

SPLIT IS POSSIBLE IN WASHINGTON

FOLLOWERS OF ROOSEVELT MAY
SEE FIT TO HOLD THEIR
OWN CONVENTION

Seattle, Feb. 28.—The Roosevelt state committee of 21 selected at a banquet in this city last Thursday night met today and organized. It was directed to open headquarters tomorrow in Seattle and to meet in Tacoma March 14, when an executive committee will be chosen. The membership was increased to 23.

The following resolution will be presented tomorrow to the republican state central committee at Tacoma:

"That the chairman and the secretary of the republican state central committee be, and they are hereby authorized, empowered and directed, to forthwith proceed to arrange for the calling of a state convention and precinct caucuses and county conventions preliminary thereto, to the end that there may be afforded the electors of this state a fair and full opportunity to express themselves as to the choice of delegates to the republican national convention.

It was decided to serve notice on the republican state committee that unless county conventions were held under the direction of the republican state committee, the Roosevelt state committee would hold county and state conventions and send delegates to the national convention.

BUILDING TABERNACLE FOR CHURCH REVIVAL

Kellogg, Feb. 28.—(Special).—The tabernacle to be erected for the revival services which open in Kellogg March 30, will have a seating capacity of 900, according to Rev. David M. Hand, who arrived in Kellogg Monday evening and at once started work with the committees arranging for the erection of the big building on the lots opposite the laundry.

The building will be 108 feet in length and 60 feet in breadth and will be of frame construction. The lumber for the structure has been donated by Bert McIntosh of Smith & McIntosh and no charge will be made except for the lumber which it is found necessary to cut.

Walter C. Clark, chairman of the building committee, was called into conference yesterday and went over the plans for the building. It is planned to have the work done by a number of church people who are back of the revival campaign. The plans call for a choir platform which will accommodate 200 singers.

THINK THIS OVER

This Offer Should Gain the Confidence
of the Most Skeptical.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you. You are not obligated to us in any way whatever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is **Rexall Orderlies**, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless, very pronounced, gentle, and pleasant in action, and particularly agreeable in every way. This ingredient does not cause diarrhoea, nausea, flatulence, griping, or other inconvenience. **Rexall Orderlies** are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try **Rexall Orderlies** at our risk. Remember, you can get them in Missoula only at our store, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store—The **Rexall Store**, Missoula Drug Co., southwest corner Higgins avenue and Front street.

MILD PUNISHMENT.

Boise, Feb. 28.—Five ringleaders of 35 vigilantes indicted for driving Carl Beyer and his attorney from Long Valley, Idaho, with threats of tar and feathers, in 1910, have pleaded guilty to conspiracy in the United States court here. Each was sentenced to 10 days in jail and a fine of \$100. Beyer gained the acquittal of his neighbors by contesting a land claim. One trial of the defendants resulted in a disagreement, and they accepted the mild punishment rather than stand trial a second time.

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the places are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, entirely ridding the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the place soon fills in with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Book on Sores and Ulcers and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Gets Divorce in Three Days

MARGUERITA SYLVA

Chicago, Ill., Feb. 28.—Marguerita Sylva, the famous grand opera prima donna has secured a divorce from her husband, William David Mann, whom she charges with desertion, in record time, three days only having elapsed between the starting of the divorce proceeding and the granting of the decree.

"My refusal to go into comic opera was one cause of dissension between us," the operatic star declared to

Judge Walker who listened sympathetically as she recited her marital woes.

"Since my marriage, April 10, 1902, he has never contributed to my support, but instead I gave him \$100 a month while we were in Paris. "Being my husband was his only business, and his insistence that I forgo grand opera and go into comic opera was the last straw. We separated in 1909 and I have not lived with him since."

CHICAGO MEN FACE STRIKE NOW SEEMS FRAUD CHARGE INEVITABLE

(Continued from Page One.)

ditions as the well-known and prosperous Wenatchee (Wash.) district. Armed with this information, the commissioner summoned a postoffice inspector and laid the whole scheme before him and asked that the department take vigorous steps to prevent the company imposing upon credulous investors. The widest publicity was given in the Montana newspapers to the alleged fraudulent character of the concern.

Three Years' Investigation.

Butte, Feb. 28.—The operations of the Yellowstone Land company have been under investigation for the past three years by the department of justice as a result of its efforts to sell principally throughout Illinois and Indiana, alleged orchard tracts in Madison county, where the company claimed to possess apple growing ground. Investigation, it is said, disclosed that the orchard ground was pasture land high in the mountains, some of it being of such an altitude as to be the habitat of mountain sheep and other game.

The literature of the Yellowstone Land company as one of the inducements stated that the orchard land was in close proximity to the Yellowstone park and that a visit to the geysers was only a matter of running over to them, that mountains of the park could be readily seen. Investigators assert the altitude of the orchard ground was so high that this was possible, the Yellowstone park being distance about 40 miles, but to reach that part one has to travel twice that distance to reach it on account of the impassability of the high mountains.

The ground of the company, it is said, had only been optioned for a long period. Butte newspapers were besieged by eastern investors seeking light upon their "orchard" land holdings.

BACK TO NEW YORK.

New York, Feb. 28.—Colonel Theodore Roosevelt returned to New York tonight after an absence since Saturday in Boston.

"A very interesting trip," he told the reporters. When his attention was called to the announcement of nine governors declaring themselves Taft supporters, he was asked what he thought of the situation in the west. He said:

"I haven't heard anything and I am not a prophet." He added that in the state of Washington, where Governor Hay had declared for President Taft's renomination, the mayors of Seattle and Tacoma and Senator Poindexter had announced themselves in his favor.

Cabinet to Meet.

A meeting of the cabinet has been called for tomorrow to discuss the government's policy in view of the effort to avert a strike and it is expected an important statement concerning the situation will be made to parliament. The general expectancy is that the government will introduce a minimum wage bill and there also is talk of the intention of the crown to purchase some of the collieries in Wales, so that, henceforth it will be impossible to jeopardize the navy supply of Welsh coal.

Nearly 1,000,000 miners, it is believed, will have ceased work by tomorrow night. The best authorities are strongly of the opinion that the strike will be short.

AMERICANS INJURED BY JAMAICA RIOTERS

Kingston, Jamaica, Feb. 28.—Americans were not spared in the rioting which has been going on here in connection with the street railway trouble. A party of Americans in an automobile were attacked by a mob today and one of them was injured seriously. The party included Captain and Mrs. Fritz Duquesne of New York and Mr. and Mrs. Wortley of Brooklyn. A group of men attacked their automobile with bricks and stones. Mrs. Duquesne was struck by one of the missiles and is said to be in a serious condition.

The Americans were in peril of their lives, but their assailants were beaten off by Captain Duquesne, armed with a hammer, and Mr. Wortley with a jackhandle. Two of the rioters were knocked unconscious.

BOYS MUST QUIT BOOZE.

Wardner, Feb. 28.—(Special).—The town council last night decided to adopt an ordinance similar to that passed by the council of Wallace a few days ago, with relation to minors frequenting saloons and pool halls. It was discovered that such an ordinance is already on the books, however, and the chief of police was given positive orders to enforce it to the letter as long as he is in office. Complaints have been frequent of late that boys from 15 to 18 years of age were spending their time and money in various resorts, and one of the complaints was from the head of the public schools, who declared that their work was being interfered with by late hours, and their standing correspondingly lower.

COMMISSION ELECTION.

Bozeman, Feb. 28.—(Special).—Mayor H. S. Buell has issued the proclamation calling a special election for April 1 to vote on the question of adoption of the commission form of government for Bozeman. This is in pursuance to the filing some time ago of petitions asking for the submission of the question to popular vote. The election will be held in conjunction with the regular city election.

THIRTY REBELS KILLED.

Guadalajara, Mexico, Feb. 28.—Thirty rebels under Francisco del Torre were killed today in an engagement with state troops at San Juan de Amula. The few that escaped scattered in all directions.

RIGHT IN HIS GLORY IS KNOX

AMERICAN SECRETARY OF STATE
IS GUEST AT BANQUET
IN PANAMA.

Panama, Feb. 28.—The American secretary of state, P. C. Knox, made tonight his first formal plea for a closer union of the American republics. The occasion was a dinner given by the acting president of Panama, Rodolfo Chiari, in honor of Mr. Knox and judging by the applause, the secretary's remarks were received in a spirit that was markedly sympathetic and cordial.

In response the Panama minister of foreign relations, Aristides Arkona, said:

"We know that your mission is for international concord and union. Tell your government we are linked by an indissoluble tie—a thousand reasons of gratitude binding the United States and Panama, and we know how to respond to an invitation of an American."

Just before the speaking began, much excitement was caused by a flashlight, which set fire to the paper decorations. The photographer and others promptly stamped out the blaze. The dinner, most of whom remained seated, cheered and little harm was done. Those present at the dinner included practically all the government officials, members of the diplomatic and consular corps and most of the prominent officials of the canal zone. Politics was forgotten. Secretary Knox received an ovation when he arose to speak.

SHOVERS OF "QUEER" ARRESTED IN LIBBY

Libby, Feb. 28.—(Special).—Charged with passing counterfeit money, Frank Gillard and M. J. Page have been arrested here by Chief of Police W. S. Megquier and are in the county jail. Attempts to pass spurious bills were made at one of the saloons, at a restaurant and in the restricted district.

Two of the bills bore the name of the state bank of New Brunswick, N. J., and one of them was from the Bank of East Tennessee. It is stated that no such banks exist and that the bills are not very clever counterfeits. In addition to the money secured from the victims in the transactions, the officials also found a \$10 bill of the New Brunswick bank lying on the railroad track near where the men were arrested.

"The men came from Bonners Ferry. They claim to be innocent of intentional wrongdoing.

UNBALANCED.

Wallace, Feb. 28.—(Special).—A stranger to the district, giving his name as Leroy Harris, was arrested in Kellogg yesterday evening and brought to Wallace, where he will be tried today to determine his mental status. He made things lively for a while at Kellogg, where he performed stunts that were hair raising, in jumping on and off the engines of rapidly moving ore trains. Half a dozen times the engines were stopped and the crew ran back expecting to find his mangled remains on the track, but each time they were greeted with derisive yells by the supposed victim, who hurried away to try some new feat. He was finally pursued and captured after a struggle, in which four men were hardly equal to the task of subduing him.

CUTAWAY COAT

Very distinctive and refined in type by this attractive spring suit of dark blue serge, which shows the new cutaway coat and a slashed skirt, the slash, however, being provided with a flap of the material underneath. Revers and cuffs are trimmed with white satouche, the sever trimming suggesting a notched, mannish collar. Three smart, stiff bows of black braid define the slanting coat opening and three more of these bows are set at the edge of the slash on the skirt.

Women's Coats and Suits

Now There's Going to Be Some Fun

Absolutely Any
Winter Suit, Any
Winter Coat in the
Entire Stock for

\$9.75

The Regular Selling Price of These Fine Garments Ranged Like This

\$20.00, \$22.50, \$25.00, \$27.50
\$30.00, \$32.50

We can lay no suit away as a "Will Call." All garments chosen must positively be taken just as soon as they leave the alteration room.

All alterations must be paid for at actual cost of work only.

THIS IS THE BIGGEST SENSATION in the Women's Ready-to-Wear circles that Missoula has seen in a long time. The reason for this is very obvious. Every express that comes along brings us from five to 25 new spring garments (and by the way, they are splendid), and we still have on our racks

53 Fall and Winter SUITS

AND ABOUT THE SAME NUMBER OF COATS

They range in regular selling prices from \$20 to \$35 and the proposition is that EVERY SUIT MUST SELL. While there naturally is not every size in a range, still all through the line you can find every size of some shades.

HOW TO ECONOMIZE IN ELECTRICITY

GET YOUR LIGHT WHERE YOU WANT IT BY USE OF SHADES AND SAVE EXPENSE.

Not until very recently were lamp shades and reflectors built on a scientific light. Because sunshine is free, at first the reflectors were mere trays constructed in a haphazard manner, trusting to luck for the best results. They did about everything but reflect the light to its best possible advantage to the correct spot. Now they make light reflectors after blue prints and accurately figured drawings, obtaining a high efficiency in light reflection, and no matter where you want the light, or what you want it for, there is a reflector properly designed for that very purpose.

Nothing is so easily wasted as artificial light, because sunshine is free, and there is a vast abundance of it, is no reason why we should be so extravagant with artificial light which costs real money. The old type of electrical fixture, where the globe is surrounded with an impossible glass globe, was a costly experiment. It was like buying kerosene and pouring half of it on the ground. The light was simply wasted. Reflectors are made which diffuse the light from a single electric bulb to all parts of the room; others concentrate the light and throw it directly underneath. Where the object is to light the entire room very evenly the former type of reflector is used, but where the light is wanted on a particular table or desk the latter is preferable. Often people will be found

trying to read with a 40 candle-power light suspended above their heads, and the light being uselessly diffused all around a large room. By simply changing the reflector the light is thrown directly down on the book or paper and the light is not wasted. With this simple change a 20 candle-power light would give more illumination on the book pages than the 40 candle-power did with the old type reflector. In other words they could see to read better for just one-half the cost of electricity.

This is true with most homes. No thought is given to providing a proper reflector for the lamps and vast quantities of light are wasted. By studying the purpose of every lamp and figuring on a minimum amount of light for the work involved, fully half the annual monthly light bill can be saved. It will be found that a 20 candle-power lamp, properly reflected, will give more direct light than one twice or three its size surrounded with a light killing shade or a poor reflector.

Always remember that when you waste light you waste electricity.

INDUSTRIAL UNION CONSTANTLY GROWS

Kellogg, Feb. 28.—(Special).—The Industrial union is keeping up its rapid growth and at its meeting Saturday night took in 50 new members, raising the membership to over 450. It is the richest and largest fraternal order in the Twin cities and fills a place not approximated by any other order.

While it is fraternal in that sick, accident and death benefits are paid it is also a buffer in all matters of labor arising in the Twin cities, both the employer and the employee being eligible to membership. It is a labor union, but is unaffiliated with any other organization in the country and since its organization harmony has prevailed between the employer and employee in the Twin cities.

The receipts Saturday night were over \$200. The lodge owns considerable real estate and has a large sum banked.

WANTS REHEARING.

San Francisco, Feb. 28.—Dr. Willard P. Burke, who was convicted of having attempted to dynamite the tenthouse of Mrs. Luette Smith and her child at

his sanitarium near Santa Rosa, petitioned the supreme court today for a rehearing.

USE ALLEN'S FOOT-EASE.

The antiseptic powder to be shaken into the shoes. If you want rest and comfort for tired, tender, aching, swollen, sweating feet, use Allen's Foot-Ease. Relieves corns and bunions of all pain and prevents blisters, sore and callous spots. Just the thing for Dancing Parties, Patent Leather Shoes, and for Breaking in New Shoes. It is the greatest comfort discovery of the age. Try it today. Sold everywhere, 25c. Don't accept any substitute. For FRIED trial package, address: Allen S. Olmsted, Le Roy, N. Y.

THEY WERE NOT MATES.

(From Judge's Library). The mother of Bessie had instructed her to get a pair of clean stockings for her father. The child returned in a moment with two of a different kind—one black and the other red. "Here's some, mamma," she said, "but they isn't twins."

ANOTHER, PERHAPS.

Washington, Feb. 28.—The department of justice is investigating the moving picture business to ascertain if there is a "trust." The inquiry, like many recent Sherman law cases, involves primarily the uses of patents.

Protect Yourself!

Get the Original and Genuine **HORLICK'S MALTED MILK** The Food-drink for All Ages. For Infants, Invalids, and Growing children. Pure Nutrition, upbuilding the whole body. Invigorates the nursing mother and the aged. Rich milk, malted grain, in powder form. A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. Not in Any Milk Trust
