

# LIVELY IS MEETING OF ATTORNEYS

ANNUAL SESSION OF BAR ASSOCIATION WELL ATTENDED AND ENTHUSIASTIC.

### OFFICERS.

H. J. Burleigh of Plains, president.  
 Vice Presidents: W. F. Wayne, Missoula county; T. J. Edwards, Ravalli county; James M. Self, Sanders county.  
 W. J. McCormick of Missoula, secretary.  
 L. C. Bolton of Missoula, treasurer.

Well attended and marked by enough incidents outside the usual business routine to make things lively and interesting was the annual meeting of the Fourth Judicial District Bar association, held at the courthouse yesterday afternoon. The matter which marked the keener diversion from a set program of business was that in connection with a resolution presented by Attorney H. C. Stiff which was against the recall of judges. This precipitated a good-natured debate, serious withal, and attended by some eloquent argument upon the question as well as upon the advisability of the association taking any action, and resulted in the resolution being tabled by unanimous consent, possibly to be brought up at some future time.

### President Duncan.

President A. L. Duncan opened the session with a few remarks, giving in a general way the condition of the association, its growth in members and naming those which the association had lost through their having moved beyond the body's jurisdiction, and also those four, Colonel C. M. Crutchfield, Judge Knowles, T. C. Marshall and Judge Reeves, whom the society was called upon to mourn during the two years which he had been president. Major Duncan spoke a word of personal appreciation for the confidence and honor bestowed on him by the members in selecting him as president. "While I feel that the honor has fallen on unworthy shoulders," said Major Duncan, "yet I assure you that it could not have been more sincerely appreciated by any member than it has been by me. The bar association will be just what its members make it. The legal profession has always controlled, and will for all time, control the destinies of our government. The government will continue to draw from the ranks of the legal fraternity its diplomats; and anything which tends to advance our profession will indirectly be of benefit to the whole nation. Therefore I am

glad to be a member of and help keep alive an organization of this kind, for I believe it is a great help and benefit to its members."

After making a few suggestions relative to some necessary changes in the by-laws Major Duncan called upon H. J. Burleigh of Plains, senior vice president of the association, to take charge of the meeting. The commission was gracefully accepted and the part was well taken by the Sanders county officer.

Before proceeding with the business of the meeting, the following new members were voted into the association: Attorneys A. N. Whitlock, H. W. Ballantine, Ben H. Chaffin, Mason, Swice, R. A. Arnold, T. J. Edwards, W. E. Moore, Charles Hills and R. D. Smith.

### Nothing From Nothing.

Under "reports of officers" Treasurer L. C. Bolton was called upon and responded by reading his report which showed no funds on hand at the time he took office, no funds collected during his term of office, and a balance of no funds, all of which was respectfully submitted. Half a dozen members were on their feet at once moving that the treasurer's books be audited. Then it was suggested that the matter be left until after the banquet when it would be possible, according to one member, "to see how we stand." Some one took exception to this motion because he did not believe that after a banquet, such as was in prospect, any fair test as to "standing" could be conducted. The whole business was settled, however, when it was learned that all financial matters had been in the hands of Secretary D. J. Heyfron, who made a satisfactory report. Among other items of his report was the complete membership, which, with those who signed the roll yesterday, number 56.

### The Election.

The election of officers was then taken up. For his faithful service and interest in the affairs of the association since he has been its president, Major Duncan was extended the thanks of those present and highly complimented. Those who placed the two candidates for the office in nomination explained that their only reason for desiring a change in the executive head of the association was because both Ravalli and Sanders counties were entitled to representation and that a president had never served from either county. H. J. Burleigh of Sanders county and R. A. O'Hara of Ravalli county were nominated and after the ballots commenced to show that Mr. Burleigh was in the lead his election was made unanimous. In response to insistent calls for "speech" Mr. Burleigh thanked the association gracefully. "I have the highest estimate of the integrity and efficiency of the western Montana bar in my heart," said he. "I consider it a distinction to be a member, and a special honor to be your president. I am proud of this honor and I will do everything in my power to assist in the building up of this organization." The three vice presidents, one from

each county, were then nominated and their election as stated above made unanimous.

For the position of secretary W. J. McCormick was the choice of four nominees and in a neat little speech that followed he stated that he was glad "that as a member of the Fourth Judicial District Bar association, I have something to do at last." L. C. Bolton was elected by acclamation to succeed himself as treasurer. Then a general vote of thanks was given the retiring officers.

### The Resolutions.

It was at this place in the meeting that Mr. Stiff introduced the following resolutions and moved their adoption.

"Whereas there is at this time throughout the country generally, much discussion of and interest manifested in a proposition generally known as that for the recall of judges, and

"Whereas the question thus presented is one of vital importance and one concerning which the legal profession should express decided views; therefore be it

Resolved That it is the sense of this association that said proposition is wrong in principle and would prove vicious in its application and detrimental to the administration of justice, and therefore inconsistent with the public welfare."

Mr. Stiff talked at some length in favor of the passage of the resolutions. John H. Tolan was first to object to a consideration of the resolution. E. C. Mulrooney stated that he thought the issue a proper one for the body to take up and wanted to see an expression by roll call. W. F. Wayne argued that he did not think the resolution a proper matter to be acted upon by the association because they would be adopted or rejected by a small majority and this would then go out as the sentiment of the association.

Mr. Edwards of Hamilton said he believed the resolutions to be stated too broadly, without provisions or limitations attached, and that he did not think that an intelligent vote could be given on the matter by the members on account of the form in which it had been presented. Theodore Lantz urged that it was a purely political question and was no more in order in a meeting of the association than would be the consideration of the tariff; that any action upon it by the members present would have a disorganizing effect upon the association. President Burleigh thought the issue was of vital importance, that it should be considered by the legal fraternity everywhere and that it was especially fit for the association to act upon it now. There were other objections, motions and amendments until Mr. Stiff consented to withdraw his motion for adoption if the others would withdraw their motions against it and allow the resolution to rest in the hands of the secretary until some future date.

Mr. Wayne here announced to the attorneys that this question would be taken up by the Neighborhood club at a meeting in March, that it would be argued by four local attorneys and extended an invitation for all to be present at this meeting.

Before the meeting adjourned President Burleigh invited the association to come to Plains for a meeting, promising it would never have reason to regret the acceptance of the invitation.

### THEATRICAL WEDDING.

Victor, Feb. 22.—Last evening Rev. J. C. Osborne married Gwynne G. Garrett and Miss Jean G. Inglis. Stanley Hamilton was best man and Miss Mabel McGinnis attended the bride, who was given away by her brother, Charles M. Inglis of Vancouver. E. C. McCarroll is manager of the Broadway Musical Comedy company and the bride is a member of the company. His home is in San Francisco and here in Vancouver.

## ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness.

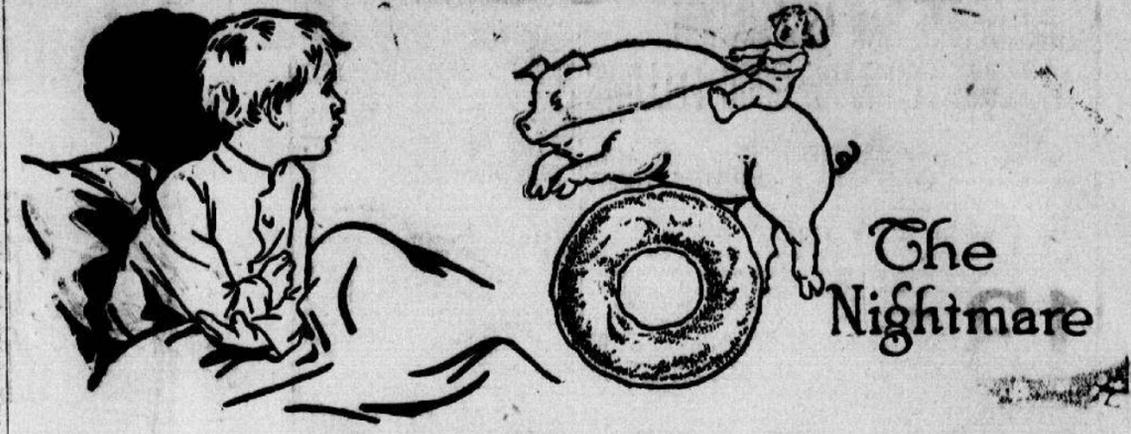

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebium, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "83" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "83" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "83" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember, you can obtain it in Missoula only at our store—The Rexall Store, Missoula Drug Co., southwest corner Higgins avenue and Front street.

# I'll never eat another less it's made of- Cottolene

"Such stuff as dreams are made of—" lard-cooked food. No wonder Willie has the nightmare—even the stomach of a grown-up will occasionally rebel at the havoc worked by lard-made indigestion.

Lard is made from hog fat. It is not always digestible, even at its best. Why then take chances with lard or imitations of Cottolene?

Cottolene contains not an ounce of hog-fat. It is a vegetable product—made from the choicest cotton oil, refined by our exclusive

process, packed in a cleanly way in patent, air-tight top pails, and protected from all dirt, dust and contamination.

If you want purer, more healthful food, and food which will not disturb you after you have eaten it, be sure that it is cooked in Cottolene.

Made only by THE N. K. FAIRBANK COMPANY.

## More Economical than Butter or Lard

## The Missoulian's Presidential Preference Ballot

Who is your choice for president? Who is your second choice for president? Use this ballot to designate your first and second choice in The Missoulian's Presidential Preference Ballot. Each voter is entitled to cast one vote. The ballot must bear the voter's signature and address, but the names will not be published. One week before the voting closes, the date will be announced. Mark your first choice with a cross (X), in the first choice column; mark your second choice with a cross (X), in the second choice column. Send your ballot to the Presidential Ballot Department, care of The Daily Missoulian, Missoula, Mont.

Indicate your choice by a cross (X) in the square after the name you wish to vote for.

REPUBLICAN		
	First Choice.	Second Choice.
Taft	[ ]	[ ]
Roosevelt	[ ]	[ ]
La Follette	[ ]	[ ]
Cummins	[ ]	[ ]
Hughes	[ ]	[ ]
DEMOCRATIC		
	First Choice.	Second Choice.
Bryan	[ ]	[ ]
Harmon	[ ]	[ ]
Wilson	[ ]	[ ]
Clark	[ ]	[ ]
Folk	[ ]	[ ]
SOCIALIST

### Conditions

Any voter may send in a ballot, whether he is a subscriber or not. "Split Tickets" may be voted. If your first choice is a republican, and your second is a democrat, you may mark your ballot in that way.

## HELENA PETITIONS FOR LECTURES

EXTENSION WORK OF THE UNIVERSITY IS ASKED FOR BY THE SHOPMEN.

Master Mechanic Draper of the Northern Pacific yesterday received a petition from the shopmen employed by the road at Helena in which they asked that the university extension lectures be given in Helena. The petition bears 30 signatures and was headed by General Foreman W. E. Dunckerly. The Helena men want the courses in mechanical drawing and engineering given there. Master Mechanic Draper stated yesterday that the courses would be arranged for at once. The interest which the employees of the road are taking in the extension work is very gratifying to both the railroad officials and the university men in charge of this work. The course of extension lectures was recently installed in Livingston. The addition of Helena will make three cities in the state where the university is carrying on work of this kind. The Missoula class was the first one and the interest here has been all that could be desired.

George T. Conley, instructor on the Northern Pacific, will deliver a lecture to the students of the university at 10 o'clock this morning in his instruction car. The talk given the students by Mr. Conley will be a combination of the three lectures which he is giving to the men of this division. Mr. Conley is an expert along his line and the students may consider themselves fortunate in being accorded the privilege of hearing him.

The Puget Sound reports that snow is again falling through the Bitter Root mountains. About four or five inches of the fleecy descended yesterday afternoon.

A switch engine in the Northern Pacific yard yesterday put a onchance on the bad-order track. The whole front end of Conductor Billings' house was caved in and will have to be fixed up before it can be put into service.

Superintendent Clemens of the Columbia division of the Puget Sound, passed through the city yesterday on his way east. He will visit Chicago and other cities before returning.

John Flynn, who was taken to Rochester, Minn., a short time ago for the purpose of submitting to an operation, was brought back to the city a short time ago, as the doctors in the Rochester hospital refused to operate on him, since his return he has been falling rapidly. He is suffering with cancer of the stomach. Mr. Flynn was formerly an engineer

on the Northern Pacific, but has made his residence in Orchard Homes during the past 10 years.

General Superintendent Nichols and Superintendent Burt of the Northern Pacific left yesterday morning on No. 4 for Helena.

W. A. Clark and a party of local business men left on No. 159 yesterday morning for Iron Mountain.

## ROOSEVELT AND DIXON ARE WARMLY INDORSED

(Continued From Page One.)

Owing to the fact that all the counties in the state were not represented, this committee was not formally organized, the following members, however, being appointed: Pearl I. Smith, Beaverhead; R. A. Ellis, Carbon; Steven J. Leahy, Dawson; Charles H. Seely, Fergus; N. Story, Jr., Gallatin; W. D. Rankin, Lewis and Clark; E. J. Crowell, Musselshell; Edgar Gibson, Park; John McLaughlin, Ravalli; George A. Horvath, Rosebud; A. B. Golt, Sweetgrass, and J. H. Nibhex, Yellowstone.

After a vote of thanks to the citizens of Billings and especially to Chris Yegen and G. E. Snell, the meeting adjourned subject to the call of the president or the majority of the executive committee.

## WORLDWIDE TREATY DESIRED BY TAFT

(Continued From Page One.)

as advisable under the circumstances and for these reasons negotiations with Germany are incomplete.

"You can rest assured that immediately upon the ratification of the present treaties, efforts of the most earnest character will be resumed to bring about a treaty with Germany equally progressive and significant of a desire for universal peace by arbitration on the part of both the high contracting powers. No one recognizes more clearly than does this government the widespread utility in the cause of world peace that such a treaty with Germany would effect. Sincerely yours,

"WILLIAM H. TAFT."

### MANY DEAD.

LeHigh, Okla., Feb. 23.—Seven miners are known to have been killed and the fate of a score or more imprisoned in mine No. 5 of the Western Coal & Mining company, which is afire, is doubtful. Seven bodies had been recovered at midnight, but a dozen men had been rescued and several bodies, apparently lifeless, had been located.

## INCREASE ASKED IN POSTAL RATE

(Continued From Page One)

carried, it, nevertheless, yields little more than 5 per cent of the postal revenues."

The postal commission on second-class matter was appointed by President Taft following the controversy caused by the postmaster general's original recommendations for the increase in rates. The matter was taken up by magazine publishers before committees of congress and a sharp issue was raised as to the correctness of the postoffice department's figures. Congress finally passed a joint resolution authorizing the appointment of the commission, which was made up of Justice Charles E. Hughes of the supreme court; President A. Lawrence Lowell of Harvard university and Harry A. Wheeler, president of the Chicago Association of Commerce.

"The findings of the commission," says the president, "confirm the view that the cost of handling and transporting second-class mail matter is greatly in excess of the postage paid, and that an increase in the rate is not only justified by the facts, but is desirable.

"The postal service is now, for the first time in years, operated upon a self-sustaining basis, and in my judgment this is a wise policy; but it should not be carried out at the expense of certain classes of mail matter that pay revenue largely in excess of their cost. It is not just that some classes of mail should be exorbitantly taxed to meet a deficiency by other classes, the revenue from which is much below their cost of handling and carriage. Where such inequalities exist they should be removed as early as practicable.

"The proposed increase of one cent a pound in the second-class postage rate, I believe, to be most reasonable and if sufficient time is allowed before the change goes into effect it should work little serious injury to the business of the periodical publishers, while equalizing at least in a measure, the burdens of postal taxation."

Another suggestion of the commission, which was given the president's approval would abolish the "cent-a-copy" rate for newspapers other than weeklies when mailed at a city letter carrier office for local delivery.

### KNOX TO LEAVE.

Palm Beach, Fla., Feb. 22.—The United States cruiser Washington arrived off Palm Beach today and after being notified to go to Key West to await Secretary Knox, proceeded on her way. Secretary Knox and party will board the cruiser at Key West tomorrow and start southward.

### OSPINA RECALLED.

Bogota, Feb. 22.—Senor Pedro del Ospina, Colombian minister to the United States, has been recalled by this government.

**Are You Planning**

How you can make your money go farthest in the purchase of desirable meats?
