GAMES THIS WEEK.

Friday—Mercantile and White House.

Playing against big odds, but with a never-say-die spirit, the Northern Pacific team was defeated by the Athletics last evening 14 to 7. Big Allen was the main stumbling block in the path of the Railroaders. He fanned an even score of the opposing batsmen and allowed but four hits. He, himself, batted like a demon, getting four safe swats out of five trips to the plate. At that, the Northern Pacific had the Athletics worried and up to the seventh inning the game was even. If this session could have been eliminated, the score would have been a tie. Peterson pitched the entire game, as Lundstrom was absent for various reasons. With the exception of the fatal seventh, Peterson pitched excellently. He seemed easy to hit, but the Athletics were dribbling them to the shortstops. Hamilton at left short accepted chance after chance and assisted materially in keeping the game even. In the seventh, however, the Athletics fell on Peterson's delivery, and, aided by some untimely boots on the part of the Crescents, they secured seven runs which clinched the game. At the beginning of the seventh inning, the score was five to five. Fisher caught the entire game for the Northern Pacific and did very well in his new position.

The Northern Pacific started right after the game. F. Stinger, the first man up, hit safely. After Peterson had fanned, Fisher got on by an error. Both scored when George Stinger rapped one up against the back wall. A hit and an error, coupled with some passed balls, gave the Railroaders two more in the third. Fisher hit and scored on an error in the sixth. In the ninth, two errors by Lawrence and some wild heaving on Allen's part, netted two more.

In the first inning, the Athletics scored two when Blagoe fanned, but reached first on Fisher's error. Robertson hit a screamer against the back wall of the hall. They both scored on an error. One came in the second and another was added in the third. In the fifth inning, with two down, O'Hern drew a base on balls and scored on a vicious drive by Allen. The seventh inning was the run-getter for the Helfrichites. Six hits and four errors allowed seven Athletics to dent the rubber. In the eighth two more were added and it was not found necessary to bat in the ninth. The teams lined up as follows:

Northern Pacific—F. Stinger, right short; Peterson, pitcher; Fisher, catcher; Hoover, third base; G. Stinger, left field; Noyes, second base; Hamilton, left short; Hornsby, right field; Steady, first base. Athletics—Magee, third base; Robertson, second base; Gleason, catcher; Hedley, left field; O'Hern, first base; Allen, pitcher; Wolf, right field; Lawrence, left short; Davis, right short.

Score by innings—R. H. E.
N. P. 2 0 2 0 1 0 2 7 4 7
Athletics 2 1 1 0 1 0 7 2 14 16 16

Summary: Struck out—By Peterson, 4; by Allen, 2. Bases on balls—By Peterson, 4; by Allen, 1. Double

Danger Zones for Women

Washington, D. C., Feb. 28.—After two years of investigation the bureau of labor in a report issued today sounds a warning against what it calls dangerous occupations for women in New York. Particular emphasis in this connection is laid upon the calling of the trained nurse.

Four other occupations are mentioned as being in the danger zone, including domestic service, the work of hotel and restaurant waitresses, low-grade factory trades and the lower grades of stenographic work.

The investigation was conducted by Dr. Charles P. Neill, commissioner of labor, under authorization by congress. In it some startling disclosures are made regarding the relations between the occupations of wage-earning women and crime.

Playing—F. Stinger to Hoover. Umpires—Stik Stone and Hank McCarthy. Time of game—1 hour and 20 minutes.

INDOOOR NOTES

The excitement in regard to the game between the White House and the Mercantile team is growing stronger, every day. This contest will be pulled off Friday evening and if the Mercantile is defeated it means a pretty race for the pennant. If the White House loses, the race is practically over.

YOUNGSTERS BEATEN.

San Antonio, Feb. 28.—The youngster division of the Philadelphia American league was beaten today by the San Antonio team of the Texas league in their first exhibition game of the year.

BASKETBALL.

Yesterday the high school basketball team ran up against the Hollenbeck coeds for the second time and administered another defeat. The scorer gave up the attempt to keep the points before the game had progressed more than 10 minutes. After a few minutes of play the game developed into nothing more than teamwork and basket-throwing practice for the high school boys. The game was in preparation for the game with Phillipsburg, which will be played at the university gymnasium tomorrow night.

A TABLE D'HOTE DINNER.

(From Judge). Now, one fine day, young Tommy A. Took Mamie R. to dine. Each appetite was keen, oh, quite! And everything was fine. Tom still ate steak when May had reached Her dem-tasse cup. Now, say, how long 'y'ou think it took For Tomatoketchup?

HOPPE WINS.

Philadelphia, Feb. 28.—Willie Hoppe won his 2,000-point 181 ballgame billiard match tonight with Harry Cline. Hoppe won the afternoon game, 400 to 305. In the night game Cline could put together only 289 while Hoppe was accumulating 400 points.

A DRAW.

Windsor, Ont., Feb. 28.—At the end of the eight rounds of fast, clean boxing here tonight Tommy Dixon of Kansas City and Charley White of Chicago wore on even terms and the popular decision was a draw. There were no knockdowns.

EARLY PLANS MADE FOR BIG SHOW

THE NORTHWEST DEVELOPMENT LEAGUE IS PREPARING FOR MINNEAPOLIS EXHIBITION.

Although the big products exposition planned by the Northwest Development league is not to be held until late next fall that organization is already busy with plans for the big show at Minneapolis and yesterday sent out word to the local chamber of commerce just what the organization proposed to do this year. The Missoula chamber was well represented at the show held by the development league last fall in St. Paul. The results of this display of western Montana products was surprisingly beneficial. Next year western Montana show matters through the newly formed amalgamation of commercial clubs in this section of the state. This early notification of the league's plans will give the local association plenty of time to get ready for its display.

League Plans. The letter which the chamber received yesterday is over the signature of Will Campbell, the league's secretary, and reads as follows: Arrangements have been completed by the Northwest Development league with the Civic and Commerce association of Minneapolis for the holding of a "northwestern products exposition" in that city November 12 to 23, 1912.

Minneapolis will at once begin the erection of a permanent building of brick and steel which will first be used for the exposition. It will be 250 by 125 feet, or as large as the exhibit room of the Madison Square garden. Minneapolis business men, together with the interests of St. Paul, who backed the land show, will pay \$10,000 for exhibit space for official state exhibits.

Every "land show" or similar enterprise should be planned in such a way as to provide space for state exhibits without cost to the state. These official exhibits make a show and put it above a mere collection of concessionists, farm machinery dealers, and others who have no place in a products exposition.

Minneapolis is a much larger city than St. Paul. As you know, 93,000 people saw the land show in St. Paul. Almost twice that many will attend in Minneapolis. We will have as good or better railroad rates extending into a larger territory. People of Iowa, Minnesota and Wisconsin are accustomed to coming to Minneapolis, as it is a great retailing center with many interurban electric railroads.

With 50 per cent more space, with almost double the population in the city, in a new and attractive building, and 10 months to organize the exposition, you may imagine how much more satisfactory the northwestern products exposition will be than the "land show" of 1911, though we believe everyone was satisfied and proud of that enterprise.

We will shortly send you a prospectus of the northwestern products exposition.

DICTIONARY DEFINES MANY NEW WORDS

How many of the new words do you know? The man who does not have a good stock of words in his vocabulary, words which were not in common use a year or two ago, is far behind the times. Are you one of the laggards in the march of progressive events? If you are, the Missoulian can enable you to catch up with even the leaders. It is very simple—all you need to do is secure one of the Webster's New Illustrated Dictionaries which The Missoulian is presenting to its readers. It will do the rest for you.

Do you know the meaning of aeroplane, stat, hanger, equilibrator or aerogram? Maybe you have a faint idea of what they mean through reading the daily papers. But you'd like to be certain, wouldn't you, and you would like to have authority for your certainty. Well, The Missoulian Dictionary will accomplish all of this for you. It is complete and up to date in its every detail, and every word which has been added to the English language through the development of human events and has been vouched for by the scholars of the Anglo-Saxon world will be found within its pages. So you need have no fear on that score.

Nor has the wealth of wisdom which was contained in the pages of the first book Webster Dictionary been eliminated in its newest successor. You'll find both old and new alike within its covers and put together in so attractive and instructive a form that you'll really wonder how you ever came to get along without it.

Six coupons printed elsewhere in today's Missoulian and 98 cents will get you one of the dictionaries for which you would have to pay \$4.00. They're going fast. Why not do it today?

CARELESS.

SELLING MOVEMENT IS FEATURE

MARKET DIFFERS ONLY SLIGHTLY FROM THE EARLY DAYS OF THE WEEK.

New York, Feb. 28.—Apart from a selling movement in the short interest, the stock market differed only slightly today in its salient features from the early two days of the week. The strength of United States Steel perhaps was the more noteworthy because of the severe arraignment of that corporation before the Stanley investigating committee. The effect of the report seemed to have been discounted. Increasing tension in the Mexican situation as reported from Washington, another large shipment of gold to South America for Paris account and continued drain on the banks here were among the news that had bearing on the monetary situation.

The bond market was steady on very moderate trading. Total sales (par value), \$2,989,000. United States bonds were unchanged on call.

Grain and Provisions.

Chicago, Feb. 28.—Sensational figures on farm reserves, the lowest in years, excited wheat traders today and made the market soar. The close was strong at a net advance of 3/4 to 1 1/2 c. The farm reserve estimates came from two leading Chicago houses. One report indicated a reserve of only 98,000,000 compared with 179,000,000 twelve months ago. According to another, the reserve was 100,000,000 bushels, a shortage of 79,000,000. The news at first was vague. Wheat and other grain prices were learned, little time was lost in discovering their full significance. Under the scare, the market went wild, bulging the hardest in the last 15 minutes before the final gong.

Simultaneously, Kansas City reported sales of No. 2 red at the highest price on the crop and there was word from Minneapolis that flour stocks were the scantiest in half a decade. Farm supplies were very light in corn, as well as in wheat, and started the cereal on a steep climb.

Oats exhibited unmistakable sympathy with the wheat and corn. An advance all around in provisions resulted in the strength of hogs and grain. Foreigners were credited with buying.

May wheat opened at \$1.00 1/4 to 1/2 c., ranged between \$1.02 1/2 and \$1.00 1/2, closing at \$1.02 1/2 to \$1.02 1/2. May corn opened at 68 to 68 1/2 c., touched 69 1/2 to 68 1/2 c. at the extremes and closed at 68c. May oats opened 52 to 52 1/2 c., ranged between 52 1/2 and 52c, and closed at 52 1/2 c.

BANKERS ARRESTED IN SEATTLE

CHARGED WITH SIGNING FALSE REPORTS OF CONDITION OF ALASKA INSTITUTION.

Seattle, Feb. 28.—W. H. Parsons and E. L. Webster, prominent Seattle capitalists, were served today with federal warrants based on the indictments returned February 2 by the grand jury at Fairbanks, Alaska, that investigated the failure of the Washington-Alaska bank a year ago. Mr. Parsons was released on \$5,000 bail and Mr. Webster on \$2,000 bond. The indictment charges that Mr. Parsons, as manager; Falcon Josephy, vice president; F. E. Barbour, cashier, and E. L. Webster, director of the Washington-Alaska bank, signed a report August 23, 1909, making a false statement regarding the condition of the bank. Barbour and Josephy are out of town and have not been served with the warrants. The four Seattle men indicted severed their connection with the bank two years before the failure.

PARLIAMENT DISSOLVED.

Victoria, B. C., Feb. 28.—The British Columbia parliament was dissolved last night and the McBride government will go before the country on March 28.
