PROGRESSIVES FORM REVIVAL SERVICES AN ORGANIZATION WELL ATTENDED

REPUBLICANS OF STEVENSVILLE GET TOGETHER AND ADOPT RESOLUTIONS.

Stevensville, Feb. 1.—(Special).—Last night a large party of the representative business men of Stevensville met in Pauls hall and effected an organization of the progressive republican party.

"Resolved, That the progressive movement is a struggle to wrest the control of government in the nation and states from the representatives of special privilege and restore it to the control of the people.

"Resolved, That in the national field the control of government by special privilege is evidenced by the influence and power of the reactionary leaders of both parties in checking or preventing the enactment of the progressive policies pledged by the republican party.

"Resolved, That we, the progressive republicans of Stevensville, precincts 9 and 10, shall aim and put forth our best effort to nominate and elect as candidates of the republican party, men who will, with sincerity and singleness of purpose, represent, rank and file and carry out their will.

"Resolved, That we believe the present condition of uncertainty is intolerable and destructive of industrial prosperity. We believe that industrial corporations should be controlled by affirmative legislative enactment, instead of leaving the question to be long drawn out by judicial determination.

"We favor the enactment of a law in Montana by direct primary vote that the voter may ascertain his choice as candidate for president and vice president.

"We condemn the action of the reactionary element in the last legislature, for ignoring the will of the people and refusing to give them a direct primary, compelling the people to take the law in their own hands, and place the direct primary on the official ballot to be voted on at the coming election.

"Resolved, That we favor a state-wide primary including the direct election of United States senators.

"Resolved, That we favor the enactment of a recall law in Montana.

"Resolved, That we favor the enactment of a corrupt practices act.

"We believe that constructive and progressive leadership is the urgent need of the present time in the country, state and nation. To this end we pledge our hearty support to those whom we believe to be conscientious and progressive."

STEVENSVILLE NOTES

Stevensville, Feb. 1.—(Special).—W. O. Fisk and Robert Stewart of Hamilton are business visitors here this morning.

A daughter was born Tuesday to Mr. and Mrs. Charles McCormick of Evaro, at the home of Mrs. McCormick's parents, Mr. and Mrs. B. L. Logan, who lives in the Burnt Fork district.

Charles E. Morris, a prominent business man of Great Falls, is visiting in town today.

A. D. Taylor and Dade Carter have secured the management of the Grand theater from Carter & McLaren. The new managers expect to secure some good plays for Stevensville for the balance of the season.

EVANGELISTIC MEETING AT METHODIST CHURCH, SOUTH, DRAWS MANY PEOPLE.

Hamilton, Feb. 1.—(Special).—The revival services being conducted at the Methodist church, South, by all the Protestant churches of the city, continue to draw large crowds. The meeting last evening, the third of the series, was attended by a crowd which taxed the capacity of the auditorium, many being unable to secure seats.

One of the features of last evening's meeting was a solo sung by Mrs. G. A. Gordon, accompanied on the piano by Mrs. L. R. Peck. The union choir, under the leadership of W. N. Hassler, also added much to the meeting.

The meeting was opened by Rev. John Kenney, pastor of the Methodist church, South. The sermon of the evening was delivered by Rev. J. C. Irwin, pastor of the Presbyterian church.

MRS. HATTIE PRINTZ IS ADJUDGED INSANE

Hamilton, Feb. 1.—(Special).—Mrs. Hattie Printz of Darby was adjudged insane yesterday afternoon before Judge R. Lee McCulloch by an examining board composed of Drs. R. L. Owens and F. E. Buchan. She will be committed to the asylum at Warm Springs.

The unfortunate woman is the mother of seven children, toward whom she has been cruel to the extreme. Her acts of the past few months have been such that official action was necessary. The children will be cared for by the county until some disposition of them can be made. One of the daughters has made her home at the home of Judge and Mrs. R. Lee McCulloch for some time.

LOLA STEWART DIES AFTER BRIEF ILLNESS

Hamilton, Feb. 1.—(Special).—Lola Stewart, the nine-year-old daughter of Mr. and Mrs. J. E. Stewart, died this morning at the family home in Hart addition. The cause of death was a severe attack of appendicitis, from which the little one suffered but a week. The child is survived by her parents and a brother and sister, both younger.

The funeral will be held tomorrow morning at 10 o'clock from the Presbyterian church. Rev. J. C. Irwin preaching the sermon. Interment in Riverside cemetery will follow.

HAMILTON BREVITIES

Hamilton, Feb. 1.—(Special).—Mr. and Mrs. J. E. Torrence, Mr. and Mrs. Hamilton Thatcher, Ralph Crane and Miss Ursule Hork were among those who went to Missoula this afternoon to see Anna Held this evening at the Harnois theater.

J. V. Owens and William J. Frazer, two insurance men of Missoula, returned to that city this evening following a business visit here.

Mr. and Mrs. W. P. Baker went to Missoula this afternoon to witness the opera at the Harnois theater this evening.

Mrs. W. W. McCrackin has received word that a daughter has been born to Mr. and Mrs. M. L. H. Odea at Chicago, where they are now making their home. Mr. Odea was formerly secretary of the Hamilton Chamber of Commerce, and is now filling a similar position at La Salle, Ill.

The Assembly Dancing club will give its next ball Tuesday evening. The event will be given at Burns' hall.

In 1850 only one woman worked for wages to every 10 men; now the ratio is about one to four.

BITTER FACTS TOLD BY FARMER

PRESIDENT OF STATE DAIRY-MEN'S ASSOCIATION TELLS ABOUT CREAMERIES.

Editor Missoulian:—The statement in your paper that there is no more reason why butter should be 50 cents a pound in Missoula because it is 50 cents in New York, than it should be cold weather in Missoula, because it is cold weather in New York, and that there should be thousands more cows milked in this state, all sounds well theoretically. I will attempt to show that there is a reason, in fact, a good many of them.

In a few days after the price of butter was boosted to 40 cents on the Elgin market, a bill was introduced in the lower house of congress, to remove all tax on oleomargarine, which would seem to indicate that the same interests were back of both, namely the big packing interests of Chicago, aided in a good many ways by the wholesale grocers' association.

The Spokesman-Review, of recent date, quotes A. W. Bower, president of the Washington State Grocers' association, as follows: "The internal revenue department demands 10 cents revenue on every pound of oleo sold."

He just deliberately misstated the facts, as everyone knows there is practically no tax on uncolored oleo. I am informed by one of our merchants that there is no colored oleo sold in Missoula, which is to their credit, as it shows that they are not trying to fool the consumer, as in some other places—witness in Chicago, where six dealers were arrested and fined recently. The same news dispatch stated that the publicity given by this trial has caused a falling off in the sales of oleo (200,000 pounds in two weeks), which proves that people generally will not buy oleo if they know it. Now the dairymen of this country have no objection to anyone buying also, but they do strenuously object to oleo being sold as butter and at a better price.

Oleo is being retailed in Missoula at 18 to 25 cents, so no one need pay 50 cents for butter if they prefer oleo at one-half that price. It may not be generally known that here in Montana we have an "oleopropin" in the dairy industry, which is doing the creamery business more harm than all other causes put together. It has killed at least 10 creameries in the last year, and is using every means, both fair and foul to close the rest of them. Why, it has even attacked our experiment station at Bozeman; witness, the case of "The Henningsen Produce company of Butte against Professor R. W. Clark of the dairy experiment station at Bozeman" and in making them from making butter, and when a young man from the Bitter Root valley wanted to go there to take a course in butter making he was informed that they could not accommodate him, as they were not allowed to make butter. Just think of it an outfit in this great state of ours, has the impudence with the "powers that be" to bring about this condition of affairs! It is astounding!

This was taken up by the dairy and creamerymen's convention at Bozeman last week, and resolutions passed condemning in the strongest terms this condition of affairs, and upholding Professor R. W. Clark for the brave fight he is making for the dairy industry of this state. A special committee was appointed to present these resolutions to the governor, to be acted upon at the next meeting of the state board of education.

Here in the Bitter Root valley, our creamery at Stevensville is having a continual fight to exist. Our manager has been accused of about all the crimes in the calendar, and they are using everything in their power to create dissatisfaction among the patrons.

We have positive evidence to prove that the Henningsen company of Butte is paying one price in one part of the valley and a different price in another. We can prove that this company is paying 7 cents a pound less for butterfat in the Yellowstone valley, and the farmers have to deliver their cream to the station, where they have closed the co-operative creamery that was there, than they are paying at the farmer's door in this valley, where we have a co-operative creamery. As an illustration I wish to state that I received 23 cents per pound for butter fat last June, and 28 cents in August, while in July I was compelled to ship to Butte, on account of our creamery being burned and received 20 cents net. Ten cents a pound on butterfat the year around, means the difference between success and failure, hence the closing of creameries in different parts of the state, and the farmers turn their backs to the strawpile and let the calves take care of the milk, and this is why, Mr. Consumer, you are compelled to pay 50 cents a pound for butter in Missoula and elsewhere, "and a thousand calves romp and play, etc."

A man at the dairymen's convention at Bozeman last week, after one or two speakers had spoken on the dairy situation, rather guardedly—as some of the people at the college have already felt the bricks fall on their heads and fear the axe next—arose and said he had been induced to come to Montana by the advertising of the western governor's train, from New York state, and had already purchased land near Lewistown, and thought of going into the dairy business, as the high price of butter and the low price of hay seemed to him to be a good combination for that business; but thought he would visit some of the creameries of the state to find the actual conditions.

The first one he found near Billings, with the windows broken and the birds roosting on the machinery; and in his travels he had found several more in the same condition; so he had come to the dairymen's convention to learn the cause; but so far had been unable to learn anything definite. There seemed to be something "intangible and indefinite," but nothing direct and to the point.

When he sat down a dairy farmer, who lived near Bozeman, got up and

explained in detail how their creamery had been closed by the Henningsen people, and how he had turned his cows out to the strawpile. The newcomer decided there and then he would not go into the dairy business. In closing I wish to impress upon the mind of everyone the fact that the co-operative creamery at Stevensville is selling butter at the same price it sold for the first week in December, namely, 39 cents, and the merchants of this valley are retailing it at 45 cents. In other words, the finest butter made in this state, with the score at Bozeman last week, is being sold at the lowest price, and I as a patron, living 10 miles from this creamery, am receiving 40 cents a pound for butterfat at my door, the highest price being paid in the state. Such conditions, my friends, will encourage farmers to keep more cows, the only way to increase butter production in this great state of ours. Hence it behooves every chamber of commerce, as well as all farmers' organizations in the state, to boost for the co-operative, and fight the centralized creamery.

JAMES L. CARRUTHERS, President State Dairy-men's Association. Victor, Mont., Jan. 31, 1912.

GROWS HAIR ON BALD HEADS

Bald-Headed People May Get a New Chance in Life.

In these days when youth is the moving factor in business, when a man makes his mark at 25, and is ready to retire at 45, when business hours pension the man we call "middle-aged" rather than allow his lingering influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Boto Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs. Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet, it is not a coloring matter or dye. This combination of curatives mixed with alcohol as a stimulant perfects a most effective remedy for hair and scalp troubles.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Boto Naphthol and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles. Where the hair is already bare, it enters the follicle, revitalizes the roots, supplies nourishment, and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic, on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. By giving it a trial on our liberal guarantee. Remember, you can get Rexall remedies in this community only at our store—the Rexall store. Missoula Drug Co., southwest corner Higgins avenue and Front street.

WHAT POLSON DOES DAY BY DAY

NEWS OF RESERVATION TOWN BY THE MISSOULIAN'S SPECIAL SERVICE.

Polson, Feb. 1.—(Special).—A party left Polson Monday morning to start a survey for a railroad from Dixon to Polson. This will connect with the boats at the latter place, thus making a short cut of some 300 miles between the Northern Pacific and the Great Northern and, also means considerable to the Flathead valley, whose people are rejoicing over the outlook.

Joseph Allard had a narrow escape while driving a wagon loaded with groceries from Somers to Polson last Saturday. The load tipped over near Rollins and some of the boxes fell upon him, but fortunately he escaped with some bad bruises only.

The debate at the Polson Literary society, held last Friday, was won by the negative. The debaters on the affirmative were: John Stackhouse, Jr., Anna Belknap and Paul Hunter; on the negative—Theodore Marple, Ralph Buchanan and Ralph Armstrong. The question debated was: "Resolved, That women shall be given the suffrage." The judges were James Dawson, Frank Fawcett and Louis K. Poole. The debate was warmly contested and great interest was shown in the subject.

LAZY LIVER, BILIOUSNESS, HEADACHE, COATED TONGUE OR A BAD STOMACH

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping clean inside with Cascarets—or merely forcing a passage-way every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

REGULATE STOMACH, LIVER & BOWELS TASTE GOOD - NEVER GRIPE OR SICKEN. THEY WORK WHILE YOU SLEEP.
