

INTERESTING SHOW ANOTHER CONTRACT AT HIGH SCHOOL TO DIETRICH

SCHOLASTIC TALENT WILL PRESENT "THE GOLDEN PRINCESS" FRIDAY NIGHT. ACCORDING TO ARRANGEMENT, WORK ON FRONT STREET IS GIVEN TO SEATTLE MAN.

Among the dramatic offerings this week, one of the most entertaining will be "The Golden Princess" presented by the junior class of the county high school, Friday evening, April 19. The opera will be given in the high school assembly hall with professional scenery to make it truly attractive.

Yesterday morning the city council followed out the plan laid down at the meeting Friday evening and awarded the front street paving contract to George Dietrich of Seattle. This was done with the consent of Mr. Nash, of Nash & Nottingham, who was allowed to withdraw his bid and check. This action followed a meeting of the council with Superintendent Garrison of the local brick company, Mr. Dietrich and Mr. Nash. The brick company agreed to make Mr. Dietrich the same price on Missoula brick that it had given the firm of Nash & Nottingham. At the expiration of 30 days, the council and property owners on front street will inspect the Missoula brick and will decide on what material will be used on the district. Mr. Dietrich's bid on the front street district was \$18,786.75. The contract was awarded at that price with the understanding that, if Missoula brick is accepted, Mr. Dietrich will do the work for \$12,333.90.

Before Contractor Dietrich left for the coast on No. 3, he stated that he would begin work about a week from tomorrow. His grading work will be commenced at that time. The Seattle man will use as much Missoula material as he can and will give as much employment to Missoula men as possible. Mr. Dietrich has entered into an agreement to purchase his cement from Olson & Johnson, the local contractors. The cement used will be that furnished by the Inland Portland Cement company. The crushed rock to be used on the street will be purchased from the Missoula Concrete company. Mr. Dietrich will bring some skilled men with him, but the majority of his help will be recruited from local labor. Mr. Dietrich will commence work on the west side of the street and will arrange everything so as not to block the entire avenue. His bond for the Higgins avenue work will be here on Monday and the front street bond will arrive a few days later.

Other Business. Some time ago the council passed a resolution to the effect that all water connections should be made at once. Several of the property owners have not yet made these connections and the council yesterday morning instructed the city engineer to make them and charge the cost up to the property. It was also decided to install hydrants on the west side of Higgins avenue. They will be placed on the intersections of Alder, Pine, Cedar and Main streets. A hydrant was ordered in at the corner of Morris and Keith streets and an arc light at the corner of Ford and Crosby streets.

A FIERCE FIGHT. Pittsburgh, April 13.—Phil Brock of Cleveland had the better of a six-round bout here tonight with Harry Trendall of St. Louis. It was one of the roughest fights seen here in years. In the second round Trendall had his face cut open and both men fell through the ropes. In the sixth they stood toe to toe and slugged until the gong sounded.

ARIZONA'S PRINTING WON'T BEAR LABEL. Phoenix, Ariz., April 13.—The house killed today the bill providing that the union label should be placed on all state printing. A similar measure is pending in the senate. A pure food law, drafted after that in effect in California, was offered in the senate by Senator Wessell of Yuma. A still more drastic anti-lobbying bill than that already in effect was introduced by Senator Wood of Prescott. It defined lobbying as "an attempt to influence the vote of a legislator, except it be in a public hearing, or in a brief filed with the proper committee," and provided a penalty for violation of \$500 to \$10,000 fine, or imprisonment from one to five years.

LOCAL SEED-GRAIN FOR NEW JERSEY

AS RESULT OF SAMPLES GIVEN CHAMBER OF COMMERCE ORDER IS SECURED.

Western Montana grain going to Atlantic coast cities for seed purposes clearly demonstrates that since the Treasure state won the main trophies at the New York land show last fall, the far-eastern farmers are anxious to secure seed-grain from the productive sections tributary to Missoula. Those in charge of the exhibits in New York and St. Paul last year reported many inquiries of this nature. Yesterday Arthur Deschamps, of Deschamps Brothers, had a pleasant contribution which he attributes as the outcome of his donation of grain samples to the chamber of commerce last year. This was in the form of a good sized draft from Horace K. Osborn of Freehold, N. J., for seed- oats and wheat shipped him recently by Deschamps Brothers of Missoula. Mr. Osborn became very much interested in the grain samples at Madison Square garden last December and promised at that time he would plant western Montana grain in New Jersey and if it was successful would recommend it to his agricultural friends.

FOREIGN RESIDENTS INDIGNANT

MEXICO MUST ANSWER FOR BEATING OF BRITISH WOMAN BY BRUTAL BANDITS.

Mexico City, April 13.—Mexican bandits who beat Mrs. C. A. Auld, a British subject, on the sofas of her bed in order to make her divulge the hiding place of her jewels Thursday night, while she was a passenger on a train near Silao, seemingly have prepared a large measure of trouble for the Madero government. When the incident became known here the foreign colony held an indignation meeting and petitioned the British minister to investigate and if the facts are found as reported, to make vigorous representations to the Mexican government. The minister has made no statement. According to the story of one of the passengers, Mrs. Auld hid her jewels and refused to give them up. The bandits threw her on the floor, seized her feet and beat a painful tattoo on the soles. Whether this treatment resulted in the delivery of the jewels is not known. The woman, however, was highly indignant, deeply humiliated and painfully injured. The bandits stopped the train by removing rails and then fired into the coaches, wounding a number of persons, some say six, one of whom, an American named Kane, afterwards died. The bandits, it is said, demanded a large sum of money from Kane and when he declared his inability to produce it, shot him in the mouth. President Madero notified General Trucey Aubert at Mampim by telegraph today that several of his friends in the city had subscribed 2,000 pesos to buy him a house in appreciation of his work in the north in the present campaign.

READ THIS BOOKLET "THE HAIR AND ITS CARE." SENT FREE UPON REQUEST. The Herpicide company wants everyone to have a copy of their booklet telling how to take care of and possess nice hair. The booklet contains much valuable information on the subject of saving and cultivating the hair. If the present-day men and women would begin to live up to the teachings of this little booklet it is doubtful if the next generation would find a baldheaded man or lady wearing false hair. It is just as easy to have robust and beautiful hair as to have thin, scraggy hair or no hair at all. If the scalp is kept clean and free from dandruff the hair grows naturally and luxuriantly. The booklet tells how this may be most effectively accomplished by the use of Newbro's Herpicide. Herpicide destroys the germ which causes dandruff, frees the head from dirt and scurf flakes. The hair becomes light, fluffy and beautiful. Newbro's Herpicide is the original remedy that kills the dandruff germ for which there are many imitations and substitutes said to be just as good.
