

LINCOLN DELEGATES HAND-PICKED

MANIPULATORS IN LIBBY MAN- AGE TO SQUEEZE THROUGH COMMITTEE CHOICES.

Libby, April 27. (Special.)—The members of the republican county central committee, or rather, 13 of them, including proxies, met Saturday afternoon at the courthouse here and picked 13 "vest-pocket" delegates to the Livingston convention and instructed them for Taft. The meeting was anything but a harmonious one, however, for despite the manipulating of proxies and hard work on the part of the Amalgamated adherents, there were several delegates who opposed the high-handed methods adopted.

A resolution was passed for the appointment of a committee of three to pick the 13 delegates to the convention and on this committee Chairman John H. Geiger named L. H. Faust, P. P. Garey and N. A. Sinclair. A fight was made by the progressives for primaries at which the people could select the delegates, but they were outvoted.

On motion of Faust the delegation was instructed for Taft, the vote standing 7 to 11. D. T. Wood of Troy reported that his section of the county favored Roosevelt for president, while C. A. Hamann of Eureka made a like report on behalf of the republicans of Eureka. Other sections of the county had no opportunity for even this much of a hearing, although the Taft sentiment is by no means strong.

In sending out notices to the committee of the meeting, a form was enclosed upon which they were requested to send in the names of their proxies in case they could not attend. The real sentiment of the people was then further eliminated by gathering up these proxies and filling them in with names of hand-picked committeemen whose presidential preferences were known.

A resolution was also put through instructing the delegation to adopt the unit rule in voting, the majority to control. The meeting was then brought to a close by the adoption of resolutions denying the truth of a recently published editorial in The Daily Missoulian, wherein some of the previous work of this committee was discussed, together with the records of some of the local manipulators.

WOMAN'S CLUB MEETING.

The meeting of the Woman's club yesterday afternoon was given over almost entirely to the consideration of business matters. Mrs. J. M. Evans was elected an additional delegate to the meeting of the State Federation. Other matters of interest to members of the club received careful discussion. Mrs. J. A. Miles, retiring president, yielded the gavel to Mrs. J. A. Power, newly elected president, with a graceful speech pledging her loyalty to the new administration. Mrs. Power responded with a few words of appreciation and happy prophecy.

PRESS AGENTS TALK OF THEIR SHOWS

One of the best programs shown in Missoula for many months will be seen at this popular theater today. Heading the list will be two comedies featuring the two funniest actors in motion pictures. "How He Papered the Room" is the first comedy, John Bunny and Flora Finch taking the leads. He (Bunny) thinks he will save time and money by papering his own dining room. He tries hard, ruins the carpet and his clothes, wastes paste and paper, makes a terrible mess and a fizzle of it and finally gives it up as a bad job and calls in a real paperhanger. It's a great laugh producer. The next comedy is "Fun" by Marshall P.

She Had Consumption; Was Dying; New Well.

Eckman's Alterative is being used with success in the treatment of tuberculosis. Persons who have taken it improved, gained weight, exhausting night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govert's recovery.

"Griffith, Ind.
"Gentlemen: Thinking that perhaps a short history of the remarkable cure of my mother-in-law (Mrs. Anna Govert), might benefit some other sufferers, I hereby give the following testimonial: About September 10, 1908, she was taken sick with catarrhal pneumonia and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. The trained nurse (Miss Anna Trinen) informed me that she had tuberculosis and nothing could be done for her. In January, when Rev. Wm. Berg of St. Michael's church at Sherrerville, Ind., prepared for her death, he recommended that I get some Eckman's Alterative, and see if it would not give her some relief. I then requested the attending physician to give his diagnosis and he informed me that she had consumption and was beyond all medical aid. When I asked if he thought it was useless to try the Alterative he replied that, "No physician could help her any and I could suit myself about it." So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alterative, which she did. At the end of the first week's treatment, she got so bad that she refused to take any more of it, but the doctor advised her to keep on taking it, as it was the only thing that might help her. I am glad to say now that she kept on and soon began to improve. Now she weighs as hard as ever, weighs 20 pounds heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Eckman's Alterative. We keep it on hand at all times and recommend it highly.
"(Signed affidavit).

STRIKE CAUSES DELAY.

New York, April 27.—The sailing of three coastwise steamers, the Brazos and Coral of the Mallory line and the Comanche of the Clyde line, was delayed for several hours this afternoon as the result of a strike declared by a fireman's union. The strike was caused by the discharge of one of the men. The three steamers sailed for their respective ports in the early evening, after C. P. Raymond, vice president and general manager of the two steamship lines, had acted as arbitrator and an agreement had been reached between the union and the steamship officials. The terms of the pact were not announced.

SOUTH SIDE BLAZE.

Frightened because the kerosene lamp was "acting up," Mrs. Weigert picked it up, tossed it through the door on the back porch of her home on South Fourth street, east, about 11 o'clock last night. The lamp burst and the kerosene splattered over the porch floor and caused a small blaze that threatened the house. The fire department was called and had no trouble in extinguishing the flames before much damage was done.
