

LINDSAY IS STRONG FOR TEDDY

DENVER JURIST SAYS ROOSEVELT SURELY WILL ACCEPT THE NOMINATION.

Denver, Feb. 3.—The Rocky Mountain News tomorrow will publish a statement by Judge Ben H. Lindsay, who recently returned from the east, in part as follows: "Theodore Roosevelt will accept the republican nomination for president. This is not because he wants it or seeks it, but because the people are calling him to a job that he left unfinished. "The trend of events toward this result has not been brought about by anything Colonel Roosevelt has done, but in spite of everything he could do honorably and justly to avoid. "I know this because of several visits to his home in the last year. He told me he would accept the nomination if the call came from the people. The friends of Roosevelt who espoused the cause of Senator La Follette early in the campaign had done so because they knew, with Roosevelt, that the people of the progressive would prefer La Follette. However much the splendid campaign of Senator La Follette has contributed to the cause of the progressives they must recognize the utter impossibility of his nomination and, therefore, the impossibility of defeating Mr. Taft for the nomination, except through this overwhelming call of the people for Colonel Roosevelt. "Judge Lindsay then explains his connection with the Woodrow Wilson club here and continues: "Of course, I should be glad to see Governor Wilson receive the democratic nomination. He is the ablest, strongest and best man the democrats could put up, and is the only man who has the slightest chance of succeeding against Roosevelt. But my admiration of Mr. Roosevelt for all he has accomplished and for which I believe he is going to accomplish is such that I shall support him as against any man nominated by the democrats."

DARROW ARRAIGNED PLEADS NOT GUILTY

Los Angeles, Feb. 3.—Clarence S. Darrow, former chief counsel for the McNamara, pleaded not guilty today to the indictments charging him with jury bribery. The pleas were entered after Presiding Judge Hutton of the superior court had overruled a demurrer filed on behalf of Darrow and a motion to quash the indictments. Judge Hutton instructed Darrow to reappear before him on February 14, at which time the court will fix the date for the trial. Judge Hutton intimated that he would assign the trial to Judge Paul McCormick, who presides over one section of the criminal department of the superior court. According to Earl Rogers, chief counsel for Darrow, the filing of the demurrer and motion to quash were mere formalities, made only to conserve the rights of the defendant in case of future need, and in no wise intended to block the trial with technicalities.

AUNT DELIA TORREY TO VISIT PRESIDENT

Milbury, Mass., Feb. 3.—Miss Delia Torrey, aunt of President Taft, departed for Washington tonight on her annual mid-winter visit to the White House. Not long ago Miss Torrey, who is now 87 years old, received a personal letter from the president urging her to make him an extended visit this year, but when she left home this evening she said she did not plan to remain in Washington more than three weeks. She was accompanied as far as Providence by her nephew, Dr. Samuel Orton, and from there will continue the journey accompanied only by her maid.

MUST SERVE

Walla Walla, Feb. 3.—Guards from the state penitentiary led today for Colfax to take charge of H. J. Welty, the convicted Barker who was released through habeas corpus proceedings at Colfax while on his way to the prison. The supreme court, according to Olympia dispatches, has issued a writ of prohibition enjoining the Whitman county superior judge from reviewing Welty's case. The order commands the Whitman county court to surrender Welty to the Whitman county sheriff and he will then be placed in custody of the prison officials who will bring him here. He is under sentence of from 1 to 15 years.

Doctors' Prescription for Eczema

The most advanced physicians of this country and Europe are now prescribing a wash of wintergreen, thymol and other soothing and healing ingredients for the cure of eczema, psoriasis and all other forms of skin trouble. This compound is known as the D. D. D. prescription. Dr. Holmes, the well-known skin specialist, writes: "I am convinced that the D. D. D. prescription is as much a specific for eczema as is quinine for malaria. We have been prescribing the D. D. D. remedy for years. We ourselves, vouch for the D. D. D. prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it."

MAN BELIEVED DEAD COMES TO LIFE

REPORTED MURDER OF JOHN HOVIS OF LEWISTOWN MAKES STRANGE STORY.

The mysterious disappearance and reported murder of John S. Hovis, a well-known Lewistown man, has been cleared up by the sudden appearance of the man himself a few days ago, just in time to stop divorce proceedings which were instituted by his wife, who believed him dead. The Lewistown News tells the story as follows: "Greatly to the surprise of some of his friends who chanced to be at the depot yesterday afternoon when the 2:30 o'clock train pulled in, John S. Hovis, reported murdered and who has been absent from the city for over two years, his whereabouts not having been known, stepped off the train. Immediately after reaching here he went to his old home at 109 East Broadway, where he met his wife, and a reconciliation took place. "It was during March, 1910, that a report was sent out from Ogden, Utah, that J. S. Hovis of Lewistown man, was murdered and robbed near that city, his body being found in Ogden river. Mrs. Hovis received the telegram announcing the death. His friends here were shocked at hearing of the alleged brutal murder of their former townsman. Later, when the story was run down, it was learned that the man murdered was another man who closely answered the description of Mr. Hovis, and that Hovis undoubtedly was alive. This led to much speculation as to his whereabouts, and to all intents and purposes as far as his friends and family knew, he was dead. "Hovis Tells Story. "Mr. Hovis was seen by the News this afternoon, when he related his experiences and gave an explanation of his long absence, during which time not even his wife knew where he was, whether dead or alive, or what he was doing. "In the first place," said Mr. Hovis, "the cause for my leaving Lewistown in March, 1910, was to endeavor to raise some money to pay off a mortgage on our home. At that time I went to Deer Lodge. I succeeded in raising money, and my wife wished me to pay off the mortgage. However, I was of the belief that I could invest this money, the sum of \$2,000, in a mining proposition and double it at least. So I went to the Rogue river country in Oregon and purchased a gold dredge. The venture was a failure and I lost all I had. "I was so greatly discouraged and disheartened that I determined to conceal my whereabouts and not return to my family until I had earned enough money to make the payment of the mortgage. I wanted to regain the money and redeem the mortgage before I let anyone know where I was. "In my efforts to do so I traveled much, trying to make the money in an honorable way. The result was that I went as far as Hong Kong, China, and returned via Sydney, Australia, and Honolulu. I left this country on this trip on January 1, 1911, and returned on March 10 of the same year. Shortly afterward I went into the Caribou country of northern British Columbia, where I prospected for gold. A friend of mine, whom I knew in this country, ran across me there, and I explained to him my reasons for concealing my whereabouts, saying that I had determined not to return home until I had raised money sufficient to pay off the debt against our home. This man wrote to my wife, stating my excuses, etc. My wife then wrote to me and asked if it was true that I was alive, and if so, for me to come home at once. I immediately came here, and reached Lewistown yesterday afternoon. I would have remained away some time longer, until I had raised sufficient money, had it not been that my wife learned of my whereabouts. When I reached town I went to our home at 109 Broadway and gave a satisfactory explanation of my absence. The result was that a reconciliation took place and we were two of the happiest persons in existence."

MURDER STORY

"When asked as to the report of his murder, Mr. Hovis said that the fact of an unknown man answering his description was found dead at Ogden, was taken advantage of by him to account for his disappearance. He says that the telegram sent to his wife telling of his supposed death was not sent by him, but was sent in answer to a telegram from his wife, asking if he had been killed and asking for a fuller description."

STENOGRAPHER IS HELD IN CONTEMPT

(Continued from Page One) was adjudged in contempt and placed in the hands of the sergeant-at-arms. All persons were warned that an attempt to communicate with Blumenburg would be regarded as contempt. The committee which had planned to finish tonight the examination of all the private detectives in regard to the McLowan matter, then adjourned until 10 o'clock Monday morning. Friends of Blumenburg insisted tonight that he had been under a severe physical strain in his stenographic work and was not acting normally when he appeared in the committee room. Later tonight Blumenburg summoned Dr. John F. Moran. The physician declined to discuss the nature of his patient's ailment, but admitted that he was in need of medical attention.

MORAL FORCE

Mexico City, Feb. 3.—No steps have been taken for the immediate subjection of the mutinous rurales at Juarez. Pascual Orozco, accompanied only by a brief staff of officers, left Chihuahua today for Juarez to use moral force, but from no point have more troops been sent and it is said the rurales who were en route from Chihuahua have turned back.

Five hundred regulars will be sent from Monterey to Chihuahua. A small detachment of artillery from Laredo and a second artillery force from Mexico City are now on the way there.

In the campaign against the rebels of the south, new tactics are to be employed similar to those used by Kitchener in South Africa. The forces will be divided into mobile columns of 100 men and with these an attempt will be made to sweep the rebel-infested regions. Government officials announced these plans today.

CACHE IS DISCOVERED BY CHILDREN AT PLAY

Wallace, Feb. 3.—(Special)—Playing around the steps of the Methodist church yesterday evening, the little children of Rev. C. C. Curry, the pastor, discovered a canvas coin sack hidden partially by dirt and snow, which they dragged to the light and found to contain two gold watches, a gold chain, a silver cigar cutter, a dime savings bank, and a few other articles of little real value. The chain bore a small green tag on which the name Stewart was written. It was evident from the condition of the articles that they had been cached away some time ago. They have been turned over to the sheriff, who, however, has no knowledge of a robbery with which they might be connected.
