends an early completion of the work. Building operations have not ceased and the coming season will see many new homes built. The mines are showing good values and everyone feels encouraged over the outlook for the future."

Dan Mahoney of Wallace, Ida., was here yesterday and purchased two carloads of prime beef cattle. The stuff was brought in from the Flathead and are likely rangers. Mr. Mahoney makes Plains regularly.

Rev. Mr. Foster of the Adventist church of Missoula spent the first of the week with Plains friends.

Tom Pendergrass, owner of the Pendergrass hotel, went to Missoula last night to consult a physician as to his physical condition.

C. C. Willis left last night for Missoula on a business mission.

Joe Macure, a well-known resident of Dixon, visited in Plains Monday.

M. H. Pierce left Monday for Thompson, where he will visit a few days with his daughter, Mrs. James Self.
